(ii) with respect to Eurodollar Rate Loans, each such Loan will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Loan, and

(iii) the obligation of the Lenders to make Eurodollar Rate Loans or to Convert Base Rate Loans into Eurodollar Rate Loans shall be suspended until the Agent shall notify the Company and the Lenders that the circumstances causing such suspension no longer exist.

(f) All interest payments to be made hereunder shall be paid without allowance or deduction for reinvestment or otherwise, before and after maturity, default and judgment. The rates of interest specified in this Agreement are intended to be nominal rates and not effective rates. Interest calculated hereunder shall be calculated using the nominal rate method and not the effective rate method of calculation.

(g) Notwithstanding anything to the contrary contained in any Loan Document, the interest paid or agreed to be paid under the Loan Documents shall not exceed the maximum rate of non-usurious interest permitted by applicable law (the "Maximum Rate"). If the Agent or any Lender shall receive interest in an amount that exceeds the Maximum Rate, the excess interest shall be applied to the principal of the applicable Loans or, if it exceeds such unpaid principal, refunded to the Company, as

applicable. In determining whether the interest contracted for, charged, or received by the Agent or a Lender exceeds the Maximum Rate, such Person may, to the extent permitted by applicable law, (i) characterize any payment that is not principal as an expense, fee, or premium rather than interest, (ii) exclude voluntary prepayments and the effects thereof, and (iii) amortize, prorate, allocate, and spread in equal or unequal parts the total amount of interest throughout the contemplated term of the Obligations hereunder.

SECTION 2.07. Optional Conversion of Loans. The Company may on any Business Day, upon notice given to the Agent not later than 11:00 A.M. (New York City time) on the third Business Day prior to the date of the proposed Conversion and subject to the provisions of Sections 2.06 and 2.10. Convert all or any portion of the Loans made to it of one Type comprising the same Borrowing into Loans of the other Type; provided, however, that any Conversion of Eurodollar Rate Loans into Base Rate Loans shall be made only on the last day of an Interest Period for such Eurodollar Rate Loans, any Conversion of Base Rate Loans into Eurodollar Rate Loans shall be in an amount not less than the minimum amount specified in Section 2.02(b), no Conversion of any Loans shall result in more separate Borrowings than permitted under Section 2.02(b) and each Conversion of Loans comprising part of the same Borrowing shall be made ratably among the applicable Lenders in accordance with the outstanding Loans of the applicable Lenders. Each such notice of a Conversion shall, within the restrictions specified above, specify (i) the date of such Conversion, (ii) the Loans to be Converted, and (iii) if such Conversion is into Eurodollar Rate Loans, the duration of the initial Interest Period for each such Loan. Each notice of Conversion shall be irrevocable and binding on the Company.

SECTION 2.08. Prepayments of Loans. (a) Optional. The Company may, upon notice at least three Business Days' prior to the date of such prepayment, in the case of Eurodollar Rate Loans, and not later than 11:00 A.M. (New York City time) on the Business Day prior to such prepayment, in the case of Base Rate Loans, to the Agent stating the proposed date and aggregate principal amount of the prepayment, and if such notice is given the Company shall, prepay the outstanding principal amount of the Loans of a Class comprising part of the same Borrowing made to it in whole or in part, together with accrued interest to the date of such prepayment on the principal amount prepaid; provided, however, that (x) each partial prepayment of the Loans of such Class shall be in an aggregate principal amount of \$10,000,000, or an integral multiple of \$5,000,000 in excess thereof and (y) in the event of any such prepayment of a Eurodollar Rate Loan, the Company shall be obligated to reimburse the Lenders in respect thereof pursuant to Section 9.04(c), provided further that no voluntary prepayment of Junior Loans may be made until all New Money Loans and other Obligations in respect thereof (other than contingent indemnification obligations not yet due and payable) have been paid in full in cash.

(b) Mandatory.

(i) Subject in all respects to the prepayment and cash collateralization requirements under the Existing DIP Credit Agreement with respect to the ABL Priority Collateral (as defined in the Intercreditor Agreement), and to the extent actually applied thereunder, to the extent not applied pursuant to the Existing DIP Credit Agreement, within three (3) Business Days of receipt by the Company or any of its Subsidiaries of the Net Cash Proceeds of any Asset Sale or Casualty Event (other than the Specified Sale), the Company shall apply an amount equal to the Applicable Prepayment Percentage of such Net Cash Proceeds to prepay the Loans in the manner set forth in Section 2.08(b)(iii).

(ii) Subject to Section 2.08(b)(v), within three (3) Business Days after the day of receipt by the Company or any of its Subsidiaries of the Net Cash Proceeds from the Specified Sale, the Company shall apply an amount equal to the Applicable Prepayment

Percentage of such Net Cash Proceeds to prepay the Loans in the manner set forth in Section 2.08(b)(iii) (subject to Section 5.01(p)).

(iii) Each prepayment of principal pursuant to this Section 2.08(b) shall be applied in the following order: (x) first, to the ratable prepayment of the New Money Loans until all such Loans have been prepaid in full and second to the ratable prepayment of the Junior Loans until all such Loans have been prepaid in full and (y) first to outstanding Base Rate Loans of each applicable Class up to the full amount thereof, and second to outstanding Eurodollar Rate Loans of each applicable Class up to the full amount thereof. Each prepayment made pursuant to this Section 2.08(b) shall be made together with any interest accrued to the date of such prepayment on the principal amounts prepaid and, in the case of any prepayment of a Eurodollar Rate Loan on a date other than the last day of an Interest Period or at its maturity, any additional amounts which the Company shall be obligated to reimburse to the Lenders in respect thereof pursuant to Section 9.04(c).

(iv) The Agent shall give prompt notice of any prepayment required under this Section 2.08(b) to Lenders.

(v) Notwithstanding any other provisions of this Section 2.08(b), and with respect only to any Asset Sale, IP License or Casualty Event described in Section 2.08(b) (i), to the extent that applicable law would effectively (x) prohibit or delay the repatriation to the United States of America of any Net Cash Proceeds received by any Subsidiary that is not a U.S. Subsidiary or (y) impose material adverse tax or legal consequences on the Company and its Subsidiaries if such Net Cash Proceeds were so repatriated, in each case as determined by the Company in good faith, the portion of such Net Cash Proceeds so affected shall be disregarded for purposes of determining the amount of any mandatory prepayment required to be made under this Section 2.08(b) so long, but only for so long, as applicable local law would prohibit such repatriation (the Company hereby agreeing to promptly take or to cause the applicable Subsidiary to promptly take (as the case may be) all actions required by the applicable local law to permit such repatriation) or impose such material adverse tax consequences, and at such time as such repatriation of any such Net Cash Proceeds becomes permitted under the applicable local law and/or such material adverse tax consequences would no longer exist (and in any event within three Business Days thereafter) (and whether or not any of such Net Cash Proceeds are actually repatriated), the Company shall prepay the Loans in accordance with Section 2.08(b)(iii).

(vi) Any Net Cash Proceeds not required to be applied to the prepayment of Loans pursuant to this Section 2.08 shall be available to the Company and its Subsidiaries to use for their general corporate purposes.

SECTION 2.09. Increased Costs. (a) If, due to either (i) the introduction of or any change in or in the interpretation of any law or regulation or (ii) the compliance with any guideline or request from any central bank or other governmental authority (whether or not having the force of law), there shall be any increase in the cost to any Lender of agreeing to make or making, funding or maintaining Eurodollar Rate Loans (or, in the case of any change in or in the interpretation of any law or regulations with respect to taxes, any Loans) (excluding for purposes of this Section 2.09 any such increased costs resulting from (x) Taxes, Excluded Taxes or Other Taxes (as to which Section 2.12 shall govern) and (y) changes in the basis of taxation of overall net income or overall gross income by the United States or by the foreign jurisdiction or state under the laws of which such Lender is organized or has its Applicable Lending Office or any political subdivision thereof), then the Company shall from time to time, upon demand by such Lender (with a copy of such demand to the Agent), pay such Lender additional amounts sufficient to compensate such Lender for such increased cost; provided, however, that before making any such

demand, each Lender agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to designate a different Applicable Lending Office if the making of such a designation would avoid the need for, or reduce the amount of, such increased cost and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. A certificate as to the amount of such increased cost, submitted to the Company and the Agent by such Lender, shall be conclusive and binding for all purposes, absent manifest error.

Notwithstanding anything herein to the contrary, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a "change in law", regardless of the date enacted, adopted or issued.

(b) If any Lender determines that compliance with any law or regulation or any guideline or request from any central bank or other governmental authority (whether or not having the force of law) affects or would affect the amount of capital required or expected to be maintained by such Lender or any corporation controlling such Lender and that the amount of such capital is increased by or based upon the existence of such Lender's commitment to lend hereunder and other commitments of such type, then, upon demand by such Lender (with a copy of such demand to the Agent), the Company shall pay such Lender, from time to time as specified by such Lender, additional amounts sufficient to compensate such Lender or such corporation in the light of such circumstances, to the extent that such Lender reasonably determines such increase in capital to be allocable to the existence of such Lender's commitment to lend hereunder. A certificate as to such amounts submitted to the Company and the Agent by such Lender shall be conclusive and binding for all purposes, absent manifest error.

SECTION 2.10. Illegality. Notwithstanding any other provision of this Agreement, if any Lender shall notify the Agent that the introduction of or any change in or in the interpretation of any law or regulation makes it unlawful, or any central bank or other governmental authority asserts that it is unlawful, for any Lender or its Eurodollar Lending Office to perform its obligations hereunder to make Eurodollar Rate Loans or to fund or maintain Eurodollar Rate Loans hereunder, (a) each Eurodollar Rate Loan will automatically, upon such demand, Convert into a Base Rate Loan and (b) the obligation of the Lenders to make, or to Convert Loans into, Eurodollar Rate Loans shall be suspended until the Agent shall notify the Company and the Lenders that the circumstances causing such suspension no longer exist; provided, however, that before making any such demand, each Lender agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to designate a different Eurodollar Lending Office if the making of such a designation would allow such Lender or its Eurodollar Lending Office to continue to perform its obligations to make Eurodollar Rate Loans or to continue to fund or maintain Eurodollar Rate Loans and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender.

SECTION 2.11. Payments and Computations. (a) The Company shall make each payment hereunder without condition or deduction for any right of counterclaim, defense, recoupment or set-off, not later than 11:00 A.M. (New York City time) on the day when due in Dollars to the Agent at the Agent's Account in same day funds. The Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal, interest, fees or commissions ratably (other than amounts payable pursuant to Section 2.03, 2.09, 2.12 or 9.04(c)) to the applicable Lenders for the account of their respective Applicable Lending Offices, and like funds relating to the payment of any other amount payable to any Lender to such Lender for the account of its Applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon its acceptance of an Assignment and Acceptance and recording of the information contained therein in the Register pursuant to Section 9.08(c),

from and after the effective date specified in such Assignment and Acceptance, the Agent shall make all payments hereunder and under the Notes in respect of the interest assigned thereby to the Lender assignee thereunder, and the parties to such Assignment and Acceptance shall make all appropriate adjustments in such payments for periods prior to such effective date directly between themselves.

(b) The Company hereby authorizes each Lender, if and to the extent payment owed to such Lender is not made when due hereunder or under the Note held by such Lender but subject to the Carve-Out, to charge from time to time against any or all of the Company's accounts with such Lender any amount so due.

(c) All computations of interest and of fees shall be made by the Agent on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest or fees or commissions are payable. Each determination by the Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent manifest error.

(d) Whenever any payment hereunder or under the Notes shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest or fee, as the case may be; provided, however, that, if such extension would cause payment of interest on or principal of Eurodollar Rate Loans to be made in the next following calendar month, such payment shall be made on the next preceding Business Day.

(e) Unless the Agent shall have received notice from the Company prior to the date on which any payment is due to the Lenders hereunder that the Company will not make such payment in full, the Agent may assume that the Company has made such payment in full to the Agent on such date and the Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent the Company shall not have so made such payment in full to the Agent, each Lender shall repay to the Agent forthwith on demand such amount distributed to such Lender together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Agent, at the Federal Funds Rate.

(f) Subject to Section 6.02 and to the Intercreditor Agreement, if the Agent receives funds for application to the Obligations of the Company under or in respect of the Loan Documents under circumstances for which the Loan Documents do not specify, or the Company does not direct the manner in which such funds are to be applied, the Agent may, but shall not be obligated to, elect to distribute such funds first, toward payment of interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties, and second, toward payment of principal, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.

SECTION 2.12. Taxes. (a) Any and all payments by or on account of any obligation of any Loan Party to or for the account of any Lender or the Agent hereunder or under the Notes shall be made, in accordance with Section 2.11 or the applicable provisions of such other documents, free and clear of and without deduction for any and all present or future taxes, levies, imposts, deductions, remittances, charges or withholdings, and all liabilities with respect thereto, excluding, in the case of each Lender and the Agent (i) taxes imposed on its overall net income, and franchise taxes imposed on it in

lieu of net income taxes, by the jurisdiction under the laws of which such Lender or the Agent (as the case may be) is organized or in which its principal executive office is located, or any political subdivision thereof and, in the case of each Lender, taxes imposed on its overall net income, and franchise taxes imposed on it in lieu of net income taxes, by the jurisdiction of such Lender's Applicable Lending Office or any political subdivision thereof, and (ii) any U.S. federal withholding taxes imposed under FATCA that would not have been imposed but for the failure of the Agent or Lender, as applicable, to satisfy the applicable requirements of FATCA (all such non-excluded taxes, levies, imposts, deductions, charges, withholdings and liabilities in respect of payments hereunder or under the Notes being hereinafter referred to as "Taxes") and all such excluded taxes being referred to as "Excluded Taxes"). If any Loan Party or the Agent shall be required by law to deduct, remit or withhold any Taxes from or in respect of any sum payable hereunder or under any Note to any Lender or the Agent, (i) the sum payable by the applicable Loan Party shall be increased as may be necessary so that after all required deductions, remittances or withholdings are made (including deductions applicable to additional sums payable under this Section 2.12), such Lender or the Agent (as the case may be) receives an amount equal to the sum it would have received had no such deductions been made, (ii) such Loan Party or the Agent shall make such deductions and (iii) such Loan Party or the Agent shall pay the full amount deducted, remitted or withheld to the relevant taxation authority or other authority in accordance with applicable law.

(b) In addition, each Loan Party shall pay any present or future stamp or documentary taxes or any other excise or property taxes, charges or similar levies that arise from any payment made by such Loan Party hereunder or under any other Loan Documents or from the execution, delivery or registration of, performing under, or otherwise with respect to, this Agreement or the other Loan Documents (hereinafter referred to as "Other Taxes").

(c) The Loan Parties shall indemnify each Lender and the Agent for and hold it harmless against the full amount of Taxes or Other Taxes (including, without limitation, taxes of any kind imposed or asserted by any jurisdiction on amounts payable under this Section 2.12) imposed on or paid or remitted by such Lender or the Agent (as the case may be) and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto. This indemnification shall be made within 30 days from the date such Lender or the Agent (as the case may be) makes written demand therefor with appropriate supporting documentation.

(d) Within 30 days after the date of any payment of Taxes, the appropriate Loan Party shall furnish to the Agent, at its address referred to in Section 9.02, the original or a certified copy of a receipt evidencing such payment to the extent such a receipt is issued therefor, or other written proof of payment thereof that is reasonably satisfactory to the Agent. In the case of any payment hereunder or under the Notes or any other documents to be delivered hereunder by or on behalf of a Loan Party through an account or branch outside the United States or by or on behalf of a Loan Party by a payor that is not a United States person, if such Loan Party determines that no Taxes are payable in respect thereof, such Loan Party shall furnish, or shall cause such payor to furnish, to the Agent, at such address, an opinion of counsel reasonably acceptable to the Agent stating that such payment is exempt from Taxes. For purposes of this subsection (d) and subsection (e), the terms "United States" and "United States person" shall have the meanings specified in Section 7701 of the Code.

(e) Each Lender or Agent organized under the laws of a jurisdiction outside the United States, on or prior to the date of its execution and delivery of this Agreement, on or prior to the designation of any different Applicable Lending Office, on the date of the Assignment and Acceptance pursuant to which it becomes a Lender in the case of each Lender that becomes a party hereto pursuant to Section 9.08, on the date such Agent is appointed pursuant to Section 8.07 in the case of a successor Agent, and from time to time thereafter as reasonably requested in writing by the Company or the Agent (but only so long as such Lender or the Agent remains lawfully able to do so), shall provide each of the Agent and the Company with two original Internal Revenue Service Forms W-8BEN or (in the case of a Lender or the Agent that is claiming (A) an exemption from, or reduction in the rates of, United States federal withholding tax under an applicable income tax treaty or (B) an exemption from United States

federal withholding tax under Section 871(h) or 881(c) of the Code with respect to payments of “portfolio interest” and, in the case of this clause (B), that has certified in writing to the Agent and the Company that it is not (i) a “bank” as defined in Section 881(c)(3)(A) of the Code, (ii) a 10-percent shareholder (within the meaning of Section 871(h)(3)(B) of the Code) of any Loan Party or (iii) a controlled foreign corporation related to any Loan Party (within the meaning of Section 864(d)(4) of the Code (a “Compliance Certificate”) or Internal Revenue Service Forms W-8ECI, Internal Revenue Service Forms W-8IMY, accompanied by Internal Revenue Service Forms W-8ECI, W-8BEN (together with a withholding statement and Compliance Certificates, as appropriate), W-9, and/or other certification documents from each beneficial owner, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that such Lender or the Agent is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement or any other Loan Document or Internal Revenue Service Forms W-8BEN certifying that such Lender or the Agent is a foreign corporation, partnership, estate or trust. If the form provided by a Lender at the time such Lender first becomes a party to this Agreement indicates a United States interest withholding tax rate in excess of zero, withholding tax at such rate shall be considered Excluded Taxes unless and until such Lender provides the appropriate forms certifying that a lesser rate applies, whereupon withholding tax at such lesser rate only shall be considered Excluded Taxes for periods governed by such form; provided, however, that, if at the date of the Assignment and Acceptance pursuant to which a Lender assignee becomes a party to this Agreement, the Lender assignor was entitled to payments under subsection (a) in respect of United States withholding tax with respect to interest paid at such date, then, to such extent, the term Taxes shall include (in addition to withholding taxes that may be imposed in the future or other amounts otherwise includable in Taxes) United States withholding tax, if any, applicable with respect to the Lender assignee on such date. If a payment made to a Lender hereunder or under the Notes would be subject to U.S. federal withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Company and the Agent at the time or times prescribed by law and at such time or times reasonably requested by the Company or the Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Company or the Agent as may be necessary for the Company and the Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender’s obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this Section 2.12(e), “FATCA” shall include any amendments made to FATCA after the date of this Agreement. If any form or document referred to in this subsection (e) (other than FATCA documentation) requires the disclosure of information, other than information necessary to compute the tax payable and information required on the Closing Date by Internal Revenue Service Form W-8BEN or W-8ECI or the related certificate described above, that the Lender reasonably considers to be confidential, the Lender shall give notice thereof to the Company and shall not be obligated to include in such form or document such confidential information, except directly to a governmental authority or other Person subject to a reasonable confidentiality agreement. In addition, upon the written request of the Company or the Agent, each Lender or the Agent shall provide any other certification, identification, information, documentation or other reporting requirement if (i) delivery thereof is required by a change in the law, regulation, administrative practice or any applicable tax treaty as a precondition to exemption from or a reduction in the rate of deduction or withholding; (ii) the Agent or Lender, as the case may be, is legally entitled to make delivery of such item; and (iii) delivery of such item will not result in material additional costs unless the Company shall have agreed in writing to indemnify Lender or the Agent for such costs.

(f) For any period with respect to which a Lender has failed to provide the Company with the appropriate form, certificate or other document described in Section 2.12(e) (other than if such failure is due to a change in law, or in the interpretation or application thereof, occurring subsequent to the date on which a form, certificate or other document originally was required to be provided, or if such

form, certificate or other document otherwise is not required under subsection (e) above), taxes imposed by the United States of America by reason of such failure shall be treated as Excluded Taxes; provided, however, that should a Lender become subject to taxes because of its failure to deliver a form, certificate or other document required hereunder, the Loan Parties, at such Lender's expense, shall take such steps as the Lender shall reasonably request to assist the Lender to recover such taxes.

(g) Any Lender claiming any additional amounts payable pursuant to this Section 2.12 agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Applicable Lending Office if the making of such a change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender.

(h) If any Lender or the Agent determines, in its sole discretion, that it has actually and finally realized, by reason of a refund, deduction or credit of any Taxes paid or reimbursed by a Loan Party pursuant to subsection (a) or (c) above in respect of payments under this Agreement or the other Loan Documents, a current monetary benefit that it would otherwise not have obtained, and that would result in the total payments under this Section 2.12 exceeding the amount needed to make such Lender or the Agent whole, such Lender or the Agent, as the case may be, shall pay to the applicable Loan Party, with reasonable promptness following the date on which it actually realizes such benefit, an amount equal to the lesser of the amount of such benefit or the amount of such excess, in each case net of all out-of-pocket expenses in securing such refund, deduction or credit; provided, that the Company, upon the request of the Agent or such Lender, agree to repay the amount paid (with interest and penalties) over to any Loan Party to the Agent or such Lender in the event the Agent or such Lender is required to repay such amount to such governmental authority.

(i) If any Loan Party determines in good faith that a reasonable basis exists for contesting the applicability of any Tax or Other Tax, the Agent or the relevant Lender shall cooperate with such Loan Party, upon the request and at the expense of such Loan Party, in challenging such Tax or Other Tax. Nothing in this Section 2.12(i) or in Section 2.12(h) shall require the Agent or any Lender to disclose the contents of its tax returns or other confidential information to any Person.

(j) Each Lender shall severally indemnify the Agent, within 10 days after demand therefor, for (i) any Taxes or Other Taxes attributable to such Lender (but only to the extent that any Loan Party has not already indemnified the Agent for such Taxes and Other Taxes and without limiting the obligation of the Loan Parties to do so), (ii) any taxes attributable to such Lender's failure to comply with the provisions of Section 9.08(i) relating to the maintenance of a Participant Register and (iii) any taxes excluded from the definition of "Taxes" attributable to such Lender, in each case, that are payable or paid by the Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such taxes were correctly or legally imposed or asserted by the relevant governmental authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Agent to the Lender from any other source against any amount due to the Agent under this Section 2.12(j). For the avoidance of doubt, except as otherwise provided in Sections 2.12(a), 2.12(b) and 2.12(c), nothing in this Section 2.12(j) shall result in any increase in the liability of any Loan Party to any Lender or the Agent for Taxes or Other Taxes.

SECTION 2.13. Sharing of Payments, Etc. Without expanding the rights of any Lender under this Agreement, if any Appropriate Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) on account of the Loans owing to it (other than pursuant to Section 2.09, 2.12 or 9.04(c)) in excess of its ratable share (according to the proportion of (i)

the amount of such Loans due and payable to such Lender at such time to (ii) the aggregate amount of the Loans due and payable at such time to all Appropriate Lenders hereunder) of payments on account of the Loans obtained by all the Appropriate Lenders, such Lender shall forthwith purchase from the other Appropriate Lenders such participations in the Loans owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Appropriate Lender shall be rescinded and such Appropriate Lender shall repay to the purchasing Lender the purchase price to the extent of such Appropriate Lender's ratable share (according to the proportion of (i) the purchase price paid to such Lender to (ii) the aggregate purchase price paid to all Appropriate Lenders) of such recovery together with an amount equal to such Appropriate Lender's ratable share (according to the proportion of (i) the amount of such Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered; provided further that, so long as the applicable Loans shall not have become due and payable pursuant to Section 6.01, any excess payment received by any Appropriate Lender shall be shared on a pro rata basis only with other Appropriate Lenders. The Company agree that any Appropriate Lender so purchasing a participation from another Appropriate Lender pursuant to this Section 2.13 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of set-off) with respect to such participation as fully as if such Lender were the direct creditor of the Loan Parties in the amount of such participation; provided further that each Lender shall only purchase participations in Loans under the Facilities with respect to which they hold a Commitment or an outstanding Loan.

SECTION 2.14. Evidence of Debt. (a) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Company to such Lender resulting from each Loan owing to such Lender from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder in respect of the Loans. The Company agrees that upon notice by any Lender to the Company (with a copy of such notice to the Agent) to the effect that a Note is required or appropriate in order for such Lender to evidence (whether for purposes of pledge, enforcement or otherwise) the Loans owing to, or to be made by, such Lender, the Company shall promptly execute and deliver to such Lender a Note, as applicable, properly completed, payable to such Lender and its registered assigns in an amount equal to the outstanding principal amount of the Loans of such Lender.

(b) The Register maintained by the Agent pursuant to Section 9.08(e) shall include (i) the date and amount of each Borrowing made hereunder, the Type of Loans comprising such Borrowing and, if appropriate, the Interest Period applicable thereto, (ii) the terms of each Assignment and Acceptance delivered to and accepted by it, (iii) the amount of any principal or interest due and payable or to become due and payable from the Company to each Lender hereunder and (iv) the amount of any sum received by the Agent from the Company hereunder and each Lender's share thereof.

(c) Entries made in good faith by each Lender in its account or accounts pursuant to subsection (a) above, shall be prima facie evidence of the amount of principal and interest due and payable or to become due and payable from the Company to such Lender under this Agreement, absent manifest error; provided, however, that the failure of such Lender to make an entry, or any finding that an entry is incorrect, in such account or accounts shall not limit or otherwise affect the obligations of the Company under this Agreement with respect to Loans made and not repaid.

SECTION 2.15. Use of Proceeds. The proceeds of the Loans shall be used to (i) refinance outstanding Term Loans under, and as defined in, the Existing DIP Credit Agreement (as such agreement is in effect immediately prior to the Closing Date), (ii) fund working capital requirements of the Company, (iii) fund adequate protection payments in respect of the Existing Second Lien Debt permitted

under the DIP Order, and (iv) fund settlement payments reasonably acceptable to the Required Lead Lenders.

SECTION 2.16. Defaulting Lenders. Anything contained herein to the contrary notwithstanding, in the event that (i) any Lender shall become a Defaulting Lender and (ii) such Defaulting Lender shall fail to cure the default as a result of which it has become a Defaulting Lender within five Business Days after the Company's request that it cure such default, the Company shall have the right (but not the obligation) to repay such Defaulting Lender in an amount equal to the principal of, and all accrued interest on, all outstanding Loans owing to such Lender, together with all other amounts due and payable to such Lender under the Loan Documents.

SECTION 2.17. Replacement of Certain Lenders. In the event a Lender ("Affected Lender") shall have (a) become a Defaulting Lender hereunder, (b) requested compensation from the Company under Section 2.12 with respect to Taxes or Other Taxes or with respect to increased costs or capital or under Section 2.09 or other additional costs incurred by such Lender which, in any case, are not being incurred generally by the other Lenders, (c) has not agreed to any consent, waiver or amendment that requires the agreement of all Lenders or all affected Lenders in accordance with the terms of Section 9.01 and as to which the Required Lenders have agreed, or (d) delivered a notice pursuant to Section 2.10 claiming that such Lender is unable to extend Eurodollar Rate Loans for reasons not generally applicable to the other Lenders, then, in any case, the Company or the Agent may make written demand on such Affected Lender (with a copy to the Agent in the case of a demand by the Company and a copy to the Company in the case of a demand by the Agent) for the Affected Lender to assign at par, and such Affected Lender shall use commercially reasonable efforts to assign pursuant to one or more duly executed Assignments and Acceptances five Business Days after the date of such demand, to one or more financial institutions that comply with the provisions of Section 9.08 which the Company or the Agent, as the case may be, shall have engaged for such purpose ("Replacement Lender"), all of such Affected Lender's rights and obligations under this Agreement and the other Loan Documents (including, without limitation, its Commitment (if any) and all Loans owing to it) in accordance with Section 9.08. The Agent is authorized to execute one or more of such Assignments and Acceptances as attorney-in-fact for any Affected Lender failing to execute and deliver the same within 5 Business Days after the date of such demand. Further, with respect to such assignment, the Affected Lender shall have concurrently received, in cash, all amounts due and owing to the Affected Lender hereunder or under any other Loan Document; provided that upon such Affected Lender's replacement, such Affected Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 2.12 and 9.04, as well as to any fees accrued for its account hereunder and not yet paid, and shall continue to be obligated under Section 8.05 with respect to losses, obligations, liabilities, damages, penalties, actions, judgments, costs, expenses or disbursements for matters which occurred prior to the date the Affected Lender is replaced.

SECTION 2.18. Failure to Satisfy Conditions Precedent. If any Lender makes available to the Agent funds for any Loan to be made by such Lender as provided in the foregoing provisions of this Article II, and such funds are not made available to the Company by the Agent because the conditions to the applicable Loan set forth in Article III are not satisfied or waived in accordance with the terms hereof, the Agent shall return such funds (in like funds as received from such Lender) to such Lender, without interest.

SECTION 2.19. Obligations of Lenders Several. The obligations of the Lenders hereunder to make Loans and to make payments are several and not joint. The failure of any Lender to make any Loan or to make any payment on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to so make its Loan or to make its payment hereunder.

SECTION 2.20. Priority and Liens. (a) Subject to Section 2.20(c), each of the Loan Parties hereby covenants and agrees that, upon the entry of the DIP Order, its obligations hereunder and under the Loan Documents: (i) pursuant to Section 364(c)(1) of the Bankruptcy Code, shall at all times constitute an allowed Superpriority Claim in the Cases, subject to any limitations set forth in the DIP Order; (ii) pursuant to Section 364(c)(2) of the Bankruptcy Code, shall at all times be secured by a valid, binding, continuing, enforceable perfected first priority Lien (that is subject to the terms of the Intercreditor Agreement and DIP Order) on all of the property of such Loan Parties, whether now existing or hereafter acquired, that is not subject to valid, perfected, non-voidable liens in existence at the time of commencement of the Cases or to valid, non-voidable liens in existence at the time of such commencement that are perfected subsequent to such commencement as permitted by Section 546(b) of the Bankruptcy Code (limited, in the case of voting equity interests of CFC's, 65% of the voting equity interests); (iii) pursuant to Section 364(c)(3) of the Bankruptcy Code, shall be secured by a valid, binding, continuing, enforceable perfected second Lien upon all property of such Loan Parties, whether now existing or hereafter acquired, that is subject to valid, perfected and non-voidable Liens in existence at the time of the commencement of the Cases or that is subject to valid Liens in existence at the time of the commencement of the Cases that are perfected subsequent to such commencement as permitted by Section 546(b) of the Bankruptcy Code (other than certain property that is subject to the existing Liens that secure obligations in respect of the Existing Second Lien Debt, which liens shall be primed by the liens described in the following clause (iv)); and (iv) pursuant to Section 364(d)(1) of the Bankruptcy Code, shall be secured by a valid, binding, continuing, enforceable perfected first priority senior priming Lien on all of the property of such Loan Parties that is subject to the existing liens which secure the Existing Second Lien Debt (collectively, the "Primed Liens"), all of which Primed Liens shall be primed by and made subject and subordinate to (to the extent set forth in the DIP Order) the perfected first priority senior Liens to be granted to the Agent, which senior priming Liens in favor of the Agent shall also prime any Liens granted after the commencement of the Cases to provide adequate protection Liens in respect of any of the Primed Liens, subject in each case to the Carve-Out and as set forth in the DIP Order and the Intercreditor Agreement.

Such Loan Parties acknowledge that, pursuant to the DIP Order, the Liens in favor of the Agent on behalf of the Lenders in all of such real property and leasehold instruments of such Loan Parties shall be perfected without the recordation of any instruments of mortgage or assignment. Such Loan Parties further agree that, upon the request of the Agent, in the exercise of its business judgment, such Loan Parties shall enter into separate fee and leasehold mortgages in recordable form with respect to such properties on terms satisfactory to the Agent and including customary related deliverables, including, without limitation, a Standard Flood Hazard Determination and, to the extent applicable, a notification to the applicable Loan Party that that flood insurance coverage under the National Flood Insurance Program is not available or evidence of flood insurance with respect to such property consistent with the requirements set forth in Section 5.01(c).

(c) The relative priorities of the Liens described in this Section 2.20 with respect to the Collateral shall be as set forth in the DIP Order and the Intercreditor Agreement. The relative priorities of the New Money Loans and the Junior Loans shall be as set forth in the DIP Order and Section 6.02. All of the Liens described in this Section 2.20 with respect to the Facilities shall be effective and perfected upon entry of the DIP Order.

SECTION 2.21. No Discharge; Survival of Claims. Each of the Loan Parties agrees that to the extent that its obligations under the Loan Documents have not been satisfied in full in cash and not otherwise converted into loans under the Exit Loan Agreement pursuant to Section 2.22, (a) its obligations under the Loan Documents shall not be discharged by the entry of an order confirming a Reorganization Plan (and each of the Loan Parties, pursuant to Section 1141(d)(4) of the Bankruptcy Code, hereby waives any such discharge) and (b) the Superpriority Claim granted to the Agents and the Lenders pursuant to the DIP Order and the Liens granted to the Agents and the Lenders pursuant to the DIP Order shall not be affected in any manner by the entry of an order confirming a Reorganization Plan.

SECTION 2.22. Conversion to Exit Facility. (a) Upon the satisfaction or amendment or waiver by the Required Lead Lenders (or, to the extent there are no Lead Lenders at the time, the Required Lenders) of the conditions precedent set forth in Section 3 of the Exit Loan Agreement, at the Company's sole option, (i) the Company, in its capacity as reorganized Eastman Kodak Company, and each Guarantor, in its capacity as a reorganized Debtor, to the extent such Person is required under the Exit Loan Agreement to continue to be a guarantor of the Exit Facility, shall assume all Obligations in respect of the Loans hereunder and all other monetary obligations in respect hereof, (ii) all, but not less than all, outstanding New Money Loans and all Junior Loans shall be continued as an Exit Loan (as defined in the Exit Loan Agreement) under the Exit Facility, (iii) each New Money Lender and Junior Loan Lender hereunder shall be a Lender (as defined in the Exit Loan Agreement) under the Exit Facility, (iv) accrued and unpaid interest on the Loans shall be payable in cash on the Effective Date and (v) this Agreement and the Loan Documents shall be superseded and replaced by the Exit Facility Documentation. An order of the Bankruptcy Court shall be entered granting any Superpriority Claim (other than the Carve-Out or pursuant to the DIP Order as in effect on the date hereof) in any of the Cases of the Debtors that is pari passu with or senior to the claims of the Agent and the Lenders against the Company or any other Loan Party hereunder or under any of the other Loan Documents, or any Debtor takes any action seeking or supporting the grant of any such claim, except as expressly permitted hereunder; or

(m) Relief from Automatic Stay. The Bankruptcy Court shall enter an order or orders granting relief from the automatic stay applicable under Section 362 of the Bankruptcy Code to the holder or holders of any security interest to (i) permit foreclosure (or the granting of a deed in lieu of foreclosure or the like) on any assets of any of the Debtors which have a value in excess of \$10,000,000 in the aggregate or (ii) permit other actions that would have a Material Adverse Effect on the Debtors or their estates (taken as a whole); or

(n) Certain Orders.

(i) an order of the Bankruptcy Court shall be entered reversing, amending, supplementing, staying for a period of five days or more, vacating or otherwise amending, supplementing or modifying the DIP Order, or any of the Company or any Subsidiary of the Company shall apply for authority to do so, without the prior written consent of the Agent or the

Required Lenders, and such order is not reversed or vacated within 5 days after the entry thereof; or

(ii) an order of the Bankruptcy Court shall be entered denying or terminating use of Cash Collateral by the Loan Parties; or

(iii) the DIP Order shall cease to create a valid and perfected Lien on the Collateral or to be in full force and effect; or

(iv) any of the Loan Parties or any Subsidiary of the Company shall fail to comply with the DIP Order; or

(v) a final non-appealable order in the Cases shall be entered charging any of the Collateral under Section 506(c) of the Bankruptcy Code against the Lenders or the commencement of other actions that is materially adverse to the Agent or the Lenders or their respective rights and remedies under the Facilities in any of the Cases or inconsistent with any of the Loan Documents.

(o) Pre-Petition Payments. Except as permitted by the DIP Order, any Debtor shall make any Pre-Petition Payment other than Pre-Petition Payments authorized by the Bankruptcy Court in accordance with the "first day" orders or entered by the Bankruptcy Court with the consent of (or non-objection by) the Required Lenders; or

(p) Invalid Plan. A Reorganization Plan that is not an Acceptable Reorganization Plan shall be confirmed in any of the Cases of the Debtors, or any order shall be entered which dismisses any of the Cases of the Debtors and which order does not provide for termination of the Commitments and payment in full in cash of the Obligations under the Loan Documents (other than contingent indemnification obligations not yet due and payable), or any of the Debtors shall seek confirmation of any such plan or entry of any such order; or

(q) Supportive Actions. Any Loan Party or any Subsidiary thereof shall take any action in support of any matter set forth in paragraph (k), (l), (m), (n), (o) or (p) above or any other Person shall do so and such application is not contested in good faith by the Loan Parties and the relief requested is granted in an order that is not stayed pending appeal;

then, and in any such event, the Agent shall at the request, or may with the consent of the Required Lenders (i) by notice to the Company, declare the Loans, all interest thereon and all other amounts payable in respect thereof under this Agreement to be forthwith due and payable, whereupon such Loans, all such interest and all such amounts shall become and be forthwith due and payable, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Company; and (ii) subject to the provisions of the Intercreditor Agreement and the DIP Order, exercise rights and remedies in respect of the Collateral in accordance with Section 19 of the Security Agreement and/or the comparable provisions of any other Collateral Document, the DIP Order and applicable law; provided, that with respect to the enforcement of Liens or other remedies with respect to the Collateral of the Loan Parties under the preceding clause (ii), the Agent shall provide the Company (with a copy to counsel for the Official Creditors' Committee in the Cases and to the United States Trustee for the Southern District of New York) with seven (7) days' prior written notice prior to taking the action contemplated thereby; in any hearing after the giving of the aforementioned notice, the only issue that may be raised by any party in opposition thereto being whether, in fact, an Event of Default has occurred and is continuing.

SECTION 6.02. Application of Funds; Intercreditor Provisions. After the exercise of remedies provided for in Section 6.01 (or after the Loans have become immediately due and payable), any amounts received by the Agent on account of the Obligations shall be applied by the Agent in the following order:

(a) With respect to amounts received from or on account of the Company, or in respect of any Collateral (subject to the proviso at the end of this Section 6.02(a)):

First, to payment of that portion of the Obligations constituting fees, indemnities, expenses and other amounts (including fees, charges and disbursements of counsel to the Agent and amounts payable under Article II) payable to the Agent in its capacity as such;

Second, to payment of that portion of the Obligations in respect of the New Money Loans, ratably among the New Money Lenders in proportion to the respective amounts described in this clause Second held by them;

Third, to payment of that portion of the Obligations in respect of the Junior Loans, ratably among the Junior Loan Lenders in proportion to the respective amounts described in this clause Fourth held by them provided that (x) as between the 9.75% Tranche Loans and the 10.625% Tranche Loans and the relative Obligations in respect hereof, the amounts shall be applied ratably in proportion to the respective amounts of principal held by the Lenders holding 9.75% Tranche Loans and Lenders holding 10.625% Tranche Loans, respectively, (y) as among the 9.75% Tranche Loans and the Obligations in respect thereof, the amounts shall be applied ratably in proportion to the respective amounts of such Loans and Obligations held by the Lenders holding 9.75% Tranche Loans and (z) as among the 10.625% Tranche Loans and the Obligations in respect thereof, the amounts shall be applied ratably in proportion to the respective amounts of such Loans and Obligations held by the Lenders holding 10.625% Tranche Loans; and

Last, the balance, if any, after all of the Obligations have been paid in full in cash, to the Company or as otherwise required by law;

provided, that the application to the Obligations pursuant to this Section 6.02(a) of amounts received in respect of Collateral is expressly subject to the priorities set forth in the Intercreditor Agreement and in the DIP Order, and all such amounts shall first be allocated in accordance with such priorities before being applied to the Obligations pursuant to this Section 6.02(a).

(b) Without limiting the generality of the foregoing, this Section 6.02 is intended to constitute and shall be deemed to constitute a "subordination agreement" within the meaning of Section 510(a) of the Bankruptcy Code and is intended to be and shall be interpreted to be enforceable to the maximum extent permitted pursuant to applicable law. Amounts applied pursuant to clauses First through Last of Section 6.02(a) are to be applied, for the avoidance of doubt, in the order required by such clauses until the payment in full in cash of the applicable Obligations referred to in the applicable clause.

(c) If any Secured Party collects or receives any amounts received on account of the Obligations to which it is not entitled under Section 6.02(a) hereof, such Secured Party shall hold the same in trust for the applicable Secured Parties entitled thereto and shall forthwith deliver the same to the Agent, for the account of such Secured Parties, to be applied in accordance with Section 6.02(a) hereof, in each case until the prior payment in full in cash of the applicable Obligations of such Secured Parties.

(d) It is the intention of the parties hereto that (and to the maximum extent permitted by law the parties hereto agree that) the Obligations in respect of the New Money Loans (and the security therefor) constitute a separate and distinct class (and separate and distinct claims) from the Obligations (and security therefor) in respect of the Junior Loans.

(e) EACH LENDER WITH OUTSTANDING JUNIOR LOANS ACKNOWLEDGES AND AGREES THAT THE OBLIGATIONS IN RESPECT OF THE OUTSTANDING NEW MONEY LOANS ARE ENTITLED TO DISTRIBUTIONS PURSUANT TO THIS SECTION 6.02 PRIOR TO ANY DISTRIBUTIONS BEING APPLIED TO THE OBLIGATIONS IN RESPECT OF OUTSTANDING JUNIOR LOANS.

ARTICLE VII

GUARANTY

SECTION 7.01. Guaranty; Limitation of Liability. (a) Each of the Company and each Subsidiary Guarantor, jointly and severally, hereby absolutely, unconditionally and irrevocably guarantees the punctual payment when due, whether at scheduled maturity or on any date of a required prepayment or by acceleration, demand or otherwise, of all obligations of each other Loan Party and each other Subsidiary of the Company now or hereafter existing under or in respect of the Loan Documents (including, without limitation, any extensions, modifications, substitutions, amendments or renewals of any or all of the foregoing obligations), whether direct or indirect, absolute or contingent, and whether for principal, interest, premiums, fees, indemnities, contract causes of action, costs, expenses or otherwise (such obligations being the "Guaranteed Obligations"), and agrees to pay any and all expenses (including, without limitation, reasonable fees and expenses of counsel) incurred by the Agent or any other Lender in enforcing any rights under this Guaranty or any other Loan Document. Without limiting the generality of the foregoing, each Guarantor's liability shall extend to all amounts that constitute part of the Guaranteed Obligations and would be owed by any other Loan Party or Subsidiary of the Company, as applicable, to the Agent or any Lender under or in respect of the Loan Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving such other Loan Party or Subsidiary, as the case may be.

(b) Each Guarantor, and by its acceptance of this Guaranty, the Agent and each other Lender, hereby confirms that it is the intention of all such Persons that this Guaranty and the obligations of each Guarantor hereunder not constitute a fraudulent transfer or conveyance for purposes of the Bankruptcy Code, the Uniform Fraudulent Conveyance Act, the Uniform Fraudulent Transfer Act or any similar foreign, federal or state law to the extent applicable to this Guaranty and the obligations of such Guarantor hereunder. To effectuate the foregoing intention, the Agent, the Lenders and the Guarantors hereby irrevocably agree that the obligations of such Guarantor under this Guaranty at any time shall be limited to the maximum amount as will result in the obligations of such Guarantor under this Guaranty not constituting a fraudulent transfer or conveyance.

(c) Each Guarantor hereby unconditionally and irrevocably agrees that in the event any payment shall be required to be made to the Agent or any Lender under this Guaranty or any guaranty supplement of the Guaranteed Obligations, such Guarantor will contribute, to the maximum extent permitted by law, such amounts to each other Guarantor and each other guarantor so as to maximize the aggregate amount paid to the Agent and the Lenders under or in respect of the Loan Documents.

SECTION 7.02. Guaranty Absolute. Each Guarantor guarantees that the applicable Guaranteed Obligations will be paid strictly in accordance with the terms of the Loan Documents, regardless of any law, regulation or order now or hereafter in effect in any jurisdiction affecting any of

such terms or the rights of the Agent or any Lender with respect thereto. The obligations of each Guarantor under or in respect of this Guaranty are independent of the applicable Guaranteed Obligations or any other obligations of any other Loan Party under or in respect of the Loan Documents, and a separate action or actions may be brought and prosecuted against each Guarantor to enforce this Guaranty, irrespective of whether any action is brought against the Company or any other Loan Party or whether the Company or any other Loan Party is joined in any such action or actions. The liability of each Guarantor under this Guaranty shall be irrevocable, absolute and unconditional irrespective of, and each Guarantor hereby irrevocably waives any defenses it may now have or hereafter acquire in any way relating to, any or all of the following:

(a) any lack of validity or enforceability of any Loan Document or any agreement or instrument relating thereto;

(b) any change in the time, manner or place of payment of, or in any other term of, all or any of the applicable Guaranteed Obligations or any other obligations of any other Loan Party under or in respect of the Loan Documents, or any other amendment or waiver of or any consent to departure from any Loan Document, including, without limitation, any increase in the applicable Guaranteed Obligations resulting from the extension of additional credit to any Loan Party or any of its Subsidiaries or otherwise;

(c) any taking, exchange, release or non-perfection of any Collateral or any other collateral, or any taking, release or amendment or waiver of, or consent to departure from, any other guaranty, for all or any of the applicable Guaranteed Obligations;

(d) any manner of application of Collateral or any other collateral, or proceeds thereof, to all or any of the applicable Guaranteed Obligations or any manner of sale or other disposition of any Collateral or any other collateral for all or any of the applicable Guaranteed Obligations or any other obligations of any Loan Party under the Loan Documents or any other assets of any Loan Party or any of its Subsidiaries;

(e) any change, restructuring or termination of the corporate structure or existence of any Loan Party or any of its Subsidiaries;

(f) any failure of the Agent or any Lender to disclose to any Loan Party any information relating to the business, condition (financial or otherwise), operations, performance, properties or prospects of any other Loan Party now or hereafter known to the Agent or such Lender (each Guarantor waiving any duty on the part of the Agent and the Lenders to disclose such information);

(g) the failure of any other Person to execute or deliver this Agreement, any Guaranty Supplement or any other guaranty or agreement or the release or reduction of liability of any Guarantor or other guarantor or surety with respect to the applicable Guaranteed Obligations; or

(h) any other circumstance (including, without limitation, any statute of limitations) or any existence of or reliance on any representation by the Agent or any Lender that might otherwise constitute a defense available to, or a discharge of, any Loan Party or any other guarantor or surety.

This Guaranty shall continue to be effective or be reinstated, as the case may be, if at any time any payment of any of the applicable Guaranteed Obligations is rescinded or must otherwise be returned by the Agent or any Lender or any other Person upon the insolvency, bankruptcy or reorganization of the Company or any other Loan Party or otherwise, all as though such payment had not been made.

SECTION 7.03. Waivers and Acknowledgments. (a) Each Guarantor hereby unconditionally and irrevocably waives promptness, diligence, notice of acceptance, presentment, demand for performance, notice of nonperformance, default, acceleration, protest or dishonor and any other notice with respect to any of the applicable Guaranteed Obligations and this Guaranty and any requirement that the Agent or any Lender protect, secure, perfect or insure any Lien or any property subject thereto or exhaust any right or take any action against any Loan Party or any other Person or any Collateral.

(b) Each Guarantor hereby unconditionally and irrevocably waives any right to revoke this Guaranty and acknowledges that this Guaranty is continuing in nature and applies to all applicable Guaranteed Obligations whether existing now or in the future.

(c) Each Guarantor hereby unconditionally and irrevocably waives (i) any defense arising by reason of any claim or defense based upon an election of remedies by the Agent or any Lender that in any manner impairs, reduces, releases or otherwise adversely affects the subrogation, reimbursement, exoneration, contribution or indemnification rights of such Guarantor or other rights of such Guarantor to proceed against any of the other Loan Parties, any other guarantor or any other Person or any Collateral and (ii) any defense based on any right of set-off or counterclaim against or in respect of the obligations of such Guarantor hereunder.

(d) Each Guarantor hereby unconditionally and irrevocably waives any duty on the part of the Agent or any Lender to disclose to such Guarantor any matter, fact or thing relating to the business, condition (financial or otherwise), operations, performance, properties or prospects of any other Loan Party or any of its Subsidiaries now or hereafter known by the Agent or such Lender.

(e) Each Guarantor acknowledges that it will receive substantial direct and indirect benefits from the financing arrangements contemplated by the Loan Documents and that the waivers set forth in Section 7.02 and this Section 7.03 are knowingly made in contemplation of such benefits.

SECTION 7.04. Subrogation. Each Guarantor hereby unconditionally and irrevocably agrees not to exercise any rights that it may now have or hereafter acquire against the Company, any other Loan Party or any other insider guarantor that arise from the existence, payment, performance or enforcement of such Guarantor's obligations under or in respect of this Guaranty or any other Loan Document, including, without limitation, any right of subrogation, reimbursement, exoneration, contribution or indemnification and any right to participate in any claim or remedy of the Agent or any Lender against the Company, any other Loan Party or any other guarantor of some or all of the Guaranteed Obligations or any Collateral, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, including, without limitation, the right to take or receive from the Company, any other Loan Party or any other insider guarantor, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or security on account of such claim, remedy or right, unless and until all of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty shall have been paid in full in cash and the Commitments shall have expired or been terminated. If any amount shall be paid to any Guarantor in violation of the immediately preceding sentence at any time prior to the latest of (a) the payment in full in cash of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty and (b) the Termination Date, such amount shall be received and held in trust for the benefit of the Agent and the Lenders, shall be segregated from other property and funds of such Guarantor and shall forthwith be paid or delivered to the Agent in the same form as so received (with any necessary endorsement or assignment) to be credited and applied to the applicable Guaranteed Obligations and all other amounts payable under this Guaranty by such Guarantor, whether matured or unmatured, in accordance with the terms of the Loan Documents, or to be held as Collateral for any applicable Guaranteed Obligations or other amounts payable under this Guaranty by such Guarantor thereafter arising. If (i) any Guarantor shall make payment to the Agent or any Lender of all or any part of the

applicable Guaranteed Obligations, (ii) all of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty by such Guarantor shall have been paid in full in cash and (iii) the Termination Date shall have occurred, the Agent and the Lenders will, at such Guarantor's request and expense, execute and deliver to such Guarantor appropriate documents, without recourse and without representation or warranty, necessary to evidence the transfer by subrogation to such Guarantor of an interest in the applicable Guaranteed Obligations resulting from such payment made by such Guarantor pursuant to this Guaranty.

SECTION 7.05. Guaranty Supplements. Upon the execution and delivery by any Person of a guaranty supplement in substantially the form of Exhibit F hereto (each, a "Guaranty Supplement"), (a) such Person shall be referred to as an "Additional Guarantor" and shall become and be a Guarantor hereunder, and each reference in this Guaranty to a "Guarantor" shall also mean and be a reference to such Additional Guarantor, and each reference in any other Loan Document to a "U.S. Subsidiary Guarantor", as applicable, shall also mean and be a reference to such Additional Guarantor, and (b) each reference herein to "this Guaranty," "hereunder," "hereof" or words of like import referring to this Guaranty, and each reference in any other Loan Document to the "Guaranty," "thereunder," "thereof" or words of like import referring to this Guaranty, shall mean and be a reference to this Guaranty as supplemented by such Guaranty Supplement.

SECTION 7.06. Subordination. (a) Each Guarantor hereby subordinates any and all debts, liabilities and other obligations owed to such Guarantor by each other Loan Party (the "Subordinated Obligations") to the applicable Guaranteed Obligations to the extent and in the manner hereinafter set forth in this Section 7.06:

(b) Prohibited Payments, Etc. Except during the continuance of an Event of Default, each Guarantor may receive regularly scheduled payments from any other Loan Party on account of the Subordinated Obligations. After the occurrence and during the continuance of any Event of Default, however, unless the Required Lenders otherwise agree, no Guarantor shall demand, accept or take any action to collect any payment on account of the Subordinated Obligations.

(c) Prior Payment of Guaranteed Obligations. In any proceeding under the Bankruptcy Code relating to any other Loan Party, each Guarantor agrees that the Lenders shall be entitled to receive payment in full in cash of all applicable Guaranteed Obligations (including all interest and expenses accruing after the commencement of a proceeding under the Bankruptcy Code, whether or not constituting an allowed claim in such proceeding ("Post-Petition Interest")) before such Guarantor receives payment of any Subordinated Obligations.

(d) Turn-Over. Subject to the Intercreditor Agreement, after the occurrence and during the continuance of any Event of Default, each Guarantor shall, if the Agent (with the consent or at the direction of the Required Lenders) so requests, collect, enforce and receive payments on account of the Subordinated Obligations as trustee for the Agent and the Lenders and deliver such payments to the Agent on account of the applicable Guaranteed Obligations (including all Post-Petition Interest), together with any necessary endorsements or other instruments of transfer, but without reducing or affecting in any manner the liability of such Guarantor under the other provisions of this Guaranty.

(e) Agent Authorization. Subject to the Intercreditor Agreement, after the occurrence and during the continuance of any Event of Default, the Agent is authorized and empowered (but without any obligation to so do), in its discretion, (i) in the name of each Guarantor, to collect and enforce, and to submit claims in respect of, the Subordinated Obligations and to apply any amounts received thereon to the applicable Guaranteed Obligations (including any and all Post-Petition Interest), and (ii) to require each Guarantor (A) to collect and enforce, and to submit claims in respect of, the

Subordinated Obligations and (B) to pay any amounts received on such obligations to the Agent for application to the applicable Guaranteed Obligations (including any and all Post-Petition Interest).

SECTION 7.07. Continuing Guaranty; Assignments. This Guaranty is a continuing guaranty and shall (a) except as provided in the next succeeding sentence, remain in full force and effect until the latest of (i) the payment in full in cash of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty and (ii) the Termination Date, (b) be binding upon each Guarantor, its successors and assigns and (c) inure to the benefit of and be enforceable by the Agent and the Lenders and their successors, permitted transferees and permitted assigns. Upon the sale of a Guarantor or any or all of the assets of any Guarantor to the extent permitted in accordance with the terms of the Loan Documents or upon such Guarantor otherwise ceasing to be a Subsidiary of the Company organized under the laws of a state of the United States of America without violation of the terms of this Agreement, such Guarantor (and its Subsidiaries) or such assets shall be automatically released from this Guaranty or any Guaranty Supplement, and all pledges and security interests of the equity of such Guarantor or any Subsidiary of such Guarantor and all other pledges and security interests in the assets of such Guarantor and any of its Subsidiaries shall be released as provided in Section 9.15. Without limiting the generality of clause (c) above, the Agent or any Lender may assign or otherwise transfer all or any portion of its rights and obligations under this Agreement to any other Person, and such other Person shall thereupon become vested with all the benefits in respect thereof granted to such Lender herein or otherwise, in each case as and to the extent provided in Section 9.08. No Guarantor shall have the right to assign its rights hereunder or any interest herein without the prior written consent of the Lenders.

ARTICLE VIII

THE AGENT

SECTION 8.01. Authorization and Action. (a) Each Lender hereby irrevocably appoints Wilmington Trust, National Association to act on its behalf as the Agent hereunder and under the other Loan Documents and authorizes the Agent to take such actions on its behalf and to exercise such powers as are delegated to the Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto.

(b) Each Lender hereby further irrevocably appoints Wilmington Trust, National Association to act on its behalf as Agent hereunder and under the other Loan Documents and authorizes the Agent to take such actions on its behalf and to exercise such powers as are delegated to the Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. The Agent shall act on behalf of the Lenders and shall have all of the benefits and immunities (i) provided to the Agent in this Article VIII with respect to any acts taken or omissions suffered by the Agent in connection with its activities in such capacity as fully as if the term "Agent" as used in this Article VIII included the Agent with respect to such acts or omissions, and (ii) as additionally provided herein with respect to the Agent.

(c) The provisions of this Article VIII are solely for the benefit of the Agent and the Lenders, and neither the Company nor any other Loan Party shall have rights as a third party beneficiary of any of such provisions.

SECTION 8.02. Agent Individually. (a) The Person serving as the Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Agent and the term "Lender" or "Lenders" shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money

to, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with the Company or any of their Subsidiaries or other Affiliate thereof as if such Person were not the Agent hereunder and without any duty to account therefor to the Lenders.

(b) Each Lender understands that the Person serving as Agent, acting in its individual capacity, and its Affiliates (collectively, the “Agent’s Group”) are engaged in a wide range of financial services and businesses (including, but not limited to, trust, investment management, financing, securities trading, corporate and investment banking and research) (such services and businesses are collectively referred to in this Section 8.02 as “Activities”) and may engage in the Activities with or on behalf of one or more of the Loan Parties or their respective Affiliates. Furthermore, the Agent’s Group may, in undertaking the Activities, engage in trading in financial products or undertake other investment businesses for its own account or on behalf of others (including the Loan Parties and their Affiliates and including holding, for its own account or on behalf of others, equity, debt and similar positions in the Company, another Loan Party or their respective Affiliates), including trading in or holding long, short or derivative positions in securities, loans or other financial products of one or more of the Loan Parties or their Affiliates. Each Lender understands and agrees that in engaging in the Activities, the Agent’s Group may receive or otherwise obtain information concerning the Loan Parties or their Affiliates (including information concerning the ability of the Loan Parties to perform their respective Obligations hereunder and under the other Loan Documents) which information may not be available to any of the Lenders that are not members of the Agent’s Group. None of the Agent nor any member of the Agent’s Group shall have any duty to disclose to any Lender or use on behalf of the Lenders, and shall not be liable for the failure to so disclose or use, any information whatsoever about or derived from the Activities or otherwise (including any information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of any Loan Party or any Affiliate of any Loan Party) or to account for any revenue or profits obtained in connection with the Activities, except that the Agent shall deliver or otherwise make available to each Lender such documents as are expressly required by any Loan Document to be transmitted by the Agent to the Lenders.

(c) Each Lender further understands that there may be situations where members of the Agent’s Group or their respective customers (including the Loan Parties and their Affiliates) either now have or may in the future have interests or take actions that may conflict with the interests of any one or more of the Lenders (including the interests of the Lenders hereunder and under the other Loan Documents). Each Lender agrees that no member of the Agent’s Group is or shall be required to restrict its activities as a result of the Person serving as Agent being a member of the Agent’s Group, and that each member of the Agent’s Group may undertake any Activities without further consultation with or notification to any Lender. None of (i) this Agreement nor any other Loan Document, (ii) the receipt by the Agent’s Group of information (including Company Information) concerning the Loan Parties or their Affiliates (including information concerning the ability of the Loan Parties to perform their respective Obligations hereunder and under the other Loan Documents) nor (iii) any other matter shall give rise to any fiduciary, equitable or contractual duties (including without limitation any duty of trust or confidence) owing by the Agent or any member of the Agent’s Group to any Lender including any such duty that would prevent or restrict the Agent’s Group from acting on behalf of customers (including the Loan Parties or their Affiliates) or for its own account.

SECTION 8.03. Duties of Agent; Exculpatory Provisions. (a) The Agent’s duties hereunder and under the other Loan Documents are solely ministerial and administrative in nature and the Agent shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents. Without limiting the generality of the foregoing, (i) the Agent shall not be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing, (ii) the Agent shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents

that the Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents), provided that the Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Agent or any of its Affiliates to liability or that is contrary to any Loan Document or applicable law and (iii) the Agent shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Company or any of its Affiliates that is communicated to or obtained by the Person serving as the Agent or any of its Affiliates in any capacity.

(b) The Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Agent shall believe in good faith shall be necessary, under the circumstances as provided in Sections 9.01 or 9.03) or (ii) in the absence of its own gross negligence or willful misconduct. The Agent shall be deemed not to have knowledge of any Default or the event or events that give or may give rise to any Default unless and until the Company or any Lender shall have given notice to the Agent describing such Default and such event or events.

(c) Neither the Agent nor any member of the Agent's Group shall be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty, representation or other information made or supplied in or in connection with this Agreement, any other Loan Document or the information presented to the other Lenders by the Company, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith or the adequacy, accuracy and/or completeness of the information contained therein, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document or the perfection or priority of any Lien or security interest created or purported to be created by the Collateral Documents or (v) the satisfaction of any condition set forth in Article III or elsewhere herein, other than (but subject to the foregoing clause (ii)) to confirm receipt of items expressly required to be delivered to the Agent.

(d) Nothing in this Agreement or any other Loan Document shall require the Agent or any of its Related Parties to carry out any "know your customer" or other checks in relation to any Person on behalf of any Lender and each Lender confirms to the Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Agent or any of its Related Parties.

SECTION 8.04. Reliance by Agent. The Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan, that by its terms must be fulfilled to the satisfaction of a Lender, the Agent may presume that such condition is satisfactory to such Lender unless an officer of the Agent responsible for the transactions contemplated hereby shall have received notice to the contrary from such Lender prior to the making of such Loan, and in the case of a Borrowing, such Lender shall not have made available to the Agent such Lender's ratable portion of such Borrowing. The Agent may consult with legal counsel (who may be counsel for the Company or any other Loan Party), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 8.05. Indemnification. (a) Each Lender severally agrees to indemnify the Agent (to the extent not promptly reimbursed by the Company) from and against such Lender's pro rata share (based on the Loans and unused Commitments held by such Lender relative to the total Loans and unused Commitments then outstanding) of any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against the Agent in any way relating to or arising out of this Agreement or any action taken or omitted by the Agent under this Agreement (collectively, the "Indemnified Costs"), provided that no Lender shall be liable for any portion of the Indemnified Costs resulting from the Agent's gross negligence or willful misconduct as found in a non-appealable judgment by a court of competent jurisdiction. Without limitation of the foregoing, each Lender agrees to reimburse the Agent promptly upon demand for its ratable share of any reasonable out-of-pocket expenses (including reasonable counsel fees) incurred by the Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, to the extent that the Agent is not promptly reimbursed for such expenses by the Company. In the case of any investigation, litigation or proceeding giving rise to any Indemnified Costs, this Section 8.05 applies whether any such investigation, litigation or proceeding is brought by the Agent, any Lender or a third party.

(b) The failure of any Lender to reimburse the Agent promptly upon demand for its ratable share of any amount required to be paid by the Lenders to the Agent as provided herein shall not relieve any other Lender of its obligation hereunder to reimburse the Agent for its ratable share of such amount, but no Lender shall be responsible for the failure of any other Lender to reimburse the Agent for such other Lender's ratable share of such amount. Without prejudice to the survival of any other agreement of any Lender hereunder, the agreement and obligations of each Lender contained in this Section 8.05 shall survive the payment in full of principal, interest and all other amounts payable hereunder and under the Notes. The Agent agrees to return to the Lenders their respective ratable shares of any amounts paid under this Section 8.05 that are subsequently reimbursed by the Company.

SECTION 8.06. Delegation of Duties. The Agent may perform any and all of its duties and exercise its rights, and powers hereunder or under any other Loan Document by or through any one or more co-agents or sub-agents appointed by the Agent. The Agent and any such co-agent or sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. Each such co-agent and sub-agent and the Related Parties of the Agent and each such co-agent and sub-agent shall be entitled to the benefits of all provisions of this Article VIII and Article IX (as though such co-agents and sub-agents were the "Agent" under the Loan Documents) as if set forth in full herein with respect thereto.

SECTION 8.07. Resignation of Agent. The Agent may at any time give notice to the Lenders and the Company of its resignation in respect of the Facilities. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, in consultation with the Company, to appoint a successor, which shall be a bank with an office in New York, New York, or an Affiliate of any such bank with an office in New York, New York. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Agent gives notice of its resignation (such 30-day period, the "Lender Appointment Period"), then the retiring Agent may on behalf of the applicable Lenders, appoint a successor Agent meeting the qualifications set forth above. In addition and without any obligation on the part of the retiring Agent to appoint, on behalf of the Lenders, a successor Agent, the retiring Agent may at any time upon or after the end of the Lender Appointment Period notify the Company and the Lenders that no qualifying Person has accepted appointment as successor Agent and the effective date of such retiring Agent's resignation. Upon the resignation effective date established in such notice and regardless of whether a successor Agent has been

appointed and accepted such appointment, the retiring Agent's resignation shall nonetheless become effective and (i) the retiring Agent shall be discharged from its duties and obligations as Agent hereunder and under the other Loan Documents in respect of the Facilities as to which it has resigned and (ii) all payments, communications and determinations provided to be made by, to or through the Agent shall instead be made by or to each applicable Lender directly, until such time as the Required Lenders appoint a successor Agent as provided for above in this paragraph. Upon the acceptance of a successor's appointment as Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties as Agent of the retiring (or retired) Agent in respect of the Facilities as to which it has resigned, and the retiring Agent shall be discharged from all of its duties and obligations as Agent hereunder or under the other Loan Documents in respect of the Facilities as to which it has resigned (if not already discharged therefrom as provided above in this paragraph). The fees payable by the Company to a successor Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Company and such successor. After the retiring Agent's resignation hereunder and under the other Loan Documents, the provisions of this Article VIII and Section 8.05 and Section 9.04 shall continue in effect for the benefit of such retiring Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Agent was acting as Agent.

SECTION 8.08. Non-Reliance on Agent and Other Lenders. (a) Each Lender confirms to the Agent, each other Lender and each of their respective Related Parties that it (i) possesses (individually or through its Related Parties) such knowledge and experience in financial and business matters that it is capable, without reliance on the Agent, any other Lender or any of their respective Related Parties, of evaluating the merits and risks (including tax, legal, regulatory, credit, accounting and other financial matters) of (x) entering into this Agreement, (y) making Loans and other extensions of credit hereunder and under the other Loan Documents and (z) in taking or not taking actions hereunder and thereunder, (ii) is financially able to bear such risks and (iii) has determined that entering into this Agreement and making Loans and other extensions of credit hereunder and under the other Loan Documents is suitable and appropriate for it.

(b) Each Lender acknowledges that (i) it is solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with this Agreement and the other Loan Documents, (ii) that it has, independently and without reliance upon the Agent, any other Lender or any of their respective Related Parties, made its own appraisal and investigation of all risks associated with, and its own credit analysis and decision to enter into, this Agreement based on such documents and information, as it has deemed appropriate and (iii) it will, independently and without reliance upon the Agent, any other Lender or any of their respective Related Parties, continue to be solely responsible for making its own appraisal and investigation of all risks arising under or in connection with, and its own credit analysis and decision to take or not take action under, this Agreement and the other Loan Documents based on such documents and information as it shall from time to time deem appropriate, which may include, in each case:

(i) the financial condition, status and capitalization of the Company and each other Loan Party;

(ii) the legality, validity, effectiveness, adequacy or enforceability of this Agreement and each other Loan Document and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Loan Document;

(iii) determining compliance or non-compliance with any condition hereunder to the making of a Loan and the form and substance of all evidence delivered in connection with establishing the satisfaction of each such condition;

(iv) the adequacy, accuracy and/or completeness of any information delivered by the Agent, any other Lender or by any of their respective Related Parties under or in connection with this Agreement or any other Loan Document, the transactions contemplated hereby and thereby or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Loan Document.

SECTION 8.09. Agent May File Proofs of Claim. In case of the pendency of any proceeding under the Bankruptcy Code or any other judicial proceeding relative to any Loan Party, the Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Agent shall have made any demand on the Company) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Agent and their respective agents and counsel and all other amounts due the Lenders and the Agent hereunder) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, interim receiver, monitor, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Agent and, if the Agent shall consent to the making of such payments directly to the Lenders, to pay to the Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Agent and its agents and counsel, and any other amounts due the Agent hereunder.

SECTION 8.10. Intercreditor Agreement. Each of the Lenders hereby authorizes and directs the Agent to enter into the Intercreditor Agreement on behalf of such Lender and agrees that the Agent in its various capacities thereunder may take such actions on its behalf as is contemplated by the terms of the Intercreditor Agreement. Each Lender hereunder (a) consents to any subordination of Liens provided for in the Intercreditor Agreement, (b) agrees that it will be bound by and will take no actions contrary to the provisions of the Intercreditor Agreement, (c) authorizes and instructs the Agent to enter into the Intercreditor Agreement as Agent and on behalf of such Lender and (d) agrees that the Agent may take such actions on behalf of such Lender as is contemplated by the terms of such Intercreditor Agreement. The foregoing provisions are intended as an inducement to the Lenders and to the lenders under the ABL Credit Agreement to extend credit to the Borrower and to permit the incurrence of Indebtedness under this Agreement and the ABL Credit Agreement, and such lenders are intended third party beneficiaries of such provisions.

ARTICLE IX

required, no amendment or waiver of any provision of this Agreement or the Notes, nor consent to any departure by any Loan Party therefrom, shall in any event be effective unless the same shall be in writing and signed by the Required Lenders, or in the case of any amendment or waiver that only affects one class of Loans and does not adversely affect any other Class of Loans, the Required New Money Lenders or Required Junior Loan Lenders, as applicable, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that (a) no amendment, waiver or consent shall, unless in writing and signed by all the Lenders, do any of the following: (i) waive any of the conditions specified in Section 3.01, (ii) release all or substantially all of the Collateral in any transaction or series of related transactions, (iii) release one or more Guarantors (or otherwise limit such Guarantors' liability with respect to the obligations owing to the Agent and the Lenders under the Guaranties) if such release or limitation is in respect of all or substantially all of the value of the Guaranties, taken as a whole, to the Lenders, (iv) amend this Section 9.01 or (v) amend or modify the definition of "Required Lenders", "Required New Money Lenders" and "Required Junior Loan Lenders"; (b) no amendment, waiver or consent shall, unless in writing and signed by each Lender affected thereby, do any of the following: (i) increase the Commitment of such Lender, (ii) reduce or forgive the principal of, or interest on, the Loans or any fees or other amounts payable hereunder, (iii) postpone any date fixed for any payment of principal of, or interest on, the Loans or any fees or other amounts payable hereunder, or (iv) amend or modify the Superpriority Claim status of the Lenders under the DIP Order or under any other Loan Document; provided further that no amendment, waiver or consent shall, unless in writing and signed by the Agent in addition to the Lenders required above to take such action, affect the rights or duties of the Agent, under this Agreement or any Note and (c) no amendment, waiver or consent shall, unless in writing and signed by, in the case of any amendment or waiver that only affects one Class of Loans and does not adversely affect any other Class of Loans, the Required New Money Lenders or Required Junior Loan Lenders, as applicable, change the order of application of any prepayment or repayment of Loans among the Facilities from the application thereof set forth in Section 2.08 or Section 6.02, provided, however, notwithstanding clauses (ii) and (iii) of clause (a) above, no consent or waiver or other approval of any Lender shall be required for any release of a Guaranty or Guaranty Supplement as provided in Section 7.07 or any release of Collateral as provided in Section 9.15 or in any Collateral Document.

SECTION 9.02. Notices, Etc.

(a) Notices Generally. Except in the case of notices and other communications expressly permitted to be given by telephone (and except as provided in subsection (b) below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by telecopier as follows, and all notices and other communications expressly permitted hereunder to be given by telephone shall be made to the applicable telephone number, as follows:

(ii) if to any other Lender, to the address, telecopier number, electronic mail address or telephone number specified in its Administrative Questionnaire (including, as appropriate, notices delivered solely to the Person designated by a Lender on its Administrative Questionnaire then in effect for the delivery of notices that may contain material non-public information relating to the Company).

Notices and other communications sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received; notices and other communications sent by telecopier shall be deemed to have been given when sent (except that, if not

given during normal business hours for the recipient, shall be deemed to have been given at the opening of business on the next business day for the recipient). Notices and other communications delivered through electronic communications to the extent provided in subsection (b) below, shall be effective as provided in such subsection (b).

(b) Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Agent, provided that the foregoing shall not apply to notices to any Lender pursuant to Article II if such Lender has notified the Agent that it is incapable of receiving notices under such Article by electronic communication. The Agent or the Company may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it, provided that approval of such procedures may be limited to particular notices or communications.

Each Lender agrees that notice to it specifying that any Company Materials or other notices or communications have been posted to the Platform shall constitute effective delivery of such information, documents or other materials to such Lender for purposes of this Agreement; provided that if requested by any Lender, the Agent shall deliver a copy of the Company Materials, notices or other communications to such Lender by email or fax.

(c) Electronic Communications. Unless the Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), provided that if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient, and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in the foregoing clause (i) of notification that such notice or communication is available and identifying the website address therefor.

(d) The Platform. THE PLATFORM IS PROVIDED "AS IS" AND "AS AVAILABLE". THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE COMPANY MATERIALS OR THE ADEQUACY OF THE PLATFORM, AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS IN OR OMISSIONS FROM THE COMPANY MATERIALS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY ANY AGENT PARTY IN CONNECTION WITH THE COMPANY MATERIALS OR THE PLATFORM. In no event shall the Agent or any of its Related Parties (collectively, the "Agent Parties") have any liability to the Company, any Lender or any other Person for losses, claims, damages, liabilities or expenses of any kind (whether in tort, contract or otherwise) arising out of the Company' or the Agent's transmission of Company Materials through the Internet, except to the extent that such losses, claims, damages, liabilities or expenses are determined by a court of competent jurisdiction by a final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Agent Party; provided, however, that in no event shall any Agent Party have any liability to the Company, any Lender or any other Person for indirect, special, incidental, consequential or punitive damages (as opposed to direct or actual damages).

(e) Change of Address, Etc. Each of the Company and the Agent may change its address, telecopier or telephone number for notices and other communications hereunder by notice to the other parties hereto. Each other Lender may change its address, telecopier or telephone number for notices and other communications hereunder by notice to the Company and the Agent. In addition, each Lender agrees to notify the Agent from time to time to ensure that the Agent has on record (i) an effective address, contact name, telephone number, telecopier number and electronic mail address to which notices and other communications may be sent and (ii) accurate wire instructions for such Lender. Furthermore, each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the "Private Side Information" or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender's compliance procedures and applicable law, including United States Federal and state securities laws, to make reference to Company Materials that are not made available through the "Public Side Information" portion of the Platform and that may contain material non-public information with respect to the Company or their securities for purposes of United States Federal or state securities laws.

(f) Reliance by Agent and Lenders. The Agent, and the Lenders shall be entitled to rely and act upon any notices (including telephonic Notices of Borrowing) purportedly given by or on behalf of the Company even if (i) such notices were not made in a manner specified herein, were incomplete or were not preceded or followed by any other form of notice specified herein, or (ii) the terms thereof, as understood by the recipient, varied from any confirmation thereof. The Company shall indemnify the Agent, each Lender and the Related Parties of each of them from all losses, costs, expenses and liabilities resulting from the reliance by such Person on each notice purportedly given by or on behalf of the Company. All telephonic notices to and other telephonic communications with the Agent may be recorded by the Agent, and each of the parties hereto hereby consents to such recording.

SECTION 9.03. No Waiver; Remedies. No failure on the part of any Lender or the Agent to exercise, and no delay in exercising, any right hereunder or under any Note shall operate as a waiver thereof; nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Notwithstanding anything to the contrary contained herein or in any other Loan Document, the authority to enforce rights and remedies hereunder and under the other Loan Documents against the Loan Parties or any of them shall be vested exclusively in, and all actions and proceedings at law in connection with such enforcement shall be instituted and maintained exclusively by, the Agent in accordance with Section 6.01 for the benefit of all the Lenders; provided, however, that the foregoing shall not prohibit (a) the Agent from exercising on its own behalf the rights and remedies that inure to its benefit (solely in its capacity as Agent) hereunder and under the other Loan Documents, (b) any Lender from exercising setoff rights in accordance with Section 9.06 (subject to the terms of Section 2.13), or (c) any Lender from filing proofs of claim or appearing and filing pleadings on its own behalf during the pendency of a proceeding relative to any Loan Party under the Bankruptcy Code; and provided, further, that if at any time there is no Person acting as Agent hereunder and under the other Loan Documents, then (i) the Required Lenders shall have the rights otherwise ascribed to the Agent pursuant to Article VI and (ii) in addition to the matters set forth in clauses (b) and (c) of the preceding proviso and subject to Section 2.13, any Lender may, with the consent of the Required Lenders, enforce any rights and remedies available to it and as authorized by the Required Lenders.

SECTION 9.04. Costs and Expenses. (a) The Company agrees to pay on demand all reasonable costs and expenses of the Agent in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement, the Notes and the other documents to be delivered hereunder, including, without limitation, (i) all due diligence, transportation, computer,

duplication, appraisal, consultant, and audit expenses, (ii) the reasonable fees and expenses of counsel for the Lead Lenders and the Agent with respect thereto and (iii) fees and expenses incurred in connection with the creation, perfection or protection of the liens under the Loan Documents (including all reasonable search, filing and recording fees), provided, however, the Company shall not be required to pay fees or expenses of more than one counsel in any jurisdiction where the Collateral is located, with respect to advising each of the Agent, as to its rights and responsibilities, or the perfection, protection or preservation of rights or interests, under the Loan Documents, with respect to negotiations with any Loan Party or with other creditors of any Loan Party or any of its Subsidiaries arising out of any Default or any events or circumstances that may give rise to a Default and with respect to presenting claims in or otherwise participating in or monitoring any bankruptcy, insolvency or other similar proceeding involving creditors' rights generally and any proceeding ancillary thereto. The Company further agrees to pay on demand all costs and expenses of the Agent, and each Lender, if any (including, without limitation, reasonable counsel fees and expenses), in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of the Loan Documents, whether in any action, suit or litigation, or any bankruptcy, insolvency or other similar proceeding affecting creditors' rights generally, including, without limitation, reasonable fees and expenses of counsel for the Agent and each Lender in connection with the enforcement of rights under this Agreement and the other Loan Documents. Without limiting the foregoing, the Company also agrees to pay all costs and expenses of the Lead Lenders as required under the Commitment Letter.

(b) The Company agrees to indemnify and hold harmless the Agent, and each Lender and each of their Related Parties (each, an "Indemnified Party") from and against any and all claims, damages, losses, liabilities and expenses (including, without limitation, reasonable fees and expenses of counsel) incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or by reason of (including, without limitation, in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (i) the Notes, this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Loans (which, for the avoidance of doubt does not include Taxes, Excluded Taxes and Other Taxes which shall be governed by Section 2.12) or (ii) the actual or alleged presence of Hazardous Materials on any property of the Company or any of its Subsidiaries or any Environmental Action relating in any way to the Company or any of its Subsidiaries, except to the extent such claim, damage, loss, liability or expense resulted from such Indemnified Party's gross negligence, bad faith or willful misconduct, as found in a final and non-appealable judgment by a court of competent jurisdiction. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 9.04(b) applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by any Loan Party, its directors, equityholders or creditors or an Indemnified Party or any other Person, whether or not any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. The Company and each Indemnified Party agrees not to assert any claim for special, indirect, consequential or punitive damages against the Company, the Agent, any Lender, any of their Affiliates, or any of their respective directors, officers, employees, attorneys and agents, on any theory of liability, arising out of or otherwise relating to the Notes, this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Loans.

(c) If any payment of principal of, or Conversion of, any Eurodollar Rate Loan is made by the Company to or for the account of a Lender other than on the last day of the Interest Period for such Loan, as a result of a payment or Conversion pursuant to Section 2.06(d), 2.08 or 2.10, acceleration of the maturity of the Notes pursuant to Section 6.01 or for any other reason, or by an Eligible Assignee to a Lender other than on the last day of the Interest Period for such Loan upon an assignment of rights and obligations under this Agreement pursuant to Section 9.08 as a result of a demand by the Company pursuant to Section 9.08(a), the Company shall, upon demand by such Lender (with a copy of such demand to the Agent), pay to the Agent for the account of such Lender any amounts

required to compensate such Lender for any additional losses, costs or expenses that it may reasonably incur as a result of such payment or Conversion, including, without limitation, any loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Loan.

(d) Without prejudice to the survival of any other agreement of any Loan Party hereunder or under any other Loan Document, the agreements and obligations of the Company contained in Sections 2.09, 2.12 and 9.04 shall survive the payment in full of principal, interest and all other amounts payable hereunder and under the Notes.

(e) No Indemnified Party referred to in subsection (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed to such unintended recipients by such Indemnified Party through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby other than for direct or actual damages resulting from the gross negligence, bad faith or willful misconduct of such Indemnified Party as determined by a final and nonappealable judgment of a court of competent jurisdiction.

(f) All amounts due under this Section shall be payable not later than ten Business Days after demand therefor.

(g) The agreements in this Section shall survive the resignation of the Agent, the replacement of any Lender, the termination of the aggregate Commitments and the repayment, satisfaction or discharge of all the other Obligations.

SECTION 9.05. Payments Set Aside. To the extent that any payment by or on behalf of the Company is made to the Agent, or any Lender, or the Agent, or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Agent, or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under the Bankruptcy Code or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred, and (b) each Lender severally agrees to pay to the Agent upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the Federal Funds Rate from time to time in effect. The obligations of the Lenders under clause (b) of the preceding sentence shall survive the payment in full of the Obligations and the termination of this Agreement.

SECTION 9.06. Right of Set-off. Subject to the DIP Order and the final proviso to Section 6.01, upon (i) the occurrence and during the continuance of any Event of Default and (ii) the making of the request or the granting of the consent specified by Section 6.01 to authorize the Agent to declare the Loans due and payable pursuant to the provisions of Section 6.01, the Agent, and each applicable Lender and each of their respective Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by the Agent, or such Lender or such Affiliate to or for the credit or the account of the Company against any and all of the obligations of such Company now or hereafter existing under this Agreement and any Note held by the Agent, or such Lender, whether or not such Lender shall have made any demand under this Agreement or such Note and although such obligations may be unmatured, provided, however, that no such right shall exist against any deposit designated as being for the benefit of any governmental authority, provided,

further, that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Agent for further application in accordance with the provisions of Section 6.02 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Agent and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Agent a statement describing in reasonable detail the Obligations owing to such Defaulting Lender as to which it exercised such right of setoff. Each Lender agrees promptly to notify the applicable Loan Party after any such set-off and application, provided that the failure to give such notice shall not affect the validity of such set-off and application. The rights of each Lender, the Agent, and each such Affiliate under this Section are in addition to other rights and remedies (including, without limitation, other rights of set-off) that the Agent, the Lenders or such Affiliates may have.

SECTION 9.07. Binding Effect. This Agreement shall become effective in accordance with Section 3.01 and thereafter shall be binding upon and inure to the benefit of the Company, the Agent, and each Lender and their respective successors and assigns, except that no Company shall have the right to assign its rights hereunder or any interest herein without the prior written consent of all of the Lenders.

SECTION 9.08. Assignments and Participations. (a) Each Lender may, with the consent of the Agent (not to be unreasonably withheld or delayed) in the case of an assignment to a Person who is not a Lender, an Affiliate of a Lender or an Approved Fund with respect to a Lender and, if demanded, by the Company so long as no Default shall have occurred and be continuing and only with respect to any Affected Lender, upon at least five Business Days' notice to such Lender and the Agent, shall, assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of the Loans of a Class owing to it and the Note or Notes held by it); provided, however, that (i) except in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund with respect to a Lender, or an assignment of all of a Lender's rights and obligations under this Agreement, the amount of the Loans of the assigning Lender being assigned pursuant to each such assignment (determined as of the date of the Assignment and Acceptance with respect to such assignment) shall in no event be less than (x) \$1,000,000 or an integral multiple of \$1,000,000 in excess thereof or (y) the remaining Commitment of the assigning Lender, in each case, unless the Company and the Agent otherwise agrees, (ii) each such assignment shall be to an Eligible Assignee, (iii) each such assignment made as a result of a demand by the Company pursuant to this Section 9.08(a) shall be arranged by the Company after consultation with the Agent and shall be either an assignment of all of the rights and obligations of the assigning Lender under this Agreement or an assignment of a portion of such rights and obligations made concurrently with another such assignment or other such assignments that together cover all of the rights and obligations of the assigning Lender under this Agreement, (iv) no Lender shall be obligated to make any such assignment as a result of a demand by the Company pursuant to this Section 9.08(a) unless and until such Lender shall have received one or more payments from either the Company or one or more Eligible Assignees in an aggregate amount at least equal to the aggregate outstanding principal amount of the Loans owing to such Lender, together with accrued interest thereon to the date of payment of such principal amount and all other amounts payable to such Lender under this Agreement, and (v) unless waived by the Agent in its sole discretion, the parties to each such assignment shall execute and deliver to the Agent, for its acceptance and recording in the Register, an Assignment and Acceptance (and the assignee, if it is not a Lender, shall deliver to the Agent an Administrative Questionnaire), together with any Note subject to such assignment and a processing and recordation fee of \$3,500 payable by the parties to each such assignment; provided, however, that (x) only one such fee shall be payable in connection with simultaneous assignments to or by two or more Approved Funds with respect to a Lender and (y) in the case of each assignment made as a result of a demand by the Company, such recordation fee shall be payable by the Company except that no such recordation fee shall be payable in the case of an assignment made at the request of the Company to an Eligible Assignee that is an existing Lender. Upon such execution, delivery, acceptance and recording,

from and after the effective date specified in each Assignment and Acceptance, (x) the assignee thereunder shall be a party hereto and, to the extent that rights and obligations hereunder have been assigned to it pursuant to such Assignment and Acceptance, have the rights and obligations of a Lender hereunder and (y) the Lender assignor thereunder shall, to the extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment and Acceptance, relinquish its rights (other than its rights under Sections 2.09, 2.12 and 9.04 to the extent any claim thereunder relates to an event arising prior to such assignment) and be released from its obligations (other than its obligations under Section 9.06 to the extent any claim thereunder relates to an event arising prior to such assignment) under this Agreement (and, in the case of an Assignment and Acceptance covering all or the remaining portion of an assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto).

(b) By executing and delivering an Assignment and Acceptance, the Lender assignor thereunder and the assignee thereunder confirm to and agree with each other and the other parties hereto as follows: (i) other than as provided in such Assignment and Acceptance, such assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with this Agreement or the execution, legality, validity, enforceability, genuineness, sufficiency or value of, or the perfection or priority of any lien or security interest created or purported to be created under or in connection with, this Agreement or any other instrument or document furnished pursuant hereto; (ii) such assigning Lender makes no representation or warranty and assumes no responsibility with respect to the financial condition of any Loan Party or the performance or observance by any Loan Party of any of its obligations under any Loan Document or any other instrument or document furnished pursuant hereto; (iii) such assignee confirms that it has received a copy of this Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Acceptance; (iv) such assignee will, independently and without reliance upon the Agent, such assigning Lender or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement; (v) such assignee confirms that it is an Eligible Assignee; (vi) such assignee appoints and authorizes the Agent to take such action as agent on its behalf and to exercise such powers and discretion under this Agreement as are delegated to the Agent by the terms hereof, together with such powers and discretion as are reasonably incidental thereto; and (vii) such assignee agrees that it will perform in accordance with their terms all of the obligations that by the terms of this Agreement are required to be performed by it as a Lender.

(c) Upon its receipt of an Assignment and Acceptance executed by an assigning Lender and an assignee representing that it is an Eligible Assignee, together with any Note or Notes subject to such assignment, the Agent shall, if such Assignment and Acceptance has been completed and is in substantially the form of Exhibit C hereto, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof to the Company

(d) In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Company and the Agent, the applicable pro rata share of Loans previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Agent or any Lender hereunder (and interest accrued thereon) and (y) acquire (and fund as appropriate) its full pro rata share of all Loans Share. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder

shall become effective under applicable Law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

(e) The Agent shall maintain at its address referred to in Section 9.02 a copy of each Assignment and Acceptance delivered to and accepted by it and a register for the recordation of the names and addresses of the Lenders and the principal amount of Loans owing to each Lender from time to time (the "Register"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Company, the Agent and the Lenders may treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Company or any Lender at any reasonable time and from time to time upon reasonable prior notice.

(f) Each Lender may sell participations to one or more banks or other entities (other than the Company or any of its Affiliates) in or to all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment, the Loans owing to it and any Note or Notes held by it); provided, however, that (i) such Lender's obligations under this Agreement (including, without limitation, its Commitment to the Company hereunder) shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, (iii) such Lender shall remain the holder of any such Note for all purposes of this Agreement, (iv) the Company, the Agent and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement and (v) no participant under any such participation shall have any right to approve any amendment or waiver of any provision of any Loan Document, or any consent to any departure by any Loan Party therefrom, provided, however, that any agreement between a Lender and such participant may provide that the Lender will not, without the consent of participant, agree to any such amendment, waiver or consent which would reduce the principal of, or interest on, the Loans or any fees or other amounts payable hereunder, in each case to the extent subject to such participation, or postpone any date fixed for any payment of principal of, or interest on, the Loans or any fees or other amounts payable hereunder, in each case to the extent subject to such participation.

(g) Any Lender may, in connection with any assignment or participation or proposed assignment or participation pursuant to this Section 9.08, disclose to the assignee or participant or proposed assignee or participant, any information relating to the Company furnished to such Lender by or on behalf of the Company; provided that, prior to any such disclosure, the assignee or participant or proposed assignee or participant shall agree to preserve the confidentiality of any Company Information relating to the Company received by it from such Lender.

(h) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledge or assignee for such Lender as a party hereto.

(i) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Company, maintain a register in the United States on which it enters the name and address of each participant and the principal amounts and stated interest of each participant's interest in the Loans, Commitments or other obligations under this Agreement (the "Participant Register"); provided, that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any participant or any information relating to a participant's interest in any Commitments, Loans, or its other obligations under this Agreement) except to the extent

that such disclosure is necessary to establish that the Loans are in registered form under Treas. Reg. § 5f.103-1(c). The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each person whose name is recorded in the Participant Register as owner of such participation for all purposes of this Agreement.

SECTION 9.09. Confidentiality. Neither the Agent nor any Lender may disclose to any Person any confidential, proprietary or non-public information of any Loan Party furnished to the Agent or the Lenders by any Loan Party, including, without limitation (1) earnings and other financial information and forecasts, budgets, projections, plans, (including, without limitation, any confirmations of publicly disclosed advice regarding any material matter); (2) mergers, acquisitions, tender offers, joint ventures, disposition or changes in assets; (3) new products or discoveries or developments regarding the Company's customers or suppliers; (4) changes in control or in management; (5) changes in auditors or auditor notifications to the Company; (6) securities redemptions, splits, repurchase plans, changes in dividends, changes in rights of holders or sales of additional securities; and (7) negative news relating to such matters as physical damage to properties from significant events, loss of significant contractual relationship, material litigation, defaults under contracts or securities, bankruptcy (including the Cases) or receivership (such information being referred to collectively herein as the "Company Information"), except that each of the Agent and each of the Lenders may disclose Company Information (i) to its Affiliates and to its and its Affiliates' managers, administrators, partners, employees, trustees, officers, directors, agents, advisors and other representatives solely for purposes of this Agreement, any Notes and the transactions contemplated hereby (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Company Information and instructed to keep such Company Information confidential on terms substantially no less restrictive than those provided herein), (ii) to the extent requested by any regulatory authority purporting to have jurisdiction over it (including any self-regulating authority, such as the National Association of Insurance Commissioners), provided, to the extent permitted by law and practicable under the circumstances, the Agent or such Lender shall provide the Company with prompt notice of such requested disclosure so that the Company may seek a protective order prior to the time when the Agent or such Lender is required to make such disclosure (except in the case of any disclosure made in the course of any examination conducted by bank regulatory authority), (iii) to the extent required by applicable laws or regulations or by any subpoena or similar legal process, provided, to the extent permitted by law and practicable under the circumstances, the Agent or such Lender shall provide the Company with prompt notice of such requested disclosure so that the Company may seek a protective order prior to the time when the Agent or such Lender is required to make such disclosure, (iv) subject to this Section 9.09, to any other Lender to this Agreement which has requested such information, (v) in connection with the exercise of any remedies hereunder or any suit, action or proceeding relating to this Agreement or the enforcement of rights hereunder, (vi) subject to an agreement containing provisions no less restrictive than those of this Section 9.09, to any assignee or participant or prospective assignee or participant or any pledge referred to in Section 9.08(g), (vii) to the extent such Company Information (A) is or becomes generally available to the public on a non-confidential basis other than as a result of a breach of this Section 9.09 by the Agent or such Lender, or (B) is or becomes legally available to the Agent or such Lender on a nonconfidential basis from a source other than a Loan Party, provided that the source of such information was not known by the Agent or such Lender to be bound by a confidentiality agreement with or other contractual, legal or fiduciary obligations of confidentiality to a Loan Party or any other party with respect to such information, (viii) with the consent of the Company, (ix) to any party hereto and (x) subject to the Agent's or the applicable Lender's receipt of an agreement containing provisions no less restrictive than those of this Section, to any actual or prospective party (or its managers, administrators, trustees, partners, directors, officers, employees, agents, advisors and other representatives) to any swap, derivative or other transaction under which payments are to be made by reference to the Company and its Obligations, this Agreement or payments hereunder. Any Person required to maintain the confidentiality of Company Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised

the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information

SECTION 9.10. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by telecopier or in .pdf (or similar electronic format) shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 9.11. Survival of Representations and Warranties. All representations and warranties made hereunder and in any other Loan Document or other document delivered pursuant hereto or thereto shall survive the execution and delivery hereof and thereof. Such representations and warranties have been or will be relied upon by the Agent and each Lender, regardless of any investigation made by the Agent or any Lender or on their behalf and notwithstanding that the Agent or any Lender may have had notice or knowledge of any Default at the time of any Loan, and shall continue in full force and effect as long as any Loan or any other Obligation hereunder shall remain unpaid or unsatisfied.

SECTION 9.12. Severability. If any provision of this Agreement or the other Loan Documents is held to be illegal, invalid or unenforceable, (a) the legality, validity and enforceability of the remaining provisions of this Agreement and the other Loan Documents shall not be affected or impaired thereby and (b) the parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Without limiting the foregoing provisions of this Section 9.12, if and to the extent that the enforceability of any provisions in this Agreement relating to Defaulting Lenders shall be limited by the Bankruptcy Code, as determined in good faith by the Agent, as applicable, then such provisions shall be deemed to be in effect only to the extent not so limited.

SECTION 9.13. Jurisdiction. (a) GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK AND (TO THE EXTENT APPLICABLE) THE BANKRUPTCY CODE.

(b) SUBMISSION TO JURISDICTION. THE COMPANY AND EACH OTHER LOAN PARTY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF THE BANKRUPTCY COURT AND, IF THE BANKRUPTCY COURT DOES NOT HAVE (OR ABSTAINS FROM) JURISDICTION, OF THE COURTS OF THE STATE OF NEW YORK IN THE BOROUGH OF MANHATTAN AND OF THE UNITED STATES DISTRICT COURT OF THE SOUTHERN DISTRICT OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN SUCH NEW YORK STATE COURT OR, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT OR IN ANY OTHER LOAN DOCUMENT SHALL AFFECT ANY RIGHT THAT THE

AGENT OR ANY LENDER MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AGAINST THE COMPANY OR ANY OTHER LOAN PARTIES OR ITS PROPERTIES IN THE COURTS OF ANY JURISDICTION.

(c) WAIVER OF VENUE. THE COMPANY AND EACH OTHER LOAN PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT IN ANY COURT REFERRED TO IN PARAGRAPH (B) OF THIS SECTION. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION OR PROCEEDING IN ANY SUCH COURT.

(d) SERVICE OF PROCESS. EACH PARTY HERETO IRREVOCABLY CONSENTS TO SERVICE OF PROCESS IN THE MANNER PROVIDED FOR NOTICES IN SECTION 9.02. NOTHING IN THIS AGREEMENT WILL AFFECT THE RIGHT OF ANY PARTY HERETO TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY APPLICABLE LAW.

(e) EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PERSON HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PERSON WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

SECTION 9.14. PATRIOT Act Notice. Each Lender and the Agent (for itself and not on behalf of any Lender) hereby notifies the Company that pursuant to the requirements of the PATRIOT Act, it is required to obtain, verify and record information that identifies such Company, which information includes the name and address of such Company and other information that will allow such Lender or the Agent, as applicable, to identify such Company in accordance with the PATRIOT Act. Each Company shall provide such information and take such actions as are reasonably requested by the Agent or any Lenders in order to assist the Agent and the Lenders in maintaining compliance with its ongoing obligations under applicable "know your customer" and anti-money laundering rules and regulations, including the PATRIOT Act.

SECTION 9.15. Release of Collateral; Termination of Loan Documents. (a) (i) Upon the sale, lease, transfer or other disposition of any item of Collateral of any Loan Party (to any Person that is not, and that is not required to be, a Loan Party) in accordance with the terms of the Loan Documents, including, without limitation, as a result of the sale, in accordance with the terms of the Loan Documents, of the Loan Party that owns such Collateral, (ii) upon a Subsidiary ceasing to be a Subsidiary, and (iii) at any time a Loan Party's guarantee of the obligations under the Loan Documents ceases as provided in Section 7.07, the security interests granted by the Loan Documents with respect to such items of Collateral and/or Loan Party shall immediately terminate and automatically be released, and the Agent

will, at the Company's expense, execute and deliver to such Loan Party such documents as such Loan Party may reasonably request to evidence the release of such item of Collateral from the assignment and security interest granted under the Collateral Documents.

(b) Upon the latest of (i) the payment in full in cash of all Obligations (other than contingent indemnification obligations for which no claim has been asserted), and (ii) the termination in full of the Commitments, (x) except as otherwise specifically stated in this Agreement or the other Loan Documents, this Agreement and the other Loan Documents shall terminate and be of no further force or effect, (y) the Agent shall release or cause the release of all Collateral from the Liens of the Loan Documents and the Guarantors of all Obligations under each Guaranty, and will, at the Company's expense, execute and deliver such documents as the Company may reasonably request to evidence the release of Collateral from the assignment and security interest granted under the Collateral Documents and the obligations of the Guarantors and (z) each Lender that has requested and received a Note shall return such Note to the Company marked "cancelled" or "paid in full"; provided, however, that the Lender's obligations under this Section 9.15 shall survive until satisfied.

SECTION 9.16. Judgment Currency. (a) If for the purposes of obtaining judgment in any court it is necessary to convert a sum due hereunder in Dollars into another currency, the parties hereto agree, to the fullest extent that they may effectively do so, that the rate of exchange used shall be that at which in accordance with normal banking procedures the Agent could purchase Dollars with such other currency at the exchange rate on the Business Day preceding that on which final judgment is given.

(b) The obligation of the Company in respect of any sum due from it in any currency (the "Primary Currency") to any Lender or the Agent hereunder shall, notwithstanding any judgment in any other currency, be discharged only to the extent that on the Business Day following receipt by such Lender or the Agent (as the case may be), of any sum adjudged to be so due in such other currency, such Lender or the Agent (as the case may be) may in accordance with normal banking procedures purchase the applicable Primary Currency with such other currency; if the amount of the applicable Primary Currency so purchased is less than such sum due to such Lender or the Agent (as the case may be) in the applicable Primary Currency, the Company agrees, as a separate obligation and notwithstanding any such judgment, to indemnify such Lender or the Agent (as the case may be) against such loss, and if the amount of the applicable Primary Currency so purchased exceeds such sum due to any Lender or the Agent (as the case may be) in the applicable Primary Currency, such Lender or the Agent (as the case may be) agrees to remit to such Company such excess.

SECTION 9.17. No Fiduciary Duty. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Company and each other Loan Party acknowledges and agrees, and acknowledges its Affiliates' understanding, that: (i) (A) the arranging and other services regarding this Agreement provided by the Agent and the Lenders are arm's-length commercial transactions between the Loan Parties and their respective Affiliates, on the one hand, and the Agent and the Lenders, on the other hand, (B) each of the Loan Parties has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (C) the Loan Parties are capable of evaluating, and understand and accept, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; (ii) (A) the Agent and the Lenders each are and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, have not been, are not, and will not be acting as an advisor, agent or fiduciary for the Loan Parties or any of their respective Affiliates, or any other Person and (B) neither the Agent nor the Lenders have any obligation to the Loan Parties or any of their respective Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Agent and the Lenders and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ

from those of the Loan Parties and their respective Affiliates, and neither the Agent nor the Lenders have any obligation to disclose any of such interests to the Loan Parties or their respective Affiliates. To the fullest extent permitted by law, the Company and each of the other Loan Parties hereby waives and releases any claims that it may have against the Agent and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

SECTION 9.18. Electronic Execution of Assignments and Certain Other Documents. The words “execution,” “signed,” “signature,” and words of like import in any Assignment and Acceptance or in any amendment or other modification hereof (including waivers and consents) shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act or similar foreign laws.

SCHEDULE 5.03(A)

ADJUSTMENTS TO MINIMUM CONSOLIDATED ADJUSTED EBITDA

Upon consummation of (x) the disposition of the assets or business of the Company assigned the code name "Rockford" and/or (y) the disposition of the assets or business of the Company assigned the code name "Walden" (each such disposition, an "Applicable Disposition"; and the assets or business so disposed, each a "Disposed Business"), the amounts set forth in the table in Section 5.03(a) (the "Covenant EBITDA Amounts") for the period in which such Applicable Disposition occurs and for each subsequent period shall be adjusted in accordance with the following principles:

- The Adjusted EBITDA projected to be generated by such Disposed Business during the fiscal month in which such Applicable Disposition occurs and during each subsequent month, as adjusted to reflect the covenant cushion for each such month set forth in the financial model dated January 29, 2013 posted to the private-side Lenders on February 4, 2013 (the "Model"), shall be removed from the projected consolidated monthly Adjusted EBITDA set forth in the Model. The adjustment for the fiscal month in which the Applicable Disposition occurs shall be made on a pro rata basis so that the adjustment shall be made only with respect to the period of time following the date of disposition (e.g., if the Applicable Disposition occurs on the 15th of such month, the adjustment described in the preceding sentence for such month shall be multiplied by 50% (to reflect the fact that the Disposed Business was owned for one-half of such month), and if Applicable Disposition occurs on the 20th of such month, the adjustment described in the preceding sentence for such month shall be multiplied by 33% (to reflect the fact that the Disposed Business was owned for two-thirds of such month).
- Additional expenses in an amount equal to (x) \$3.5 million per fiscal month (if the Disposed Business is Rockford) or (y) \$2.0 million per fiscal month (if the Disposed Business is Walden) shall be added into the Model (without any "cushion"), to reflect the "stranded cost factor" associated with the applicable Disposed Business. With respect to the fiscal month in which the Applicable Disposition occurs, such expenses shall be added on a pro rata basis in the manner described in the last sentence of the preceding bullet point.
- The Covenant EBITDA Amounts for each applicable period shall be modified by the sum of the adjustments to projected consolidated monthly EBITDA described in the preceding two bullet points for such period.

The calculation of the adjustments described above and the Covenant EBITDA Amounts shall be agreed between the Company and the Agent, acting in good faith, no later than 5 Business Days after an Applicable Disposition, and (i) a revised table showing the "Minimum Consolidated Adjusted EBITDA" for each applicable period shall be posted to the Lenders and (ii) the calculations showing the determination of such revised amounts shall be posted to the private-side Lenders. Upon such posting, the table in Section 5.03(a) of this Agreement shall be deemed modified to reflect the information set forth in such table posted to Lenders, notwithstanding anything to the contrary in Section 9.01 of this Agreement.

The attached slide provides an example of the adjustments that would be made to minimum Consolidated Adjusted EBITDA, assuming a sale of Walden on April 30, 2013 and a sale of Rockford on July 31, 2013.

SECURITY AGREEMENT dated March 22, 2013 (this "**Agreement**"), made by Eastman Kodak Company, a New Jersey corporation, a debtor and debtor-in-possession in a case pending under Chapter 11 of the Bankruptcy Code (as defined in the Credit Agreement, defined herein) (the "**Company**"), and the U.S. Subsidiaries of the Company listed on the signature pages hereof, each of which is a debtor and debtor-in-possession, or which at any time execute and deliver a Security Agreement Supplement in substantially the form attached hereto as **Exhibit C** (the Company and such U.S. Subsidiaries, collectively, the "**Grantors**"), to Wilmington Trust, National Association, as Agent (in such capacity, together with any successor Agent appointed pursuant to Article VIII of the Credit Agreement, the "**Agent**") for the Secured Parties (as hereinafter defined).

PRELIMINARY STATEMENTS.

(1) Reference is made to the Debtor-in-Possession Credit Agreement, dated as of March 22, 2013, among the Company, the U.S. Subsidiaries of the Company party thereto, the Agent and Lenders from time to time party thereto (as amended, amended and restated, supplemented or otherwise modified from time to time, the "**Credit Agreement**").

(2) Each Grantor is the owner of the shares of stock or other equity interests in its Subsidiaries set forth on Part I of **Schedule I** hereto and issued by the Persons named therein (such shares of stock or other equity interests, the "**Initial Pledged Equity**"). Each Grantor is the holder of the indebtedness owed to such Grantor (the "**Initial Pledged Debt**") set forth opposite such Grantor's name on and as otherwise described in Part II of **Schedule I** hereto and issued by the obligors named therein.

(3) Each Grantor is the owner of the deposit accounts set forth opposite such Grantor's name on **Schedule II** hereto (together with all deposit accounts now owned or hereafter acquired by the Grantors, the "**Deposit Accounts**").

(4) It is a condition precedent to the making or deemed making of Loans by the Lenders under the Credit Agreement that the Grantors shall supplement the DIP Order, without in any way diminishing or limiting the effect of the DIP Order or the security interest, pledge and Lien granted thereunder, by more fully setting forth in this Agreement their respective rights in connection with such security interest, pledge and Lien. Each Grantor will derive substantial direct or indirect benefit from the transactions contemplated by this Agreement, the Credit Agreement and the other Loan Documents.

(5) Terms defined in the Credit Agreement and not otherwise defined in this Agreement are used in this Agreement as defined in the Credit Agreement. Further, unless otherwise defined in this Agreement or in the Credit Agreement, terms defined in Article 8 or 9 of the UCC (as defined below) are used in this Agreement as such terms are defined in such Article 8 or 9. "**UCC**" means the Uniform Commercial Code as in effect from time to time in the State of New York; *provided* that, if perfection or the effect of perfection or non perfection or the priority of the security interest in any Collateral is governed (or would be governed, absent the DIP Order) by the Uniform Commercial Code as in effect in a jurisdiction other than the State of

New York, “UCC” means the Uniform Commercial Code as in effect from time to time in such other jurisdiction for purposes of the provisions hereof relating to such perfection, effect of perfection or non perfection or priority.

a. With respect to any Security Collateral representing interests in Subsidiaries in which any Grantor has any right, title or interest and that constitutes an uncertificated security, such Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, use commercially reasonable efforts to cause the issuer thereof to agree in an authenticated record with such Grantor and the Agent that upon notice from the Agent that an Event of Default has occurred and is continuing, such issuer will comply with instructions with respect to such security originated by the Agent without further consent of such Grantor, such authenticated record to be in form and substance reasonably satisfactory to the Agent. In addition, the Agent shall, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, have the right upon the occurrence and during the continuance of an Event of Default to convert Security Collateral consisting of financial assets credited to any securities account to Security Collateral consisting of financial assets held directly by the Agent, and to convert Security Collateral consisting of financial assets held directly by the Agent to Security Collateral consisting of financial assets credited to any securities or commodity account.

d. Upon the request of the Agent upon the occurrence and during the continuance of an Event of Default, each Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, notify each issuer of Security Collateral granted by it hereunder that such Security Collateral is subject to the security interest granted hereunder.

o. The Inventory that has been produced or distributed by such Grantor has been produced in compliance with all requirements of applicable law except where the failure to so comply would not have a Material Adverse Effect.

p. As to itself and its Intellectual Property Collateral:

i. Except as set forth on Schedule IV hereto, to the knowledge of the Company, neither the operation of such Grantor's business nor the use of the Intellectual Property Collateral by Grantor in connection therewith conflicts with, infringes, misappropriates, dilutes, misuses or otherwise violates the Intellectual Property rights of any third party, except, in each case, as are not reasonably expected to have a Material Adverse Effect.

ii. Such Grantor is the exclusive owner of all right, title and interest in and to Patents, Trademarks and Copyrights contained in the Intellectual Property Collateral, except as set forth in Schedule IV hereto with respect to co-ownership of certain Patents, and except for such failures to have exclusive ownership that are not reasonably expected to have a Material Adverse Effect.

vi. Except as set forth on Schedule IV hereto, no claim has been asserted and is pending or to the knowledge of such Grantor, threatened, by any Person challenging the use of any Intellectual Property Collateral by a Grantor or the validity or enforceability of any such Intellectual Property Collateral, nor does the Company know of any valid basis for any such claim, except, in either case, for such claims that individually or in the aggregate are not reasonably expected to have a Material Adverse Effect. The consummation of the transactions contemplated by the Loan Documents will not result in the termination or material impairment of any of the Intellectual Property Collateral.

vii. Except as set forth on Schedule IV hereto, with respect to each material IP Agreement: (A) to the knowledge of the Company, such IP Agreement is valid and binding and in full force and effect; (B) such IP Agreement will not cease to be valid and binding and in full force and effect on terms identical to those currently in effect as a result of the rights and interest granted herein, nor will the grant of such rights and interest constitute a breach or default under such IP Agreement or otherwise give any party thereto a right to terminate such IP Agreement; (C) such Grantor has not received

any notice of termination or cancellation under such IP Agreement within the six months immediately preceding the date of this Agreement; (D) within the six months immediately preceding the date of this Agreement, such Grantor has not received any notice of a breach or default under such IP Agreement, which breach or default has not been cured; and (E) neither such Grantor nor, to such Grantor's knowledge, any other party to such IP Agreement is in breach or default thereof in any material respect, and, to the knowledge of such Grantor, no event has occurred that, with notice or lapse of time or both, would constitute such a breach or default or permit termination or modification under such IP Agreement, in each case except as would not reasonably be expected to have a Material Adverse Effect.

viii. Such Grantor has used commercially reasonable efforts to maintain the confidentiality of the Trade Secrets of such Grantor and to protect such Trade Secrets from unauthorized use, disclosure, or appropriation and no such Trade Secrets have been disclosed by such Grantor other than to employees, representatives, agents, consultants and contractors of such Grantor or other Persons, all of whom are bound by written confidentiality agreements.

• Further Assurances. Each Grantor agrees that from time to time, in accordance with the terms of this Agreement to the extent permitted by and in accordance with the DIP Order, at the expense of such Grantor and at the reasonable request of the Agent and without further order from the Bankruptcy Court, such Grantor will promptly execute and deliver, or otherwise authenticate, all further instruments and documents, and take all further action that may be reasonably necessary or desirable, or that the Agent may reasonably request, in order to perfect and protect any pledge or security interest granted or purported to be granted by such Grantor hereunder or to enable the Agent to exercise and enforce its rights and remedies hereunder with respect to any Collateral of such Grantor. Without limiting the generality of the foregoing, each Grantor will, at the reasonable request of the Agent and to the extent permitted by and in accordance with the DIP Order, without further order from the Bankruptcy Court, promptly with respect to the Collateral of such Grantor: (i) if any such Collateral shall be evidenced by a promissory note or other instrument or chattel paper, deliver and pledge to the Agent hereunder such note or instrument or chattel paper duly indorsed and accompanied by duly executed instruments of transfer or assignment, all in form and substance reasonably satisfactory to the Agent; (ii) file such financing or continuation statements, or amendments thereto, and such other instruments or notices, as may be reasonably necessary or desirable, or as the Agent may reasonably request, in order to perfect and preserve the security interest granted or purported to be granted by such Grantor hereunder; (iii) at the request of the Agent, take all action to ensure that the Agent's security interest is noted on any certificate of title related to any Collateral evidenced by a certificate of title; and (iv) deliver to the Agent evidence that all other actions that the Agent may deem reasonably necessary or desirable in order to perfect and protect the security interest granted or purported to be granted by such Grantor under this Agreement has been taken.

Grantor and fixtures related to real property the title to or possession of which is held by such Grantor (or words of similar effect) in the United States, regardless of whether any particular asset described in such financing statements falls within the scope of the UCC. A photocopy or other reproduction of this Agreement shall be sufficient as a financing statement where permitted by law. Each Grantor ratifies its authorization for the Agent to have filed such financing statements (including as a fixture filing), continuation statements or amendments filed prior to the date hereof.

b. Each Grantor will furnish to the Agent from time to time statements and schedules further identifying and describing the Collateral of such Grantor and such other reports in connection with such Collateral as the Agent may reasonably request, all in reasonable detail.

• As to Equipment and Inventory. (a) Each Grantor will keep its Equipment having a value in excess of \$5,000,000 and Inventory having a value in excess of \$5,000,000 (other than Inventory sold in the ordinary course of business) at the places therefor specified in Schedule VIII and Schedule IX, respectively, or, upon 30 days' prior written notice to the Agent (or such lesser time as may be agreed by the Agent), at such other places designated by such Grantor in such notice.

b. Each Grantor will pay promptly when due all property and other taxes, assessments and governmental charges or levies imposed upon, and all claims (including, without limitation, claims for labor, materials and supplies) against, its Equipment and Inventory, except to the extent payment thereof is not required by Section 5.01(b) of the Credit Agreement. In producing its Inventory, each Grantor will comply with all requirements of applicable law, except where the failure to so comply will not have a Material Adverse Effect.

• Insurance. (a) Each Grantor will, at its own expense, maintain or cause to be maintained, insurance with respect to its Collateral in such amounts, against such risks, in such form and with such insurers, as shall be customary for similar businesses of the size and scope of the Company on a consolidated basis, provided however that the Grantor may self insure to the extent consistent with prudent business practice to be applied in accordance with the Credit Agreement. Each policy of each Grantor for liability insurance shall provide for all losses to be paid on behalf of the Agent and such Grantor as their interests may appear, and each policy for property damage insurance shall provide for all losses, except for losses of less than \$12,500,000 per occurrence, to be paid, in accordance with the Intercreditor Agreement and the Lender loss payee provisions which were requested pursuant to clause (iv) below, directly to the Agent. So long as no Event of Default shall have occurred and be continuing, all property damage insurance payments received by the Agent in connection with any loss, damage or destruction of Inventory will be released by the Agent to the applicable Grantor. Each such policy shall in addition (i) name such Grantor and the Agent as insured parties thereunder (without any representation or warranty by or obligation upon the Agent) as their interests may appear, (ii) provide that there shall be no recourse against the Agent for payment of premiums or

other amounts with respect thereto, (iii) provide that at least 10 days' prior written notice of cancellation or of lapse shall be given to the Agent by the insurer and (iv) contain such other customary lender loss payee provisions as the Agent shall reasonably request. In case of any loss involving damage to Equipment or Inventory when subsection (c) of this Section 9 is not applicable, the applicable Grantor, to the extent determined to be in the business interest of such Grantor, will make or cause to be made the necessary repairs to or replacements of such Equipment or Inventory, and any proceeds of insurance properly received by or released to such Grantor shall be used by such Grantor, except as otherwise required hereunder, by the Credit Agreement or the Orders, to pay or as reimbursement for the costs of such repairs or replacements or, if such Grantor determines not to repair or replace such Equipment or Inventory, treat the loss or damage as a disposition under Section 5.02(e)(v) of the Credit Agreement.

b. So long as no Event of Default shall have occurred and be continuing, all insurance payments received by the Agent in connection with any loss, damage or destruction of Equipment or Inventory will be released by the Agent to the applicable Grantor to be applied in accordance with the Credit Agreement. Upon the occurrence and during the continuance of any Event of Default, to the extent permitted by and in accordance with the DIP Order and the Intercreditor Agreement and without further order from the Bankruptcy Court, all insurance payments in respect of such Equipment or Inventory shall be paid to the Agent and shall, in the Agent's sole discretion, (i) be released to the applicable Grantor to be applied in accordance with the Credit agreement or (ii) be held as additional Collateral hereunder or applied as specified in Section 19(b).

of perfecting or protecting the security interest granted by this Agreement. Each Grantor will hold and preserve its records relating to the Collateral, including, without limitation, the Assigned Agreements and Related Contracts, and will permit representatives of the Agent at any time during normal business hours to inspect and make abstracts from such records and other documents to the extent provided in Section 5.01(e) of the Credit Agreement. If any Grantor does not have an organizational identification number and later obtains one, it will forthwith notify the Agent of such organizational identification number.

b. Except as otherwise provided in this subsection (b), each Grantor will continue to collect, at its own expense, all amounts due or to become due such Grantor under the Assigned Agreements and Receivables. In connection with such collections, such Grantor may take (and, at the Agent's direction, will take) such action as such Grantor or the Agent may deem necessary or advisable to enforce collection of the Assigned Agreements and Receivables; *provided, however*, that the Agent shall have the right at any time, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, upon the occurrence and during the continuance of an Event of Default and upon written notice to such Grantor of its intention to do so, to notify the Obligors under any Assigned Agreements and Receivables of the assignment of such Assigned Agreements to the Agent and to direct such Obligors to make payment of all amounts due or to become due to such Grantor thereunder directly to the Agent and, upon such notification and at the expense of such Grantor, to enforce collection of any such Assigned Agreements and Receivables, to adjust, settle or compromise the amount or payment thereof, in the same manner and to the same extent as such Grantor might have done, and to otherwise exercise all rights with respect to such Assigned Agreements and Receivables, including, without limitation, those set forth in Section 9-607 of the UCC. • As to Intellectual Property Collateral. (a) With respect to each item of its Intellectual Property Collateral material to the business of the Company and its Subsidiaries, each Grantor agrees to take, at its expense, all commercially reasonable steps as determined in Grantor's reasonable discretion, including, without limitation, in the U.S. Patent

and Trademark Office, the U.S. Copyright Office and any other governmental authority, to (i) maintain the validity and enforceability of such Intellectual Property Collateral and maintain such Intellectual Property Collateral in full force and effect, and (ii) pursue the registration and maintenance (in accordance with the exercise of such Grantor's reasonable business discretion) of each patent, trademark, or copyright registration or application, now or hereafter included in such Intellectual Property Collateral of such Grantor, including, without limitation, the payment of required fees and taxes, the filing of responses to office actions issued by the U.S. Patent and Trademark Office, the U.S. Copyright Office or other governmental authorities, the filing of applications for renewal or extension, the filing of affidavits under Sections 8 and 15 of the U.S. Trademark Act, the filing of divisional, continuation, continuation-in-part, reissue and renewal applications or extensions, the payment of maintenance fees and the participation in interference, reexamination, opposition, cancellation, infringement and misappropriation proceedings initiated by third parties, in each case except where the failure to so file, register, maintain or participate is not reasonably likely to have a Material Adverse Effect. No Grantor shall, without the written consent of the Agent, which shall not be unreasonably withheld or delayed, discontinue use of or otherwise abandon any such material Intellectual Property Collateral, or abandon any right to file an application for patent, trademark, or copyright, unless such Grantor shall have reasonably determined that such use or the pursuit or maintenance of such Intellectual Property Collateral is no longer reasonably necessary or desirable in the conduct of such Grantor's business and that the loss thereof would not be reasonably likely to have a Material Adverse Effect.

a. Until the termination of the Credit Agreement, each Grantor agrees to provide, annually to the Agent an updated Schedule of its Patents, Trademarks and registered Copyrights.

b. In the event that any Grantor becomes aware that any item of the Intellectual Property Collateral is being infringed, misappropriated or otherwise violated by a third party in any material respect, such Grantor shall take such commercially reasonable actions determined in its reasonable discretion, at its expense, to protect or enforce such Intellectual Property Collateral, including, without limitation, suing for infringement, misappropriation or other violation and for an injunction against such infringement, misappropriation or other violation.

c. Each Grantor shall take all reasonable steps which it deems appropriate under the circumstances to preserve and protect each item of its material Trademarks included in the Intellectual Property Collateral, including, without limitation, taking all reasonable steps which it deems appropriate under the circumstances to maintain substantially the quality of any and all products or services used or provided in connection with any of the Trademarks, consistent with the general quality of the products and services as of the date hereof, and taking all reasonable steps which it deems appropriate under the circumstances to ensure that all licensed users of any of the Trademarks use such consistent standards of quality.

d. With respect to its Intellectual Property Collateral, each Grantor agrees to execute or otherwise authenticate an agreement, in

substantially the form set forth in Exhibit A hereto or otherwise in form and substance satisfactory to the Agent (an “**Intellectual Property Security Agreement**”), for recording the security interest granted hereunder to the Agent in such Intellectual Property Collateral with the U.S. Patent and Trademark Office, the U.S. Copyright Office, and any other governmental authorities necessary to perfect the security interest hereunder in such Intellectual Property Collateral.

ii. Each Grantor shall be entitled to receive and retain any and all dividends, interest and other distributions paid in respect of the Security Collateral of such Grantor if and to the extent that the payment thereof is not otherwise prohibited by the terms of the Loan Documents; *provided, however*, that any and all dividends, interest and other distributions paid or payable in the form of instruments or certificates in respect of, or in exchange for, any Security Collateral, shall, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, be promptly delivered to be held by or on behalf of the Agent as Security Collateral and shall, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, if received by such Grantor, be received in trust for the benefit of the Secured Parties, be segregated from the other property or funds of such Grantor and be promptly delivered to the Agent as Security Collateral in the same form as so received (with any necessary indorsement).

iii. The Agent will execute and deliver (or cause to be executed and delivered) to each Grantor all such proxies and other instruments as such Grantor may reasonably request for the purpose of enabling such Grantor to exercise the voting and other rights that it is entitled to exercise pursuant to paragraph (i) above and to receive the dividends or interest payments that it is authorized to receive and retain pursuant to paragraph (ii) above.

b. Subject to the DIP Order, upon the occurrence and during the continuance of a Default under Section 6.01(a) or (e) of the Credit Agreement:

i. All rights of each Grantor (x) to exercise or refrain from exercising the voting and other consensual rights that it would otherwise be entitled to exercise pursuant to Section 12(a)(i) shall, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, upon notice to such Grantor by the Agent, cease and (y) to receive the dividends, interest and other distributions that it would otherwise be authorized to receive and retain pursuant to Section 12(a)(ii) shall automatically cease, and all such rights shall thereupon become vested in the Agent for the benefit of the Secured Parties, which shall thereupon have the sole right to exercise or refrain from exercising such voting and other consensual rights and to receive and hold as Security Collateral such dividends, interest and other distributions.

ii. All dividends, interest and other distributions that are received by any Grantor contrary to the provisions of paragraph (i) of this Section 12(b) shall be received in trust for the benefit of the Secured Parties, shall be segregated from other funds of such Grantor and shall be promptly paid over to the Agent as Security Collateral in the same form as so received (with any necessary indorsement).

• As to the Assigned Agreements. Each Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, at its expense:

Upon request of the Agent, each Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, promptly use commercially reasonable efforts to cause the issuer of each letter-of-credit with a stated amount in excess of \$5,000,000 and each nominated person (as defined in Section 5-102 of the UCC) (if any) with respect thereto to consent to such assignment of the proceeds thereof pursuant to a consent in form and substance reasonably satisfactory to the Agent and deliver written evidence of such consent to the Agent.

a. Upon the occurrence and during the continuance of an Event of Default, each Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, promptly upon request by the Agent, (i) notify (and such Grantor hereby authorizes the Agent to notify) the issuer and each nominated person with respect to each of the Related Contracts consisting of letters of credit that the proceeds thereof have been assigned to the Agent hereunder and any payments due or to become due in respect thereof are to be made directly to the Agent or its designee and (ii) arrange for the Agent to become the transferee beneficiary of letter of credit.

any duty upon it to exercise any such powers. Except for the safe custody of any Collateral in its possession and the accounting for moneys actually received by it hereunder, the Agent shall have no duty as to any Collateral, as to ascertaining or taking action with respect to calls, conversions, exchanges, maturities, tenders or other matters relative to any Collateral, whether or not any Secured Party has or is deemed to have knowledge of such matters, or as to the taking of any necessary steps to preserve rights against any parties or any other rights pertaining to any Collateral. Any cash held by or on behalf of the Agent and all cash proceeds received by or on behalf of the Agent in respect of any sale of, collection from, or other realization upon all or any part of the Collateral may, in the discretion of the Agent, be held by the Agent as collateral for, and/or then or at any time thereafter shall be applied in whole or in part by the Agent for the ratable benefit of the Secured Parties against, all or any part of the Secured Obligations, in accordance with Section 6.04 of the Credit Agreement.

c. All payments received by any Grantor under or in connection with any Assigned Agreement or otherwise in respect of the Collateral shall be received in trust for the benefit of the Agent, shall be segregated from other funds of such Grantor and shall be forthwith paid over to the Agent in the same form as so received (with any necessary indorsement).

d. Subject to the provisions of Section 9.06 of the Credit Agreement, the Agent may, without notice to any Grantor except as required by law (including the Bankruptcy Code or any Order of the Bankruptcy Court entered in connection with the Cases) and at any time or from time to time, charge, set off and otherwise apply all or any part of the Secured Obligations against any funds held with respect to the Account Collateral or in any other deposit account.

e. In the event of any sale or other disposition of any of the Intellectual Property Collateral of any Grantor, the goodwill symbolized by any Trademarks subject to such sale or other disposition shall be included therein, and such Grantor shall supply to the Agent or its designee, to the extent practicable, tangible embodiments of such Grantor's know-how and expertise, and documents relating to any Intellectual Property Collateral subject to such sale or other disposition, and such Grantor's customer lists and other records and documents relating to such Intellectual Property Collateral and to the manufacture, distribution, advertising and sale of products and services of such Grantor.

f. In each case under this Agreement in which the Agent takes any action with respect to the Collateral, including proceeds, the Agent shall provide to the Company such records and information regarding the possession, control, sale and any receipt of amounts with respect to such Collateral as may be reasonably requested by the Company as a basis for the preparation of the applicable Grantor's financial statements in accordance with GAAP.

With respect to the foregoing, the Agent shall provide the Company (with a copy to counsel for the Official Creditors' Committee in the Cases and to the United States Trustee for the Southern District of New York) with seven (7) days' written notice prior to taking the actions contemplated by this Section 19; *provided*, that the Agent may take the actions contemplated by this Section 19 without further order from the Bankruptcy Court.

• Indemnity and Expenses. (a) Each Grantor agrees to indemnify, defend and save and hold harmless each Secured Party and each of their Affiliates and their respective officers, directors, employees, trustees, agents and advisors (each, an "**Indemnified Party**") from and against, and shall pay on demand, any and all claims, damages, losses, liabilities and expenses (including, without limitation, reasonable fees and expenses of counsel) that may be incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or resulting from this Agreement (including, without limitation, enforcement of this Agreement), except to the extent such claim, damage, loss, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct.

a. Each Grantor will upon demand pay to the Agent the amount of any and all reasonable expenses, including, without limitation, the reasonable fees and expenses of its counsel and of any experts and agents, that the Agent may incur in connection with (i) the custody, preservation, use or operation of, or the sale of, collection from or other realization upon, any of the Collateral of such Grantor, (ii) the exercise or enforcement of any of the rights of the Agent or the other Secured Parties hereunder or (iii) the failure by such Grantor to perform or observe any of the provisions hereof.

• Amendments; Waivers; Additional Grantors; Etc. (a) No amendment or waiver of any provision of this Agreement, and no consent to any departure by any Grantor herefrom, shall in any event be effective unless the same shall be in writing and signed by the Agent and, with respect to any amendment, the Company on behalf of the Grantors, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given. No failure on the part of the Agent or any other Secured Party to exercise, and no delay in exercising any right hereunder, shall operate as a waiver thereof; nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

a. Upon the execution and delivery by any Person of a security agreement supplement in substantially the form of Exhibit C hereto (each a “**Security Agreement Supplement**”), such Person shall be referred to as an “**Additional Grantor**” and shall be and become a Grantor hereunder, and each reference in this Agreement and the other Loan Documents to “Grantor” shall also mean and be a reference to such Additional Grantor, each reference in this Agreement and the other Loan Documents to the “Collateral” shall also mean and be a reference to the Collateral granted by such Additional Grantor and each reference in this Agreement to a Schedule shall also mean and be a reference to the schedules attached to such Security Agreement Supplement.

• Marshalling. Neither the Agent nor the Secured Parties shall be required to marshal any present or future collateral security (including but not limited to the Collateral for, or other assurance of payment of, the Secured Obligations or any of them) or to resort to such collateral security or other assurances of payment in any particular order, and all of their rights and remedies hereunder and in respect of such collateral security and other assurances of payment shall be cumulative and in addition to all other rights and remedies, however existing or arising.

To each of the Lenders to the Credit Agreement
referred to below listed on Schedule A hereto

To Wilmington Trust, National Association, as Agent

Ladies and Gentlemen:

I am general counsel of Eastman Kodak Company, a New Jersey corporation (the "Company"), and in that capacity I am responsible for the legal matters of the Company and its subsidiaries, including those listed on Schedule B hereto (the "U.S. Subsidiary Guarantors" and, together with the Company, the "Loan Parties"), each of which is a debtor and debtor-in-possession in a case pending under Chapter 11 of the Bankruptcy Code, in the United States Bankruptcy Court for the Southern District of the State of New York (the "Bankruptcy Court"). I, or attorneys under my direction, have acted in such capacity in connection with the preparation, execution and delivery of the Debtor-In-Possession Loan Agreement (the "Credit Agreement"), dated as of the date hereof, among the Company, a debtor and debtor-in-possession in a case pending under Chapter 11 of the Bankruptcy Code, the U.S. Subsidiary Guarantors of the Company party thereto, as guarantors, each a debtor and debtor-in-possession under Chapter 11 of the Bankruptcy Code, the Lenders party thereto and Wilmington Trust, National Association, as Agent for said Lenders. This opinion is furnished to you pursuant to Section 3.01(b)(viii) of the Credit Agreement. Capitalized terms used, and not defined, in this opinion are used with the meanings ascribed to them in the Credit Agreement.

In connection with this opinion, I have examined:

- (1) the Credit Agreement;
- (2) the Security Agreement, dated as of the date hereof, among the Grantors referred to therein and Wilmington Trust, National Association, as Agent; and
- (3) the Order (I) Authorizing Debtors (A) to Obtain Post-Petition Financing Pursuant to 11 U.S.C. §§ 105, 361, 362, 364(c)(1), 364(c)(2), 364(c)(3), 364 (d)(1) and 364(e) and (B) to Continue to Utilize Cash Collateral Pursuant to 11 U.S.C. § 363 and (II) Granting Adequate Protection to Certain Pre-Petition Secured Parties Pursuant to 11 U.S.C. §§ 361, 362, 363 and 364 [Docket No. 2926] (the "Original DIP Order"); the Order Authorizing the Debtors to (I) Enter into Financing Commitment Documents for Secured Supplemental Postpetition and Exit

Financing, (II) Incur and Pay Associated Fees, Costs and Expenses and (III) Furnish Related Indemnities [Docket No. 3278] (the "Finding"); and the Order Amending Order (I) Authorizing Debtors (A) to Obtain Post-Petition Financing Pursuant to 11 U.S.C. §§ 105, 361, 362, 364(c)(1), 364(c)(2), 364(c)(3), 364 (d)(1) and 364(e) and (B) to Continue to Utilize Cash Collateral Pursuant to 11 U.S.C. § 363 and (II) Granting Adequate Protection to Certain Pre-Petition Secured Parties Pursuant to 11 U.S.C. §§ 361, 362, 363 and 364 [Docket No. 3279] (the "Amending Order," together with the Original DIP Order and the Finding, the "DIP Order").

The documents described in the foregoing clauses (1) and (2) are collectively referred to herein as the "Operative Documents" and the Operative Documents together with the DIP Order are referred to herein collectively as the "Documents."

I have also examined the originals, or copies certified to my satisfaction, of the organizational documents, by-laws and resolutions or other actions taken by the governing bodies of the Company and each U.S. Subsidiary Guarantor, as amended through the date hereof, and such other corporate records of the Company and the U.S. Subsidiary Guarantors, certificates of public officials and of other officers of the Company and the U.S. Subsidiary Guarantors, and such other documents, as I have deemed necessary or appropriate as a basis for the opinions expressed below.

As to any facts material to the opinions expressed herein which I did not independently establish or verify, I have relied upon the statements and representations of the Loan Parties and their officers and of public officials as to matters within their purview.

I have assumed the genuineness of all signatures, the authenticity of documents submitted to me as originals, the conformity to the originals of all documents submitted to me as copies, and the authenticity of the originals of such copies. I have assumed, with your consent, the due execution and delivery, pursuant to due authorization, of the Credit Agreement by the Lenders and the Agent and its enforceability against such parties in accordance with its terms.

The opinions expressed below are limited to the law of the State of New York, the Business Corporation Act of the State of New Jersey, the General Corporation Law of the State of Delaware, the corporate or limited liability company laws of the States of Wyoming, California and Indiana set forth in standard compilations of corporation, limited liability company and other business statutes set forth in the Wolters Kluwer Law and Business *Corporation: Statutes* (Aspen Publishers) and the federal law of the United States customarily applicable to transactions of the type contemplated by the Documents (collectively "Applicable Law").

Solely for purposes of the opinions expressed herein and with your permission, I have assumed:

A. That the execution, delivery and performance by each Loan Party of the Operative Documents to which it is a party do not:

- i. except with respect to Applicable Law, violate any law, rule or regulation applicable to it; or
- ii. result in any conflict with or breach of any agreement or document binding on it; or

B. except with respect to Applicable Law, no authorization, approval or other action by, and no notice to or filing with, any governmental authority or regulatory body or (to the extent the same is required under any agreement or document binding on it) any other third party is required for the due execution, delivery or performance by any Loan Party of any Operative Document to which it is a party or, if any such authorization, approval, action, notice or filing is required, it has been duly obtained, taken, given or made and is in full force and effect.

I have not independently established the validity of the foregoing assumptions.

Based upon the foregoing and subject to the limitations, qualifications and assumptions set forth herein, I am of the opinion that:

1. The Company and each of the U.S. Subsidiary Guarantors is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization.

2. Subject to the DIP Order, the Company and each of the U.S. Subsidiary Guarantors: (a) has the organizational power to execute, deliver and perform each Operative Document to which it is a party, (b) has taken all organizational action necessary to authorize the execution, delivery and performance of each Operative Document to which it is a party, and (c) has duly executed and delivered each Operative Document to which it is a party.

3. The execution and delivery by the Company and each of the U.S. Subsidiary Guarantors of each Operative Document to which it is a party does not, and the performance by the Company and each of the U.S. Subsidiary Guarantors of its obligations thereunder and the consummation of the transactions contemplated thereby and the borrowings thereunder on the date hereof, subject to the DIP Order and such other orders as the Bankruptcy Court may require, does not: (a) result in a violation of such Loan Party's organizational documents, or (b) violate any of the material terms of any contractual or legal restriction contained in any indenture, loan or credit agreement, guarantees, mortgages, security agreements, notes, bonds and other agreements that restrict or limit the Company's right to borrow money.

4. No authorization, approval or other action by, and no notice to or filing with, any governmental authority or regulatory body under Applicable Law is required for the due execution, delivery and performance by the Company and each of the U.S. Subsidiary Guarantors of any Operative Document to which it is a party or the exercise of rights or remedies by the other parties under any Operative Document except (a) the entry of the DIP Order with

the Bankruptcy Court and such other orders as the Bankruptcy Court may require, (b) in the case of the Collateral, as may be required in connection with any disposition of any portion of the Collateral by laws affecting the offering and sale of securities generally, (c) the supplementary filings or other actions supplementary to entry of the DIP Order referred to in the Security Agreement, and (d) other than as provided under Applicable Law, the filings and other actions required to grant, perfect and/or enforce the security interests in the Initial Pledged Equity consisting of the capital stock of non-U.S. entities.

5. To my knowledge, there are no pending or overtly threatened actions or proceedings against the Borrowers or any of the U.S. Subsidiary Guarantors before any court, governmental agency or arbitrator that purport to affect the legality, validity, binding effect or enforceability of the Operative Documents or the consummation of the transactions contemplated thereby or that are reasonably likely to have a materially adverse effect on the business or operations of the Company and its U.S. Subsidiary Guarantors taken as a whole.

6. No Borrower is required to register as an investment company under the Investment Company Act of 1940, as amended.

A copy of this opinion letter may be delivered by any of you to any person that becomes a Lender or Agent in accordance with the provisions of the Credit Agreement. Any such person may rely on the opinions expressed above as if this opinion letter were addressed and delivered to such person on the date hereof. You may also deliver a copy of this opinion to your attorneys, accountants and other professional advisors and to governmental authorities having jurisdiction over you.

This opinion letter is rendered to you in connection with the transactions contemplated by the Documents. This opinion letter may not be relied upon by you or any future Lender or Agent for any other purpose without my prior written consent.

This opinion letter speaks only as of the date hereof. Very truly yours,

Secured Parties Pursuant to 11 U.S.C. §§ 361, 362, 363 and 364 [Docket No. 2926] (the "Original Order"); the Order Authorizing the Debtors to (I) Enter into Financing Commitment Documents for Secured Supplemental Postpetition and Exit Financing, (II) Incur and Pay Associated Fees, Costs and Expenses and (III) Furnish Related Indemnities [Docket No. 3278] (the "Finding"); and the Order Amending Order (I) Authorizing Debtors (A) to Obtain Post-Petition Financing Pursuant to 11 U.S.C. §§ 105, 361, 362, 364(c)(1), 364(c)(2), 364(c)(3), 364(d)(1) and 364(e) and (B) to Continue to Utilize Cash Collateral Pursuant to 11 U.S.C. § 363 and (II) Granting Adequate Protection to Certain Pre-Petition Secured Parties Pursuant to 11 U.S.C. §§ 361, 362, 363 and 364 [Docket No. 3279] (the "Amending Order," together with the Original Order and the Finding, the "Order," and, together with the Opinion Documents, collectively, the "Documents") as entered on the docket of the Clerk of the Bankruptcy Court and such corporate records, certificates and other documents, and such questions of law, as we have considered necessary or appropriate for the purposes of this opinion. Capitalized terms used herein and not otherwise defined shall have the meanings ascribed thereto in the Credit Agreement.

Upon the basis of such examination, it is our opinion that:

(1) Subject to the Order, each of the Opinion Documents constitutes a valid and legally binding obligation of the Company and each Loan Party party thereto, enforceable in accordance with its terms.

(2) Subject to the Order and the terms thereof, all regulatory consents, authorizations, approvals and filings required to be obtained or made by the Loan Parties under the Covered Laws for the execution and delivery by the Loan Parties of, and the performance by the Loan Parties of their respective obligations under, the Opinion Documents have been obtained or made except for filings intended to supplement the creation and perfection of Liens granted pursuant to the terms of the Order.

(3) The execution and delivery by the Loan Parties of, and the performance by the Loan Parties of their respective obligations under, the Opinion Documents will not violate any Covered Laws.

(4) Assuming that the Company applies the proceeds of the Loans as provided in the Credit Agreement, such Loans will not violate the provisions of Regulation U or X of the Board of Governors of the Federal Reserve System.

(5) The Original Order was entered on the docket of the Clerk of the Bankruptcy Court (the "Docket") on January 24, 2013 and each of the Finding and the Amending Order was entered on the Docket on March 8, 2013. We have reviewed the Docket as it existed on March 22, 2013 at 8:00 A.M. Based solely on our review of the Docket as of such date and time: (i) the Order is in full force and effect in accordance with its terms; (ii) no motion to amend, reargue, stay, vacate or rescind the Order has been filed with the Bankruptcy Court; and (iii) the Order is not subject to any pending appeal and no order amending, granting reargument, staying, vacating or rescinding the Order has been entered by the Bankruptcy Court.

The opinions set forth above are subject to the qualifications stated therein, and subject to the following qualifications, limitations and assumptions: (i) our opinion set forth in paragraph (1) is subject to (a) bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting the enforcement of creditors' rights and general equity principles; and (ii) the obligations of the Loan Parties under the Opinion Documents and the rights of the Agent may be subject to possible limitations upon the exercise of remedial or procedural provisions contained in the Opinion Documents provided that such limitations do not, in our opinion (but subject to the other comments and qualifications set forth in this opinion), make the remedies and procedures that will be afforded to the Agent inadequate for the practical realization of the substantive benefits purported to be provided to the Agent pursuant to such agreement. We have also assumed, with your permission, that each of the Loan Parties is a corporation or limited liability company validly existing and in good standing under the laws of the jurisdiction of its formation; has duly and validly authorized, executed and delivered all Opinion Documents to which it is a party; and has the corporate or limited liability company power and authority to own its assets and properties and to transact the business in which it is currently engaged. We understand that in connection with such matters you are receiving an opinion from the General Counsel to the Company, on which you will rely.

In addition, in rendering the foregoing opinions we express no opinion with respect to:

(i) the creation or perfection of any security interest in the Collateral;

(ii) any provisions of the Security Agreement that (A) prohibit or restrict parties thereto from transferring their respective rights in the Collateral or from creating, attaching, perfecting or enforcing a security interest in such Collateral except as specified therein,

1. Based solely on the Good Standing Certificate, the Company is a corporation validly existing and in good standing under the laws of the State of New Jersey as of the date set forth in the Good Standing Certificate.

2. No consent, approval, authorization of, or designation, declaration or filing with, any New Jersey State governmental authority on the part of the Company that has not been made, obtained, or provided for under the DIP Loan Agreement is required under Applicable Law (as hereinafter defined) for the valid execution and delivery by the Company of the DIP Loan Agreement, the Security Agreement and the Intercreditor Agreement.

3. The opinions expressed above are subject to and limited by the assumptions, examinations, qualifications, reliances, and limitations hereinabove set forth and the following matters:

A. We are admitted to practice in the State of New Jersey, and the foregoing opinions are limited to the laws of the State of New Jersey.

B. Our opinion and the conclusions stated herein may be effected by, and any rights and remedies available pursuant thereto or pursuant to applicable laws are subject to and may be precluded or limited by (a) bankruptcy, dissolution, composition, reorganization, arrangement, liquidation, insolvency, fraudulent conveyance, moratorium, fraudulent transfer, winding up, attachment, arrestment, readjustment, receivership, custodianship, compulsory manager, administrative, sequestration, distress, diligence, execution affects on assets and property, and similar statutes, laws, rules, regulations, and codes affecting debtors' and creditors' rights generally; (b) rights to indemnification and contribution which may be limited by applicable law or equitable principles; and (c) general principles of equity, including without limitation, concepts of materiality, reasonableness, unconscionability, good faith and fair dealing, and the possible unavailability of specific performance or injunctive relief, and limitation of rights of acceleration regardless of whether such valid and binding effect are considered in a proceeding in equity or at law.

C. We disclaim any opinion as to the perfection of a security interest in collateral other than the UCC Collateral. We also disclaim any opinion as to the perfection of a security interest in Collateral which is included in the UCC Collateral which consists of fixtures (goods which have become so related to particular real property that an interest in them arises under real property law).

D. The security interest granted by the Collateral Documents is subject to limitations on rights of creditors under the provisions of 11 U.S.C. 101 et seq. (the United States Bankruptcy Code), including, but not limited to, a secured party's rights in assets acquired after a petition in bankruptcy is filed and the right to exercise remedies on account of a default.

E. Except as specifically stated in the opinions set forth above, we express no opinion as to: (i) title, ownership, or any lien or the priority thereof in any of the Collateral in which a security interest is granted to the Agent for the benefit of the Lenders; (ii) the adequacy or accuracy of the description of the Collateral contained in the Collateral Documents; (iii) any of the Company's rights or interest in or to any Collateral; or (iv) the creation, validity, perfection, priority or enforceability of any security interest in any Collateral which (w) may require perfection by recording or filing in offices other than the Filing Office; (x) may be perfected by possession; (y) constitutes commercial tort claims; or (z) consists of bank deposits and any other Collateral which requires actual possession or control agreements.

F. The Covered UCC requires the proper filing and indexing of a continuation statement in the Filing Office within six (6) months prior to the expiration of each five (5) year period from the date of the original filing and indexing in such office to continue the perfection of the security interests therein protected by the proper filing and indexing of the Financing Statement.

G. Under the Covered UCC, perfected security interests will be terminated in personal property (i) four months after a debtor changes its location to another jurisdiction, (ii) that was acquired four months after a debtor changes its name, identity, or structure so as to make the debtor's name set forth in the financing statements seriously misleading, and (iii) one year after the transfer of such personal property to a person that thereby becomes a debtor and is located in another jurisdiction, or, earlier, in the case of each of (i), (ii) or (iii) above, when perfection under the laws of the one or more jurisdictions in which it is perfected would have ceased, unless new financing statements that do not contain such misleading information but include and indicate the new name, new identity, new address, or new structure and such other information as may be necessary to make the financing statements not seriously misleading, are properly filed and indexed in the proper jurisdiction, before the expiration of such four month period or one year period, or earlier as set forth above.

H. The perfection of the Agent's security interest will be limited to the extent provided in Chapter 9, § 301 et seq. of the Covered UCC.

I. A secured party may be required to obtain, after appropriate notice and hearing, a judgment or decree of a court of competent jurisdiction permitting it to enforce any rights it may have to taking possession and disposing of collateral. A secured party has an obligation to exercise commercially reasonable care in the custody and preservation of collateral and to sell, lease or otherwise dispose of collateral in a commercially reasonable manner.

J. As noted above, we express no opinion with respect to the effect of any law, rule, regulation, judicial or other order, judgment or decree of any court, arbitrator, tribunal, or other adjudicative authority apart from the laws, rules, and regulations of the State of New Jersey ("Applicable Laws"). Notwithstanding the foregoing, "Applicable Laws" expressly excludes any law, rule, or regulation or judicial, or other order, judgment, or decree of any court, arbitrator, tribunal, or other regulatory or adjudicative authority relating to (i) tax, (ii) antitrust, (iii) labor, employee rights, employee benefits, or occupational health and safety, (iv) zoning, land use, building, or construction, (v) environmental protection, (vi) municipal laws or the laws of local agencies, (vii) utility regulation (viii) trademarks, service marks, and other intellectual property matters, (ix) state securities (including any "blue sky" laws), (x) insurance regulation, or (xi) banking regulation.

K. This opinion letter is limited to the matters stated herein, and, without limiting the foregoing, no opinions or confirmations of law or fact are implied or may be inferred from or beyond the matters expressly stated.

L. This opinion letter is rendered to you as a legal opinion only, and not a guaranty or warranty of the matters set forth herein or assurance of performance of any of the matters contemplated by the Loan Documents.

M. This opinion letter is rendered as of the date hereof. We express no opinion as to circumstances or events that may occur subsequent to such date. We assume no obligation or responsibility to supplement or update this opinion letter, or to advise any person of changes of applicable law or the interpretation thereof, or any changes of fact, that occur after the date hereof, even though such changes may affect a legal analysis, conclusion, informational confirmation or opinion set forth herein.

N. Except for the review of the documents identified or referred to above, we have not made any affirmative effort or an independent investigation to verify the existence or absence of any facts relative to the Loan Documents or the UCC Collateral or the matters covered by this opinion.

The opinions letter is rendered only to you by us as New Jersey counsel to the Company and is solely for your benefit in connection with the transactions contemplated by the DIP Loan Agreement. This opinion letter may not be relied upon by you for any other purpose, or furnished to, quoted to, or relied upon by any other person, firm or corporation for any purpose, without our prior written consent (which consent may be withheld in our sole discretion) or as required by law or regulation. We disclaim any obligation to update this opinion letter for events occurring or coming to our attention after the date hereof.

THE UNDERSIGNED AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS GUARANTY SUPPLEMENT, THE GUARANTY OR IN ANY OTHER LOAN DOCUMENT SHALL AFFECT ANY RIGHT THAT THE AGENT, ANY LENDER OR ANY ISSUING

SECTION 1.02. Computation of Time Periods. In this Agreement in the computation of periods of time from a specified date to a later specified date, the word “from” means “from and including” and the words “to” and “until” each mean “to but excluding”.

SECTION 1.03. Accounting Terms. (a) All accounting terms not specifically defined herein shall be construed in accordance with generally accepted accounting principles in the United States of America consistent with those applied in the preparation of the financial statements referred to in Section 4.01(e) (“GAAP”). If at any time any change in GAAP or the application thereof would affect the computation of any financial ratio or requirement set forth in any Loan Document, and either the

Company or the Required Lenders shall so request, the Agent and the Company shall negotiate in good faith to amend such ratio or requirement (an “Accounting Change”) to preserve the original intent thereof in light of such change in GAAP or the application thereof; provided that, until so amended, (i) such ratio or requirement shall be made as if such Accounting Change had not been effected and on a basis consistent with how GAAP or the rules promulgated pursuant thereto that are the subject of such Accounting Change were calculated in the most recent financial statements delivered by the Company to the Lenders as to which no such objection shall have been made and (ii) the Company shall provide to the Agent financial statements and other documents required under this Agreement or as reasonably requested hereunder setting forth a reconciliation between calculations of such ratio or requirement made before and after giving effect to such change in GAAP or the application thereof.

(b) Unless otherwise provided herein, the Secured Leverage Ratio and Cash Interest Coverage Ratio as of any date shall be calculated on a pro forma basis (other than for the Specified Sale), after giving effect to any acquisition or disposition of assets, or any incurrence, payment, refinancing, restructuring or retirement of Debt, in each case which occurred during the most recently completed period of four consecutive fiscal quarters for which financial statements have been delivered pursuant to 5.01(h)(ii) or (iii), as though each such transaction had occurred at the beginning of such period, including, without duplication, giving effect to all pro forma adjustments permitted or required by Article 11 of Regulation S X under the Securities Act of 1933, as amended; provided that all such adjustments shall be set forth in a reasonably detailed certificate of the chief financial officer of the Company) using, for purposes of making such calculations, the historical financial statements of the Company and its Subsidiaries which shall be reformulated as if such transaction, and any other such transactions that have been consummated during the period, had been consummated on the first day of such period. Whenever pro forma effect is to be given to a transaction, the pro forma calculations shall be made in good faith by chief financial officer of the Company. If any Debt bears a floating rate of interest and is being given pro forma effect, the interest on such Debt shall be calculated as if the rate in effect on the calculation date had been the applicable rate for the entire period (taking into account any Hedge Agreements applicable to such Debt). Interest on a capital lease obligation shall be deemed to accrue at an interest rate reasonably determined by the chief financial officer of the Company to be the rate of interest implicit in such capital lease obligation in accordance with GAAP. For purposes of making a pro forma computation hereunder, interest on any Debt under a revolving credit facility computed on a pro forma basis shall be computed based upon the average daily balance of such Debt during the applicable period. Interest on Debt that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Company may designate. For purposes of determining Conversion Adjusted EBITDA and Conversion Secured Leverage Ratio, this Section 1.03(b), shall not be applicable.¹¹

SECTION 1.04. Permitted Liens. Any reference in any of the Loan Documents to a Permitted Lien is not intended to subordinate or postpone, and shall not be interpreted as subordinating or postponing, or as any agreement to subordinate or postpone, any Lien created by any of the Loan Documents to any Permitted Lien.

SECTION 1.05. Other Interpretive Provisions. With reference to this Agreement and each other Loan Document, unless otherwise specified herein or in such other Loan Document:

(a) The term “including” is by way of example and not limitation (i.e., “including” shall be deemed to mean “including, without limitation”).

¹¹ Stranded costs will be calculated in the same manner as in the Existing DIP Term Loan Agreement.

(b) Section headings herein and in the other Loan Documents are included for convenience of reference only and shall not affect the interpretation of this Agreement or any other Loan Document.

ARTICLE II

AMOUNTS AND TERMS OF THE LOANS

SECTION 2.01. The Loans.

(a) First Lien Loans. Subject to the terms and conditions set forth herein each First Lien Lender agrees, severally and not jointly, that the outstanding New Money Loans (as defined in the Existing DIP Term Loan Agreement) immediately prior to giving effect to this Agreement in an amount equal to the amount set forth opposite such First Lien Lender's name on Schedule 2.01(a) hereto are hereby exchanged for First Lien Loans and deemed borrowed hereunder (the "**First Lien Loans**").

(b) Junior Loans. Subject to the terms and conditions set forth herein each Junior Loan Lender agrees, severally and not jointly, that the outstanding Junior Loans (as defined in the Existing DIP Term Loan Agreement) immediately prior to giving effect to this Agreement in an amount equal to the amount set forth opposite such Junior Loan Lender's name on Schedule 2.01(b) hereto are hereby exchanged for Junior Loans and deemed borrowed hereunder (the "**Junior Loans**").

(c) Amounts deemed borrowed under this Section 2.01 and repaid or prepaid may not be reborrowed.

SECTION 2.02. Making the Loans.

(a) All Loans being exchanged shall be deemed borrowed on the Conversion Date as of the same type and with a continuation of the existing Interest Period. No breakage costs will be incurred as a result of the exchange and the continuation.

(b) Anything in this Agreement above to the contrary notwithstanding, (i) the Company may not select Eurodollar Rate Loans for any Borrowing if the aggregate amount of such Borrowing is less than \$10,000,000 or if the obligation of the Lenders to make Eurodollar Rate Loans shall then be suspended pursuant to Section 2.06 or 2.10 and (ii) the Eurodollar Rate Loans may not be outstanding as part of more than eight separate Borrowings.

SECTION 2.03. Fees. (a) The Company shall pay to the Agent the fees set forth in the Fee Letter (the "Fee Letter") dated as [] between the Agent and the Company.

(b) The First Lien Lenders shall receive an exit fee (the "Exit Fee") equal to 2.00% of the principal amount of each First Lien Lender's New Money Loans (as defined in the Existing DIP Term Loan Agreement) converted into First Lien Loans, which shall be payable in kind in additional First Lien Loans on the Conversion Date.

SECTION 2.04. Repayment of Loans. The Company shall repay to the Agent for the ratable account of each applicable Lender on the Termination Date the aggregate principal amount of the Loans made (or deemed made) by such Lender to the Company then outstanding.

SECTION 2.05. Interest on Loans. (a) Scheduled Interest. The Company shall pay interest on the unpaid principal amount of each Loan owing by such Company to the Agent for the account of

each applicable Lender from the date of such Loan until such principal amount shall be paid in full, at the following rates per annum:

(i) Base Rate Loans. During such periods as such Loan is a Base Rate Loan, a rate per annum equal at all times to the sum of (x) the Base Rate in effect from time to time plus (y) at the Company's option (such option to be exercised on each payment date with three (3) Business Day's prior notice to the Agent), (1) the Applicable Margin, which shall be payable in cash or (2) the PIK Applicable Margin, of which up to 300 basis points may be payable in kind with the balance of such interest payable in cash, in each case, payable in arrears on the last Business Day of each of March, June, September and December during such periods and on the date such Base Rate Loan shall be Converted or paid in full.

(ii) Eurodollar Rate Loans. During such periods as such Loan is a Eurodollar Rate Loan, a rate per annum equal at all times during each Interest Period for such Loan to the sum of (x) the Eurodollar Rate for such Interest Period for such Loan plus (y) at the Company's option (such option to be exercised on each payment date with three (3) Business Day's prior notice to the Agent), (1) the Applicable Margin, which shall be payable in cash or (2) the PIK Applicable Margin, of which up to 300 basis points may be payable in kind with the balance of such interest payable in cash, in each case, payable in arrears on the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on the day of every third month during such Interest Period corresponding to the first day of such Interest Period and on the date such Eurodollar Rate Loan shall be Converted or paid in full.

(b) Default Interest. Upon the occurrence and during the continuance of an Event of Default, the Agent may, and upon the request of the Required Lenders shall, require and notify the Company to pay interest ("Default Interest") on (i) the unpaid principal amount of each Loan owing to each Lender, payable in arrears on the dates referred to in clause (a)(i) or (a)(ii) above, at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on such Loan pursuant to clause (a)(i) or (a)(ii) above and (ii) to the fullest extent permitted by law, the amount of any interest, fee or other amount payable hereunder in respect of the Loans of any Class that is not paid when due, from the date such amount shall be due until such amount shall be paid in full, payable in arrears on the date such amount shall be paid in full and on demand, at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on Base Rate Loans of such Class pursuant to clause (a)(i) above, provided, however, that following acceleration of the Loans of any Class pursuant to Section 6.01, Default Interest on the Loans of any Class shall accrue and be payable hereunder whether or not previously required by the Agent.

SECTION 2.06. Interest Rate Determination. (a) The Agent shall give prompt notice to the Company and the applicable Lenders of the applicable interest rates determined by the Agent for purposes of each clause of Section 2.05(a).

(b) If, with respect to any Eurodollar Rate Loans of any Class, Lenders owed at least 50% of the then aggregate principal amount thereof notify the Agent that the Eurodollar Rate for any Interest Period for such Loans will not adequately reflect the cost to such Lenders of making, funding or maintaining their respective Eurodollar Rate Loans for such Interest Period, the Agent shall forthwith so notify the Company and the applicable Lenders, whereupon (i) each Eurodollar Rate Loan of such Class will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Loan of such Class, and (ii) the obligation of the applicable Lenders to make, or to Convert Loans of such Class into, Eurodollar Rate Loans of such Class shall be suspended until the Agent shall notify the Company and such Lenders that the circumstances causing such suspension no longer exist.

(c) If the Company shall fail to select the duration of any Interest Period for any Eurodollar Rate Loans in accordance with the provisions contained in the definition of "Interest Period" in Section 1.01, the Agent will forthwith so notify the Company and the Appropriate Lenders and such Loans will automatically, on the last day of the then existing Interest Period therefor, Convert into Base Rate Loans.

(d) Upon the occurrence and during the continuance of any Event of Default (i) each applicable Eurodollar Rate Loan will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Loan and (ii) the obligation of the applicable Lenders to make, or to Convert Loans into, Eurodollar Rate Loans shall be suspended.

(e) If Agent is unable to determine the Eurodollar Rate for any Eurodollar Rate Loans,

(i) the Agent shall forthwith notify the Company and the Lenders that the interest rate cannot be determined for such Eurodollar Rate Loans,

(ii) with respect to Eurodollar Rate Loans, each such Loan will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Loan, and

(iii) the obligation of the Lenders to make Eurodollar Rate Loans or to Convert Base Rate Loans into Eurodollar Rate Loans shall be suspended until the Agent shall notify the Company and the Lenders that the circumstances causing such suspension no longer exist.

(f) All interest payments to be made hereunder shall be paid without allowance or deduction for reinvestment or otherwise, before and after maturity, default and judgment. The rates of interest specified in this Agreement are intended to be nominal rates and not effective rates. Interest calculated hereunder shall be calculated using the nominal rate method and not the effective rate method of calculation.

(g) Notwithstanding anything to the contrary contained in any Loan Document, the interest paid or agreed to be paid under the Loan Documents shall not exceed the maximum rate of non-usurious interest permitted by applicable law (the "Maximum Rate"). If the Agent or any Lender shall receive interest in an amount that exceeds the Maximum Rate, the excess interest shall be applied to the principal of the applicable Loans or, if it exceeds such unpaid principal, refunded to the Company, as applicable. In determining whether the interest contracted for, charged, or received by the Agent or a Lender exceeds the Maximum Rate, such Person may, to the extent permitted by applicable law, (a) characterize any payment that is not principal as an expense, fee, or premium rather than interest, (b) exclude voluntary prepayments and the effects thereof, and (c) amortize, prorate, allocate, and spread in equal or unequal parts the total amount of interest throughout the contemplated term of the Obligations hereunder.

SECTION 2.07. Optional Conversion of Loans. The Company may on any Business Day, upon notice given to the Agent not later than 11:00 A.M. (New York City time) on the third Business Day prior to the date of the proposed Conversion and subject to the provisions of Sections 2.06 and 2.10, Convert all or any portion of the Loans made to it of one Type comprising the same Borrowing into Loans of the other Type; provided, however, that any Conversion of Eurodollar Rate Loans into Base Rate Loans shall be made only on the last day of an Interest Period for such Eurodollar Rate Loans, any Conversion of Base Rate Loans into Eurodollar Rate Loans shall be in an amount not less than the

minimum amount specified in Section 2.02(b), no Conversion of any Loans shall result in more separate Borrowings than permitted under Section 2.02(b) and each Conversion of Loans comprising part of the same Borrowing shall be made ratably among the applicable Lenders in accordance with the outstanding Loans of the applicable Lenders. Each such notice of a Conversion shall, within the restrictions specified above, specify (i) the date of such Conversion, (ii) the Loans to be Converted, and (iii) if such Conversion is into Eurodollar Rate Loans, the duration of the initial Interest Period for each such Loan. Each notice of Conversion shall be irrevocable and binding on the Company.

SECTION 2.08. Prepayments of Loans. (a) Optional. The Company may, upon notice at least three Business Days' prior to the date of such prepayment, in the case of Eurodollar Rate Loans, and not later than 11:00 A.M. (New York City time) on the Business Day prior to such prepayment, in the case of Base Rate Loans, to the Agent stating the proposed date and aggregate principal amount of the prepayment, and if such notice is given the Company shall, prepay the outstanding principal amount of the Loans of a Class comprising part of the same Borrowing made to it in whole or in part, together with accrued interest to the date of such prepayment on the principal amount prepaid, plus the Optional Prepayment Premium; provided, however, that (x) each partial prepayment of the Loans of such Class shall be in an aggregate principal amount of \$10,000,000, or an integral multiple of \$5,000,000 in excess thereof and (y) in the event of any such prepayment of a Eurodollar Rate Loan, the Company shall be obligated to reimburse the Lenders in respect thereof pursuant to Section 9.04(c), provided further that no voluntary prepayment of the Junior Loans may be made until the First Lien Loans and other Obligations in respect thereof (other than contingent indemnification obligations not yet due and payable) have been paid in full in cash.

(b) Mandatory.

(i) Subject in all respects to the prepayment and cash collateralization requirements under the Revolving Credit Agreement, and to the extent actually applied thereunder, to the extent not applied pursuant to the Revolving Credit Agreement with respect to Revolving Credit Facility Collateral, within three (3) Business Days of the receipt by the Company or any of its Subsidiaries of Net Cash Proceeds from Asset Sales or Casualty Events (other than the Specified Sale) when aggregated with all such Net Cash Proceeds received prior to that time and not otherwise applied is equal to or greater than Proceeds Amount, the Company shall apply all such Net Cash Proceeds to prepay the Loans in the manner set forth in Section 2.08(b)(iv). After such application, the Net Cash Proceeds shall reset to zero upon the making of a mandatory prepayment pursuant to this Section 2.08(b)(i).

(ii) Subject to Section 2.08(b)(vi), within three (3) Business Days after day of receipt by the Company or any of its Subsidiaries of the Net Cash Proceeds from the Specified Sale, the Company shall apply an amount equal to the Applicable Prepayment Percentage of such Net Cash Proceeds (if any) to prepay the Loans in the manner set forth in Section 2.08(b)(iv). If the winning bid for any portion of assets or businesses that are part of a Specified Sale include a credit bid of New Money Loans (as defined in the Existing DIP Term Loan Agreement), the amount of such credit bid shall be deemed to be Net Cash Proceeds for purposes of this Section 2.08(b)(ii).

(iii) Beginning with the Excess Cash Flow Period ending on December 31, 2014, the Company shall calculate Excess Cash Flow for such Excess Cash Flow Period no later than six months after the end of such Excess Cash Flow Period (such date, the "**Excess Cash Flow Calculation Date**") and deliver a certificate signed by a Responsible Officer setting forth the amount, if any, of Excess Cash Flow for such Excess Cash Flow Period and the calculation thereof in reasonable detail. If the Worldwide Cash as of the last day of the

applicable Excess Cash Flow Period exceeds \$800,000,000 (the “*Excess Cash Trigger Amount*”), the Company shall apply an amount equal to 50% of Excess Cash Flow above the Excess Cash Trigger Amount to prepay the Loans no later than 45 days following the Excess Cash Flow Calculation Date in the manner set forth in Section 2.08(b)(iv); provided that no prepayment shall be required pursuant to this Section 2.08(iii) to the extent that such prepayment would cause (a) Worldwide Cash to be less than the Excess Cash Trigger Amount or (b) U.S. Minimum Liquidity to be less than \$100,000,000.

(iv) Each prepayment of principal pursuant to this Section 2.08(b) shall be applied in the following order: (x) first, to the ratable prepayment of the First Lien Loans until all such Loans have been prepaid in full, and second to the ratable prepayment of the Junior Loans until all such Loans have been prepaid in full and (y) first to outstanding Base Rate Loans of each applicable Class up to the full amount thereof, and second to outstanding Eurodollar Rate Loans of each applicable Class up to the full amount thereof. Each prepayment made pursuant to this Section 2.08(b) shall be made together with any interest accrued to the date of such prepayment on the principal amounts prepaid and, in the case of any prepayment of a Eurodollar Rate Loan on a date other than the last day of an Interest Period or at its maturity, any additional amounts which the Company shall be obligated to reimburse to the Lenders in respect thereof pursuant to Section 9.04(c).

(v) The Agent shall give prompt notice of any prepayment required under this Section 2.08(b) to Lenders.

(vi) Notwithstanding any other provisions of this Section 2.08(b), (A) with respect only to any Asset Sale, IP License or Casualty Event described in Section 2.08(b)(i), to the extent that applicable law would effectively (1) prohibit or delay the repatriation to the United States of America of any Net Cash Proceeds received by any Subsidiary that is not a U.S. Subsidiary or (2) impose material adverse tax or legal consequences on the Company and its Subsidiaries if such Net Cash Proceeds were so repatriated, in each case as determined by the Company in good faith, the portion of such Net Cash Proceeds so affected shall be disregarded for purposes of determining the amount of any mandatory prepayment required to be made under this Section 2.08(b) so long, but only for so long, as applicable local law would prohibit such repatriation (the Company hereby agreeing to promptly take or to cause the applicable Subsidiary to promptly take (as the case may be) all actions required by the applicable local law to permit such repatriation) or impose such material adverse tax consequences, and at such time as such repatriation of any such Net Cash Proceeds becomes permitted under the applicable local law and/or such material adverse tax consequences would no longer exist (and in any event within three Business Days thereafter) (and whether or not any of such Net Cash Proceeds are actually repatriated), the Company shall prepay the Loans in accordance with Section 2.08(b)(iii), and (B) with respect only to any Excess Cash Flow prepayment described in Section 2.08(b)(iii), to the extent that applicable law would effectively prohibit or delay the repatriation to the United States of America of any proceeds received by any Subsidiary that is not a U.S. Subsidiary or result in material adverse tax consequences, as determined by the Company in good faith, the proceeds so affected shall be disregarded for purposes of determining the amount of any mandatory prepayment required to be made under Section 2.08(b) so long, but only for so long, as applicable local law would prohibit such repatriation (the Company hereby agreeing to promptly take or to cause the applicable Subsidiary to promptly take (as the case may be) all actions required by the applicable local law to permit such repatriation), and at such time as such repatriation of any such proceeds becomes permitted under the applicable local law (and in any event within three Business Days

thereafter) (and whether or not any of such proceeds are actually repatriated), the Company shall prepay the Loans in accordance with Section 2.08(b)(iv).

(vii) Any Net Cash Proceeds not required to be applied to the prepayment of Loans pursuant to this Section 2.08 shall be available to the Company and its Subsidiaries to use for their general corporate purposes.

(viii) If any of the Loans would otherwise constitute an “applicable high yield discount obligation” within the meaning of Section 163(i)(1) of the Code, at the end of any “accrual period” (as defined in Section 1272(a)(5) of the Code) ending after the fifth anniversary of the date of the Existing DIP Term Loan Agreement (each, an “AHYDO Redemption Date”), the Company shall be required to redeem for cash a portion of each such Loan then outstanding equal to the Mandatory Principal Redemption Amount (each such redemption, a “Mandatory Principal Redemption”). The redemption price for the portion of each Loan thus redeemed shall be 100% of the principal amount of such portion plus any accrued interest thereon on the date of redemption. No partial redemption or repurchase of the Loans prior to any AHYDO Redemption Date pursuant to any other provision of this Agreement will alter the Company’s obligation to make any Mandatory Principal Redemption with respect to any Loans that remain outstanding on such AHYDO Redemption Date. The ordering rule in Section 2.08(b)(iv) shall not apply to redemptions required pursuant to this Section 2.08(b)(viii).

SECTION 2.09. Increased Costs. (a) If, due to either (i) the introduction of or any change in or in the interpretation of any law or regulation or (ii) the compliance with any guideline or request from any central bank or other governmental authority (whether or not having the force of law), there shall be any increase in the cost to any Lender of agreeing to make or making, funding or maintaining Eurodollar Rate Loans (or, in the case of any change in or in the interpretation of any law or regulations with respect to taxes, any Loans) (excluding for purposes of this Section 2.09 any such increased costs resulting from (x) Taxes, Excluded Taxes or Other Taxes (as to which Section 2.12 shall govern) and (y) changes in the basis of taxation of overall net income or overall gross income by the United States or by the foreign jurisdiction or state under the laws of which such Lender is organized or has its Applicable Lending Office or any political subdivision thereof), then the Company shall from time to time, upon demand by such Lender (with a copy of such demand to the Agent), pay such Lender additional amounts sufficient to compensate such Lender for such increased cost; provided, however, that before making any such demand, each Lender agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to designate a different Applicable Lending Office if the making of such a designation would avoid the need for, or reduce the amount of, such increased cost and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. A certificate as to the amount of such increased cost, submitted to the Company and the Agent by such Lender, shall be conclusive and binding for all purposes, absent manifest error.

Notwithstanding anything herein to the contrary, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a “change in law”, regardless of the date enacted, adopted or issued.

(b) If any Lender determines that compliance with any law or regulation or any guideline or request from any central bank or other governmental authority (whether or not having the force of law) affects or would affect the amount of capital required or expected to be maintained by such

Lender or any corporation controlling such Lender and that the amount of such capital is increased by or based upon the existence of such Lender's commitment to lend hereunder and other commitments of such type, then, upon demand by such Lender (with a copy of such demand to the Agent), the Company shall pay such Lender, from time to time as specified by such Lender, additional amounts sufficient to compensate such Lender or such corporation in the light of such circumstances, to the extent that such Lender reasonably determines such increase in capital to be allocable to the existence of such Lender's commitment to lend hereunder. A certificate as to such amounts submitted to the Company and the Agent by such Lender shall be conclusive and binding for all purposes, absent manifest error.

SECTION 2.10. Illegality. Notwithstanding any other provision of this Agreement, if any Lender shall notify the Agent that the introduction of or any change in or in the interpretation of any law or regulation makes it unlawful, or any central bank or other governmental authority asserts that it is unlawful, for any Lender or its Eurodollar Lending Office to perform its obligations hereunder to make Eurodollar Rate Loans or to fund or maintain Eurodollar Rate Loans hereunder, (a) each Eurodollar Rate Loan will automatically, upon such demand, Convert into a Base Rate Loan and (b) the obligation of the Lenders to make, or to Convert Loans into, Eurodollar Rate Loans shall be suspended until the Agent shall notify the Company and the Lenders that the circumstances causing such suspension no longer exist; provided, however, that before making any such demand, each Lender agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to designate a different Eurodollar Lending Office if the making of such a designation would allow such Lender or its Eurodollar Lending Office to continue to perform its obligations to make Eurodollar Rate Loans or to continue to fund or maintain Eurodollar Rate Loans and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender.

SECTION 2.11. Payments and Computations. (a) The Company shall make each payment hereunder without condition or deduction for any right of counterclaim, defense, recoupment or set-off, not later than 11:00 A.M. (New York City time) on the day when due in Dollars to the Agent at the Agent's Account in same day funds. The Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal, interest, fees or commissions ratably (other than amounts payable pursuant to Section 2.03, 2.09, 2.12 or 9.04(c)) to the applicable Lenders for the account of their respective Applicable Lending Offices, and like funds relating to the payment of any other amount payable to any Lender to such Lender for the account of its Applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon its acceptance of an Assignment and Acceptance and recording of the information contained therein in the Register pursuant to Section 9.08(c), from and after the effective date specified in such Assignment and Acceptance, the Agent shall make all payments hereunder and under the Notes in respect of the interest assigned thereby to the Lender assignee thereunder, and the parties to such Assignment and Acceptance shall make all appropriate adjustments in such payments for periods prior to such effective date directly between themselves.

(b) The Company hereby authorizes each Lender, if and to the extent payment owed to such Lender is not made when due hereunder or under the Note held by such Lender, to charge from time to time against any or all of the Company's accounts with such Lender any amount so due.

(c) All computations of interest and of fees shall be made by the Agent on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest or fees or commissions are payable. Each determination by the Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent manifest error.

(d) Whenever any payment hereunder or under the Notes shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and

such extension of time shall in such case be included in the computation of payment of interest or fee, as the case may be; provided, however, that, if such extension would cause payment of interest on or principal of Eurodollar Rate Loans to be made in the next following calendar month, such payment shall be made on the next preceding Business Day.

(e) Unless the Agent shall have received notice from the Company prior to the date on which any payment is due to the Lenders hereunder that the Company will not make such payment in full, the Agent may assume that the Company has made such payment in full to the Agent on such date and the Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent the Company shall not have so made such payment in full to the Agent, each Lender shall repay to the Agent forthwith on demand such amount distributed to such Lender together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Agent, at the Federal Funds Rate.

(f) Subject to Section 6.02 and to the Intercreditor Agreement, if the Agent receives funds for application to the Obligations of the Company under or in respect of the Loan Documents under circumstances for which the Loan Documents do not specify, or the Company does not direct the manner in which such funds are to be applied, the Agent may, but shall not be obligated to, elect to distribute such funds first, toward payment of interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties, and second, toward payment of principal, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.

SECTION 2.12. Taxes. (a) Any and all payments by or on account of any obligation of any Loan Party to or for the account of any Lender or the Agent hereunder or under the Notes shall be made, in accordance with Section 2.11 or the applicable provisions of such other documents, free and clear of and without deduction for any and all present or future taxes, levies, imposts, deductions, remittances, charges or withholdings, and all liabilities with respect thereto, excluding, in the case of each Lender and the Agent (i) taxes imposed on its overall net income, and franchise taxes imposed on it in lieu of net income taxes, by the jurisdiction under the laws of which such Lender or the Agent (as the case may be) is organized or in which its principal executive office is located, or any political subdivision thereof and, in the case of each Lender, taxes imposed on its overall net income, and franchise taxes imposed on it in lieu of net income taxes, by the jurisdiction of such Lender's Applicable Lending Office or any political subdivision thereof, and (ii) any U.S. federal withholding taxes imposed under FATCA that would not have been imposed but for the failure of the Agent or Lender, as applicable, to satisfy the applicable requirements of FATCA (all such non-excluded taxes, levies, imposts, deductions, charges, withholdings and liabilities in respect of payments hereunder or under the Notes being hereinafter referred to as "Taxes" and all such excluded taxes being referred to as "Excluded Taxes"). If any Loan Party or the Agent shall be required by law to deduct, remit or withhold any Taxes from or in respect of any sum payable hereunder or under any Note to any Lender or the Agent, (i) the sum payable by the applicable Loan Party shall be increased as may be necessary so that after all required deductions, remittances or withholdings are made (including deductions applicable to additional sums payable under this Section 2.12), such Lender or the Agent (as the case may be) receives an amount equal to the sum it would have received had no such deductions been made, (ii) such Loan Party or the Agent shall make such deductions and (iii) such Loan Party or the Agent shall pay the full amount deducted, remitted or withheld to the relevant taxation authority or other authority in accordance with applicable law.

(b) In addition, each Loan Party shall pay any present or future stamp or documentary taxes or any other excise or property taxes, charges or similar levies that arise from any payment made by such Loan Party hereunder or under any other Loan Documents or from the execution,

delivery or registration of, performing under, or otherwise with respect to, this Agreement or the other Loan Documents (hereinafter referred to as “Other Taxes”).

(c) The Loan Parties shall indemnify each Lender and the Agent for and hold it harmless against the full amount of Taxes or Other Taxes (including, without limitation, taxes of any kind imposed or asserted by any jurisdiction on amounts payable under this Section 2.12) imposed on or paid or remitted by such Lender or the Agent (as the case may be) and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto. This indemnification shall be made within 30 days from the date such Lender or the Agent (as the case may be) makes written demand therefor with appropriate supporting documentation.

(d) Within 30 days after the date of any payment of Taxes, the appropriate Loan Party shall furnish to the Agent, at its address referred to in Section 9.02, the original or a certified copy of a receipt evidencing such payment to the extent such a receipt is issued therefor, or other written proof of payment thereof that is reasonably satisfactory to the Agent. In the case of any payment hereunder or under the Notes or any other documents to be delivered hereunder by or on behalf of a Loan Party through an account or branch outside the United States or by or on behalf of a Loan Party by a payor that is not a United States person, if such Loan Party determines that no Taxes are payable in respect thereof, such Loan Party shall furnish, or shall cause such payor to furnish, to the Agent, at such address, an opinion of counsel reasonably acceptable to the Agent stating that such payment is exempt from Taxes. For purposes of this subsection (d) and subsection (e), the terms “United States” and “United States person” shall have the meanings specified in Section 7701 of the Code.

(e) Each Lender or Agent organized under the laws of a jurisdiction outside the United States, on or prior to the date of its execution and delivery of this Agreement, on or prior to the designation of any different Applicable Lending Office, on the date of the Assignment and Acceptance pursuant to which it becomes a Lender in the case of each Lender that becomes a party hereto pursuant to Section 9.08, on the date such Agent is appointed pursuant to Section 8.07 in the case of a successor Agent, and from time to time thereafter as reasonably requested in writing by the Company or the Agent (but only so long as such Lender or the Agent remains lawfully able to do so), shall provide each of the Agent and the Company with two original Internal Revenue Service Forms W-8BEN or (in the case of a Lender or the Agent that is claiming (A) an exemption from, or reduction in the rates of, United States federal withholding tax under an applicable income tax treaty or (B) an exemption from United States federal withholding tax under Section 871(h) or 881(c) of the Code with respect to payments of “portfolio interest” and, in the case of this clause (B), that has certified in writing to the Agent and the Company that it is not (i) a “bank” as defined in Section 881(c)(3)(A) of the Code, (ii) a 10-percent shareholder (within the meaning of Section 871(h)(3)(B) of the Code) of any Loan Party or (iii) a controlled foreign corporation related to any Loan Party (within the meaning of Section 864(d)(4) of the Code (a “Compliance Certificate”)) or Internal Revenue Service Forms W-8ECI, Internal Revenue Service Forms W-8IMY, accompanied by Internal Revenue Service Forms W-8ECI, W-8BEN (together with a withholding statement and Compliance Certificates, as appropriate), W-9, and/or other certification documents from each beneficial owner, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that such Lender or the Agent is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement or any other Loan Document or Internal Revenue Service Forms W-8BEN certifying that such Lender or the Agent is a foreign corporation, partnership, estate or trust. If the form provided by a Lender at the time such Lender first becomes a party to this Agreement indicates a United States interest withholding tax rate in excess of zero, withholding tax at such rate shall be considered Excluded Taxes unless and until such Lender provides the appropriate forms certifying that a lesser rate applies, whereupon withholding tax at such lesser rate only shall be considered Excluded Taxes for periods governed by such form; provided, however, that, if at the date of the Assignment and Acceptance pursuant to which a Lender assignee

becomes a party to this Agreement, the Lender assignor was entitled to payments under subsection (a) in respect of United States withholding tax with respect to interest paid at such date, then, to such extent, the term Taxes shall include (in addition to withholding taxes that may be imposed in the future or other amounts otherwise includable in Taxes) United States withholding tax, if any, applicable with respect to the Lender assignee on such date. If a payment made to a Lender hereunder or under the Notes would be subject to U.S. federal withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Company and the Agent at the time or times prescribed by law and at such time or times reasonably requested by the Company or the Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Company or the Agent as may be necessary for the Company and the Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this Section 2.12(e), "FATCA" shall include any amendments made to FATCA after the date of this Agreement. If any form or document referred to in this subsection (e) (other than FATCA documentation) requires the disclosure of information, other than information necessary to compute the tax payable and information required on the Conversion Date by Internal Revenue Service Form W-8BEN or W-8ECI or the related certificate described above, that the Lender reasonably considers to be confidential, the Lender shall give notice thereof to the Company and shall not be obligated to include in such form or document such confidential information, except directly to a governmental authority or other Person subject to a reasonable confidentiality agreement. In addition, upon the written request of the Company or the Agent, each Lender or the Agent shall provide any other certification, identification, information, documentation or other reporting requirement if (i) delivery thereof is required by a change in the law, regulation, administrative practice or any applicable tax treaty as a precondition to exemption from or a reduction in the rate of deduction or withholding; (ii) the Agent or Lender, as the case may be, is legally entitled to make delivery of such item; and (iii) delivery of such item will not result in material additional costs unless the Company shall have agreed in writing to indemnify Lender or the Agent for such costs.

(f) For any period with respect to which a Lender has failed to provide the Company with the appropriate form, certificate or other document described in Section 2.12(e) (other than if such failure is due to a change in law, or in the interpretation or application thereof, occurring subsequent to the date on which a form, certificate or other document originally was required to be provided, or if such form, certificate or other document otherwise is not required under subsection (e) above), taxes imposed by the United States of America by reason of such failure shall be treated as Excluded Taxes; provided, however, that should a Lender become subject to taxes because of its failure to deliver a form, certificate or other document required hereunder, the Loan Parties, at such Lender's expense, shall take such steps as the Lender shall reasonably request to assist the Lender to recover such taxes.

(g) Any Lender claiming any additional amounts payable pursuant to this Section 2.12 agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Applicable Lending Office if the making of such a change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender.

(h) If any Lender or the Agent determines, in its sole discretion, that it has actually and finally realized, by reason of a refund, deduction or credit of any Taxes paid or reimbursed by a Loan Party pursuant to subsection (a) or (c) above in respect of payments under this Agreement or the other Loan Documents, a current monetary benefit that it would otherwise not have obtained, and that would result in the total payments under this Section 2.12 exceeding the amount needed to make such Lender or the Agent whole, such Lender or the Agent, as the case may be, shall pay to the applicable Loan Party,

with reasonable promptness following the date on which it actually realizes such benefit, an amount equal to the lesser of the amount of such benefit or the amount of such excess, in each case net of all out-of-pocket expenses in securing such refund, deduction or credit; provided, that the Company, upon the request of the Agent or such Lender, agree to repay the amount paid (with interest and penalties) over to any Loan Party to the Agent or such Lender in the event the Agent or such Lender is required to repay such amount to such governmental authority.

(i) If any Loan Party determines in good faith that a reasonable basis exists for contesting the applicability of any Tax or Other Tax, the Agent or the relevant Lender shall cooperate with such Loan Party, upon the request and at the expense of such Loan Party, in challenging such Tax or Other Tax. Nothing in this Section 2.12(i) or in Section 2.12(h) shall require the Agent or any Lender to disclose the contents of its tax returns or other confidential information to any Person.

(j) Each Lender shall severally indemnify the Agent, within 10 days after demand therefor, for (i) any Taxes or Other Taxes attributable to such Lender (but only to the extent that any Loan Party has not already indemnified the Agent for such Taxes and Other Taxes and without limiting the obligation of the Loan Parties to do so), (ii) any taxes attributable to such Lender's failure to comply with the provisions of Section 9.08(i) relating to the maintenance of a Participant Register and (iii) any taxes excluded from the definition of "Taxes" attributable to such Lender, in each case, that are payable or paid by the Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such taxes were correctly or legally imposed or asserted by the relevant governmental authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Agent to the Lender from any other source against any amount due to the Agent under this Section 2.12(j). For the avoidance of doubt, except as otherwise provided in Sections 2.12(a), 2.12(b), and 2.12(c), nothing in this Section 2.12(j) shall result in any increase in the liability of any Loan Party to any Lender or the Agent for Taxes or Other Taxes.

SECTION 2.13. Sharing of Payments, Etc. Without expanding the rights of any Lender under this Agreement, if any Appropriate Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) on account of the Loans owing to it (other than pursuant to Section 2.09, 2.12 or 9.04(c)) in excess of its ratable share (according to the proportion of (i) the amount of such Loans due and payable to such Lender at such time to (ii) the aggregate amount of the Loans due and payable at such time to all Appropriate Lenders hereunder) of payments on account of the Loans obtained by all the Appropriate Lenders, such Lender shall forthwith purchase from the other Appropriate Lenders such participations in the Loans owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Appropriate Lender shall be rescinded and such Appropriate Lender shall repay to the purchasing Lender the purchase price to the extent of such Appropriate Lender's ratable share (according to the proportion of (i) the purchase price paid to such Lender to (ii) the aggregate purchase price paid to all Appropriate Lenders) of such recovery together with an amount equal to such Appropriate Lender's ratable share (according to the proportion of (i) the amount of such Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered; provided further that, so long as the applicable Loans shall not have become due and payable pursuant to Section 6.01, any excess payment received by any Appropriate Lender shall be shared on a pro rata basis only with other Appropriate Lenders. The Company agrees that any Appropriate Lender so purchasing a participation from another Appropriate Lender pursuant to this Section 2.13 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of set-off) with respect to such participation as fully

as if such Lender were the direct creditor of the Loan Parties in the amount of such participation; provided further that each Lender shall only purchase participations in Loans under the Facilities with respect to which they hold an outstanding Loan.

SECTION 2.14. Evidence of Debt. (a) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Company to such Lender resulting from each Loan owing to such Lender from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder in respect of the Loans. The Company agrees that upon notice by any Lender to the Company (with a copy of such notice to the Agent) to the effect that a Note is required or appropriate in order for such Lender to evidence (whether for purposes of pledge, enforcement or otherwise) the Loans owing to, or to be made by, such Lender, the Company shall promptly execute and deliver to such Lender a Note, as applicable, properly completed, payable to such Lender and its registered assigns in an amount equal to the outstanding principal amount of the Loans of such Lender.

(b) The Register maintained by the Agent pursuant to Section 9.08(e) shall include (i) the date and amount of each Borrowing made hereunder, the Type of Loans comprising such Borrowing and, if appropriate, the Interest Period applicable thereto, (ii) the terms of each Assignment and Acceptance delivered to and accepted by it, (iii) the amount of any principal or interest due and payable or to become due and payable from the Company to each Lender hereunder and (iv) the amount of any sum received by the Agent from the Company hereunder and each Lender's share thereof.

(c) Entries made in good faith by each Lender in its account or accounts pursuant to subsection (a) above, shall be prima facie evidence of the amount of principal and interest due and payable or to become due and payable from the Company to such Lender under this Agreement, absent manifest error; provided, however, that the failure of such Lender to make an entry, or any finding that an entry is incorrect, in such account or accounts shall not limit or otherwise affect the obligations of the Company under this Agreement with respect to Loans made and not repaid.

SECTION 2.15. Use of Proceeds. The proceeds of the Loans shall be deemed used for general corporate purposes and to fund working capital requirements of the Company.

SECTION 2.16. Defaulting Lenders. Anything contained herein to the contrary notwithstanding, in the event that (i) any Lender shall become a Defaulting Lender and (ii) such Defaulting Lender shall fail to cure the default as a result of which it has become a Defaulting Lender within five Business Days after the Company's request that it cure such default, the Company shall have the right (but not the obligation) to repay such Defaulting Lender in an amount equal to the principal of, and all accrued interest on, all outstanding Loans owing to such Lender, together with all other amounts due and payable to such Lender under the Loan Documents.

SECTION 2.17. Replacement of Certain Lenders. In the event a Lender ("Affected Lender") shall have (a) become a Defaulting Lender hereunder, (b) requested compensation from the Company under Section 2.12 with respect to Taxes or Other Taxes or with respect to increased costs or capital or under Section 2.09 or other additional costs incurred by such Lender which, in any case, are not being incurred generally by the other Lenders, (c) has not agreed to any consent, waiver or amendment that requires the agreement of all Lenders or all affected Lenders in accordance with the terms of Section 9.01 and as to which the Required Lenders have agreed, or (d) delivered a notice pursuant to Section 2.10 claiming that such Lender is unable to extend Eurodollar Rate Loans for reasons not generally applicable to the other Lenders, then, in any case, the Company or the Agent may make written demand on such Affected Lender (with a copy to the Agent in the case of a demand by the Company and a copy to the Company in the case of a demand by the Agent) for the Affected Lender to assign at par, and such

Affected Lender shall use commercially reasonable efforts to assign pursuant to one or more duly executed Assignments and Acceptances five Business Days after the date of such demand, to one or more financial institutions that comply with the provisions of Section 9.08 which the Company or the Agent, as the case may be, shall have engaged for such purpose (“Replacement Lender”), all of such Affected Lender’s rights and obligations under this Agreement and the other Loan Documents (including, without limitation, all Loans owing to it) in accordance with Section 9.08. The Agent is authorized to execute one or more of such Assignments and Acceptances as attorney-in-fact for any Affected Lender failing to execute and deliver the same within 5 Business Days after the date of such demand. Further, with respect to such assignment, the Affected Lender shall have concurrently received, in cash, all amounts due and owing to the Affected Lender hereunder or under any other Loan Document; provided that upon such Affected Lender’s replacement, such Affected Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 2.12 and 9.04, as well as to any fees accrued for its account hereunder and not yet paid, and shall continue to be obligated under Section 8.05 with respect to losses, obligations, liabilities, damages, penalties, actions, judgments, costs, expenses or disbursements for matters which occurred prior to the date the Affected Lender is replaced.

(b) Notwithstanding anything herein to the contrary but subject to the following proviso, the Company may refinance all or a portion of the Junior Loans (as defined in the Existing DIP Term Loan Agreement) on or before the Conversion Date with proceeds of Debt that would constitute Permitted Refinancing of the Junior Loans hereunder (“Conversion Junior Loan Refinancing Debt”), and elect to have the outstanding New Money Loans (as defined in the Existing DIP Term Loan Agreement) deemed to be First Lien Loans hereunder and any Junior Loans (as defined in the Existing DIP Term Loan Agreement) not so refinanced to be Junior Loans hereunder; provided that, notwithstanding anything to the contrary in the foregoing, (i) such Conversion Junior Loan Refinancing Debt shall have the same obligors, guarantors and collateral as the Junior Loans hereunder, (ii) the priority of the Lien securing the Conversion Junior Loan Refinancing Debt may be pari passu or junior to the Lien securing the Junior Loans, (iii) the payment waterfall provisions with respect to such Conversion Loan Junior Refinancing shall be no less favorable to the First Lien Lenders than those set forth in the Loan Documents, including, without limitation, Sections 2.08 and 6.02 and (iv) such Conversion Junior Loan Refinancing Debt shall have no covenants or events of default that are more restrictive, taken as a whole, than the covenants or events of default set forth in this Agreement.

(j) Collateral Documents. Any Collateral Document or financing statement after delivery thereof pursuant to Section 3.01 or 5.01(i) or (j) shall for any reason (other than pursuant to the terms thereof) cease to create a valid and perfected first priority lien on and security interest in the Collateral (other than the Specified Collateral as set forth in Section [6(m)] of the Security Agreement) purported to be covered thereby;

then, and in any such event, the Agent shall at the request, or may with the consent of the Required Lenders (i) by notice to the Company, declare the Loans, all interest thereon and all other amounts payable in respect thereof under this Agreement to be forthwith due and payable, whereupon such Loans, all such interest and all such amounts shall become and be forthwith due and payable, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Company; and (ii) subject to the provisions of the Intercreditor Agreement, exercise rights and remedies in respect of the Collateral in accordance with [Section 19] of the Security Agreement and/or the comparable provisions of any other Collateral Document and applicable law.

SECTION 6.02. Application of Funds; Intercreditor Provisions. After the exercise of remedies provided for in Section 6.01 (or after the Loans have become immediately due and payable), any amounts received by the Agent on account of the Obligations shall be applied by the Agent in the following order:

(a) With respect to amounts received from or on account of the Company, or in respect of any Collateral (subject to the proviso at the end of this Section 6.02(a)):

First, to payment of that portion of the Obligations constituting fees, indemnities, expenses and other amounts (including fees, charges and disbursements of counsel to the Agent and amounts payable under Article II) payable to the Agent in its capacity as such;

Second, to payment of that portion of the Obligations in respect of the First Lien Loans, ratably among the First Lien Lenders in proportion to the respective amounts described in this clause Second held by them;

Third, to payment of that portion of the Obligations in respect of the Junior Loans, ratably among the Junior Loan Lenders in proportion to the respective amounts described in this clause Third held by them; and

Last, the balance, if any, after all of the Obligations have been paid in full in cash, to the Company or as otherwise required by law;

provided, that the application to the Obligations pursuant to this Section 6.02(a) of amounts received in respect of Collateral is expressly subject to the priorities set forth in the Intercreditor Agreement, and all such amounts shall first be allocated in accordance with such priorities before being applied to the Obligations pursuant to this Section 6.02(a).

(b) Without limiting the generality of the foregoing, this Section 6.02 is intended to constitute and shall be deemed to constitute a "subordination agreement" within the meaning of Section 510(a) of the Bankruptcy Code and is intended to be and shall be interpreted to be enforceable to the maximum extent permitted pursuant to applicable law. Amounts applied pursuant to clauses First through Last of Section 6.02(a) are to be applied, for the avoidance of doubt, in the order required by such clauses until the payment in full in cash of the applicable Obligations referred to in the applicable clause.

(c) If any Secured Party collects or receives any amounts received on account of the Obligations to which it is not entitled under Section 6.02(a) hereof, such Secured Party shall hold the same in trust for the applicable Secured Parties entitled thereto and shall forthwith deliver the same to the Agent, for the account of such Secured Parties, to be applied in accordance with Section 6.02(a) hereof, in each case until the prior payment in full in cash of the applicable Obligations of such Secured Parties.

(d) It is the intention of the parties hereto that (and to the maximum extent permitted by law the parties hereto agree that) the Obligations in respect of the First Lien Loans (and any security therefor) constitute a separate and distinct class (and separate and distinct claims) from the Obligations (and security therefor) in respect of the Junior Loans.

(e) (i) EACH LENDER WITH OUTSTANDING FIRST LIEN LOANS ACKNOWLEDGES AND AGREES THAT THE OBLIGATIONS IN RESPECT OF THE OUTSTANDING FIRST LIEN LOANS ARE ENTITLED TO DISTRIBUTIONS PURSUANT TO THIS SECTION 6.02 PRIOR TO ANY DISTRIBUTIONS BEING APPLIED TO THE OBLIGATIONS IN RESPECT OF OUTSTANDING JUNIOR LOANS.

ARTICLE VII

GUARANTY

SECTION 7.01. Guaranty; Limitation of Liability. (a) Each of the Company and each Subsidiary Guarantor, jointly and severally, hereby absolutely, unconditionally and irrevocably guarantees the punctual payment when due, whether at scheduled maturity or on any date of a required prepayment or by acceleration, demand or otherwise, of all obligations of each other Loan Party and each other Subsidiary of the Company now or hereafter existing under or in respect of the Loan Documents (including, without limitation, any extensions, modifications, substitutions, amendments or renewals of any or all of the foregoing obligations), whether direct or indirect, absolute or contingent, and whether for principal, interest, premiums, fees, indemnities, contract causes of action, costs, expenses or otherwise (such obligations being the "Guaranteed Obligations"), and agrees to pay any and all expenses (including, without limitation, reasonable fees and expenses of counsel) incurred by the Agent or any other Lender in enforcing any rights under this Guaranty or any other Loan Document. Without limiting the generality of the foregoing, each Guarantor's liability shall extend to all amounts that constitute part of the Guaranteed Obligations and would be owed by any other Loan Party or Subsidiary of the Company, as applicable, to the Agent or any Lender under or in respect of the Loan Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving such other Loan Party or Subsidiary, as the case may be.

(b) Each Guarantor, and by its acceptance of this Guaranty, the Agent and each other Lender, hereby confirms that it is the intention of all such Persons that this Guaranty and the obligations of each Guarantor hereunder not constitute a fraudulent transfer or conveyance for purposes of the Bankruptcy Code, the Uniform Fraudulent Conveyance Act, the Uniform Fraudulent Transfer Act or any similar foreign, federal or state law to the extent applicable to this Guaranty and the obligations of such Guarantor hereunder. To effectuate the foregoing intention, the Agent, the Lenders and the Guarantors hereby irrevocably agree that the obligations of such Guarantor under this Guaranty at any time shall be limited to the maximum amount as will result in the obligations of such Guarantor under this Guaranty not constituting a fraudulent transfer or conveyance.

(c) Each Guarantor hereby unconditionally and irrevocably agrees that in the event any payment shall be required to be made to the Agent or any Lender under this Guaranty or any guaranty supplement of the Guaranteed Obligations, such Guarantor will contribute, to the maximum extent

permitted by law, such amounts to each other Guarantor and each other guarantor so as to maximize the aggregate amount paid to the Agent and the Lenders under or in respect of the Loan Documents.

SECTION 7.02. Guaranty Absolute. Each Guarantor guarantees that the applicable Guaranteed Obligations will be paid strictly in accordance with the terms of the Loan Documents, regardless of any law, regulation or order now or hereafter in effect in any jurisdiction affecting any of such terms or the rights of the Agent or any Lender with respect thereto. The obligations of each Guarantor under or in respect of this Guaranty are independent of the applicable Guaranteed Obligations or any other obligations of any other Loan Party under or in respect of the Loan Documents, and a separate action or actions may be brought and prosecuted against each Guarantor to enforce this Guaranty, irrespective of whether any action is brought against the Company or any other Loan Party or whether the Company or any other Loan Party is joined in any such action or actions. The liability of each Guarantor under this Guaranty shall be irrevocable, absolute and unconditional irrespective of, and each Guarantor hereby irrevocably waives any defenses it may now have or hereafter acquire in any way relating to, any or all of the following:

(a) any lack of validity or enforceability of any Loan Document or any agreement or instrument relating thereto;

(b) any change in the time, manner or place of payment of, or in any other term of, all or any of the applicable Guaranteed Obligations or any other obligations of any other Loan Party under or in respect of the Loan Documents, or any other amendment or waiver of or any consent to departure from any Loan Document, including, without limitation, any increase in the applicable Guaranteed Obligations resulting from the extension of additional credit to any Loan Party or any of its Subsidiaries or otherwise;

(c) any taking, exchange, release or non-perfection of any Collateral or any other collateral, or any taking, release or amendment or waiver of, or consent to departure from, any other guaranty, for all or any of the applicable Guaranteed Obligations;

(d) any manner of application of Collateral or any other collateral, or proceeds thereof, to all or any of the applicable Guaranteed Obligations or any manner of sale or other disposition of any Collateral or any other collateral for all or any of the applicable Guaranteed Obligations or any other obligations of any Loan Party under the Loan Documents or any other assets of any Loan Party or any of its Subsidiaries;

(e) any change, restructuring or termination of the corporate structure or existence of any Loan Party or any of its Subsidiaries;

(f) any failure of the Agent or any Lender to disclose to any Loan Party any information relating to the business, condition (financial or otherwise), operations, performance, properties or prospects of any other Loan Party now or hereafter known to the Agent or such Lender (each Guarantor waiving any duty on the part of the Agent and the Lenders to disclose such information);

(g) the failure of any other Person to execute or deliver this Agreement, any Guaranty Supplement or any other guaranty or agreement or the release or reduction of liability of any Guarantor or other guarantor or surety with respect to the applicable Guaranteed Obligations; or

(h) any other circumstance (including, without limitation, any statute of limitations) or any existence of or reliance on any representation by the Agent or any Lender that might otherwise constitute a defense available to, or a discharge of, any Loan Party or any other guarantor or surety.

This Guaranty shall continue to be effective or be reinstated, as the case may be, if at any time any payment of any of the applicable Guaranteed Obligations is rescinded or must otherwise be returned by the Agent or any Lender or any other Person upon the insolvency, bankruptcy or reorganization of the Company or any other Loan Party or otherwise, all as though such payment had not been made.

SECTION 7.03. Waivers and Acknowledgments. (a) Each Guarantor hereby unconditionally and irrevocably waives promptness, diligence, notice of acceptance, presentment, demand for performance, notice of nonperformance, default, acceleration, protest or dishonor and any other notice with respect to any of the applicable Guaranteed Obligations and this Guaranty and any requirement that the Agent or any Lender protect, secure, perfect or insure any Lien or any property subject thereto or exhaust any right or take any action against any Loan Party or any other Person or any Collateral.

(b) Each Guarantor hereby unconditionally and irrevocably waives any right to revoke this Guaranty and acknowledges that this Guaranty is continuing in nature and applies to all applicable Guaranteed Obligations whether existing now or in the future.

(c) Each Guarantor hereby unconditionally and irrevocably waives (i) any defense arising by reason of any claim or defense based upon an election of remedies by the Agent or any Lender that in any manner impairs, reduces, releases or otherwise adversely affects the subrogation, reimbursement, exoneration, contribution or indemnification rights of such Guarantor or other rights of such Guarantor to proceed against any of the other Loan Parties, any other guarantor or any other Person or any Collateral and (ii) any defense based on any right of set-off or counterclaim against or in respect of the obligations of such Guarantor hereunder.

(d) Each Guarantor hereby unconditionally and irrevocably waives any duty on the part of the Agent or any Lender to disclose to such Guarantor any matter, fact or thing relating to the business, condition (financial or otherwise), operations, performance, properties or prospects of any other Loan Party or any of its Subsidiaries now or hereafter known by the Agent or such Lender.

(e) Each Guarantor acknowledges that it will receive substantial direct and indirect benefits from the financing arrangements contemplated by the Loan Documents and that the waivers set forth in Section 7.02 and this Section 7.03 are knowingly made in contemplation of such benefits.

SECTION 7.04. Subrogation. Each Guarantor hereby unconditionally and irrevocably agrees not to exercise any rights that it may now have or hereafter acquire against the Company, any other Loan Party or any other insider guarantor that arise from the existence, payment, performance or enforcement of such Guarantor's obligations under or in respect of this Guaranty or any other Loan Document, including, without limitation, any right of subrogation, reimbursement, exoneration, contribution or indemnification and any right to participate in any claim or remedy of the Agent or any Lender against the Company, any other Loan Party or any other guarantor of some or all of the Guaranteed Obligations or any Collateral, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, including, without limitation, the right to take or receive from the Company, any other Loan Party or any other insider guarantor, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or security on account of such claim, remedy or right, unless and until all of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty shall have been paid in full in cash. If any amount shall be paid to any Guarantor in violation of the immediately preceding sentence at any time prior to the latest of (a) the payment in full in cash of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty and (b) the Termination Date, such amount shall be received and held in trust for the benefit of the Agent and the Lenders, shall be segregated from other property and funds of such Guarantor and shall forthwith be paid or delivered to the Agent in the same form as so received (with any necessary endorsement or assignment) to be credited'

and applied to the applicable Guaranteed Obligations and all other amounts payable under this Guaranty by such Guarantor, whether matured or unmatured, in accordance with the terms of the Loan Documents, or to be held as Collateral for any applicable Guaranteed Obligations or other amounts payable under this Guaranty by such Guarantor thereafter arising. If (i) any Guarantor shall make payment to the Agent or any Lender of all or any part of the applicable Guaranteed Obligations, (ii) all of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty by such Guarantor shall have been paid in full in cash and (iii) the Termination Date shall have occurred, the Agent and the Lenders will, at such Guarantor's request and expense, execute and deliver to such Guarantor appropriate documents, without recourse and without representation or warranty, necessary to evidence the transfer by subrogation to such Guarantor of an interest in the applicable Guaranteed Obligations resulting from such payment made by such Guarantor pursuant to this Guaranty.

SECTION 7.05. Guaranty Supplements. Upon the execution and delivery by any Person of a guaranty supplement in substantially the form of Exhibit F hereto (each, a "Guaranty Supplement"), (a) such Person shall be referred to as an "Additional Guarantor" and shall become and be a Guarantor hereunder, and each reference in this Guaranty to a "Guarantor" shall also mean and be a reference to such Additional Guarantor, and each reference in any other Loan Document to a "U.S. Subsidiary Guarantor", as applicable, shall also mean and be a reference to such Additional Guarantor, and (b) each reference herein to "this Guaranty," "hereunder," "hereof" or words of like import referring to this Guaranty, and each reference in any other Loan Document to the "Guaranty," "thereunder," "thereof" or words of like import referring to this Guaranty, shall mean and be a reference to this Guaranty as supplemented by such Guaranty Supplement.

SECTION 7.06. Subordination. (a) Each Guarantor hereby subordinates any and all debts, liabilities and other obligations owed to such Guarantor by each other Loan Party (the "Subordinated Obligations") to the applicable Guaranteed Obligations to the extent and in the manner hereinafter set forth in this Section 7.06:

(b) Prohibited Payments, Etc. Except during the continuance of an Event of Default, each Guarantor may receive regularly scheduled payments from any other Loan Party on account of the Subordinated Obligations. After the occurrence and during the continuance of any Event of Default, however, unless the Required Lenders otherwise agree, no Guarantor shall demand, accept or take any action to collect any payment on account of the Subordinated Obligations.

(c) Prior Payment of Guaranteed Obligations. In any proceeding under the Bankruptcy Code relating to any other Loan Party, each Guarantor agrees that the Lenders shall be entitled to receive payment in full in cash of all applicable Guaranteed Obligations (including all interest and expenses accruing after the commencement of a proceeding under the Bankruptcy Code, whether or not constituting an allowed claim in such proceeding ("Post-Petition Interest")) before such Guarantor receives payment of any Subordinated Obligations.

(d) Turn-Over. Subject to the Intercreditor Agreement, after the occurrence and during the continuance of any Event of Default, each Guarantor shall, if the Agent (with the consent or at the direction of the Required Lenders) so requests, collect, enforce and receive payments on account of the Subordinated Obligations as trustee for the Agent and the Lenders and deliver such payments to the Agent on account of the applicable Guaranteed Obligations (including all Post-Petition Interest), together with any necessary endorsements or other instruments of transfer, but without reducing or affecting in any manner the liability of such Guarantor under the other provisions of this Guaranty.

(e) Agent Authorization. Subject to the Intercreditor Agreement, after the occurrence and during the continuance of any Event of Default, the Agent is authorized and empowered

(but without any obligation to so do), in its discretion, (i) in the name of each Guarantor, to collect and enforce, and to submit claims in respect of, the Subordinated Obligations and to apply any amounts received thereon to the applicable Guaranteed Obligations (including any and all Post-Petition Interest), and (ii) to require each Guarantor (A) to collect and enforce, and to submit claims in respect of, the Subordinated Obligations and (B) to pay any amounts received on such obligations to the Agent for application to the applicable Guaranteed Obligations (including any and all Post-Petition Interest).

SECTION 7.07. Continuing Guaranty; Assignments. This Guaranty is a continuing guaranty and shall (a) except as provided in the next succeeding sentence, remain in full force and effect until the latest of (i) the payment in full in cash of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty and (ii) the Termination Date, (b) be binding upon each Guarantor, its successors and assigns and (c) inure to the benefit of and be enforceable by the Agent and the Lenders and their successors, permitted transferees and permitted assigns. Upon the sale of a Guarantor or any or all of the assets of any Guarantor to the extent permitted in accordance with the terms of the Loan Documents or upon such Guarantor otherwise ceasing to be a Subsidiary of the Company organized under the laws of a state of the United States of America without violation of the terms of this Agreement, such Guarantor (and its Subsidiaries) or such assets shall be automatically released from this Guaranty or any Guaranty Supplement, and all pledges and security interests of the equity of such Guarantor or any Subsidiary of such Guarantor and all other pledges and security interests in the assets of such Guarantor and any of its Subsidiaries shall be released as provided in Section 9.15. Without limiting the generality of clause (c) above, the Agent or any Lender may assign or otherwise transfer all or any portion of its rights and obligations under this Agreement to any other Person, and such other Person shall thereupon become vested with all the benefits in respect thereof granted to such Lender herein or otherwise, in each case as and to the extent provided in Section 9.08. No Guarantor shall have the right to assign its rights hereunder or any interest herein without the prior written consent of the Lenders.

ARTICLE VIII

THE AGENT

SECTION 8.01. Authorization and Action. (a) Each Lender hereby irrevocably appoints Wilmington Trust, National Association to act on its behalf as the Agent hereunder and under the other Loan Documents and authorizes the Agent to take such actions on its behalf and to exercise such powers as are delegated to the Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto.

(b) Each Lender hereby further irrevocably appoints Wilmington Trust, National Association to act on its behalf as Agent hereunder and under the other Loan Documents and authorizes the Agent to take such actions on its behalf and to exercise such powers as are delegated to the Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. The Agent shall act on behalf of the Lenders and shall have all of the benefits and immunities (i) provided to the Agent in this Article VIII with respect to any acts taken or omissions suffered by the Agent in connection with its activities in such capacity as fully as if the term "Agent" as used in this Article VIII included the Agent with respect to such acts or omissions, and (ii) as additionally provided herein with respect to the Agent.

(c) The provisions of this Article are solely for the benefit of the Agent and the Lenders, and neither the Company nor any other Loan Party shall have rights as a third party beneficiary of any of such provisions.

SECTION 8.02. Agent Individually. (a) The Person serving as the Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Agent and the term “Lender” or “Lenders” shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with the Company or any of their Subsidiaries or other Affiliate thereof as if such Person were not the Agent hereunder and without any duty to account therefor to the Lenders.

(b) Each Lender understands that the Person serving as Agent, acting in its individual capacity, and its Affiliates (collectively, the “Agent’s Group”) are engaged in a wide range of financial services and businesses (including, but not limited to, trust, investment management, financing, securities trading, corporate and investment banking and research) (such services and businesses are collectively referred to in this Section 8.02 as “Activities”) and may engage in the Activities with or on behalf of one or more of the Loan Parties or their respective Affiliates. Furthermore, the Agent’s Group may, in undertaking the Activities, engage in trading in financial products or undertake other investment businesses for its own account or on behalf of others (including the Loan Parties and their Affiliates and including holding, for its own account or on behalf of others, equity, debt and similar positions in the Company, another Loan Party or their respective Affiliates), including trading in or holding long, short or derivative positions in securities, loans or other financial products of one or more of the Loan Parties or their Affiliates. Each Lender understands and agrees that in engaging in the Activities, the Agent’s Group may receive or otherwise obtain information concerning the Loan Parties or their Affiliates (including information concerning the ability of the Loan Parties to perform their respective Obligations hereunder and under the other Loan Documents) which information may not be available to any of the Lenders that are not members of the Agent’s Group. None of the Agent nor any member of the Agent’s Group shall have any duty to disclose to any Lender or use on behalf of the Lenders, and shall not be liable for the failure to so disclose or use, any information whatsoever about or derived from the Activities or otherwise (including any information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of any Loan Party or any Affiliate of any Loan Party) or to account for any revenue or profits obtained in connection with the Activities, except that the Agent shall deliver or otherwise make available to each Lender such documents as are expressly required by any Loan Document to be transmitted by the Agent to the Lenders.

(c) Each Lender further understands that there may be situations where members of the Agent’s Group or their respective customers (including the Loan Parties and their Affiliates) either now have or may in the future have interests or take actions that may conflict with the interests of any one or more of the Lenders (including the interests of the Lenders hereunder and under the other Loan Documents). Each Lender agrees that no member of the Agent’s Group is or shall be required to restrict its activities as a result of the Person serving as Agent being a member of the Agent’s Group, and that each member of the Agent’s Group may undertake any Activities without further consultation with or notification to any Lender. None of (i) this Agreement nor any other Loan Document, (ii) the receipt by the Agent’s Group of information (including Company Information) concerning the Loan Parties or their Affiliates (including information concerning the ability of the Loan Parties to perform their respective Obligations hereunder and under the other Loan Documents) nor (iii) any other matter shall give rise to any fiduciary, equitable or contractual duties (including without limitation any duty of trust or confidence) owing by the Agent or any member of the Agent’s Group to any Lender including any such duty that would prevent or restrict the Agent’s Group from acting on behalf of customers (including the Loan Parties or their Affiliates) or for its own account.

SECTION 8.03. Duties of Agent; Exculpatory Provisions. (a) The Agent’s duties hereunder and under the other Loan Documents are solely ministerial and administrative in nature and the Agent

shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents. Without limiting the generality of the foregoing, (i) the Agent shall not be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing, (ii) the Agent shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents), provided that the Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Agent or any of its Affiliates to liability or that is contrary to any Loan Document or applicable law and (iii) the Agent shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Company or any of its Affiliates that is communicated to or obtained by the Person serving as the Agent or any of its Affiliates in any capacity.

(b) The Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Agent shall believe in good faith shall be necessary, under the circumstances as provided in Sections 9.01 or 9.03) or (ii) in the absence of its own gross negligence or willful misconduct. The Agent shall be deemed not to have knowledge of any Default or the event or events that give or may give rise to any Default unless and until the Company or any Lender shall have given notice to the Agent describing such Default and such event or events.

(c) Neither the Agent nor any member of the Agent's Group shall be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty, representation or other information made or supplied in or in connection with this Agreement, any other Loan Document or the information presented to the other Lenders by the Company, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith or the adequacy, accuracy and/or completeness of the information contained therein, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document or the perfection or priority of any Lien or security interest created or purported to be created by the Collateral Documents or (v) the satisfaction of any condition set forth in Article III or elsewhere herein, other than (but subject to the foregoing clause (ii)) to confirm receipt of items expressly required to be delivered to the Agent.

(d) Nothing in this Agreement or any other Loan Document shall require the Agent or any of its Related Parties to carry out any "know your customer" or other checks in relation to any Person on behalf of any Lender and each Lender confirms to the Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Agent or any of its Related Parties.

SECTION 8.04. Reliance by Agent. The Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan, that by its terms must be fulfilled to the satisfaction of a Lender, the Agent may presume that such condition is satisfactory to such Lender unless an officer of the Agent responsible for the transactions contemplated hereby shall have received notice to the contrary from such Lender prior to the making of such Loan, and

in the case of a Borrowing, such Lender shall not have made available to the Agent such Lender's ratable portion of such Borrowing. The Agent may consult with legal counsel (who may be counsel for the Company or any other Loan Party), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 8.05. Indemnification. (a) Each Lender severally agrees to indemnify the Agent (to the extent not promptly reimbursed by the Company) from and against such Lender's pro rata share (based on the Loans held by such Lender relative to the total Loans then outstanding) of any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against the Agent in any way relating to or arising out of this Agreement or any action taken or omitted by the Agent under this Agreement (collectively, the "Indemnified Costs"), provided that no Lender shall be liable for any portion of the Indemnified Costs resulting from the Agent's gross negligence or willful misconduct as found in a non-appealable judgment by a court of competent jurisdiction. Without limitation of the foregoing, each Lender agrees to reimburse the Agent promptly upon demand for its ratable share of any reasonable out-of-pocket expenses (including reasonable counsel fees) incurred by the Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, to the extent that the Agent is not promptly reimbursed for such expenses by the Company. In the case of any investigation, litigation or proceeding giving rise to any Indemnified Costs, this Section 8.05 applies whether any such investigation, litigation or proceeding is brought by the Agent, any Lender or a third party.

(b) The failure of any Lender to reimburse the Agent promptly upon demand for its ratable share of any amount required to be paid by the Lenders to the Agent as provided herein shall not relieve any other Lender of its obligation hereunder to reimburse the Agent for its ratable share of such amount, but no Lender shall be responsible for the failure of any other Lender to reimburse the Agent for such other Lender's ratable share of such amount. Without prejudice to the survival of any other agreement of any Lender hereunder, the agreement and obligations of each Lender contained in this Section 8.05 shall survive the payment in full of principal, interest and all other amounts payable hereunder and under the Notes. The Agent agrees to return to the Lenders their respective ratable shares of any amounts paid under this Section 8.05 that are subsequently reimbursed by the Company.

SECTION 8.06. Delegation of Duties. The Agent may perform any and all of its duties and exercise its rights, and powers hereunder or under any other Loan Document by or through any one or more co-agents or sub-agents appointed by the Agent. The Agent and any such co-agent or sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. Each such co-agent and sub-agent and the Related Parties of the Agent and each such co-agent and sub-agent shall be entitled to the benefits of all provisions of this Article VIII and Article IX (as though such co-agents and sub-agents were the "Agent" under the Loan Documents) as if set forth in full herein with respect thereto.

SECTION 8.07. Resignation of Agent. The Agent may at any time give notice to the Lenders and the Company of its resignation in respect of the Facilities. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, in consultation with the Company, to appoint a successor, which shall be a bank with an office in New York, New York, or an Affiliate of any such bank with an office in New York, New York. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Agent gives notice of its resignation (such 30-day period, the "Lender Appointment Period"), then the retiring Agent may on behalf of the applicable Lenders, appoint a successor Agent meeting the qualifications set forth

above. In addition and without any obligation on the part of the retiring Agent to appoint, on behalf of the Lenders, a successor Agent, the retiring Agent may at any time upon or after the end of the Lender Appointment Period notify the Company and the Lenders that no qualifying Person has accepted appointment as successor Agent and the effective date of such retiring Agent's resignation. Upon the resignation effective date established in such notice and regardless of whether a successor Agent has been appointed and accepted such appointment, the retiring Agent's resignation shall nonetheless become effective and (i) the retiring Agent shall be discharged from its duties and obligations as Agent hereunder and under the other Loan Documents in respect of the Facilities as to which it has resigned and (ii) all payments, communications and determinations provided to be made by, to or through the Agent shall instead be made by or to each applicable Lender directly, until such time as the Required Lenders appoint a successor Agent as provided for above in this paragraph. Upon the acceptance of a successor's appointment as Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties as Agent of the retiring (or retired) Agent in respect of the Facilities as to which it has resigned, and the retiring Agent shall be discharged from all of its duties and obligations as Agent hereunder or under the other Loan Documents in respect of the Facilities as to which it has resigned (if not already discharged therefrom as provided above in this paragraph). The fees payable by the Company to a successor Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Company and such successor. After the retiring Agent's resignation hereunder and under the other Loan Documents, the provisions of this Article VIII and Section 9.04 shall continue in effect for the benefit of such retiring Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Agent was acting as Agent.

SECTION 8.08. Non-Reliance on Agent and Other Lenders. (a) Each Lender confirms to the Agent, each other Lender and each of their respective Related Parties that it (i) possesses (individually or through its Related Parties) such knowledge and experience in financial and business matters that it is capable, without reliance on the Agent, any other Lender or any of their respective Related Parties, of evaluating the merits and risks (including tax, legal, regulatory, credit, accounting and other financial matters) of (x) entering into this Agreement, (y) making Loans and other extensions of credit hereunder and under the other Loan Documents and (z) in taking or not taking actions hereunder and thereunder, (ii) is financially able to bear such risks and (iii) has determined that entering into this Agreement and making Loans and other extensions of credit hereunder and under the other Loan Documents is suitable and appropriate for it.

(b) Each Lender acknowledges that (i) it is solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with this Agreement and the other Loan Documents, (ii) that it has, independently and without reliance upon the Agent, any other Lender or any of their respective Related Parties, made its own appraisal and investigation of all risks associated with, and its own credit analysis and decision to enter into, this Agreement based on such documents and information, as it has deemed appropriate and (iii) it will, independently and without reliance upon the Agent, any other Lender or any of their respective Related Parties, continue to be solely responsible for making its own appraisal and investigation of all risks arising under or in connection with, and its own credit analysis and decision to take or not take action under, this Agreement and the other Loan Documents based on such documents and information as it shall from time to time deem appropriate, which may include, in each case:

(i) the financial condition, status and capitalization of the Company and each other Loan Party;

(ii) the legality, validity, effectiveness, adequacy or enforceability of this Agreement and each other Loan Document and any other agreement, arrangement or document

SECTION 8.09. Agent May File Proofs of Claim. In case of the pendency of any proceeding under the Bankruptcy Code or any other judicial proceeding relative to any Loan Party, the Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Agent shall have made any demand on the Company) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Agent and their respective agents and counsel and all other amounts due the Lenders and the Agent hereunder) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, interim receiver, monitor, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Agent and, if the Agent shall consent to the making of such payments directly to the Lenders, to pay to the Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Agent and its agents and counsel, and any other amounts due the Agent hereunder.

Each of the Lenders hereby authorizes and directs the Agent to enter into the Intercreditor Agreement on behalf of such Lender and agrees that the Agent in its various capacities thereunder may take such actions on its behalf as is contemplated by the terms of the Intercreditor Agreement. Each Lender hereunder (a) consents to any subordination of Liens provided for in the Intercreditor Agreement, (b) agrees that it will be bound by and will take no actions contrary to the provisions of the Intercreditor Agreement, (c) authorizes and instructs the Agent to enter into the Intercreditor Agreement as Agent and on behalf of such Lender and (d) agrees that the Agent may take such actions on behalf of such Lender as is contemplated by the terms of such Intercreditor Agreement.

SECTION 9.02. Notices, Etc.

(a) Notices Generally. Except in the case of notices and other communications expressly permitted to be given by telephone (and except as provided in subsection (b) below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by telecopier as follows, and all notices and other communications expressly permitted hereunder to be given by telephone shall be made to the applicable telephone number, as follows:

(i) if to the Company or the Agent, to the address, telecopier number, electronic mail address or telephone number specified for such Person on [Schedule 9.02](#); and

(ii) if to any other Lender, to the address, telecopier number, electronic mail address or telephone number specified in its Administrative Questionnaire (including, as appropriate, notices delivered solely to the Person designated by a Lender on its Administrative Questionnaire then in effect for the delivery of notices that may contain material non-public information relating to the Company).

Notices and other communications sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received; notices and other communications sent by telecopier shall be deemed to have been given when sent (except that, if not given during normal business hours for the recipient, shall be deemed to have been given at the opening of business on the next business day for the recipient). Notices and other communications delivered

through electronic communications to the extent provided in subsection (b) below, shall be effective as provided in such subsection (b).

(b) Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Agent, provided that the foregoing shall not apply to notices to any Lender pursuant to Article II if such Lender has notified the Agent that it is incapable of receiving notices under such Article by electronic communication. The Agent or the Company may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it, provided that approval of such procedures may be limited to particular notices or communications.

Each Lender agrees that notice to it specifying that any Company Materials or other notices or communications have been posted to the Platform shall constitute effective delivery of such information, documents or other materials to such Lender for purposes of this Agreement; provided that if requested by any Lender, the Agent shall deliver a copy of the Company Materials, notices or other communications to such Lender by email or fax.

(c) Electronic Communications. Unless the Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), provided that if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient, and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in the foregoing clause (i) of notification that such notice or communication is available and identifying the website address therefor.

(d) The Platform. THE PLATFORM IS PROVIDED "AS IS" AND "AS AVAILABLE". THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE COMPANY MATERIALS OR THE ADEQUACY OF THE PLATFORM, AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS IN OR OMISSIONS FROM THE COMPANY MATERIALS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY ANY AGENT PARTY IN CONNECTION WITH THE COMPANY MATERIALS OR THE PLATFORM. In no event shall the Agent or any of its Related Parties (collectively, the "Agent Parties") have any liability to the Company, any Lender or any other Person for losses, claims, damages, liabilities or expenses of any kind (whether in tort, contract or otherwise) arising out of the Company' or the Agent's transmission of Company Materials through the Internet, except to the extent that such losses, claims, damages, liabilities or expenses are determined by a court of competent jurisdiction by a final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Agent Party; provided, however, that in no event shall any Agent Party have any liability to the Company, any Lender or any other Person for indirect, special, incidental, consequential or punitive damages (as opposed to direct or actual damages).

(e) Change of Address, Etc. Each of the Company and the Agent may change its address, telecopier or telephone number for notices and other communications hereunder by notice to the other parties hereto. Each other Lender may change its address, telecopier or telephone number for

notices and other communications hereunder by notice to the Company and the Agent. In addition, each Lender agrees to notify the Agent from time to time to ensure that the Agent has on record (i) an effective address, contact name, telephone number, telecopier number and electronic mail address to which notices and other communications may be sent and (ii) accurate wire instructions for such Lender. Furthermore, each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the "Private Side Information" or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender's compliance procedures and applicable law, including United States Federal and state securities laws, to make reference to Company Materials that are not made available through the "Public Side Information" portion of the Platform and that may contain material non-public information with respect to the Company or their securities for purposes of United States Federal or state securities laws.

(f) Reliance by Agent and Lenders. The Agent, and the Lenders shall be entitled to rely and act upon any notices (including telephonic Notices of Borrowing) purportedly given by or on behalf of the Company even if (i) such notices were not made in a manner specified herein, were incomplete or were not preceded or followed by any other form of notice specified herein, or (ii) the terms thereof, as understood by the recipient, varied from any confirmation thereof. The Company shall indemnify the Agent, each Lender and the Related Parties of each of them from all losses, costs, expenses and liabilities resulting from the reliance by such Person on each notice purportedly given by or on behalf of the Company. All telephonic notices to and other telephonic communications with the Agent may be recorded by the Agent, and each of the parties hereto hereby consents to such recording.

SECTION 9.03. No Waiver; Remedies. No failure on the part of any Lender or the Agent to exercise, and no delay in exercising, any right hereunder or under any Note shall operate as a waiver thereof; nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Notwithstanding anything to the contrary contained herein or in any other Loan Document, the authority to enforce rights and remedies hereunder and under the other Loan Documents against the Loan Parties or any of them shall be vested exclusively in, and all actions and proceedings at law in connection with such enforcement shall be instituted and maintained exclusively by, the Agent in accordance with Section 6.01 for the benefit of all the Lenders; provided, however, that the foregoing shall not prohibit (a) the Agent from exercising on its own behalf the rights and remedies that inure to its benefit (solely in its capacity as Agent) hereunder and under the other Loan Documents, (b) any Lender from exercising setoff rights in accordance with Section 9.06 (subject to the terms of Section 2.13), or (c) any Lender from filing proofs of claim or appearing and filing pleadings on its own behalf during the pendency of a proceeding relative to any Loan Party under the Bankruptcy Code; and provided, further, that if at any time there is no Person acting as Agent hereunder and under the other Loan Documents, then (i) the Required Lenders shall have the rights otherwise ascribed to the Agent pursuant to Article VI and (ii) in addition to the matters set forth in clauses (b) and (c) of the preceding proviso and subject to Section 2.13, any Lender may, with the consent of the Required Lenders, enforce any rights and remedies available to it and as authorized by the Required Lenders.

SECTION 9.04. Costs and Expenses. (a) The Company agrees to pay on demand all reasonable costs and expenses of the Agent in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement, the Notes and the other documents to be delivered hereunder, including, without limitation, (i) all due diligence, transportation, computer, duplication, appraisal, consultant, and audit expenses, (ii) the reasonable fees and expenses of counsel for the Lead Lenders and the Agent with respect thereto and (iii) fees and expenses incurred in connection with the creation, perfection or protection of the liens under the Loan Documents (including all

reasonable search, filing and recording fees), provided, however, the Company shall not be required to pay fees or expenses of more than one counsel in any jurisdiction where the Collateral is located, with respect to advising each of the Agent, as to its rights and responsibilities, or the perfection, protection or preservation of rights or interests, under the Loan Documents, with respect to negotiations with any Loan Party or with other creditors of any Loan Party or any of its Subsidiaries arising out of any Default or any events or circumstances that may give rise to a Default and with respect to presenting claims in or otherwise participating in or monitoring any bankruptcy, insolvency or other similar proceeding involving creditors' rights generally and any proceeding ancillary thereto. The Company further agrees to pay on demand all costs and expenses of the Agent, and each Lender, if any (including, without limitation, reasonable counsel fees and expenses), in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of the Loan Documents, whether in any action, suit or litigation, or any bankruptcy, insolvency or other similar proceeding affecting creditors' rights generally, including, without limitation, reasonable fees and expenses of counsel for the Agent and each Lender in connection with the enforcement of rights under this Agreement and the other Loan Documents. Without limiting the foregoing, the Company also agrees to pay all costs and expenses of the Lead Lenders as required under the Commitment Letter.

(b) The Company agrees to indemnify and hold harmless the Agent, and each Lender and each of their Related Parties (each, an "Indemnified Party.") from and against any and all claims, damages, losses, liabilities and expenses (including, without limitation, reasonable fees and expenses of counsel) incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or by reason of (including, without limitation, in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (i) the Notes, this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Loans (which, for the avoidance of doubt does not include Taxes, Excluded Taxes and Other Taxes which shall be governed by [Section 2.12](#)) or (ii) the actual or alleged presence of Hazardous Materials on any property of the Company or any of its Subsidiaries or any Environmental Action relating in any way to the Company or any of its Subsidiaries, except to the extent such claim, damage, loss, liability or expense resulted from such Indemnified Party's gross negligence, bad faith or willful misconduct, as found in a final and non-appealable judgment by a court of competent jurisdiction. In the case of an investigation, litigation or other proceeding to which the indemnity in this [Section 9.04\(b\)](#) applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by any Loan Party, its directors, equityholders or creditors or an Indemnified Party or any other Person, whether or not any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. The Company and each Indemnified Party agrees not to assert any claim for special, indirect, consequential or punitive damages against the Company, the Agent, any Lender, any of their Affiliates, or any of their respective directors, officers, employees, attorneys and agents, on any theory of liability, arising out of or otherwise relating to the Notes, this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Loans.

(c) If any payment of principal of, or Conversion of, any Eurodollar Rate Loan is made by the Company to or for the account of a Lender other than on the last day of the Interest Period for such Loan, as a result of a payment or Conversion pursuant to [Section 2.06\(d\)](#), [2.08](#) or [2.10](#), acceleration of the maturity of the Notes pursuant to [Section 6.01](#) or for any other reason, or by an Eligible Assignee to a Lender other than on the last day of the Interest Period for such Loan upon an assignment of rights and obligations under this Agreement pursuant to [Section 9.08](#) as a result of a demand by the Company pursuant to [Section 9.08\(a\)](#), the Company shall, upon demand by such Lender (with a copy of such demand to the Agent), pay to the Agent for the account of such Lender any amounts required to compensate such Lender for any additional losses, costs or expenses that it may reasonably incur as a result of such payment or Conversion, including, without limitation, any loss (excluding loss of

anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Loan.

(d) Without prejudice to the survival of any other agreement of any Loan Party hereunder or under any other Loan Document, the agreements and obligations of the Company contained in Sections 2.09, 2.12 and 9.04 shall survive the payment in full of principal, interest and all other amounts payable hereunder and under the Notes.

(e) No Indemnified Party referred to in subsection (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed to such unintended recipients by such Indemnified Party through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby other than for direct or actual damages resulting from the gross negligence, bad faith or willful misconduct of such Indemnified Party as determined by a final and nonappealable judgment of a court of competent jurisdiction.

(f) All amounts due under this Section shall be payable not later than ten Business Days after demand therefor.

(g) The agreements in this Section shall survive the resignation of the Agent, the replacement of any Lender and the repayment, satisfaction or discharge of all the other Obligations.

SECTION 9.05. Payments Set Aside. To the extent that any payment by or on behalf of the Company is made to the Agent, or any Lender, or the Agent, or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Agent, or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under the Bankruptcy Code or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred, and (b) each Lender severally agrees to pay to the Agent upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the Federal Funds Rate from time to time in effect. The obligations of the Lenders under clause (b) of the preceding sentence shall survive the payment in full of the Obligations and the termination of this Agreement.

SECTION 9.06. Right of Set-off. Subject to the final proviso to Section 6.01, upon (i) the occurrence and during the continuance of any Event of Default and (ii) the making of the request or the granting of the consent specified by Section 6.01 to authorize the Agent to declare the Loans due and payable pursuant to the provisions of Section 6.01, the Agent, and each applicable Lender and each of their respective Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by the Agent, or such Lender or such Affiliate to or for the credit or the account of the Company against any and all of the obligations of such Company now or hereafter existing under this Agreement and any Note held by the Agent, or such Lender, whether or not such Lender shall have made any demand under this Agreement or such Note and although such obligations may be unmatured, provided, however, that no such right shall exist against any deposit designated as being for the benefit of any governmental authority, provided, further, that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Agent for further application in accordance with the provisions of Section 6.02 and, pending such payment, shall be segregated by such Defaulting Lender

from its other funds and deemed held in trust for the benefit of the Agent and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Agent a statement describing in reasonable detail the Obligations owing to such Defaulting Lender as to which it exercised such right of setoff. Each Lender agrees promptly to notify the applicable Borrower after any such set-off and application, provided that the failure to give such notice shall not affect the validity of such set-off and application. The rights of each Lender, the Agent, and each such Affiliate under this Section are in addition to other rights and remedies (including, without limitation, other rights of set-off) that the Agent, the Lenders or such Affiliates may have.

SECTION 9.07. Binding Effect. This Agreement shall become effective in accordance with Section 3.01 and thereafter shall be binding upon and inure to the benefit of the Company, the Agent, and each Lender and their respective successors and assigns, except that no Company shall have the right to assign its rights hereunder or any interest herein without the prior written consent of all of the Lenders.

SECTION 9.08. Assignments and Participations. (a) Each Lender may, with the consent of the Agent (not to be unreasonably withheld or delayed) in the case of an assignment to a Person who is not a Lender, an Affiliate of a Lender or an Approved Fund with respect to a Lender and, if demanded, by the Company so long as no Default shall have occurred and be continuing and only with respect to any Affected Lender, upon at least five Business Days' notice to such Lender and the Agent, shall, assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of the Loans of a Class owing to it and the Note or Notes held by it); provided, however, that (i) except in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund with respect to a Lender, or an assignment of all of a Lender's rights and obligations under this Agreement, the amount of the Loans of the assigning Lender being assigned pursuant to each such assignment (determined as of the date of the Assignment and Acceptance with respect to such assignment) shall in no event be less than \$1,000,000 or an integral multiple of \$1,000,000 in excess thereof or unless the Company and the Agent otherwise agrees, (ii) each such assignment shall be to an Eligible Assignee, (iii) each such assignment made as a result of a demand by the Company pursuant to this Section 9.08(a) shall be arranged by the Company after consultation with the Agent and shall be either an assignment of all of the rights and obligations of the assigning Lender under this Agreement or an assignment of a portion of such rights and obligations made concurrently with another such assignment or other such assignments that together cover all of the rights and obligations of the assigning Lender under this Agreement, (iv) no Lender shall be obligated to make any such assignment as a result of a demand by the Company pursuant to this Section 9.08(a) unless and until such Lender shall have received one or more payments from either the Company or one or more Eligible Assignees in an aggregate amount at least equal to the aggregate outstanding principal amount of the Loans owing to such Lender, together with accrued interest thereon to the date of payment of such principal amount and all other amounts payable to such Lender under this Agreement, and (v) unless waived by the Agent in its sole discretion, the parties to each such assignment shall execute and deliver to the Agent, for its acceptance and recording in the Register, an Assignment and Acceptance (and the assignee, if it is not a Lender, shall deliver to the Agent an Administrative Questionnaire), together with any Note subject to such assignment and a processing and recordation fee of \$3,500 payable by the parties to each such assignment; provided, however, that (x) only one such fee shall be payable in connection with simultaneous assignments to or by two or more Approved Funds with respect to a Lender and (y) in the case of each assignment made as a result of a demand by the Company, such recordation fee shall be payable by the Company except that no such recordation fee shall be payable in the case of an assignment made at the request of the Company to an Eligible Assignee that is an existing Lender. Upon such execution, delivery, acceptance and recording, from and after the effective date specified in each Assignment and Acceptance, (x) the assignee thereunder shall be a party hereto and, to the extent that rights and obligations hereunder have been assigned to it pursuant to such Assignment and Acceptance, have the rights and obligations of a Lender hereunder and (y) the Lender assignor thereunder shall, to the

extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment and Acceptance, relinquish its rights (other than its rights under Sections 2.09, 2.12 and 9.04 to the extent any claim thereunder relates to an event arising prior to such assignment) and be released from its obligations (other than its obligations under Section 9.06 to the extent any claim thereunder relates to an event arising prior to such assignment) under this Agreement (and, in the case of an Assignment and Acceptance covering all or the remaining portion of an assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto).

(b) By executing and delivering an Assignment and Acceptance, the Lender assignor thereunder and the assignee thereunder confirm to and agree with each other and the other parties hereto as follows: (i) other than as provided in such Assignment and Acceptance, such assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with this Agreement or the execution, legality, validity, enforceability, genuineness, sufficiency or value of, or the perfection or priority of any lien or security interest created or purported to be created under or in connection with, this Agreement or any other instrument or document furnished pursuant hereto; (ii) such assigning Lender makes no representation or warranty and assumes no responsibility with respect to the financial condition of any Loan Party or the performance or observance by any Loan Party of any of its obligations under any Loan Document or any other instrument or document furnished pursuant hereto; (iii) such assignee confirms that it has received a copy of this Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Acceptance; (iv) such assignee will, independently and without reliance upon the Agent, such assigning Lender or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement; (v) such assignee confirms that it is an Eligible Assignee; (vi) such assignee appoints and authorizes the Agent to take such action as agent on its behalf and to exercise such powers and discretion under this Agreement as are delegated to the Agent by the terms hereof, together with such powers and discretion as are reasonably incidental thereto; and (vii) such assignee agrees that it will perform in accordance with their terms all of the obligations that by the terms of this Agreement are required to be performed by it as a Lender.

(c) Upon its receipt of an Assignment and Acceptance executed by an assigning Lender and an assignee representing that it is an Eligible Assignee, together with any Note or Notes subject to such assignment, the Agent shall, if such Assignment and Acceptance has been completed and is in substantially the form of Exhibit C hereto, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof to the Company

(d) In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Company and the Agent, the applicable pro rata share of Loans previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Agent or any Lender hereunder (and interest accrued thereon) and (y) acquire (and fund as appropriate) its full pro rata share of all Loans Share. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable Law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

(e) The Agent shall maintain at its address referred to in Section 9.02 a copy of each Assignment and Acceptance delivered to and accepted by it and a register for the recordation of the names and addresses of the Lenders and the principal amount of Loans owing to each Lender from time to time (the "Register"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Company, the Agent and the Lenders may treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Company or any Lender at any reasonable time and from time to time upon reasonable prior notice.

(f) Each Lender may sell participations to one or more banks or other entities (other than the Company or any of its Affiliates) in or to all or a portion of its rights and obligations under this Agreement (including, without limitation, the Loans owing to it and any Note or Notes held by it); provided, however, that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, (iii) such Lender shall remain the holder of any such Note for all purposes of this Agreement, (iv) the Company, the Agent and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement and (v) no participant under any such participation shall have any right to approve any amendment or waiver of any provision of any Loan Document, or any consent to any departure by any Loan Party therefrom, provided, however, that any agreement between a Lender and such participant may provide that the Lender will not, without the consent of participant, agree to any such amendment, waiver or consent which would reduce the principal of, or interest on, the Loans or any fees or other amounts payable hereunder, in each case to the extent subject to such participation, or postpone any date fixed for any payment of principal of, or interest on, the Loans or any fees or other amounts payable hereunder, in each case to the extent subject to such participation.

(g) Any Lender may, in connection with any assignment or participation or proposed assignment or participation pursuant to this Section 9.08, disclose to the assignee or participant or proposed assignee or participant, any information relating to the Company furnished to such Lender by or on behalf of the Company; provided that, prior to any such disclosure, the assignee or participant or proposed assignee or participant shall agree to preserve the confidentiality of any Company Information relating to the Company received by it from such Lender.

(h) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledge or assignee for such Lender as a party hereto.

(i) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Company, maintain a register in the United States on which it enters the name and address of each participant and the principal amounts and stated interest of each participant's interest in the Loans or other obligations under this Agreement (the "Participant Register"); provided, that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any participant or any information relating to a participant's interest in any Loans or its other obligations under this Agreement) except to the extent that such disclosure is necessary to establish that the Loans are in registered form under Treas. Reg. § 5f.103-1(c). The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each person whose name is recorded in the Participant Register as owner of such participation for all purposes of this Agreement.

SECTION 9.09. Confidentiality. Neither the Agent nor any Lender may disclose to any Person any confidential, proprietary or non-public information of any Loan Party furnished to the Agent or the Lenders by any Loan Party, including, without limitation (1) earnings and other financial information and forecasts, budgets, projections, plans, (including, without limitation, any confirmations of publicly disclosed advice regarding any material matter); (2) mergers, acquisitions, tender offers, joint ventures, disposition or changes in assets; (3) new products or discoveries or developments regarding the Company's customers or suppliers; (4) changes in control or in management; (5) changes in auditors or auditor notifications to the Company; (6) securities redemptions, splits, repurchase plans, changes in dividends, changes in rights of holders or sales of additional securities; and (7) negative news relating to such matters as physical damage to properties from significant events, loss of significant contractual relationship, material litigation, defaults under contracts or securities, bankruptcy (including the Cases) or receivership (such information being referred to collectively herein as the "Company Information"), except that each of the Agent and each of the Lenders may disclose Company Information (i) to its Affiliates and to its and its Affiliates' managers, administrators, partners, employees, trustees, officers, directors, agents, advisors and other representatives solely for purposes of this Agreement, any Notes and the transactions contemplated hereby (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Company Information and instructed to keep such Company Information confidential on terms substantially no less restrictive than those provided herein), (ii) to the extent requested by any regulatory authority purporting to have jurisdiction over it (including any self-regulating authority, such as the National Association of Insurance Commissioners), provided, to the extent permitted by law and practicable under the circumstances, the Agent or such Lender shall provide the Company with prompt notice of such requested disclosure so that the Company may seek a protective order prior to the time when the Agent or such Lender is required to make such disclosure (except in the case of any disclosure made in the course of any examination conducted by bank regulatory authority), (iii) to the extent required by applicable laws or regulations or by any subpoena or similar legal process, provided, to the extent permitted by law and practicable under the circumstances, the Agent or such Lender shall provide the Company with prompt notice of such requested disclosure so that the Company may seek a protective order prior to the time when the Agent or such Lender is required to make such disclosure, (iv) subject to this Section 9.09, to any other Lender to this Agreement which has requested such information, (v) in connection with the exercise of any remedies hereunder or any suit, action or proceeding relating to this Agreement or the enforcement of rights hereunder, (vi) subject to an agreement containing provisions no less restrictive than those of this Section 9.09, to any assignee or participant or prospective assignee or participant or any pledge referred to in Section 9.08(g), (vii) to the extent such Company Information (A) is or becomes generally available to the public on a non-confidential basis other than as a result of a breach of this Section 9.09 by the Agent or such Lender, or (B) is or becomes legally available to the Agent or such Lender on a nonconfidential basis from a source other than a Loan Party, provided that the source of such information was not known by the Agent or such Lender to be bound by a confidentiality agreement with or other contractual, legal or fiduciary obligations of confidentiality to a Loan Party or any other party with respect to such information, (viii) with the consent of the Company, (ix) to any party hereto and (x) subject to the Agent's or the applicable Lender's receipt of an agreement containing provisions no less restrictive than those of this Section, to any actual or prospective party (or its managers, administrators, trustees, partners, directors, officers, employees, agents, advisors and other representatives) to any swap, derivative or other transaction under which payments are to be made by reference to the Company and its Obligations, this Agreement or payments hereunder. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information

SECTION 9.10. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed

shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by telecopier or in .pdf (or similar electronic format) shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 9.11. Survival of Representations and Warranties. All representations and warranties made hereunder and in any other Loan Document or other document delivered pursuant hereto or thereto shall survive the execution and delivery hereof and thereof. Such representations and warranties have been or will be relied upon by the Agent and each Lender, regardless of any investigation made by the Agent or any Lender or on their behalf and notwithstanding that the Agent or any Lender may have had notice or knowledge of any Default at the time of any Loan, and shall continue in full force and effect as long as any Loan or any other Obligation hereunder shall remain unpaid or unsatisfied.

SECTION 9.12. Severability. If any provision of this Agreement or the other Loan Documents is held to be illegal, invalid or unenforceable, (a) the legality, validity and enforceability of the remaining provisions of this Agreement and the other Loan Documents shall not be affected or impaired thereby and (b) the parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Without limiting the foregoing provisions of this Section 9.12, if and to the extent that the enforceability of any provisions in this Agreement relating to Defaulting Lenders shall be limited by the Bankruptcy Code, as determined in good faith by the Agent, as applicable, then such provisions shall be deemed to be in effect only to the extent not so limited.

SECTION 9.13. Jurisdiction. (a) GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

(b) SUBMISSION TO JURISDICTION. THE COMPANY AND EACH OTHER LOAN PARTY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION, OF THE COURTS OF THE STATE OF NEW YORK IN THE BOROUGH OF MANHATTAN AND OF THE UNITED STATES DISTRICT COURT OF THE SOUTHERN DISTRICT OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN SUCH NEW YORK STATE COURT OR, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT OR IN ANY OTHER LOAN DOCUMENT SHALL AFFECT ANY RIGHT THAT THE AGENT OR ANY LENDER MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AGAINST THE COMPANY OR ANY OTHER LOAN PARTIES OR ITS PROPERTIES IN THE COURTS OF ANY JURISDICTION.

(c) WAIVER OF VENUE. THE COMPANY AND EACH OTHER LOAN PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT PERMITTED

BY APPLICABLE LAW, ANY OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT IN ANY COURT REFERRED TO IN PARAGRAPH (B) OF THIS SECTION. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION OR PROCEEDING IN ANY SUCH COURT.

(d) SERVICE OF PROCESS. EACH PARTY HERETO IRREVOCABLY CONSENTS TO SERVICE OF PROCESS IN THE MANNER PROVIDED FOR NOTICES IN SECTION 9.02. NOTHING IN THIS AGREEMENT WILL AFFECT THE RIGHT OF ANY PARTY HERETO TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY APPLICABLE LAW.

(e) EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PERSON HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PERSON WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

SECTION 9.14. PATRIOT Act Notice. Each Lender and the Agent (for itself and not on behalf of any Lender) hereby notifies the Company that pursuant to the requirements of the PATRIOT Act, it is required to obtain, verify and record information that identifies such Company, which information includes the name and address of such Company and other information that will allow such Lender or the Agent, as applicable, to identify such Company in accordance with the PATRIOT Act. Each Company shall provide such information and take such actions as are reasonably requested by the Agent or any Lenders in order to assist the Agent and the Lenders in maintaining compliance with its ongoing obligations under applicable "know your customer" and anti-money laundering rules and regulations, including the PATRIOT Act.

SECTION 9.15. Release of Collateral; Termination of Loan Documents. (a) (i) Upon the sale, lease, transfer or other disposition of any item of Collateral of any Loan Party (other than to any Person that is not, and that is not required to be, a Loan Party) in accordance with the terms of the Loan Documents, including, without limitation, as a result of the sale, in accordance with the terms of the Loan Documents, of the Loan Party that owns such Collateral, (ii) upon a Subsidiary ceasing to be a Subsidiary, and (iii) at any time a Loan Party's guarantee of the obligations under the Loan Documents ceases as provided in Section 7.07, the security interests granted by the Loan Documents with respect to such items of Collateral and/or Loan Party shall immediately terminate and automatically be released, and the Agent will, at the Company's expense, execute and deliver to such Loan Party such documents as such Loan Party may reasonably request to evidence the release of such item of Collateral from the assignment and security interest granted under the Collateral Documents.

(b) Upon the payment in full in cash of all Obligations (other than contingent indemnification obligations for which no claim has been asserted), (x) except as otherwise specifically stated in this Agreement or the other Loan Documents, this Agreement and the other Loan Documents

shall terminate and be of no further force or effect, (y) the Agent shall release or cause the release of all Collateral from the Liens of the Loan Documents and the Guarantors of all Obligations under each Guaranty, and will, at the Company's expense, execute and deliver such documents as the Company may reasonably request to evidence the release of Collateral from the assignment and security interest granted under the Collateral Documents and the obligations of the Guarantors and (z) each Lender that has requested and received a Note shall return such Note to the Company marked "cancelled" or "paid in full"; provided, however, that the Lender's obligations under this Section 9.15 shall survive until satisfied.

SECTION 9.16. Judgment Currency. (a) If for the purposes of obtaining judgment in any court it is necessary to convert a sum due hereunder in Dollars into another currency, the parties hereto agree, to the fullest extent that they may effectively do so, that the rate of exchange used shall be that at which in accordance with normal banking procedures the Agent could purchase Dollars with such other currency at the Exchange Rate on the Business Day preceding that on which final judgment is given.

(b) The obligation of the Company in respect of any sum due from it in any currency (the "Primary Currency") to any Lender or the Agent hereunder shall, notwithstanding any judgment in any other currency, be discharged only to the extent that on the Business Day following receipt by such Lender or the Agent (as the case may be), of any sum adjudged to be so due in such other currency, such Lender or the Agent (as the case may be) may in accordance with normal banking procedures purchase the applicable Primary Currency with such other currency; if the amount of the applicable Primary Currency so purchased is less than such sum due to such Lender or the Agent (as the case may be) in the applicable Primary Currency, the Company agrees, as a separate obligation and notwithstanding any such judgment, to indemnify such Lender or the Agent (as the case may be) against such loss, and if the amount of the applicable Primary Currency so purchased exceeds such sum due to any Lender or the Agent (as the case may be) in the applicable Primary Currency, such Lender or the Agent (as the case may be) agrees to remit to such Company such excess.

SECTION 9.17. No Fiduciary Duty. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Company and each other Loan Party acknowledges and agrees, and acknowledges its Affiliates' understanding, that: (i) (A) the arranging and other services regarding this Agreement provided by the Agent and the Lenders are arm's-length commercial transactions between the Loan Parties and their respective Affiliates, on the one hand, and the Agent and the Lenders, on the other hand, (B) each of the Loan Parties has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (C) the Loan Parties are capable of evaluating, and understand and accept, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; (ii) (A) the Agent and the Lenders each are and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, have not been, are not, and will not be acting as an advisor, agent or fiduciary for the Loan Parties or any of their respective Affiliates, or any other Person and (B) neither the Agent nor the Lenders have any obligation to the Loan Parties or any of their respective Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Agent and the Lenders and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Loan Parties and their respective Affiliates, and neither the Agent nor the Lenders have any obligation to disclose any of such interests to the Loan Parties or their respective Affiliates. To the fullest extent permitted by law, the Company and each of the other Loan Parties hereby waives and releases any claims that it may have against the Agent and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

SECTION 9.18. Electronic Execution of Assignments and Certain Other Documents. The words “execution,” “signed,” “signature,” and words of like import in any Assignment and Acceptance or in any amendment or other modification hereof (including waivers and consents) shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act or similar foreign laws.

It is understood that nothing in this Section 2.1(c) is intended to prohibit any Second Priority Secured Party or Third Priority Secured Party from exercising any rights expressly granted to it under this Agreement.

(d) Notwithstanding any failure by any Secured Party to perfect any or all of its security interests in the Common Collateral or any avoidance, invalidation or subordination by any third party or court of competent jurisdiction of any or all of the security interests in the Common Collateral granted to such Secured Party, the priority and rights as among the Secured Parties with respect to the Common Collateral shall be as set forth herein.

2.2 Nature of Obligations. Each Secured Party acknowledges that certain of the Secured Obligations are revolving in nature and that the amount thereof that may be outstanding at any time or

from time to time may be increased or reduced and subsequently reborrowed, and that the terms of such Secured Obligations may be modified, extended or amended from time to time, and that the aggregate amount of the Secured Obligations may be increased, replaced or Refinanced, in each event, without notice to or consent by the Secured Parties (except to the extent required under Section 6) and without affecting the provisions hereof. The lien priorities provided in Section 2.1 shall not be altered or otherwise affected by any such amendment, modification, supplement, extension, repayment, reborrowing, increase, replacement, renewal, restatement or Refinancing of or waiver, consent or accommodation with respect to any Secured Obligations, or any portion thereof.

2.3 Agreements Regarding Actions to Perfect Liens.

(a) With respect to each Type of Common Collateral, the Second Priority Representative agrees, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative agrees, on behalf of itself and the other Third Priority Secured Parties, that UCC-1 financing statements, patent, trademark or copyright filings or other filings or recordings filed or recorded by or on behalf of such Second Priority Representative or any other Second Priority Secured Party (or any agent or other representative thereof) or such Third Priority Representative or any other Third Priority Secured Party (or any agent or other representative thereof) shall be in form reasonably satisfactory to the First Priority Representative.

(b) The Second Priority Representative and Third Priority Representative with respect to the Term Loan Priority Collateral each agrees, on behalf of itself and the other Second Priority Secured Parties and Third Priority Secured Parties with respect to the Term Loan Priority Collateral, as the case may be, that all Mortgages now or thereafter filed against real property in favor of or for the benefit of the Second Priority Representative or Third Priority Representative with respect to the Term Loan Priority Collateral shall be in form reasonably satisfactory to the First Priority Representative with respect to the Term Loan Priority Collateral and shall contain the following notation: "The lien created by this [mortgage][deed of trust][similar instrument] on the property described herein is junior and subordinate to the lien on such property created by any mortgage, deed of trust or similar instrument now or hereafter granted to Wilmington Trust, National Association, and its successors and assigns, in such property, in accordance with the provisions of the Intercreditor Agreement, dated as of March 22, 2013, among Citicorp North America, Inc., as Representative with respect to the ABL Credit Agreement, Wilmington Trust, National Association, as Representative with respect to the New Money Term Loans under the Term Loan Agreement, Wilmington Trust, National Association, as Representative with respect to the Junior Term Loans under the Term Loan Agreement, Eastman Kodak Company and the other parties thereto, as amended from time to time."

(c) With respect to each Type of Common Collateral, the First Priority Representative hereby acknowledges that, to the extent that it holds, or a third party holds on its behalf, physical possession of or "control" (as defined in the Uniform Commercial Code) over such Common Collateral pursuant to the First Priority Documents, such possession or control is also for the benefit of the Second Priority Representative and the other Second Priority Secured Parties and the Third Priority Representative and the other Third Priority Secured Parties, but solely as gratuitous bailee to the extent required to perfect their security interest in such Common Collateral. Nothing in the preceding

sentence shall be construed to impose any duty on the First Priority Representative (or any third party acting on its behalf) with respect to such Common Collateral or provide any Second Priority Representative or any other Second Priority Secured Party or any Third Priority Representative or any other Third Priority Secured Party with respect to such Common Collateral with any rights with respect to such Common Collateral beyond those specified in this Agreement and the Second Priority Documents or the Third Priority Documents, as the case may be; *provided* that with respect to each Type of Common Collateral, subsequent to the occurrence of the First Priority Obligations Payment Date in each case at the Borrower's sole cost and expense, (i) the First Priority Representative shall (x) deliver to the Second Priority Representative (and each Grantor hereby directs such First Priority Representative to so deliver and the Third Priority Representative on behalf of itself and the other Third Priority Secured Parties, consents to such delivery), any stock certificates or promissory notes evidencing or constituting such Common Collateral in its possession or control together with any necessary endorsements to the extent required by the Second Priority Documents or (y) direct and deliver such Common Collateral as a court of competent jurisdiction otherwise directs and (ii) in the case of any Common Collateral consisting of deposit accounts or securities accounts as to which the First Priority Representative has control pursuant to an account control agreement, the First Priority Representative and the applicable Grantor shall take such actions, if any, as are required to cause control over such Common Collateral to become vested in the Second Priority Representative; *provided further* that the provisions of this Agreement are intended solely to govern the respective Lien priorities as between the First Priority Secured Parties, the Second Priority Secured Parties and the Third Priority Secured Parties and shall not impose on the First Priority Secured Parties any obligations in respect of the disposition of any Common Collateral (or any proceeds thereof) that would conflict with prior perfected Liens or any claims thereon in favor of any other Person that is not a Secured Party.

(d) Other than as set forth in the first proviso to the second sentence of the immediately preceding paragraph (c), any First Priority Secured Party with physical possession of or control over Common Collateral shall not have any duty or liability to protect or preserve any rights pertaining to any of such Common Collateral and, except for gross negligence or willful misconduct as determined pursuant to a final non-appealable order of a court of competent jurisdiction, each Second Priority Secured Party and each Third Priority Secured Party hereby waives and releases such Person from all claims and liabilities arising pursuant to such Person's role as gratuitous bailee with respect to such Common Collateral.

2.4 No New Liens. The parties hereto agree that there shall be no Lien, and no Grantor shall have any right to create any Lien, on any asset of such Grantor securing any Secured Obligation of such Grantor if such asset is not also subject to a Lien securing each other Secured Obligation of such Grantor, except that (x) nothing contained in this Section 2.4 shall preclude (i) the First Priority Secured Parties from being granted Adequate Protection Liens regardless of whether any Adequate Protection Liens are granted to the Second Priority Secured Parties or the Third Priority Secured Parties or (ii) the Second Priority Secured Parties or the Third Priority Secured Parties from being granted Adequate Protection Liens in accordance with Section 5.4 and (y) this Section 2.4 shall be inapplicable to any Lien securing obligations under any Secured Agreements and/or Hedge Agreement Obligations and/or Letters of Credit

(as defined in the ABL Credit Agreement), and not any other obligations, that is permitted under both the ABL Credit Agreement and the Term Loan Agreement. If any Secured Party shall (nonetheless and in breach hereof) acquire or hold any Lien on any assets of any Grantor securing the Secured Obligations of such Grantor, which assets are not also subject to a Lien securing the other Secured Obligations of such Grantor as required by the first sentence of this Section 2.4, then such Secured Party shall, without the need for any further consent of any other Secured Party, and notwithstanding anything to the contrary in any Loan Document, be deemed to hold and have held such Lien for the benefit of the Secured Parties holding Secured Obligations that are required to have a Lien on such assets by the first sentence of this Section 2.4 (and each such Lien so deemed to have been held shall be subject in all respects to the provisions of this Agreement, including without limitation the lien subordination provisions set forth in Section 2.1).

SECTION 3. *Enforcement Rights.*

3.1 Exclusive Enforcement.

(a) With respect to each Type of Common Collateral, until the First Priority Obligations Payment Date, whether or not an Insolvency Proceeding has been commenced by or against any Grantor, the First Priority Secured Parties shall have the exclusive right to take and continue (or refrain from taking or continuing) any Enforcement Action with respect to such Common Collateral, without any consultation with or consent of any Second Priority Secured Party or any Third Priority Secured Party with respect to such Common Collateral; *provided* that the Second Priority Secured Parties and the Third Priority Secured Parties with respect to any Common Collateral may exercise credit bidding rights with respect to such Common Collateral (A) to the extent expressly permitted under clause (y) of Section 5.6(a) and (B) to the extent expressly permitted under Section 5.6(c). With respect to each Type of Common Collateral, upon the occurrence and during the continuance of an event of default under the First Priority Documents (and subject to the provisions of the First Priority Documents), the First Priority Representative and the other First Priority Secured Parties may take and continue any Enforcement Action with respect to the applicable First Priority Obligations and such Common Collateral in such order and manner as they may determine in their sole discretion.

(b) Notwithstanding Section 3.1(a), with respect to each Type of Common Collateral, the Second Priority Representative and the Second Priority Secured Parties may enforce any of their rights and exercise any of their remedies with respect to the Common Collateral after a period of 180 days has elapsed since the date on which the Second Priority Representative has delivered to the First Priority Representative written notice of the acceleration or non-payment at maturity of the indebtedness then outstanding under the Second Priority Documents (the "Second Priority Standstill Period"); *provided, however*, that notwithstanding the expiration of the Second Priority Standstill Period or anything to the contrary herein, with respect to each Type of Common Collateral, in no event shall the Second Priority Representative or any other Second Priority Secured Party enforce or exercise any rights or remedies with respect to such Common Collateral if the First Priority Representative or

any other First Priority Secured Party shall have commenced, and shall be diligently pursuing (or shall have sought or requested relief from or modification of the automatic stay or any other stay in any Insolvency Proceeding to enable the commencement and pursuit thereof), the enforcement or exercise of any rights or remedies with respect to all or a material portion of such Common Collateral (prompt written notice thereof to be given to the Second Priority Representative by the First Priority Representative). If any stay or other order prohibiting the exercise of remedies with respect to any Type of Common Collateral has been entered in connection with any Insolvency Proceeding or by a court of competent jurisdiction, the Second Priority Standstill Period with respect to such Common Collateral shall be tolled during the pendency of any such stay or other order.

(c) It is understood that Sections 3.1(a) and 3.1(b) do not restrict the following:

(i) in any Insolvency Proceeding commenced by or against any Grantor, the Second Priority Representative and the Third Priority Representative with respect to each Type of Common Collateral may file a claim or statement of interest with respect to such Type of Common Collateral;

(ii) (A) the Second Priority Representative with respect to each Type of Common Collateral may take any action (not adverse to the prior Liens securing the First Priority Obligations with respect to each Type of Common Collateral, or the rights of the First Priority Representative or the First Priority Secured Parties with respect to such Type of Common Collateral to exercise remedies in respect thereof) in order to preserve, perfect or protect the Second Priority Lien on such Type of Common Collateral and (B) the Third Priority Representative with respect to each Type of Common Collateral may take any action (not adverse to the prior Liens securing the First Priority Obligations or the Second Priority Obligations with respect to each Type of Common Collateral, or the rights of the First Priority Representative or the First Priority Secured Parties or the Second Priority Representative or the Second Priority Secured Parties with respect to such Type of Common Collateral to exercise remedies in respect thereof) in order to preserve, perfect or protect the Third Priority Lien on such Type of Common Collateral;

(iii) (A) the Second Priority Secured Parties with respect to each Type of Common Collateral shall be entitled to file any necessary responsive or defensive pleadings in opposition to any motion, claim, adversary proceeding or other pleading made by any Person objecting to or otherwise seeking the disallowance of the claims of the Second Priority Secured Parties with respect to such Type of Common Collateral, if any, in each case in accordance with the terms of this Agreement and (B) the Third Priority Secured Parties with respect to each Type of Common Collateral shall be entitled to file any necessary responsive or defensive pleadings in opposition to any motion, claim, adversary proceeding or other pleading made by any Person objecting to or otherwise seeking the disallowance of the claims of the Third Priority Secured Parties with respect to such Type of Common Collateral, if any, in each case in accordance with the terms of this Agreement;

(iv) the Second Priority Secured Parties and the Third Priority Secured Parties with respect to each Type of Common Collateral shall be entitled to file any pleadings, objections, motions or agreements which assert rights or interests available to unsecured creditors of the Grantors arising under either any bankruptcy, insolvency or similar law or applicable non-bankruptcy law, in each case in accordance with the terms of this Agreement; and

(v) the Second Priority Secured Parties and the Third Priority Secured Parties with respect to each Type of Common Collateral shall be entitled to vote on any plan of reorganization

and file any proof of claim in an Insolvency Proceeding or otherwise and make any arguments and motions that are, in each case, in accordance with the terms of this Agreement.

3.2 Standstill and Waivers.

(a) With respect to each Type of Common Collateral, (i) each of the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the First Priority Representative and each other First Priority Secured Party, that until the First Priority Obligations Payment Date, subject to Section 3.1(c) and except in connection with the taking of any Second Priority Permitted Actions, they will not oppose, object to, interfere with, hinder or delay, in any manner, whether by judicial proceedings (including without limitation the filing of an Insolvency Proceeding) or otherwise, any foreclosure, sale, lease, exchange, transfer or other disposition of such Common Collateral pursuant to an Enforcement Action (or pursuant to a sale, lease, exchange or transfer as a result of which the Second Priority Lien or Third Priority Lien is automatically released pursuant to Section 4.2(a)) or any other Enforcement Action taken by or on behalf of the First Priority Representative or any other First Priority Secured Party and (ii) the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, for the benefit of the Second Priority Representative and each other Second Priority Secured Party, agrees that, until the Second Priority Obligations Payment Date, subject to Section 3.1(c), they will not oppose, object to, interfere with, hinder or delay, in any manner, whether by judicial proceedings (including without limitation the filing of an Insolvency Proceeding) or otherwise, any foreclosure, sale, lease, exchange, transfer or other disposition of such Common Collateral pursuant to an Enforcement Action (or pursuant to a sale, lease, exchange or transfer as a result of which the Third Priority Lien is automatically released pursuant to Section 4.2(a)) or any other Enforcement Action taken by or on behalf of the Second Priority Representative or any other Second Priority Secured Party;

(b) With respect to each Type of Common Collateral, (i) each of the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the First Priority Representative and each other First Priority Secured Party, that until the First Priority Obligations Payment Date, they have no right to (x) direct the First Priority Representative or any other First Priority Secured Party to take any Enforcement Action with respect to such Common Collateral or (y) subject to Section 3.1(c) and except in connection with the taking of any Second Priority Permitted Actions, consent or object to the taking by the First Priority Representative or any other First Priority Secured Party of any Enforcement Action with respect to such Common Collateral or to the timing or manner thereof (or, to the extent it may have any such right described in this Section 3.2(b) as a junior lien creditor, they hereby irrevocably waive such right) and (ii) the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the Second Priority Representative and each other Second Priority Secured Party, that until the Second Priority Obligations Payment Date, they have no right to (x) direct the Second Priority Representative or any other Second Priority Secured Party to take any Enforcement Action with respect to such Common Collateral or (y) subject to Section 3.1(c), consent or object to the taking by the Second Priority Representative or any other Second Priority Secured Party of any Enforcement Action with respect to such Common Collateral or to the timing or manner thereof (or, to the extent it may have any such right described in this Section 3.2(b) as a junior lien creditor, they hereby irrevocably waive such right);

(c) With respect to each Type of Common Collateral, (i) each of the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit

of the First Priority Representative and each other First Priority Secured Party, that until the First Priority Obligations Payment Date, they will not institute any suit or other proceeding or assert in any suit, Insolvency Proceeding or other proceeding any claim against the First Priority Representative or any other First Priority Secured Party seeking damages from or other relief by way of specific performance, instructions or otherwise, with respect to, and none of the First Priority Representative nor any other First Priority Secured Party shall be liable for, any action taken or omitted to be taken by the First Priority Representative or any First Priority Secured Party with respect to such Common Collateral or pursuant to the First Priority Documents and (ii) the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the Second Priority Representative and each other Second Priority Secured Party, that until the Second Priority Obligations Payment Date, they will not institute any suit or other proceeding or assert in any suit, Insolvency Proceeding or other proceeding any claim against the Second Priority Representative or any other Second Priority Secured Party seeking damages from or other relief by way of specific performance, instructions or otherwise, with respect to, and none of the Second Priority Representative nor any other Second Priority Secured Party shall be liable for, any action taken or omitted to be taken by the Second Priority Representative or any Second Priority Secured Party with respect to such Common Collateral or pursuant to the Second Priority Documents; *provided* that nothing in this Section 3.2(c) shall be construed to prevent or limit any party hereto from instituting any such suit or other proceeding to enforce the terms of this Agreement;

(d) With respect to each Type of Common Collateral, (i) each of the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the First Priority Representative and each other First Priority Secured Party, that until the First Priority Obligations Payment Date, they will not take any Enforcement Action with respect to such Common Collateral, except as otherwise permitted under the proviso to the first sentence of Section 3.1(a) or under Section 3.1(b) and (ii) the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the Second Priority Representative and each other Second Priority Secured Party, that until the Second Priority Obligations Payment Date, they will not take any Enforcement Action with respect to such Common Collateral;

(e) With respect to each Type of Common Collateral, (i) each of the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the First Priority Representative and each other First Priority Secured Party, that until the First Priority Obligations Payment Date, they will not commence judicial or nonjudicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce their interest in or realize upon, such Common Collateral, in each case, except as otherwise permitted under the proviso to the first sentence of Section 3.1(a) or under Section 3.1(b) and (ii) the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the Second Priority Representative and each other Second Priority Secured Party, that until the Second Priority Obligations Payment Date, they will not commence judicial or nonjudicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce their interest in or realize upon, such Common Collateral; and

(f) With respect to each Type of Common Collateral, (i) each of the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit

of the First Priority Representative and each other First Priority Secured Party, that until the First Priority Obligations Payment Date, they will not seek, and hereby waive any right, to have such Common Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Common Collateral, except as otherwise permitted under Section 3.1(b) and (ii) the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees, for the benefit of the Second Priority Representative and each other Second Priority Secured Party, that until the Second Priority Obligations Payment Date, they will not seek, and hereby waive any right, to have such Common Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Common Collateral.

3.3 Judgment Creditors. In the event that any Second Priority Secured Party or Third Priority Secured Party becomes a judgment lien creditor as a result of its enforcement of its rights as an unsecured creditor in respect of its Second Priority Obligations or Third Priority Obligations, as the case may be (it being understood that any such party may exercise its rights and remedies as an unsecured creditor against the relevant Grantors in accordance with the terms of the Second Priority Documents or Third Priority Documents, as applicable, and applicable law; *provided* that such exercise of rights or remedies is not a violation of this Agreement), such judgment lien shall be subject to the terms of this Agreement for all purposes (including in relation to the First Priority Liens and the First Priority Obligations and the Second Priority Liens and the Second Priority Obligations, as applicable) to the same extent as all other Second Priority Liens (created pursuant to the Second Priority Documents) or all other Third Priority Liens (created pursuant to the Third Priority Documents), as the case may be, subject to this Agreement.

3.4 Cooperation. With respect to each Type of Common Collateral, the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties agrees that each of them shall take such actions as the First Priority Representative shall reasonably request in connection with an Enforcement Action by any First Priority Secured Party or the exercise by the First Priority Secured Parties of their rights set forth herein.

3.5 No Additional Rights for the Grantors Hereunder. Except as provided in Section 3.6, if any Secured Party shall enforce its rights or remedies in violation of the terms of this Agreement, no Grantor shall be entitled to use such violation as a defense to any action by any Secured Party, nor to assert such violation as a counterclaim or basis for set off or recoupment against any Secured Party.

3.6 Actions Upon Breach.

(a) With respect to each Type of Common Collateral, if any Second Priority Secured Party or Third Priority Secured Party commences or participates in any action or proceeding against any Grantor in respect of such Common Collateral contrary to this Agreement, such Grantor, with the prior written consent of the First Priority Representative, may interpose as a defense or dilatory plea the making of this Agreement, and any First Priority Secured Party may intervene and interpose such defense or plea in its or their name or in the name of such Grantor.

(b) With respect to each Type of Common Collateral, if any Second Priority Secured Party (or any agent or other representative thereof) or any Third Priority Secured Party (or any agent or other representative thereof) in any way takes, attempts to take or threatens to take any action with respect to such Common Collateral (including, without limitation, any attempt to enforce any remedy on such Common Collateral) in violation of this Agreement, or fails to take any action required by this Agreement, any First Priority Secured Party (in its or their own name or in the name of any Grantor) may obtain relief against such Second Priority Secured Party (or agent or other representative thereof) or Third Priority Secured Party (or agent or other representative thereof), as the case may be, by injunction, specific performance and/or other appropriate equitable relief, it being understood and agreed by the Second Priority Representative on behalf of each other Second Priority Secured Party and the Third Priority Representative on behalf of each other Third Priority Secured Party that (i) the damages of the First Priority Secured Parties from its actions may at that time be difficult to ascertain and may be irreparable, and (ii) each Second Priority Secured Party and each Third Priority Secured Party waives any defense that any Grantor and/or the First Priority Secured Parties cannot demonstrate damage and/or can be made whole by the awarding of damages.

SECTION 4. *Application of Proceeds of Common Collateral; Dispositions and Releases of Common Collateral; Inspection and Insurance.*

4.1 Application of Proceeds; Turnover Provisions.

(a) All proceeds of ABL Priority Collateral (to the extent such ABL Priority Collateral constitutes Common Collateral) (including any interest earned thereon) resulting from any Enforcement Action, and whether or not pursuant to an Insolvency Proceeding, shall be distributed as follows:

first, to the First Priority Representative with respect to the ABL Priority Collateral to be applied in accordance with Section 6.04 of the ABL Credit Agreement (or the then-extant First Priority Documents with respect to the ABL Priority Collateral) until the First Priority Obligations with respect to the ABL Priority Collateral are paid in full;

second, to the Second Priority Representative with respect to the ABL Priority Collateral to be applied in accordance with Section 6.02 of the Term Loan Agreement (or the then-extant Second Priority Documents with respect to the ABL Priority Collateral) until the Second Priority Obligations with respect to the ABL Priority Collateral are paid in full;

third, to the Third Priority Representative with respect to the ABL Priority Collateral to be applied in accordance with Section 6.02 of the Term Loan Agreement (or the then-extant Third Priority Documents with respect to the ABL Priority Collateral) until the Third Priority Obligations with respect to the ABL Priority Collateral are paid in full; and

finally, to the relevant Grantor, or as a court of competent jurisdiction may direct.

(b) All proceeds of the Term Loan Priority Collateral (to the extent such Term Loan Priority Collateral constitutes Common Collateral) (including any interest earned thereon) resulting from any Enforcement Action, and whether or not pursuant to an Insolvency Proceeding, shall be distributed as follows:

first, to the First Priority Representative with respect to the Term Loan Priority Collateral to be applied in accordance with Section 6.02 of the Term Loan Agreement (or the then-extant First Priority Documents with respect to the Term Loan Priority Collateral) until the First Priority Obligations with respect to the Term Loan Priority Collateral are paid in full;

second, to the Second Priority Representative with respect to the Term Loan Priority Collateral to be applied in accordance with Section 6.04 of the ABL Credit Agreement (or the then-extant Second Priority Documents with respect to the Term Loan Priority Collateral) until the Second Priority Obligations with respect to the Term Loan Priority Collateral are paid in full;

third, to the Third Priority Representative with respect to the Term Loan Priority Collateral to be applied in accordance with Section 6.02 of the Term Loan Agreement (or the then-extant Third Priority Documents with respect to the Term Loan Priority Collateral) until the Third Priority Obligations with respect to the Term Loan Priority Collateral are paid in full; and

finally, to the relevant Grantor, or as a court of competent jurisdiction may direct.

(c) With respect to each Type of Common Collateral, until the occurrence of the First Priority Obligations Payment Date, no Second Priority Secured Party or Third Priority Secured Party may accept any such Common Collateral, including any such Common Collateral constituting proceeds, in satisfaction, in whole or in part, of the Second Priority Secured Obligations or Third Priority Secured Obligations, as the case may be, in violation of Sections 4.1(a) or 4.1(b). Any Common Collateral, including any Common Collateral constituting proceeds, received by a Second Priority Secured Party or Third Priority Secured Party that is not permitted to be received pursuant to the preceding sentence shall be segregated and held in trust and promptly turned over to the First Priority Representative with respect to such Common Collateral to be applied in accordance with Section 4.1(a) or 4.1(b), as the case may be, in the same form as received, with any necessary

endorsements, and each Second Priority Secured Party and each Third Priority Secured Party hereby authorizes the First Priority Representative to make any such endorsements as agent for the Second Priority Representative and the Third Priority Representative (which authorization, being coupled with an interest, is irrevocable). Upon the turnover of such Common Collateral as contemplated by the immediately preceding sentence, the Second Priority Obligations or the Third Priority Obligations purported to be satisfied by the payment of such Common Collateral shall be immediately reinstated in full as though such payment had never occurred.

4.2 Releases of Lien.

(a) With respect to each Type of Common Collateral, upon any release, sale or disposition of such Common Collateral that results in the release of the First Priority Lien on such Common Collateral and that is (i) permitted pursuant to the terms of the First Priority Documents and not prohibited under the Second Priority Documents or Third Priority Documents or (ii) effected pursuant to an Enforcement Action, the Second Priority Lien and the Third Priority Lien on such Common Collateral (but not on any proceeds of such Common Collateral not required to be paid to the First Priority Secured Parties) shall be automatically and unconditionally released.

(b) With respect to each Type of Common Collateral, until the First Priority Obligations Payment Date, the Second Priority Representative and the Third Priority Representative shall promptly execute and deliver such release documents and instruments and shall take such further actions as the First Priority Representative shall reasonably request to evidence any release of the Second Priority Lien and Third Priority Lien described in Section 4.2(a). With respect to each Type of Common Collateral, the Second Priority Representative and the Third Priority Representative hereby appoints the First Priority Representative and any officer or duly authorized person of the First Priority Representative, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power of attorney in the place and stead of the Second Priority Representative and the Third Priority Representative and in the name of the Second Priority Representative, the Third Priority Representative or in the First Priority Representative's own name; *provided* that such power of attorney may only be exercised if the Second Priority Representative or the Third Priority Representative has not executed and delivered such release documents and instruments in a timely manner following a request from the First Priority Representative, and must be exercised in the First Priority Representative's reasonable discretion, solely for the purposes of carrying out the terms of Section 4.2(a), to take any and all appropriate action and to execute and deliver any and all documents and instruments as may be necessary or desirable to accomplish the purposes of Section 4.2(a), including any financing statements, endorsements, assignments, releases or other documents or instruments of transfer (which appointment, being coupled with an interest, is irrevocable).

4.3 Inspection Rights and Insurance.

(a) With respect to each Type of Common Collateral, until the First Priority Obligations Payment Date, any First Priority Secured Party and its representatives and invitees may, to the extent expressly permitted by the First Priority Documents, inspect, repossess, remove and otherwise deal with such Common Collateral, and, pursuant to an Enforcement Action, the First Priority Representative may advertise and conduct public auctions or private sales of such Common Collateral, in each case without notice (other than any notice required by law) to, the involvement of or interference by any Second Priority Secured Party or Third Priority Secured Party or liability to any Second Priority Secured Party or Third Priority Secured Party.

(b) With respect to each Type of Common Collateral, until the First Priority Obligations Payment Date, the First Priority Representative will have the sole and exclusive right, subject to the

rights of the Grantors under the applicable First Priority Documents, (i) to be named as additional insured and loss payee under any insurance policies maintained from time to time by any Grantor with respect to such Common Collateral (except that, if the applicable insurer permits, the Second Priority Representative and the Third Priority Representative shall have the right to be named as an additional insured so long as its second lien status or third lien status, as the case may be, is identified in a manner reasonably satisfactory to the First Priority Representative); (ii) to adjust or settle any insurance policy or claim covering such Common Collateral in the event of any loss thereunder; and (iii) to approve any award granted in any condemnation or similar proceeding affecting such Common Collateral.

4.4 Option to Purchase ABL Secured Obligations.

(a) Without prejudice to the enforcement of remedies by the ABL Agent (whether in its capacity as First Priority Representative or Second Priority Representative) or the ABL Secured Parties, the ABL Secured Parties agree that at any time following (a) acceleration of the ABL Secured Obligations in accordance with the terms of the ABL Credit Agreement, (b) the commencement of an Enforcement Action by the ABL Secured Parties or (c) the commencement of an Insolvency Proceeding by or against any Grantor (each, an "ABL Purchase Event"), one or more of the New Money Term Loan Secured Parties may request to purchase by way of assignment (and, to the extent provided in clause (b) below, cash collateralization), and the ABL Secured Parties, severally and not jointly, hereby offer the New Money Term Loan Secured Parties the option to purchase by way of assignment (and, to the extent provided in clause (b) below, cash collateralization) (and shall thereby also assume all commitments and duties of the ABL Secured Parties, other than in respect of Secured Agreements) all, but not less than all, of the aggregate amount of ABL Secured Obligations outstanding at the time of purchase (any such purchase, an "ABL Purchase"; and the persons effecting such purchase, the "ABL Purchasing Parties"); *provided* that (x) at the time of (and as a condition to) any ABL Purchase all commitments pursuant to any then outstanding ABL Credit Agreement shall have terminated, (y) any ABL Purchase shall be effected not later than 30 days following the first date on which an ABL Purchase Event occurs and (z) any ABL Purchase shall not in any way affect any rights of the ABL Secured Parties with respect to indemnification and other obligations of the Grantors under the ABL Loan Documents that are expressly stated to survive the termination of the ABL Documents (the "Surviving ABL Obligations").

(b) Without limiting the obligations of the Grantors to the ABL Secured Parties under the ABL Loan Documents with respect to the Surviving ABL Obligations, on the date of an ABL Purchase, the ABL Purchasing Parties shall (i) pay to the ABL Secured Parties as the purchase price (the "ABL Purchase Price") 100% of the amount of all ABL Secured Obligations (other than Unasserted Contingent Obligations) then outstanding and unpaid (including principal, interest, fees, breakage costs, attorneys' and advisors' fees and expenses (in each case, whether or not invoiced or final)), payable in cash, (ii) furnish cash collateral to the ABL Secured Parties in such amounts as the relevant ABL Secured Parties determine is reasonably necessary to secure such ABL Secured Parties in connection with any ABL Secured Obligations in respect of Secured Agreements, without prejudice to the right of such ABL Secured Parties to terminate any such Secured Agreements at any time, (iii) furnish cash collateral to the ABL Secured Parties in such amounts as the relevant ABL Secured Parties determine is reasonably necessary to secure such ABL Secured Parties in connection with any outstanding Letters of Credit (as defined in the ABL Credit Agreement) (not to exceed 105% of the aggregate undrawn face amount of such letters of credit) and (iv) agree to reimburse the ABL Secured Parties for (x) returned payment items relating to any checks or other payments provisionally credited to the ABL Secured Obligations and/or as to which the ABL Secured Parties have not yet received final payment and, in each case, are reflected in the ABL Purchase Price and (y) to the extent that the cash collateral furnished pursuant to clauses (ii) and/or (iii) is insufficient, all amounts thereafter drawn

under any outstanding Letters of Credit or thereafter payable by the ABL Secured Parties (or any of them) in respect of Secured Agreements.

(c) The ABL Purchase Price and cash collateral shall be remitted by wire transfer in immediately available funds to such account of the ABL Agent as it shall designate to the ABL Purchasing Parties. The ABL Agent shall, promptly following its receipt thereof, distribute the amounts received by it in respect of the ABL Purchase Price to the ABL Secured Parties in accordance with their holdings of the applicable ABL Secured Obligations. Interest shall be calculated to but excluding the day on which the ABL Purchase occurs if the amounts so paid by the ABL Purchasing Parties to the account designated by the ABL Agent are received in such account prior to 1:00 p.m., New York City time, and interest shall be calculated to and including such day if the amounts so paid by the ABL Purchasing Parties to the account designated by the ABL Agent are received in such account later than 1:00 p.m., New York City time.

(d) After the date of such ABL Purchase (i) the ABL Agent will promptly provide the New Money Term Loan Agent with written notification of the termination of any Secured Agreements and the cancellation or termination of any Letters of Credit (as defined in the ABL Credit Agreement), in each case, for which the ABL Purchasing Parties have provided cash collateral, and (ii) to the extent any Secured Agreements are terminated or any Letters of Credit are cancelled or terminated without being drawn, the ABL Agent shall return to the ABL Purchasing Parties such portion of the cash collateral furnished to the ABL Agent as collateral therefor and not applied to the satisfaction of the ABL Secured Obligations to which such cash collateral relates.

(e) The ABL Purchase shall be made without representation or warranty of any kind by the ABL Secured Parties as to the ABL Secured Obligations, the ABL Priority Collateral or otherwise and without recourse to the ABL Secured Parties, except that the ABL Secured Parties shall represent and warrant: (i) the amount of the ABL Secured Obligations being purchased, (ii) that the ABL Secured Parties own the ABL Secured Obligations free and clear of any Liens (other than participation interests not prohibited under the ABL Credit Agreement, in which case the ABL Purchase Price shall be appropriately adjusted so that the ABL Purchasing Parties do not pay amounts in respect of any participation interests that remain in effect) and (iii) that the ABL Secured Parties have the right to assign the ABL Secured Obligations and the assignment is duly authorized.

(f) The ABL Purchase shall be made pursuant to assignment documentation in form and substance reasonably satisfactory to the ABL Agent (with the reasonable and documented cost of such documentation to be paid by the Grantors or, if the Grantors do not make such payment, by the respective purchasers, who shall have the right to obtain reimbursement of same from the Grantors).

(g) The obligations of the ABL Secured Parties to sell their respective ABL Secured Obligations under this Section 4.4(g) are several and not joint and several. To the extent any ABL Secured Party breaches its obligation to sell its ABL Secured Obligations under this Section 4.4(g) (a "Defaulting ABL Secured Party"), nothing in this Section 4.4(g) shall be deemed to require the ABL Agent or any other ABL Secured Party to purchase such Defaulting ABL Secured Party's ABL Secured Obligations for resale to any New Money Term Loan Secured Party, and in all cases the ABL Agent and each ABL Secured Party complying with the terms of this Section 4.4(g) shall not be deemed to be in default of this Agreement or otherwise be deemed liable for any action or inaction of any Defaulting ABL Secured Party; *provided* that nothing in this Section 4.4(g) shall require any ABL Purchasing Party to purchase less than all of the ABL Secured Obligations.

(h) Each Grantor irrevocably consents to any assignment effected to one or more New Money Term Loan Secured Parties pursuant to this Section 4.4 for purposes of all ABL Loan

Documents and hereby agrees that no further consent to any such assignment pursuant to this Section from such Grantor shall be required.

4.5 Option to Purchase New Money Term Loan Secured Obligations.

(a) Without prejudice to the enforcement of remedies by the New Money Term Loan Agent (whether in its capacity as First Priority Representative or Second Priority Representative) or the New Money Term Loan Secured Parties, the New Money Term Loan Secured Parties agree that at any time following (a) acceleration of the New Money Term Loan Secured Obligations in accordance with the terms of the Term Loan Agreement, (b) the commencement of an Enforcement Action by the New Money Term Loan Secured Parties or (c) the commencement of an Insolvency Proceeding by or against any Grantor (each, a "New Money Term Loan Purchase Event"), one or more of the ABL Secured Parties may request to purchase by way of assignment, and the New Money Term Loan Secured Parties, severally and not jointly, hereby offer the ABL Secured Parties the option to purchase by way of assignment all, but not less than all, of the aggregate amount of New Money Term Loan Secured Obligations outstanding at the time of purchase (any such purchase, a "New Money Term Loan Purchase"; and the persons effecting such purchase, the "New Money Term Loan Purchasing Parties"); *provided* that (x) at the time of (and as a condition to) any New Money Term Loan Purchase all commitments pursuant to any then outstanding Term Loan Agreement shall have terminated, (y) any New Money Term Loan Purchase shall be effected not later than 30 days following the first date on which a New Money Term Loan Purchase Event occurs and (z) any New Money Term Loan Purchase shall not in any way affect any rights of the New Money Term Loan Secured Parties with respect to indemnification and other obligations of the Grantors under the Term Loan Documents that are expressly stated to survive the termination of the Term Loan Documents or the repayment of the New Money Term Loans (the "Surviving New Money Term Loan Obligations").

(b) Without limiting the obligations of the Grantors to the New Money Term Loan Secured Parties under the Term Loan Documents with respect to the Surviving New Money Term Loan Obligations, on the date of a New Money Term Loan Purchase, the New Money Term Loan Purchasing Parties shall (i) pay to the New Money Term Loan Secured Parties as the purchase price (the "New Money Term Loan Purchase Price") 100% of the amount of all New Money Term Loan Secured Obligations (other than unasserted contingent indemnification obligations) then outstanding and unpaid (including principal, interest, fees, breakage costs, attorneys' and advisors' fees and expenses (in each case, whether or not invoiced or final)), payable in cash and (ii) agree to reimburse the New Money Term Loan Secured Parties for returned payment items relating to any checks or other payments provisionally credited to the New Money Term Loan Secured Obligations and/or as to which the New Money Term Loan Secured Parties have not yet received final payment and, in each case, are reflected in the New Money Term Loan Purchase Price.

(c) The New Money Term Loan Purchase Price shall be remitted by wire transfer in immediately available funds to such account of the New Money Term Loan Agent as it shall designate to the New Money Term Loan Purchasing Parties. The New Money Term Loan Agent shall, promptly following its receipt thereof, distribute the amounts received by it in respect of the New Money Term Loan Purchase Price to the New Money Term Loan Secured Parties in accordance with their holdings of the applicable New Money Term Loan Secured Obligations. Interest shall be calculated to but excluding the day on which the ABL Purchase occurs if the amounts so paid by the New Money Term Loan Purchasing Parties to the account designated by the New Money Term Loan Agent are received in such account prior to 1:00 p.m., New York City time, and interest shall be calculated to and including such day if the amounts so paid by the New Money Term Loan Purchasing Parties to the account designated by the New Money Term Loan Agent are received in such account later than 1:00 p.m., New York City time.

(d) The New Money Term Loan Purchase shall be made without representation or warranty of any kind by the New Money Term Loan Secured Parties as to the New Money Term Loan Secured Obligations, the Term Loan Priority Collateral or otherwise and without recourse to the New Money Term Loan Secured Parties, except that the New Money Term Loan Secured Parties shall represent and warrant: (i) the amount of the New Money Term Loan Secured Obligations being purchased, (ii) that the New Money Term Loan Secured Parties own the New Money Term Loan Secured Obligations free and clear of any Liens (other than participation interests not prohibited under the Term Loan Agreement, in which case the New Money Term Loan Purchase Price shall be appropriately adjusted so that the New Money Term Loan Purchasing Parties do not pay amounts in respect of any participation interests that remain in effect) and (iii) that the New Money Term Loan Secured Parties have the right to assign the New Money Term Loan Secured Obligations and the assignment is duly authorized.

(e) The New Money Term Loan Purchase shall be made pursuant to assignment documentation in form and substance reasonably satisfactory to the New Money Term Loan Agent (with the reasonable and documented cost of such documentation to be paid by the Grantors or, if the Grantors do not make such payment, by the respective purchasers, who shall have the right to obtain reimbursement of same from the Grantors).

(f) The obligations of the New Money Term Loan Secured Parties to sell their respective New Money Term Loan Secured Obligations under this Section 4.5(f) are several and not joint and several. To the extent any New Money Term Loan Secured Party breaches its obligation to sell its New Money Term Loan Secured Obligations under this Section 4.5(f) (a "Defaulting New Money Secured Party"), nothing in this Section 4.5(f) shall be deemed to require the New Money Term Loan Agent or any other New Money Term Loan Secured Party to purchase such Defaulting New Money Term Loan Secured Party's New Money Term Loan Secured Obligations for resale to any ABL Secured Party, and in all cases the New Money Term Loan Agent and each New Money Term Loan Secured Party complying with the terms of this Section 4.5(f) shall not be deemed to be in default of this Agreement or otherwise be deemed liable for any action or inaction of any Defaulting New Money Term Loan Secured Party; *provided* that nothing in this Section 4.5(f) shall require any New Money Term Loan Purchasing Party to purchase less than all of the New Money Term Loan Secured Obligations.

(g) Each Grantor irrevocably consents to any assignment effected to one or more ABL Secured Parties pursuant to this Section 4.5 for purposes of all Term Loan Documents and hereby agrees that no further consent to any such assignment pursuant to this Section from such Grantor shall be required.

4.6 Option to Purchase ABL Secured Obligations and New Money Term Loan Secured Obligations. Within 15 days after the occurrence of both an ABL Purchase Event and a New Money Term Loan Purchase Event, one or more of the Junior Term Loan Secured Parties (the "Junior Secured Purchasing Parties") shall have the right to purchase all of the ABL Secured Obligations and all of the New Money Term Loan Obligations pursuant to the terms and conditions set forth in Sections 4.4 and 4.5 as if such Junior Secured Purchasing Parties were the New Money Term Loan Purchasing Parties and the ABL Purchasing Parties. In the event of a conflict between the purchase right afforded to the Junior

Secured Purchasing Parties pursuant to this Section 4.6 and the purchase right afforded to the ABL Purchasing Parties pursuant to Section 4.4 or the purchase right afforded to the New Money Term Loan Purchasing Parties pursuant to Section 4.5, the purchase right afforded to the Junior Secured Purchasing Parties pursuant to this Section 4.6 shall prevail.

SECTION 5. *Insolvency Proceedings.*

Subject in all respects to Section 5.11(b), which provides for the inapplicability of certain of the following provisions of this Section 5 during the Existing Chapter 11 Cases, and to Section 11.14:

5.1 Filing of Motions. No Secured Party shall, in or in connection with any Insolvency Proceeding, file any pleadings or motions, take any position at any hearing or proceeding of any nature, or otherwise take any action whatsoever, in each case to challenge, contest or otherwise object to the scope, validity, enforceability, perfection or priority of any Liens held by any other Secured Party and no Secured Party shall support any other Person doing any of the foregoing.

5.2 Financing Matters.

(a) If any Grantor becomes subject to any Insolvency Proceeding, and if the First Priority Representative with respect to the ABL Priority Collateral consents (or does not object) to the use of ABL Priority Collateral constituting Common Collateral (for the avoidance of doubt, including but not limited to the use of any such ABL Priority Collateral that is cash collateral) by any Grantor during any Insolvency Proceeding or provides financing to any Grantor under the Bankruptcy Code secured by ABL Priority Collateral or consents (or does not object) to the provision of such financing to any Grantor by any third party (any such financing, whether provided by the First Priority Secured Parties with respect to the ABL Priority Collateral (or any of them) or any third party, being referred to herein as an "ABL Priority DIP Financing"), then the Second Priority Representative with respect to the ABL Priority Collateral agrees, on behalf of itself and the other Second Priority Secured Parties with respect to the ABL Priority Collateral, and the Third Priority Representative with respect to the ABL Priority Collateral agrees, on behalf of itself and the other Third Priority Secured Parties with respect to the ABL Priority Collateral, that each such Second Priority Secured Party and each such Third Priority Secured Party (a) will be deemed to have consented to, will raise no objection to, and will not support any other Person objecting to, the use of such ABL Priority Collateral or to such ABL Priority DIP Financing, (b) shall only request or accept adequate protection in connection with the use of such ABL Priority Collateral or such ABL Priority DIP Financing as permitted by Section 5.4 below, (c) will subordinate (and will be deemed hereunder to have subordinated) the Second Priority Liens or the Third Priority Liens, as applicable, and any Adequate Protection Liens provided in respect thereof (i) to the Liens on such ABL Priority Collateral securing such ABL Priority DIP Financing on the same terms and conditions as the First Priority Liens on such ABL Priority Collateral are subordinated to such Liens on such ABL Priority Collateral securing such ABL Priority DIP Financing (and such subordination will not alter in any manner the terms of this Agreement), (ii) to any adequate protection with respect to the ABL Priority Collateral provided to the First Priority Secured Parties with respect to the ABL Priority Collateral, including, without limitation, Adequate Protection Liens on the ABL

Priority Collateral provided to the First Priority Secured Parties with respect to the ABL Priority Collateral and (iii) to any “carve-out” with respect to the ABL Priority Collateral for professional and United States Trustee fees agreed to by the First Priority Representative with respect to the ABL Priority Collateral or the other First Priority Secured Parties with respect to the ABL Priority Collateral and (d) agrees that any notice of such events found to be adequate by the bankruptcy court shall be adequate notice.

(b) If any Grantor becomes subject to any Insolvency Proceeding, and if the First Priority Representative with respect to the Term Loan Priority Collateral consents (or does not object) to the use of Term Loan Priority Collateral constituting Common Collateral by any Grantor during any Insolvency Proceeding or provides financing to any Grantor under the Bankruptcy Code secured by Term Loan Priority Collateral or consents (or does not object) to the provision of such financing to any Grantor by any third party (any such financing, whether provided by the First Priority Secured Parties with respect to the Term Loan Priority Collateral (or any of them) or any third party, being referred to herein as a “Term Loan Priority DIP Financing”), then the Second Priority Representative with respect to the Term Loan Priority Collateral agrees, on behalf of itself and the other Second Priority Secured Parties with respect to the Term Loan Priority Collateral, and the Third Priority Representative with respect to the Term Loan Priority Collateral agrees, on behalf of itself and the other Third Priority Secured Parties with respect to the Term Loan Priority Collateral, that each such Second Priority Secured Party and each such Third Priority Secured Party (a) will be deemed to have consented to, will raise no objection to, and will not support any other Person objecting to, the use of such Term Loan Priority Collateral or to such Term Loan Priority DIP Financing, (b) shall only request or accept adequate protection in connection with the use of such Term Loan Priority Collateral or such Term Loan Priority DIP Financing as permitted by Section 5.4 below, (c) will subordinate (and will be deemed hereunder to have subordinated) the Second Priority Liens or the Third Priority Liens, as applicable, and any Adequate Protection Liens provided in respect thereof (i) to the Liens on such Term Loan Priority Collateral securing such Term Loan Priority DIP Financing on the same terms and conditions as the First Priority Liens on such Term Loan Priority Collateral are subordinated to such Liens on such Term Loan Priority Collateral securing such Term Loan Priority DIP Financing (and such subordination will not alter in any manner the terms of this Agreement), (ii) to any adequate protection with respect to the Term Loan Priority Collateral provided to the First Priority Secured Parties with respect to the Term Loan Priority Collateral, including, without limitation, Adequate Protection Liens on the Term Loan Priority Collateral provided to the First Priority Secured Parties with respect to the Term Loan Priority Collateral and (iii) to any “carve-out” with respect to the Term Loan Priority Collateral for professional and United States Trustee fees agreed to by the First Priority Representative with respect to the Term Loan Priority Collateral or the other First Priority Secured Parties with respect to the Term Loan Priority Collateral and (d) agrees that any notice of such events found to be adequate by the bankruptcy court shall be adequate notice.

5.3 Relief From the Automatic Stay. With respect to each Type of Common Collateral, (a) the Second Priority Representative agrees, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative agrees, on behalf of itself and the other Third Priority Secured Parties, that none of them will (i) seek relief from the automatic stay or from any other stay in any Insolvency Proceeding or take any action in violation thereof, or support any other Person seeking such relief or taking such action, in each case in respect of such Common Collateral, without the prior

written consent of the First Priority Representative or (ii) object to, contest, or support any other Person objecting to or contesting, any relief from the automatic stay or from any other stay in any Insolvency Proceeding requested by any First Priority Secured Party and (b) the Third Priority Representative agrees, on behalf of itself and the other Third Priority Secured Parties, that none of them will (i) seek relief from the automatic stay or from any other stay in any Insolvency Proceeding or take any action in violation thereof, or support any other Person seeking such relief or taking such action, in each case in respect of such Common Collateral, without the prior written consent of the Second Priority Representative or (ii) object to, contest, or support any other Person objecting to or contesting, any relief from the automatic stay or from any other stay in any Insolvency Proceeding requested by any Second Priority Secured Party.

5.4 Adequate Protection.

(a) With respect to each Type of Common Collateral, the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees that none of them shall object to, contest, or support any other Person objecting to or contesting, (i) any request by the First Priority Representative or any other First Priority Secured Party for adequate protection with respect to such Common Collateral, including, without limitation, in the form of Adequate Protection Liens, superpriority claims, interest, fees, expenses or other amounts or (ii) any objection by the First Priority Representative or any other First Priority Secured Party to any motion, relief, action or proceeding based on a claim of a lack of adequate protection to the First Priority Secured Parties with respect to such Common Collateral or (iii) the payment of interest, fees, expenses or other amounts to the First Priority Representative or any other First Priority Secured Party under section 506(b) or 506(c) of the Bankruptcy Code or otherwise with respect to such Common Collateral. Notwithstanding anything contained in this Agreement, (1) in any Insolvency Proceeding, the Second Priority Representative and the other Second Priority Secured Parties and the Third Priority Representative and the other Third Priority Secured Parties, in each case with respect to each Type of Common Collateral, may seek, support, accept or retain adequate protection (A) only if the First Priority Secured Parties with respect to such Common Collateral are granted adequate protection that includes replacement liens on additional collateral and superpriority claims and such First Priority Secured Parties do not object to the adequate protection being provided to them and (B) solely in the form of (x) an Adequate Protection Lien on additional collateral, subordinated to the First Priority Liens on such Common Collateral and the Liens securing any DIP Financing provided by, or consented to by (including via non-objection), the First Priority Secured Parties with respect to such Common Collateral on the same basis as the other Second Priority Liens on such Common Collateral and Third Priority Liens on such Common Collateral, as applicable, are so subordinated to the First Priority Liens on such Common Collateral under this Agreement and (y) non-monetary adequate protection that is customarily provided in an Insolvency Proceeding, including, without limitation, the provision of information and the ability to monitor such Common Collateral and (2) with respect to each Type of Common Collateral, in the event any Second Priority Secured Party or any Third Priority Secured Party receives adequate protection in the form of Adequate Protection Liens, then the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, or the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, as the case may be, (i) consents to the First

Priority Representative having a senior Adequate Protection Lien on such additional collateral as security for the First Priority Obligations and that any Adequate Protection Liens granted to the Second Priority Secured Parties and the Third Priority Secured Parties, on any additional collateral shall be subordinated to the Liens on such collateral securing the First Priority Obligations and any DIP Financing provided by, or consented to by (including via non-objection), the First Priority Secured Parties with respect to such Common Collateral (and all obligations relating thereto) and any Adequate Protection Liens granted to the First Priority Secured Parties, with such subordination to be on the same terms that the other Second Priority Liens are subordinated to such First Priority Liens under this Agreement or that the other Third Priority Liens are subordinated to such First Priority Liens and the Second Priority Liens under this Agreement, as applicable, and (ii) agrees that, if the bankruptcy court does not grant the First Priority Secured Parties a senior Adequate Protection Lien on such additional collateral, then the Second Priority Secured Parties or Third Priority Secured Parties, as the case may be, shall be deemed to hold and have held their Adequate Protection Lien on such additional collateral for the benefit of the First Priority Secured Parties (and each such Lien so deemed to have been held shall be subject in all respects to the provisions of this Agreement, including without limitation the lien subordination provisions set forth in Section 2.1) and, until the First Priority Obligations Payment Date, any distributions in respect of such additional collateral received by the Second Priority Secured Parties or Third Priority Secured Parties, as applicable, shall be segregated and held in trust and promptly turned over to the First Priority Representative to repay the First Priority Obligations. Upon the turnover of such distributions as contemplated by the immediately preceding sentence, the Second Priority Obligations or the Third Priority Obligations, as applicable, purported to be satisfied by such distributions shall be immediately reinstated in full as though such payment had never occurred.

(b) With respect to each Type of Common Collateral (but without limiting, and subject in all respects to, Section 5.4(a)), the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees that none of them shall object to, contest, or support any other Person objecting to or contesting, (i) any request by the Second Priority Representative or any other Second Priority Secured Party for adequate protection with respect to such Common Collateral, including, without limitation, in the form of Adequate Protection Liens, superpriority claims, interest, fees, expenses or other amounts or (ii) any objection by the Second Priority Representative or any other Second Priority Secured Party to any motion, relief, action or proceeding based on a claim of a lack of adequate protection to the Second Priority Secured Parties with respect to such Common Collateral or (iii) the payment of interest, fees, expenses or other amounts to the Second Priority Representative or any other Second Priority Secured Party under section 506(b) or 506(c) of the Bankruptcy Code or otherwise with respect to such Common Collateral. Notwithstanding anything contained in this Agreement, (1) in any Insolvency Proceeding, the Third Priority Representative and the other Third Priority Secured Parties, with respect to each Type of Common Collateral, may seek, support, accept or retain adequate protection (A) only if the Second Priority Secured Parties with respect to such Common Collateral are granted adequate protection that includes replacement liens on additional collateral and superpriority claims and such Second Priority Secured Parties do not object to the adequate protection being provided to them and (B) solely in the form of (x) an Adequate Protection Lien on additional collateral, subordinated to the Second Priority Liens and Liens securing any DIP Financing provided by, or consented to by (including via non-objection), the Second Priority Secured Parties with respect to such Common Collateral on the same basis as the other Third Priority Liens are so subordinated to the Second Priority Liens under this Agreement and (y) non-monetary adequate protection that is customarily provided in an Insolvency Proceeding, including, without limitation, the provision of information and the ability to monitor such Common Collateral and (2) with respect to each Type of Common Collateral, in the event any Third Priority Secured Party receives adequate protection in the form of Adequate Protection Liens, then the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, (i) consents to the Second Priority Representative having a senior Adequate Protection Lien on such additional collateral as security for the Second

Priority Obligations and that any Adequate Protection Liens granted to the Third Priority Secured Parties on any additional collateral shall be subordinated to the Liens on such collateral securing the Second Priority Obligations and any DIP Financing provided by, or consented to by (including via non-objection), the Second Priority Secured Parties with respect to such Common Collateral (and all obligations relating thereto) and any Adequate Protection Liens granted to the Second Priority Secured Parties, with such subordination to be on the same terms that the other Third Priority Liens are subordinated to such Second Priority Liens under this Agreement and (ii) agrees that, if the bankruptcy court does not grant the Second Priority Secured Parties a senior Adequate Protection Lien on such additional collateral, then the Third Priority Secured Parties shall be deemed to hold and have held their Adequate Protection Lien on such additional collateral for the benefit of the Second Priority Secured Parties (and each such Lien so deemed to have been held shall be subject in all respects to the provisions of this Agreement, including without limitation the lien subordination provisions set forth in Section 2.1) and, until the Second Priority Obligations Payment Date, any distributions in respect of such additional collateral received by the Third Priority Secured Parties shall be segregated and held in trust and promptly turned over to the Second Priority Representative to repay the Second Priority Obligations. Upon the turnover of such distributions as contemplated by the immediately preceding sentence, the Third Priority Obligations purported to be satisfied by such distributions shall be immediately reinstated in full as though such payment had never occurred.

5.5 Avoidance Issues.

(a) With respect to each Type of Common Collateral, if any First Priority Secured Party is required in any Insolvency Proceeding or otherwise to disgorge, turn over or otherwise pay to the estate of any Grantor, because such amount was avoided or ordered to be paid or disgorged for any reason, including without limitation because it was found to be a fraudulent or preferential transfer, any amount (a "Recovery"), whether received as proceeds of security, enforcement of any right of set-off or otherwise, then the First Priority Obligations shall be reinstated to the extent of such Recovery and deemed to be outstanding as if such payment had not occurred, and the First Priority Obligations Payment Date shall be deemed not to have occurred. If this Agreement shall have been terminated prior to such Recovery, this Agreement shall be reinstated in full force and effect, and such prior termination shall not diminish, release, discharge, impair or otherwise affect the obligations of the parties hereto. The Second Priority Secured Parties and the Third Priority Secured Parties with respect to each Type of Common Collateral agree that none of them shall be entitled to benefit from any avoidance action affecting or otherwise relating to any distribution or allocation with respect to such Common Collateral made in accordance with this Agreement, whether by preference or otherwise, it being understood and agreed that the benefit of such avoidance action otherwise allocable to them shall instead be allocated and turned over for application in accordance with the priorities set forth in this Agreement.

(b) With respect to each Type of Common Collateral, if any Grantor receives a Recovery from any Second Priority Secured Party, whether received as proceeds of security, enforcement of any right of set-off or otherwise, then the Second Priority Obligations shall be reinstated to the extent of such Recovery and deemed to be outstanding as if such payment had not occurred, and the Second Priority Obligations Payment Date shall be deemed not to have occurred. If this Agreement shall have been terminated prior to such Recovery, this Agreement shall be reinstated in full force and effect, and such prior termination shall not diminish, release, discharge, impair or otherwise affect the obligations of the parties hereto. The Third Priority Secured Parties with respect to each Type of Common Collateral agree that none of them shall be entitled to benefit from any avoidance action affecting or otherwise relating to any distribution or allocation with respect to such Common Collateral made in accordance with this Agreement, whether by preference or otherwise, it being understood and agreed

that the benefit of such avoidance action otherwise allocable to them shall instead be allocated and turned over for application in accordance with the priorities set forth in this Agreement.

5.6 Asset Dispositions in an Insolvency Proceeding.

(a) With respect to each Type of Common Collateral, the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, agrees that (i) none of them shall, in an Insolvency Proceeding, oppose any sale or disposition of any such Common Collateral that is supported by the First Priority Secured Parties, and (ii) they will be deemed to have consented under Section 363 of the Bankruptcy Code (and otherwise) to any such sale supported by the First Priority Secured Parties and to have released their Liens in such Common Collateral; *provided* that (x) if the Second Priority Secured Parties (or the Second Priority Representative on their behalf) or the Third Priority Secured Parties (or the Third Priority Representative on their behalf) have consented to such sale or disposition of such assets, the Second Priority Representative or the Second Priority Secured Parties, or the Third Priority Representative or the Third Priority Secured Parties, as the case may be, may assert any objection or opposition that could be asserted by an unsecured creditor in any such Insolvency Proceeding and (y) the Second Priority Representative and the Second Priority Secured Parties or the Third Priority Representative and the Third Priority Secured Parties, as the case may be, shall be entitled to seek and exercise credit bid rights in respect of any such sale or disposition so long as (A) the First Priority Obligations Payment Date shall occur upon consummation of such sale or disposition or (B) in the case of a credit bid described in Section 5.6(c), the conditions set forth Section 5.6(c) are satisfied.

(b) Notwithstanding anything (other than clause (y) of Section 5.6(a)) to the contrary herein, the New Money Term Loan Agent, on behalf of itself and the New Money Term Loan Secured Parties, agrees that, during the pendency of the Existing Chapter 11 Cases, none of them shall be entitled to, nor shall any of them, credit bid or seek to credit bid any claims in respect of New Money Term Loan Secured Obligations (such claims, the "Applicable Claims") in connection with any Specified Sale to the extent that the aggregate amount of Applicable Claims that have been so credit bid would exceed the Available Credit Bid Amount.

(c) Without limiting clause (y) of Section 5.6(a) and to the extent permitted by applicable law, in the case of any Specified Sale that is to be effected during the pendency of the Existing Chapter 11 Cases, and with respect to any Common Collateral that is to be included in any such Specified Sale, the New Money Term Loan Secured Parties may credit bid Applicable Claims, subject to the satisfaction of the following conditions:

(i) The aggregate amount of all Applicable Claims that have been credit bid shall not exceed at any time the Available Credit Bid Amount at such time; and

(ii) Immediately after giving effect to any Specified Sale that includes any such credit bid, immediately before and after giving effect thereto and giving effect to the use of proceeds thereof (x) no default under the ABL Credit Agreement shall have occurred and be continuing and (y) the sum of (1) the aggregate principal amount of all Revolving Loans (as defined in the ABL Credit Agreement) then outstanding plus (2) the aggregate Letter of Credit Obligations (as defined in the ABL Credit Agreement) then outstanding and not cash collateralized shall not exceed the Line Cap (as defined in the ABL Credit Agreement).

5.7 Separate Grants of Security and Separate Classification. Each of the ABL Agent, on behalf of itself and the ABL Secured Parties, the New Money Term Loan Agent, on behalf of itself and the New Money Term Loan Secured Parties, and the Junior Term Loan Agent, on behalf of itself and the Junior Term Loan Secured Parties, acknowledges and agrees that (i) the grant of Liens on the Common Collateral securing the ABL Secured Obligations constitutes a separate and distinct grant of Liens from the grant of Liens on such Common Collateral securing the New Money Term Loan Secured Obligations and from the grant of Liens on such Common Collateral securing the Junior Term Loan Secured Obligations, (ii) because of, among other things, their differing rights in such Common Collateral, each of the ABL Secured Obligations, New Money Term Loan Secured Obligations and Junior Term Loan Secured Obligations is fundamentally different and must be separately classified in any plan of reorganization proposed or confirmed in an Insolvency Proceeding and (iii) it will object to, and not vote in favor of, any plan of reorganization that does not separately classify the ABL Secured Obligations, the New Money Term Loan Secured Obligations and the Junior Term Loan Secured Obligations. To further effectuate the intent of the parties as provided in the immediately preceding sentence, if a court of competent jurisdiction holds that the claims of the First Priority Secured Parties, the claims held by the Second Priority Secured Parties and the claims held by the Third Priority Secured Parties in respect of any Type of Common Collateral constitute only one secured claim (rather than separate classes of first, second and third priority secured claims), then the Second Priority Secured Parties and the Third Priority Secured Parties in respect of such Common Collateral hereby acknowledge and agree that all distributions shall be made as if there were separate classes of first, second and third priority secured claims against the relevant Grantors in respect of such Common Collateral (with the effect being that, to the extent that the aggregate value of such Common Collateral is sufficient (for this purpose ignoring all claims held by the Second Priority Secured Parties and the Third Priority Secured Parties), the First Priority Secured Parties with respect to such Common Collateral shall be entitled to receive, in addition to distributions to them in respect of principal, pre-petition interest and other claims, all amounts owing in respect of Post-Petition Interest (at the applicable non-default rate) before any distribution is made in respect of the claims held by

the Second Priority Secured Parties and the Third Priority Secured Parties with respect to such Common Collateral), with the Second Priority Secured Parties and the Third Priority Secured Parties with respect to such Common Collateral hereby acknowledging and agreeing to turn over to the First Priority Secured Parties with respect to such Common Collateral distributions otherwise received or receivable by them in respect of such Common Collateral to the extent necessary to effectuate the intent of this sentence, even if such turnover has the effect of reducing the claim or recovery of the Second Priority Secured Parties and/or the Third Priority Secured Parties with respect to such Common Collateral.

5.8 Plans of Reorganization.

(a) With respect to each Type of Common Collateral, if the claims of the First Priority Secured Parties, the claims held by the Second Priority Secured Parties and the claims held by the Third Priority Secured Parties constitute only one secured claim pursuant to any plan of reorganization proposed in an Insolvency Proceeding (rather than separate classes of first, second and third priority secured claims), notwithstanding the objection to, and vote against, such plan by such Secured Parties in accordance with Section 5.7, no Second Priority Secured Party and no Third Priority Secured Party shall support or vote in favor of such plan of reorganization (and each shall vote and shall be deemed to have voted to reject any plan of reorganization) unless such plan (i) pays off, in cash in full, all First Priority Obligations or (ii) is supported by the First Priority Representative. If any such Second Priority Secured Party or Third Priority Secured Party with respect to any Type of Common Collateral votes in favor of any plan or reorganization in violation of this Section 5.8(a), such Second Priority Secured Party or Third Priority Secured Party irrevocably agrees that such vote shall be deemed unauthorized, void and of no force and effect and the First Priority Representative shall be, and shall be deemed, such party's "authorized agent" under Bankruptcy Rules 3018(c) and 9010, and that the First Priority Representative shall be authorized and entitled to withdraw such vote and submit a superseding ballot on behalf of such Second Priority Secured Party or such Third Priority Secured Party that is consistent herewith.

(b) If, in any Insolvency Proceeding, debt obligations of the reorganized debtor secured by Liens upon any property of the reorganized debtor are distributed, pursuant to a plan of reorganization or similar dispositive restructuring plan, on account of ABL Secured Obligations, on account of New Money Term Loan Secured Obligations and on account of Junior Term Loan Secured Obligations, then, to the extent the debt obligations distributed on account of the ABL Secured Obligations, on account of the New Money Term Loan Secured Obligations and on account of the Junior Term Loan Secured Obligations are secured by Liens upon the same property, the provisions of this Agreement will survive the distribution of such debt obligations pursuant to such plan and will apply with like effect to the Liens securing such debt obligations.

5.9 Other Matters. With respect to each Type of Common Collateral, to the extent that the Second Priority Representative, any other Second Priority Secured Party, the Third Priority Representative or any other Third Priority Secured Party, has or acquires rights under Section 363 or Section 364 of the Bankruptcy Code with respect to any of such Common Collateral, the Second Priority

Representative agrees, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative agrees, on behalf of itself and the other Third Priority Secured Parties, not to assert any of such rights without the prior written consent of the First Priority Representative with respect to such Common Collateral; *provided* that if requested by the First Priority Representative, the Second Priority Representative and/or the Third Priority Representative with respect to such Common Collateral shall timely exercise such rights in the manner requested by such First Priority Representative, including any rights to payments in respect of such rights.

5.10 No Waiver of Rights of First Priority Secured Parties. With respect to each Type of Common Collateral, nothing contained herein shall prohibit or in any way limit the First Priority Representative or any other First Priority Secured Party from objecting in any Insolvency Proceeding or otherwise to any action taken by any Second Priority Secured Party or Third Priority Secured Party other than any action taken by such Second Priority Secured Party or Third Priority Secured Party, as the case may be, that is expressly permitted by this Agreement.

5.11 Effectiveness in Insolvency Proceedings.

(a) This Agreement, which the parties hereto expressly acknowledge is a “subordination agreement” under Section 510(a) of the Bankruptcy Code, shall be effective before, during and after the commencement of an Insolvency Proceeding, subject, however, to Section 5.11(b) and to Section 11.14. All references in this Agreement to any Grantor shall include such Grantor as a debtor-in-possession and any receiver or trustee for such Grantor in any Insolvency Proceeding, and the rights and obligations hereunder of the First Priority Secured Parties, the Second Priority Secured Parties and the Third Priority Secured Parties with respect to each Type of Collateral shall be fully enforceable as between such parties regardless of the pendency of Insolvency Proceedings or any related limitations on the enforcement of this Agreement against any Grantor, subject, however, to Section 5.11(b) and to Section 11.14.

(b) Notwithstanding anything to the contrary herein, Sections 5.2, 5.3, 5.4, 5.7 and 5.8 of this Agreement shall be of no force or effect during the pendency of the Existing Chapter 11 Cases (but, for the avoidance of doubt, such provisions shall be effective subsequent in any subsequent Insolvency Proceeding).

SECTION 6. *Matters Relating to Loan Documents.*

6.1 General.

(a) Each of the ABL Agent, on behalf of itself and the ABL Secured Parties, the New Money Term Loan Agent, on behalf of itself and the New Money Term Loan Secured Parties, the Junior Term Loan Agent, on behalf of itself and the Junior Term Loan Secured Parties, and each

Grantor agrees that it shall not at any time execute or deliver any amendment or other modification to any of the First Priority Documents, the Second Priority Documents or the Third Priority Documents in violation of this Agreement.

(b) With respect to each Type of Common Collateral, until the First Priority Obligations Payment Date, in the event the First Priority Representative enters into any amendment, waiver or consent in respect of any of the First Priority Security Documents for the purpose of adding to, or deleting from, or waiving or consenting to any departures from any provisions of, any First Priority Security Document or changing in any manner the rights of any parties thereunder, then such amendment, waiver or consent shall apply automatically to any comparable provision of the Comparable Second Priority Security Document and to the Comparable Third Priority Security Document without the consent of or action by any Second Priority Secured Party or Third Priority Secured Party (with each First Priority Security Document as so amended, and each Second Priority Security Document as so amended, continuing to be subject to the terms hereof); *provided* that (i) no such amendment, waiver or consent shall have the effect of removing assets subject to the Lien of any Second Priority Security Document or Third Priority Security Document, except to the extent that a release of such Lien is permitted by Section 4.2, (ii) any such amendment, waiver or consent that materially and adversely affects the rights of the Second Priority Secured Parties or the Third Priority Secured Parties and does not affect the First Priority Secured Parties in a like or similar manner shall not apply to the Second Priority Security Documents or the Third Priority Security Documents, as applicable, without the consent of the Second Priority Representative or the Third Priority Representative, as applicable and (iii) notice of such amendment, waiver or consent shall be given to the Second Priority Representative and the Third Priority Representative by the First Priority Representative no later than 30 days after its effectiveness, *provided* that the failure to give such notice shall not affect the effectiveness and validity thereof or cause a default by any Grantor under the Loan Documents.

(c) Each of the Grantors and the Representatives agrees that each of the ABL Credit Agreement and the Term Loan Agreement (and any notes issued pursuant thereto) and each First Priority Security Document, Second Priority Security Document and Third Priority Security Document shall contain the applicable provisions set forth on Annex I hereto, or similar provisions approved by the Representatives, which approval shall not be unreasonably withheld or delayed.

6.2 Restrictions on Refinancings.

(a) The indebtedness under the ABL Credit Agreement may be Refinanced, in whole but not in part, with the same or different lenders or Representatives in a Refinancing, without the consent of the Term Loan Agent or the holders of the Term Loan Secured Obligations; *provided* that (x) the holders of any indebtedness resulting from such Refinancing (or the Representative thereof) shall have become bound in writing to the terms of this Agreement in the manner set forth in Section 10 (and shall have delivered a copy of the Representative Joinder Agreement pursuant to which such holders or such Representative shall have become bound to the terms of this Agreement to each other party to this Agreement in the manner provided for notices set forth in Section 11.7) and (y) no such Refinancing shall have the effect of increasing the principal amount of ABL Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the ABL Secured Obligations.

(b) The indebtedness in respect of the New Money Term Loans may be Refinanced, in whole or in part, with the same or different lenders or Representatives in a Refinancing, without the consent of (i) the ABL Agent or the ABL Secured Parties or (ii) the Junior Term Loan Agent or the Junior Term Loan Secured Parties; *provided* that (x) the holders of any indebtedness resulting from

such Refinancing (or the Representative thereof) shall have become bound in writing to the terms of this Agreement in the manner set forth in Section 10 (and shall have delivered a copy of the Representative Joinder Agreement pursuant to which such holders or such Representative shall have become bound to the terms of this Agreement to each other party to this Agreement in the manner provided for notices set forth in Section 11.7), (y) no such Refinancing prior to the Existing Chapter 11 Cases Emergence Date shall have the effect of increasing the principal amount of New Money Term Loan Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the New Money Term Loan Secured Obligations and (z) no such Refinancing on or after the Existing Chapter 11 Cases Emergence Date shall have the effect of increasing the principal amount of Term Loan Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the Term Loan Secured Obligations.

(c) The indebtedness in respect of the Junior Term Loans may be Refinanced, in whole or in part, with the same or different lenders or Representatives in a Refinancing, without the consent of (i) the ABL Agent or the ABL Secured Parties or (ii) the New Money Term Loan Agent or the New Money Term Loan Secured Parties; *provided* that (x) the holders of any indebtedness resulting from such Refinancing (or the Representative thereof) shall have become bound in writing to the terms of this Agreement in the manner set forth in Section 10 (and shall have delivered a copy of the Representative Joinder Agreement pursuant to which such holders or such Representative shall have become bound to the terms of this Agreement to each other party to this Agreement in the manner provided for notices set forth in Section 11.7), (y) no such Refinancing prior to the Existing Chapter 11 Cases Emergence Date shall have the effect of increasing the principal amount of Junior Term Loan Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the Junior Term Loan Secured Obligations and (z) no such Refinancing on or after the Existing Chapter 11 Cases Emergence Date shall have the effect of increasing the principal amount of Term Loan Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the Term Loan Secured Obligations.

6.3 Restrictions on Amendments, Supplements and Modifications.

(a) The ABL Loan Documents may be amended, supplemented or otherwise modified in accordance with their terms; *provided, however*, that no such amendment, supplement or modification shall, without the consent of the Term Loan Agent:

(i) have the effect of increasing the principal amount of ABL Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the ABL Secured Obligations,

(ii) have the effect of increasing the “Applicable Margin” or similar component of the interest rate (determined on the basis of yield) applicable to the loans outstanding or permitted to be outstanding under the ABL Credit Agreement (excluding increases resulting from the application of any pricing grid or from the accrual of interest at the default rate) by more than 250 basis points, or

(iii) have the effect of changing the scheduled date for repayment of the loans outstanding or permitted to be outstanding under the ABL Credit Agreement to an earlier date.

(b) The Term Loan Documents may be amended, supplemented or otherwise modified in accordance with their terms; *provided, however*, that no such amendment, supplement or modification shall, without the consent of the ABL Agent:

(i) (A) prior to the Existing Chapter 11 Cases Emergence Date, have the effect of increasing (x) the principal amount of New Money Term Loan Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the New Money Term Loan Secured Obligations or (y) the principal amount of Junior Term Loan Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the Junior Term Loan Secured Obligations or (B) on or after the Existing Chapter 11 Cases Emergence Date, have the effect of increasing the principal amount of Term Loan Secured Obligations then outstanding or permitted to be outstanding to an amount that exceeds the Maximum Obligations Amount with respect to the Term Loan Secured Obligations,

(ii) have the effect of increasing the “Applicable Margin” or similar component of the interest rate (determined on the basis of yield) applicable to any class of loans outstanding or permitted to be outstanding under the applicable Term Loan Agreement (excluding increases resulting from the accrual of interest at the default rate) by more than 250 basis points, or

(iii) have the effect of changing the final scheduled date for repayment of any loans (or any tranche or class thereof) outstanding or permitted to be outstanding under the applicable Term Loan Agreement to an earlier date.

(c) Notwithstanding anything to the contrary herein, the conversion of the Term Loan Secured Obligations under the Term Loan Agreement referred to in the second WHEREAS clause of this Agreement to Term Loan Secured Obligations under the “Exit Loan Agreement” as contemplated by Section 2.21 of such Term Loan Agreement shall not be an amendment, supplement or modification of the Term Loan Documents or a Refinancing of the Term Loan Secured Obligations for purposes of this Agreement.

SECTION 7. Cooperation with Respect to ABL Priority Collateral.

7.1 Consent to License to Use Intellectual Property. The New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral (and any purchaser, assignee or transferee of assets as provided in Section 7.3) (a) consents (without any representation, warranty or obligation whatsoever) to the grant by any Grantor to the ABL Agent of a non-exclusive, royalty-free license to use during the ABL Priority Collateral Processing and Sale Period any Patents, Patent Licenses, Trademarks, Trademark Licenses or proprietary information of such Grantor that is Term Loan Priority Collateral (or any Patent, Patent License, Trademark, Trademark License or proprietary information acquired by such purchaser, assignee or transferee from any Grantor, as the case may be) and (b) grants, in its capacity as a secured party (or as a purchaser, assignee or transferee, as the case may be),

to the ABL Agent a non-exclusive royalty-free license to use during the ABL Priority Collateral Processing and Sale Period, any Patent, Patent License, Trademark, Trademark License or proprietary information that is Term Loan Priority Collateral (or subject to such purchase, assignment or transfer, as the case may be), in each case in connection with the enforcement of any Lien held by the ABL Agent upon any inventory or other ABL Priority Collateral of any Grantor and to the extent the use of such Patent, Patent License, Trademark, Trademark License or proprietary information is necessary or appropriate, in the good faith opinion of the ABL Agent, to process, ship, produce, store, complete, supply, lease, sell or otherwise dispose of any such inventory in any lawful manner.

7.2 Access to Information.

(a) If the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, takes actual possession of any documentation that is the property of a Grantor (whether such documentation is in the form of a writing or is stored in any data equipment or data record in the physical possession of the New Money Term Loan Agent), then upon request of the ABL Agent and reasonable advance notice, the New Money Term Loan Agent will permit the ABL Agent or its representative to inspect and copy such documentation if and to the extent the ABL Agent certifies to the New Money Term Loan Agent that:

(i) such documentation contains or may contain information necessary or appropriate, in the good faith opinion of the ABL Agent, to the enforcement of the ABL Agent's Liens upon any ABL Priority Collateral; and

(ii) the ABL Agent and the ABL Secured Parties are entitled to receive and use such information under applicable law and, in doing so, will comply with all obligations imposed by law or contract in respect of the disclosure or use of such information.

(b) If the ABL Agent, as First Priority Representative with respect to the ABL Priority Collateral, takes actual possession of any documentation that is the property of a Grantor (whether such documentation is in the form of a writing or is stored in any data equipment or data record in the physical possession of the ABL Agent), then upon request of the New Money Term Loan Agent and reasonable advance notice, the ABL Agent will permit the New Money Term Loan Agent or its representative to inspect and copy such documentation if and to the extent the New Money Term Loan Agent certifies to the ABL Agent that:

(i) such documentation contains or may contain information necessary or appropriate, in the good faith opinion of the New Money Term Loan Agent, to the enforcement of the New Money Term Loan Agent's Liens upon any Term Loan Priority Collateral; and

(ii) the New Money Term Loan Agent and the New Money Term Loan Secured Parties are entitled to receive and use such information under applicable law and, in doing so, will comply with all obligations imposed by law or contract in respect of the disclosure or use of such information.

7.3 Access to Property to Process and Sell Inventory.

(a) (i) If the ABL Agent commences any action or proceeding with respect to any of its rights or remedies (including, but not limited to, any action of foreclosure), enforcement, collection or execution with respect to the ABL Priority Collateral ("ABL Priority Collateral Enforcement Actions") or if the New Money Term Loan Agent commences any action or proceeding with respect to any of its rights or remedies (including, but not limited to, any action of foreclosure), enforcement, collection or execution with respect to the Term Loan Priority Collateral (or a purchaser at a foreclosure sale conducted in foreclosure of a First Priority Lien on any Term Loan Priority Collateral takes actual or constructive possession of the Term Loan Priority Collateral of any Grantor) ("Term Loan Priority Collateral Enforcement Actions"), then the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, and the First Priority Secured Parties with respect to the Term Loan Priority Collateral (subject to, in the case of any Term Loan Priority Collateral Enforcement Action, a prior written request by the ABL Agent to the New Money Term Loan Agent (the "Term Loan Priority Collateral Enforcement Action Notice")) shall (x) cooperate with the ABL Agent (and with its officers, employees, representatives and agents) at the cost and expense of the ABL Secured Parties (subject to the Grantors' reimbursement and indemnity obligations with respect thereto under the Loan Documents) in its efforts to conduct ABL Priority Collateral Enforcement Actions in the ABL Priority Collateral and to finish any work-in-process and process, ship, produce, store, complete, supply, lease, sell or otherwise handle, deal with, assemble or dispose of, in any lawful manner, the ABL Priority Collateral, (y) not hinder or restrict in any respect the ABL Agent from conducting ABL Priority Collateral Enforcement Actions in the ABL Priority Collateral or from finishing any work-in-process or processing, shipping, producing, storing, completing, supplying, leasing, selling or otherwise handling, dealing with, assembling or disposing of, in any lawful manner, the ABL Priority Collateral, and (z) permit the ABL Agent, its employees, agents, advisers and representatives, at the cost and expense of the ABL Secured Parties (subject to the Grantors' reimbursement and indemnity obligations with respect thereto under the Loan Documents), to enter upon and use the Term Loan Priority Collateral (including, without limitation, equipment, processors, computers and other machinery related to the storage or processing of records, documents or files and intellectual property), for a period commencing on (I) the date of the initial ABL Priority Collateral Enforcement Action or the date of delivery of the Term Loan Priority Collateral Enforcement Action Notice, as the case may be, and (II) ending on the date occurring 180 days thereafter (such period, as the same may be extended with the written consent of the New Money Term Loan Agent as contemplated by the final sentence of this Section 7.3(a)(i), the "ABL Priority Collateral Processing and Sale Period"), for purposes of:

- (A) assembling and storing the ABL Priority Collateral and completing the processing of and turning into finished goods any ABL Priority Collateral consisting of work-in-process;
- (B) selling any or all of the ABL Priority Collateral located in or on such Term Loan Priority Collateral, whether in bulk, in lots or to customers in the ordinary course of business or otherwise;
- (C) removing and transporting any or all of the ABL Priority Collateral located in or on such Term Loan Priority Collateral;
- (D) otherwise processing, shipping, producing, storing, completing, supplying, leasing, selling or otherwise handling, dealing with, assembling or disposing of, in any lawful manner, the ABL Priority Collateral; and/or

- (E) taking reasonable actions to protect, secure, and otherwise enforce the rights or remedies of the ABL Secured Parties and/or the ABL Agent (including with respect to any ABL Priority Collateral Enforcement Actions) in and to the ABL Priority Collateral;

provided, however, that nothing contained in this Agreement shall restrict the rights of the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, from selling, assigning or otherwise transferring any Term Loan Priority Collateral prior to the expiration of such ABL Priority Collateral Processing and Sale Period if the purchaser, assignee or transferee thereof agrees in writing (for the benefit of the ABL Agent, as First Priority Representative with respect to the ABL Priority Collateral, and the ABL Secured Parties) to be bound by the provisions of this Section 7.3 and Section 7.1. If any stay or other order prohibiting the exercise of remedies with respect to the ABL Priority Collateral has been entered by a court of competent jurisdiction, such ABL Priority Collateral Processing and Sale Period shall be tolled during the pendency of any such stay or other order. The New Money Term Loan Agent, upon request by the ABL Agent, may in its sole discretion extend the ABL Priority Collateral Processing and Sale Period for an additional period of time.

(ii) During the period of actual occupation, use and/or control by the ABL Secured Parties and/or the ABL Agent (or their respective employees, agents, advisers and representatives) of any Term Loan Priority Collateral, the ABL Secured Parties and the ABL Agent shall (i) be responsible for the ordinary course third-party expenses related thereto, including costs with respect to heat, light, electricity, water and real property taxes with respect to that portion of any premises so used or occupied and (ii) be obligated to repair at their expense any physical damage to such Term Loan Priority Collateral resulting from such occupancy, use or control or removal of ABL Priority Collateral, and to leave such Term Loan Priority Collateral in substantially the same condition as it was at the commencement of such occupancy, use or control, ordinary wear and tear excepted. Notwithstanding the foregoing, in no event shall the ABL Secured Parties or the ABL Agent have any liability to the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, or to any other First Priority Secured Party with respect to the Term Loan Priority Collateral pursuant to this Section 7.3(a) as a result of any condition (including any environmental condition, claim or liability) on or with respect to the Term Loan Priority Collateral existing prior to the date of the exercise by the ABL Secured Parties (or the ABL Agent, as the case may be) of their rights under this Section 7.3(a) and the ABL Secured Parties shall have no duty or liability to maintain the Term Loan Priority Collateral in a condition or manner better than that in which it was maintained prior to the use thereof by the ABL Secured Parties, or for any diminution in the value of the Term Loan Priority Collateral that results from ordinary wear and tear resulting from the use of the Term Loan Priority Collateral by the ABL Secured Parties in the manner and for the time periods specified under this Section 7.3(a). Without limiting the rights granted in this Section 7.3(a), the ABL Secured Parties and the ABL Agent shall cooperate with the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, and the other First Priority Secured Parties with respect to the Term Loan Priority Collateral in connection with any efforts made by the New Money Term Loan Agent or such First Priority Secured Parties to sell the Term Loan Priority Collateral.

(b) The New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, shall be entitled, as a condition of permitting such access and use, to

demand and receive assurances reasonably satisfactory to it that the access or use requested and all activities incidental thereto:

(i) will be permitted, lawful and enforceable under applicable law and will be conducted in accordance with prudent manufacturing practices; and

(ii) will be adequately insured for damage to property and liability to persons, including property and liability insurance for the benefit of the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, and the other First Priority Secured Parties with respect to the Term Loan Priority Collateral, at no cost to the New Money Term Loan Agent or such First Priority Secured Parties.

The New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, (x) shall provide reasonable cooperation to the ABL Agent in connection with the manufacture, production, completion, handling, removal and sale of any ABL Priority Collateral by the ABL Agent as provided above and (y) shall be entitled to receive, from the ABL Agent, fair compensation and reimbursement for their reasonable costs and expenses incurred in connection with such cooperation, support and assistance to the ABL Agent. Notwithstanding the foregoing sentence, the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, and/or any such purchaser (or its transferee or successor) shall not otherwise be required to manufacture, produce, complete, remove, insure, protect, store, safeguard, sell or deliver any inventory subject to any First Priority Lien held by the ABL Agent or to provide any support, assistance or cooperation to the ABL Agent in respect thereof.

7.4 First Priority Representatives Assurances. The New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, may condition its performance of any obligation set forth in this Section 7 upon its prior receipt (without cost to it) of:

(a) such assurances as it may reasonably request to confirm that the performance of such obligation and all activities of the ABL Agent or its officers, employees and agents in connection therewith or incidental thereto:

(i) will be permitted, lawful and enforceable under applicable law; and

(ii) will not impose upon the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral (or any First Priority Secured Party with respect to such Collateral) any legal duty, legal liability, expense or risk of uninsured loss; and

(b) such indemnity, security and insurance as the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, may reasonably request in connection therewith.

7.5 Grantor Consent. The Borrower and the other Grantors consent to the performance by the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Collateral, of the obligations set forth in this Section 7 and acknowledge and agree that neither the New Money Term Loan Agent, as First Priority Representative with respect to the Term Loan Priority Collateral, nor any other First Priority Secured Party with respect to such Collateral shall ever be accountable or liable (except to the extent resulting from such party's gross negligence or willful misconduct) for any action taken or omitted by the ABL Agent or any ABL Secured Party or its or any of their officers, employees, agents successors or assigns in connection therewith or incidental thereto or in consequence thereof by the ABL Agent or any ABL Secured Party or its or any of their officers, employees, agents, successors or assigns or any other damage to or misuse or loss of any property of the Grantors as a result of any action taken or omitted by the ABL Agent or its officers, employees, agents, successors or assigns.

SECTION 8. *Reliance; Waivers; etc.*

8.1 Reliance. The First Priority Documents, the Second Priority Documents and the Third Priority Documents are deemed to have been executed and delivered, and all extensions of credit thereunder are deemed to have been made or incurred, in reliance upon this Agreement. With respect to each Type of Common Collateral, the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, expressly waives all notice of the acceptance of and reliance on this Agreement by the other Secured Parties.

8.2 No Warranties or Liability. Each of the First Priority Representative, the Second Priority Representative and the Third Priority Representative with respect to each Type of Common Collateral acknowledge and agree that none of them has made any representation or warranty with respect to the execution, validity, legality, completeness, collectibility or enforceability of any First Priority Document, any Second Priority Document or any Third Priority Document. Except as otherwise provided in this Agreement, each of the First Priority Representative, the Second Priority Representative and the Third Priority Representative with respect to each Type of Common Collateral will be entitled to manage and

supervise their respective extensions of credit to any Grantor in accordance with law and their usual practices, modified from time to time as they deem appropriate.

8.3 No Waivers. No right or benefit of any party hereunder shall at any time in any way be prejudiced or impaired by any act or failure to act on the part of such party or any other party hereto or by any noncompliance by any Grantor with the terms and conditions of any of the First Priority Documents, any of the Second Priority Documents or any of the Third Priority Documents.

SECTION 9. *Obligations Unconditional*.

All rights, agreements and obligations of the First Priority Representative and First Priority Secured Parties, the Second Priority Representative and the Second Priority Secured Parties, and the Third Priority Representative and the Third Priority Secured Parties, in each case with respect to each Type of Common Collateral, and the Grantors hereunder, to the extent applicable, shall remain in full force and effect irrespective of:

- (i) any lack of validity or enforceability of any First Priority Document, Second Priority Document or Third Priority Document;
- (ii) any change in the time, place or manner of payment of, or in any other term of, all or any portion of the First Priority Obligations, Second Priority Obligations or Third Priority Obligations, or any amendment, waiver or other modification, whether by course of conduct or otherwise, or any Refinancing, replacement, refunding or restatement of any First Priority Document, Second Priority Document or Third Priority Document;
- (iii) any exchange, release, voiding, avoidance or non-perfection of any security interest in any Common Collateral or any other collateral, or any release, amendment, waiver or other modification, whether by course of conduct or otherwise, or any Refinancing, replacement, refunding or restatement of all or any portion of the First Priority Obligations, Second Priority Obligations or Third Priority Obligations or any guarantee or guaranty thereof; or
- (iv) any other circumstances that otherwise might constitute a defense available to, or a discharge of, any Grantor in respect of (a) the First Priority Obligations (other than a defense that the First Priority Obligations have been paid in full), (b) the Second Priority Obligations (other than a defense that the Second Priority Obligations have been paid in full) or (c) the Third Priority Obligations (other than a defense that the Third Priority Obligations have been paid in full) or of any of the First Priority Representative, Second Priority Representative, Third Priority Representative or any Grantor, to the extent applicable, in respect of this Agreement.

SECTION 10. *Additional ABL Secured Obligations and Term Loan Secured Obligations; Certain Reclassifications of Term Loan Secured Obligations.*

(a) The Borrower may from time to time, subject to any limitations contained in the ABL Loan Documents and the Term Loan Documents in effect at such time, designate additional indebtedness and related obligations that are, or are to be, secured by Liens on any assets of the Grantors that would, if such Liens were granted, constitute Common Collateral as ABL Secured Obligations, New Money Term Loan Secured Obligations or Junior Term Loan Secured Obligations, by delivering to each Representative party hereto at such time a certificate of a Responsible Officer of the Borrower:

(i) describing the indebtedness and other obligations being designated as ABL Secured Obligations, New Money Term Loan Secured Obligations or Junior Term Loan Secured Obligations (as the case may be) and including a statement of the maximum aggregate outstanding principal amount of such indebtedness as of the date of such certificate;

(ii) in the case of ABL Secured Obligations, confirming that such obligations shall be First Priority Obligations with respect to the ABL Priority Collateral and Second Priority Obligations with respect to the Term Loan Priority Collateral;

(iii) in the case of New Money Term Loan Secured Obligations, confirming that such obligations shall be First Priority Obligations with respect to the Term Loan Priority Collateral and Second Priority Obligations with respect to the ABL Priority Collateral;

(iv) in the case of Junior Term Loan Secured Obligations, confirming that such obligations shall be Third Priority Obligations with respect to the Term Loan Priority Collateral and Third Priority Obligations with respect to the ABL Priority Collateral;

(v) identifying the Person that serves as the Representative with respect to such indebtedness and related obligations;

(b) It is understood that the ABL Agent and the Term Loan Agent, without the consent of any other Secured Party, may in their discretion determine that a supplemental agreement (which may take the form of an amendment and restatement of this Agreement) is necessary or appropriate to facilitate having additional indebtedness or other obligations ("Additional Debt") of any of the Grantors become ABL Secured Obligations, New Money Term Loan Secured Obligations or Junior Term Loan Secured Obligations, as the case may be, under this Agreement, which supplemental agreement shall specify whether such Additional Debt constitutes ABL Secured Obligations, New Money Term Loan Secured Obligations or Junior Term Loan Secured Obligations; *provided* that such Additional Debt is permitted to be incurred by the ABL Credit Agreement and the Term Loan Agreement then extant, and is permitted by said Agreements to be subject to the provisions of this Agreement as ABL Secured Obligations, New Money Term Loan Secured Obligations or Junior Term Loan Secured Obligations, as applicable.

11.4 Information Concerning Financial Condition of the Borrower and the other Grantors. With respect to each Type of Common Collateral, the First Priority Representative, on behalf of itself and the other First Priority Secured Parties, the Second Priority Representative, on behalf of itself and the other Second Priority Secured Parties, and the Third Priority Representative, on behalf of itself and the other Third Priority Secured Parties, hereby agree that each Secured Party assumes responsibility for

In the event any Secured Party, in its sole discretion, undertakes at any time or from time to time to provide any information to any other Secured Party, it shall be under no obligation (a) to provide any such information to such other party or any other party on any subsequent occasion, (b) to undertake any investigation not a part of its regular business routine, or (c) to disclose any other information.

11.8 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of each of the parties hereto and each of the First Priority Secured Parties, the Second Priority Secured Parties and the Third Priority Secured Parties and their respective successors and assigns, and nothing herein is intended, or shall be construed to give, any other Person any right, remedy or claim under, to or in respect of this Agreement or any Common Collateral or any Type thereof. All references to any Grantor shall include any Grantor as debtor-in-possession and any receiver or trustee for such Grantor in any Insolvency Proceeding. All references to any Grantor that is, as of the Effective Date, a debtor-in-possession in any of the Existing Chapter 11 Cases shall, following the consummation of a Reorganization Plan in the Existing Chapter 11 Cases (if any of the ABL Secured Obligations or Term

Loan Secured Obligations remain outstanding following such consummation), include a reference to such Grantor as a reorganized Person.

11.9 Headings. Section headings used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

The parties shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

This Agreement shall become effective when it shall have been executed by each party hereto.

11.12 Waiver of Jury Trial. EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PERSON HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PERSON WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE

BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

11.13 Additional Grantors. The Borrower and each other Grantor on the date of this Agreement will constitute the original Grantors party hereto. The original Grantors will cause each Person that becomes a Grantor after the date hereof to contemporaneously become a party hereto (as a Grantor) by executing and delivering a Grantor Joinder Agreement to each of the ABL Agent and the Term Loan Agent. (a) Good cause has been shown for the entry of this Order.

(b) This Court entered an order on December 14, 2012, approving the commitment by certain Supplemental DIP Lenders to provide the Supplemental DIP Term Loan Facility. [Docket No. 2576]

² For the avoidance of doubt, all findings concerning the Existing DIP Facility set forth in the Existing DIP Order (as set forth therein), including, but not limited to, any findings with respect to the Existing DIP Documents that comprise a portion of the Senior DIP Documents, remain in full force and effect, and are reaffirmed and continued without modification by this Order.

(c) This Court entered an order on December 19, 2012, approving the solicitation of Pre-Petition Second Lien Noteholders to participate in the Supplemental DIP Term Loan Facility. [Docket No. 2637]

The access of the Debtors to sufficient working capital and liquidity through the continued use of Cash Collateral, incurrence of new indebtedness for borrowed money and other financial accommodations is vital to the preservation and maintenance of the going concern values of the Debtors and to a successful reorganization of the Debtors.

(e) In order to enter into the Supplemental DIP Documents and obtain the benefits of the Supplemental DIP Term Loan Facility, it is necessary for the Debtors to enter into that Amendment Agreement substantially in the form as filed on January 18, 2013, by and among the Borrower, the Existing DIP Lenders party thereto and the Existing DIP Agent (the "**Amendment Agreement**"), for the purposes of amending and restating the Existing DIP Credit Agreement (in both its current form and as amended and restated,³ and subsequently amended, supplemented or modified from time to time, the "**Senior DIP Credit Agreement**" (the facility thereunder, the "**Senior DIP Facility**", and together with the Supplemental DIP Term Loan

Facility, the “**DIP Facilities**”, and the lenders party thereto from time to time, the “**Senior DIP Lenders**” and the agent thereunder, the “**Senior DIP Agent**”) and the Security Agreement (as defined in the Existing DIP Credit Agreement) (in both its current form and as amended and restated, and subsequently amended, supplemented or modified from time to time, the “**Senior DIP Security Agreement**”, (as amended and restated as of the Effective Date and together with the ARCA, the “**Amended and Restated DIP Documents**”)).

(f) The Debtors are unable to obtain new financing on more favorable terms from sources other than the Supplemental DIP Lenders under the Supplemental DIP Documents and are unable to obtain adequate unsecured credit allowable under section 503(b)(1) of the Bankruptcy Code as an administrative expense. The Debtors are also unable to obtain secured credit allowable under sections 364(c)(1), 364(c)(2) and 364(c)(3) of the Bankruptcy Code without the Debtors (i) granting to the Supplemental DIP Agent and the Supplemental DIP Lenders, subject to the Carve Out (as provided for herein) and the Senior DIP Liens and Senior Superpriority Claims (each as defined below and to the extent provided for herein and in the Intercreditor Agreement (as defined in the ARCA)), the Supplemental DIP Liens and the Supplemental Superpriority Claims (each as defined below) under the terms and conditions set forth in this Order and in the Supplemental DIP Documents and (ii) deeming certain Pre-Petition Second Lien Obligations to be indefeasibly exchanged for Junior DIP Term Loans under, and subject to the terms of, the Supplemental DIP Term Loan Facility, such Junior DIP Term Loans being a necessary inducement to, and a portion of the compensation for, such Supplemental DIP Lenders providing their allocable share of the Supplemental DIP Term Loan Facility.

(g) The Debtors are unable to enter into and incur the Supplemental DIP Obligations without the accommodations provided pursuant to the Amended and Restated DIP

Documents (and any related documents) and the continued granting to the Senior DIP Agent and the Senior DIP Lenders, subject to the Carve Out (as provided herein) and the Supplemental DIP Liens (to the extent provided for herein and in the Intercreditor Agreement), the Senior DIP Liens and the Senior Superpriority Claims under the terms and conditions set forth in the Existing DIP Order and Existing DIP Documents, as modified by this Order and the Senior DIP Documents.

(h) The terms of the Supplemental DIP Term Loan Facility, including the Junior DIP Term Loans, the Amendment Agreement and the Amended and Restated DIP Documents and the continued use of Cash Collateral are fair and reasonable, reflect the Debtors' exercise of good and prudent business judgment consistent with their fiduciary duties and constitute reasonably equivalent value and fair consideration.

(i) The DIP Facilities have been negotiated in good faith and at arm's length among the Debtors, the DIP Agents and the DIP Lenders, and all of the Debtors' obligations and indebtedness arising under, in respect of or in connection with the DIP Facilities and the DIP Documents, including without limitation, (i)(A) all loans made to, and all letters of credit issued for the account of, the Debtors pursuant to the Senior DIP Credit Agreement (the financing provided for thereby, the "**Senior Financing**") and (B) any Obligations or Original Obligations (each as defined in the Senior DIP Credit Agreement), of the Debtors (including, but not limited to, credit extended in respect of overdrafts and related liabilities and other depository, treasury, and cash management services and other clearing services provided by CNAI, any Senior DIP Lender or any of their respective affiliates and any hedging obligations of any of the Debtors permitted under the Senior DIP Credit Agreement in each case owing to CNAI, any Senior DIP Lender or any of their respective affiliates, in accordance with the terms of the Senior DIP

Documents) (all of the foregoing in clauses (A) and (B) collectively, the “**Senior DIP Obligations**”), and (ii)(A) all loans made or deemed made to the Debtors pursuant to the Debtor-in-Possession Loan Agreement, substantially in the form as filed on January 18, 2013 (as amended, supplemented or modified from time to time, the “**Supplemental DIP Credit Agreement**”, and the financing provided for thereunder, the “**Supplemental Financing**”), among the Borrower, the Guarantors, the Supplemental DIP Lenders, the Supplemental DIP Agent and the Lead Arrangers, and (B) any Supplemental DIP Obligations, shall, with respect to each of the foregoing, be deemed to have been extended or deemed extended by the applicable DIP Agents and DIP Lenders and their respective affiliates in good faith, as that term is used in section 364(e) of the Bankruptcy Code, and in express reliance upon the protections offered by section 364(e) of the Bankruptcy Code, and the DIP Agents and DIP Lenders (and the successors and assigns of each) shall be entitled to the full protection of section 364(e) of the Bankruptcy Code in the event that this Order or any provision hereof is vacated, reversed or modified, on appeal or otherwise.

(j) The right of the Supplemental DIP Lenders to roll up or exchange obligations under their Pre-Petition Second Lien Notes into Junior DIP Term Loans and any compensation or payment that may be received by such Supplemental DIP Lenders incremental to what would have been received had such Junior DIP Term Loans continued to be obligations under their Pre-Petition Second Lien Notes are hereby authorized as compensation for, in consideration for, and solely on account of, the agreement of such Supplemental DIP Lenders to fund the Supplemental DIP Term Loan Facility and not as payments under, adequate protection for, or otherwise on account of, the Pre-Petition Second Lien Obligations.

(k) Absent granting the relief granted in this Order, the Debtors' estates would be immediately and irreparably harmed. Consummation of the Supplemental Financing, amendment of the Existing DIP Facility and authorization of the continued use of Cash Collateral in accordance with this Order and the DIP Documents is therefore in the best interests of the Debtors' estates and consistent with the Debtors' fiduciary duties. In addition, the Debtors' ability under the Supplemental DIP Documents to roll over a portion of the Supplemental Financing into exit financing substantially enhances the Debtors' prospects for a successful emergence from chapter 11 by, among other things, dramatically reducing exit financing risk.

6. *Confirmation of authorization of the Senior Financing and the Amended and Restated DIP Documents, and authorization of the Supplemental Financing and the Supplemental DIP Documents.*⁴

(a) The Borrower hereby is authorized to borrow money and obtain letters of credit pursuant to the Senior DIP Credit Agreement and Supplemental DIP Credit Agreement (as applicable),⁵ and the Guarantors hereby are authorized to guaranty such borrowings and the Borrower's obligations (and the Borrower and Guarantors were so authorized by the Existing DIP Order with respect to the Existing DIP Credit Agreement): (i) with respect to the Senior DIP Credit Agreement, up to an aggregate principal or face amount provided for in the Existing

⁵ In addition to the rights of the Borrower to replace and backstop letters of credit granted by the Existing DIP Order and this Order, to the extent permitted by the Senior DIP Documents, the Borrower may issue letters of credit under such Senior DIP Credit Agreement to replace pre-petition letters of credit, including in respect of any pre-petition letters of credit that have been drawn by the beneficiary.

In addition to such loans and obligations, the Debtors are authorized to incur overdrafts and related liabilities arising from treasury, depository and cash management services, including any automated clearing house fund transfers provided to or for the benefit of the Debtors by CNAI, any Senior DIP Lender or any of their affiliates;

provided, however, that nothing herein shall require CNAI or any other party to incur overdrafts or to provide any such services or functions to the Debtors.⁶

(b) In furtherance of the foregoing and without further approval of this Court, each Debtor hereby is authorized and directed to perform all acts, to make, execute and deliver all instruments and documents (including, without limitation, the execution or recordation of security agreements, mortgages and financing statements), and shall pay all fees, that may be reasonably required or necessary for the Debtors' performance of their obligations under the Senior DIP Facility (including in connection with the amendments to the Existing DIP Facility contemplated hereby) and the Supplemental DIP Term Loan Facility, including, without limitation:

(i) the execution, delivery and performance of (x) each of the Engagement Letter (as defined in the Motion), the Amendment Agreement and the Amended and Restated DIP Documents (which shall become effective without any signature upon the occurrence of the Effective Date as a result of the due execution and delivery of the Amendment Agreement) and (y) the Loan Documents (as defined in the Supplemental DIP Credit Agreement), and in each case, any exhibits attached thereto, including, without limitation, the Senior DIP Credit Agreement, the Senior DIP Security Agreement, the Supplemental DIP Credit Agreement, the Security Agreement (as defined in the Supplemental DIP Credit Agreement), the Intercreditor Agreement, all related documents and any mortgages contemplated thereby (with respect to the Senior DIP Facility, collectively, and together with those Existing DIP Documents

that are not being amended and/or restated but that shall remain in effect through the Effective Date, and the Intercreditor Agreement, the “**Senior DIP Documents**”, and with respect to the Supplemental DIP Term Loan Facility, collectively, and together with the Intercreditor Agreement, the “**Supplemental DIP Documents**” (the Senior DIP Documents and the Supplemental DIP Documents, together, the “**DIP Documents**”);

(ii) the execution, delivery and performance of one or more amendments to or waivers of the requirements of any of the DIP Documents, including the Senior DIP Credit Agreement or Supplemental DIP Credit Agreement for, among other things, the purpose of adding additional financial institutions as Senior DIP Lenders or Supplemental DIP Lenders, reallocating the commitments for the Senior DIP Facility or Supplemental DIP Term Loan Facility among the Senior DIP Lenders or Supplemental DIP Lenders (as applicable), in such form as the Debtors, the Senior DIP Agent and Senior DIP Lenders or the Supplemental DIP Agent and Supplemental DIP Lenders (as applicable) may agree (it being understood that no further approval of the Court shall be required for amendments, modifications or waivers to the DIP Documents (and any fees paid in connection therewith) that do not shorten the maturity of the extensions of credit thereunder or increase the commitments, the rate of interest or the letter of credit fees (if any) payable thereunder). The Debtors shall provide notice of any such amendments (in addition to any other notices required pursuant to the DIP Documents) to counsel to the Creditors’ Committee, counsel to the ad hoc committee of Pre-Petition Second Lien Noteholders (the “**Second Lien Noteholders Committee**”), with respect to amendments to the Supplemental DIP Term Loan Facility, counsel to the Senior DIP Agent, and, with respect to amendments to the Senior DIP Facility, counsel to the Supplemental DIP Agent;

(iii) the non-refundable payment to the Senior DIP Agent or the Supplemental DIP Agent, the Senior Lead Arranger and/or the Senior DIP Lenders or the Supplemental DIP Lenders, as the case may be, of the fees and any amounts due in respect of indemnification obligations referred to in the Senior DIP Credit Agreement (and the separate letter agreements entered into with respect to the Senior DIP Facility, including the Engagement Letter (as defined in the Motion)) or the Supplemental DIP Credit Agreement (and in the separate letter agreements entered into with respect to the Supplemental DIP Term Loan Facility) and reasonable costs and expenses as may be due from time to time, including, without limitation, fees and expenses of the professionals retained as provided for in the DIP Documents (in each case, the “**Lender Professionals**”), without the need to file retention motions or fee applications; *provided* that (x) the Debtors shall promptly provide copies of invoices received on account of fees and expenses of the Lender Professionals to counsel to the Creditors’ Committee and the United States Trustee, and this Court shall have exclusive jurisdiction over any objections raised to the invoiced amount of the fees and expenses proposed to be paid, which objections may only be raised within ten business days after receipt thereof and (y) that payment of invoices of the Lender Professionals shall not be delayed based on any such objections and the relevant Lender Professional shall only be required to disgorge amounts objected to upon being “so ordered” pursuant to a final order of this Court; and

(iv) the performance of all other acts (including negotiating and executing documentation and making filings or taking any other actions) required under, necessary or desirable in connection with the DIP Documents.

(c) Upon execution (as applicable) and delivery of the DIP Documents, the DIP Documents shall constitute valid and binding obligations of the Debtors, enforceable against

each Debtor party thereto in accordance with the terms of the DIP Documents and this Order.⁷ No obligation, payment, transfer or grant of security under the DIP Documents or this Order shall be stayed, restrained, voidable, or recoverable under the Bankruptcy Code or under any applicable law (including, without limitation, under section 502(d) of the Bankruptcy Code), or subject to any defense, reduction, setoff, recoupment or counterclaim.

(d) Except as expressly set forth in paragraph 16(d) hereof, each of the Pre-Petition Second Lien Notes Trustee and Pre-Petition Second Lien Noteholders have consented, or are deemed to have consented, to entry of this Order, the DIP Facilities, the sufficiency of the adequate protection provided herein, and the continued use of Cash Collateral.

7. Superpriority Claims.

(a) The "Superpriority Claims" granted on account of the "DIP Obligations" pursuant to the Existing DIP Order remain in full force and effect and shall continue in favor of the Senior DIP Obligations with the ranking and priority set forth in the Existing DIP Order, except as expressly provided in this Order. Upon the occurrence of the Effective Date, pursuant to section 364(c)(1) of the Bankruptcy Code, all of the Senior DIP Obligations shall continue to, and Supplemental DIP Obligations shall, constitute allowed claims against the Debtors (without the need to file any proof of claim) with priority over any and all administrative expenses, diminution claims (including all Adequate Protection Obligations and Junior Adequate Protection Obligations (each as defined below)) and all other claims against the Debtors, now existing or hereafter arising, of any kind whatsoever, including, without limitation, all

⁷ For the avoidance of doubt, the Existing DIP Documents, including those Existing DIP Documents that comprise a portion of the Senior DIP Documents but that are not being "amended and restated" in connection herewith, were found to be valid and binding obligations of the Debtors, enforceable against each Debtor party thereto in accordance with the terms thereof pursuant to the Existing DIP Order and such provisions of the Existing DIP Order remain in full force and effect.

into by and between the Borrower and the Guarantors, each as reorganized Debtors, Wilmington, as Administrative Agent and Collateral Agent, and a syndicate of financial institutions party thereto, on the terms and conditions set forth in a term sheet that will be attached as an annex to the Supplemental DIP Credit Agreement.

(b) For purposes hereof, the “**Carve Out**” means: (i) all fees and interest required to be paid to the Clerk of the Bankruptcy Court and to the Office of the United States Trustee pursuant to section 1930(a) of title 28 of the United States Code and section 3717 of title 31 of the United States Code, (ii) all reasonable fees and expenses incurred by a trustee under section 726(b) of the Bankruptcy Code in an amount not exceeding \$100,000, and (iii) any and all allowed and unpaid claims of (x) the Fee Examiner, (y) any professionals of the Debtors (including, for the avoidance of doubt, AP Services LLC) whose retention is approved by the Court and (z) any professionals of the Fee Examiner, of the official committee of retired employees appointed in the Cases (the “**1114 Committee**”), or of the statutory committee of unsecured creditors appointed in the Cases (the “**Creditors’ Committee**”) in each case whose retention is approved by the Court during the Cases pursuant to sections 327 and 1103 of the Bankruptcy Code for unpaid fees and expenses (and the reimbursement of out-of-pocket expenses allowed by the Bankruptcy Court incurred by any members of the 1114 Committee or Creditors’ Committee, as applicable (but excluding fees and expenses of third party professionals employed by such members of the 1114 Committee or Creditors’ Committee, as applicable)), incurred, subject to the terms of this Order, (A) prior to the occurrence of an Event of Default (as defined in either the Senior DIP Credit Agreement or Supplemental DIP Credit Agreement) and (B) at any time after the occurrence and during the continuance of an Event of Default (as defined in either the ARCA or Supplemental DIP Credit Agreement) in an aggregate amount not

exceeding \$15,000,000, *provided* that (x) the dollar limitation in this clause (iii) on fees and expenses shall neither be reduced nor increased by the amount of any compensation or reimbursement of expenses incurred, awarded or paid prior to the occurrence of an Event of Default (as defined in either the ARCA or Supplemental DIP Credit Agreement) in respect of which the Carve Out is invoked or by any fees, expenses, indemnities or other amounts paid to any of the DIP Agents or DIP Lenders or any of the foregoing's respective attorneys, advisors and agents, (y) nothing herein shall be construed to impair the ability of any party to object to any of the fees, expenses, reimbursement or compensation described in clauses (A) and (B) above and (z) cash or other amounts on deposit in the L/C Cash Deposit Account (as defined in the ARCA) or the Secured Agreements Cash Deposit Account (as defined in the Existing DIP Order), shall not be subject to the Carve Out. In the event of the application of the Collateral (as defined below) to satisfaction of the Carve Out, the cost thereof shall be charged against the ABL Priority Collateral and the Term Loan Priority Collateral (each as defined below) in proportion to the amount of the then-outstanding Senior DIP Obligations (with respect to charges against the ABL Priority Collateral) and the then-outstanding First Lien First Out Obligations and First Lien Last Out Obligations (with respect to charges against the Term Loan Priority Collateral) each as compared to the then-outstanding DIP Obligations as a whole. To the extent that the Collateral actually applied to satisfy the Carve Out shall have been applied in an amount not in accordance with the formula above, the Senior DIP Lenders or Supplemental DIP Lenders (as the case may be) will be reimbursed out of the first available ABL Priority Collateral or Term Loan Priority Collateral (as applicable) in order to cause the application of the Carve Out to have complied with such formula.

8. *Senior DIP Liens.* As security for the Existing DIP Obligations, pursuant to the interim order approving the Existing DIP Facility (the “**Interim DIP Order**”)⁸ and the Existing DIP Order, the Existing DIP Agent, the Existing DIP Lenders and the other Secured Parties (as defined in the Existing DIP Credit Agreement) were granted the security interests and liens described in the Interim DIP Order and the Existing DIP Order (the “**Existing DIP Liens**”) and such granting of the Existing DIP Liens, and all of the rights and priorities in respect thereof, are hereby reaffirmed except as such rights and priorities are expressly modified by this Order. Upon the occurrence of the Effective Date, the Existing DIP Liens shall continue (subject to the priorities set forth herein and in the Intercreditor Agreement, but otherwise unchanged), in favor of the Senior DIP Agent, the Senior DIP Lenders and the other Secured Parties, pursuant to the terms of the Senior DIP Documents and as set forth herein (the “**Senior DIP Liens**”).

9. *Supplemental DIP Liens.* As security for the Supplemental DIP Obligations, effective and perfected upon the occurrence of the Effective Date and without the necessity of the execution, recordation of filings by the Debtors of mortgages, security agreements, control agreements, pledge agreements, financing statements or other similar documents, or the possession or control by the Supplemental DIP Agent of, or over, any Collateral, the following security interests and liens hereby are granted to the Supplemental DIP Agent for its own benefit and the benefit of the Supplemental DIP Lenders (all property identified in clauses (a), (b) and (c) below, and the “Collateral” granted to the Existing DIP Agent, the Existing DIP Lenders and the other Secured Parties, pursuant to the Existing DIP Order and reaffirmed and continued hereunder in favor of the Senior DIP Agent, the Senior DIP Lenders and the other Secured

Parties (as described in paragraph 8, above), being collectively referred to as the “**Collateral**”),⁹ subject to the priorities set forth herein and in the Intercreditor Agreement, and only in the event of the occurrence and during the continuance of an Event of Default (as defined in the ARCA or the Supplemental DIP Credit Agreement), to the payment of the Carve Out (all such liens and security interests granted to the Supplemental DIP Agent, for its own benefit and for the benefit of the Supplemental DIP Lenders, pursuant to this Order and the Supplemental DIP Documents, the “**Supplemental DIP Liens**”, and together with the Senior DIP Liens, the “**DIP Liens**”):

(a) *First Lien on Cash Balances and Unencumbered Property.* Upon the occurrence of the Effective Date, pursuant to section 364(c)(2) of the Bankruptcy Code, a valid, binding, continuing, enforceable, fully-perfected first priority senior security interest in and lien upon all pre- and post-petition property of the Debtors, whether existing on the Petition Date or thereafter acquired, that, on or as of the Petition Date (or as a result of the refinancing of the Pre-Petition First Lien Debt) is not subject to valid, perfected and non-avoidable pre-petition liens (collectively, “**Unencumbered Property**”), including without limitation, all cash and cash collateral of the Debtors (whether maintained with the Supplemental DIP Agent or otherwise) and any investment of such cash and cash collateral, inventory, accounts receivable, other rights to payment whether arising before or after the Petition Date (including, without limitation, post-petition intercompany claims against the Debtors), contracts, properties, plants, equipment, general intangibles, documents, instruments, interests in leaseholds, real properties, patents, copyrights, trademarks, trade names, other intellectual property, capital stock of subsidiaries, and the proceeds, product, offspring or profits of all the foregoing. exclude the Debtors' claims and causes of action under sections 502(d), 544, 545, 547, 548 and 550 of the Bankruptcy Code, or any other avoidance actions under the Bankruptcy Code, other than pursuant to section 549 of the Bankruptcy Code (collectively, "**Avoidance Actions**") or any cash proceeds recovered pursuant to any successful Avoidance Actions, whether by judgment, settlement or otherwise ("**Avoidance Proceeds**"); *provided, however* that notwithstanding anything to the contrary herein, but subject to paragraph 25 hereof, the Superpriority Claims in respect of the Supplemental DIP Obligations may be satisfied from any assets of any Debtor's estate, including any such Avoidance Proceeds, subject to the Carve Out and in accordance with the priorities set forth herein and in the Intercreditor Agreement.

(b) *Liens Priming Pre-Petition Secured Creditors' Liens.* Upon the occurrence of the Effective Date, pursuant to section 364(d)(1) of the Bankruptcy Code, a valid, binding, continuing, enforceable, fully-perfected first priority senior priming security interest in and lien upon all pre- and post-petition property of the Debtors (including, without limitation, cash collateral, inventory, accounts receivable, other rights to payment whether arising before or after the Petition Date, contracts, properties, plants, equipment, general intangibles, documents, instruments, interests in leaseholds, real properties, patents, copyrights, trademarks, trade names, other intellectual property, capital stock of subsidiaries and the proceeds, product, offspring or profits of all the foregoing), whether now existing or hereafter acquired, that is subject to the existing liens presently held by any of the Pre-Petition Secured Creditors (including, without limitation, in respect of issued but undrawn letters of credit and adequate protection liens granted under the Existing DIP Order (as amended and restated herein) and this Order). Such security interests and liens shall be senior in all respects to the interests in such property of any of the Pre-Petition Secured Creditors arising from current and future liens of any of the Pre-Petition

Secured Creditors (including, without limitation, the adequate protection liens granted under the Existing DIP Order (as amended and restated herein) and this Order), but shall not be senior to any valid, perfected and unavoidable interests of other parties arising out of liens, if any, on such property existing immediately prior to the Petition Date, or to any valid, perfected and unavoidable interests in such property arising out of liens to which the liens of any of the Pre-Petition Secured Creditors become subject subsequent to the Petition Date as permitted by section 546(b) of the Bankruptcy Code.

(c) *Liens Junior to Certain Other Liens.* Pursuant to section 364(c)(3) of the Bankruptcy Code, a valid, binding, continuing, enforceable, fully-perfected security interest in and lien upon all pre- and post-petition property of the Debtors (other than the property described in clauses (a) or (b) of this paragraph 9, as to which the liens and security interests in favor of the Supplemental DIP Agent will be as described in such clauses), whether now existing or hereafter acquired, that is subject to valid, perfected and unavoidable liens in existence immediately prior to the Petition Date, or to any valid and unavoidable liens in existence immediately prior to the Petition Date that are perfected subsequent to the Petition Date as permitted by section 546(b) of the Bankruptcy Code (in each case, other than the Adequate Protection Liens and the Junior Adequate Protection Liens), which security interests and liens in favor of the Supplemental DIP Agent are junior to such valid, perfected and unavoidable liens.

(d) *Liens Senior to Certain Other Liens.* The Supplemental DIP Liens, the Adequate Protection Liens and the Junior Adequate Protection Liens shall not be subject or subordinate to (i) any lien or security interest that is avoided and preserved for the benefit of the Debtors and their estates under section 551 of the Bankruptcy Code or (ii) any liens arising after the Petition Date (except as otherwise provided herein or in the Intercreditor Agreement,

including with respect to the Senior DIP Liens) including, without limitation, any liens or security interests granted in favor of any federal, state, municipal or other domestic or foreign governmental unit (including any regulatory body), commission, board or court for any liability of the Debtors.

Notwithstanding anything to the contrary in the Motion, the DIP Documents or this Order, in no event shall the Collateral include or the Supplemental DIP Liens granted under this Order attach to any lease, license, contract, or agreement or other property right (including any United States of America intent-to-use trademark or service mark application), to which any Debtor is a party or of any of such party's rights or interests thereunder if and for so long as the grant of such security interest shall constitute or result in: (x) the abandonment, invalidation, unenforceability or other impairment of any right, title or interest of any Debtor therein, or (y) in a breach or termination pursuant to the terms of, or a default under, any such lease, license, contract, agreement or other property right pursuant to any provision thereof, unless, in the case of each of clause (x) and (y), the applicable provision is rendered ineffective by applicable law as determined by final order of this Court, upon the filing of a separate motion by either the Debtors or the DIP Agents upon due notice under the Bankruptcy Rules to the counter-party to such lease, license, contract, agreement or property right and upon a hearing (*provided however* that in all events the Supplemental DIP Liens shall attach to, and the Collateral shall include, all proceeds from all sales, transfers, dispositions or monetizations of any of the foregoing). For the avoidance of doubt, nothing in this Order shall be interpreted as overriding or impairing any rights of any party under section 365(n) of the Bankruptcy Code. Additionally, for the avoidance of doubt, the Collateral shall not include any assets or interests in assets that are not, or are subsequently determined not to have been, property of the estate at the time the security interest

therein created by the Interim DIP Order, the Existing DIP Order or this Order (as applicable) or the Supplemental DIP Documents attached or purported to attach thereto. Notwithstanding anything to the contrary in this Order, (i) all licensees of the Debtors' intellectual property (including, for the avoidance of doubt, Samsung Electronics Co., Ltd., FUJIFILM Corporation, IMAX Corporation, International Business Machines Corporation and Carestream Health, Inc.) reserve the right to assert that any lien or interest conferred under this Order is subject to their other license or ownership rights and/or that they must be granted adequate protection for such other rights as a precondition to any impairment, and (ii) all such parties reserve the right to assert that any lien or interest granted hereunder does not override, prime or impair any other valid defense or offset right that may be asserted by such parties concerning claims asserted against them by the Debtors or their assignees hereunder (and the DIP Agents and all other parties reserve all rights with respect to the foregoing).

10. *Priority of DIP Liens.* Notwithstanding anything to the contrary herein, including, for the avoidance of doubt, paragraph 9 hereof, the Senior DIP Liens on the Collateral consisting of the ABL Priority Collateral (as defined in the Intercreditor Agreement) shall have priority over and rank senior to the Supplemental DIP Liens on the ABL Priority Collateral. The priority of the Supplemental DIP Liens in respect of the ABL Priority Collateral, as among the First Lien First Out Obligations, the First Lien Last Out Obligations and the Junior DIP Obligations, shall be as set forth in the Supplemental DIP Documents. Additionally, notwithstanding anything to the contrary herein, the Supplemental DIP Liens granted hereunder on account of the First Lien First Out Obligations and the First Lien Last Out Obligations (but, for the avoidance of doubt, not the Junior DIP Obligations), shall have priority and rank senior to the Senior DIP Liens with respect to Collateral consisting of Term Loan Priority Collateral (as

defined in the Intercreditor Agreement); and the Senior DIP Liens shall have priority and rank senior to the Supplemental DIP Liens securing the Junior DIP Obligations with respect to the Term Loan Priority Collateral.

11. *Protection of DIP Lenders' Rights.* Those protections granted to the Existing DIP Agent and the Existing DIP Lenders pursuant to Paragraph 8 of the Existing DIP Order, shall remain in full force and effect. Upon the occurrence of the Effective Date:

(a) Any compensation, payments or recoveries received by the Supplemental DIP Lenders on account or in respect of the Junior DIP Term Loans incremental to what would have been received had such Junior DIP Term Loans continued to be obligations under their Pre-Petition Second Lien Notes shall be compensation for, in consideration for, and solely on account of, the agreement of such Supplemental DIP Lenders to fund the Supplemental DIP Term Loan Facility and not as payments under, adequate protection for, or otherwise on account of, the Pre-Petition Second Lien Notes.

(b) So long as there are any borrowings or letters of credit or other amounts (other than contingent indemnity obligations as to which no claim has been asserted when all other amounts have been indefeasibly paid in full and no letters of credit are outstanding) outstanding, or the DIP Lenders have any Commitment (as defined in the Senior DIP Credit Agreement or Supplemental DIP Credit Agreement (as applicable)) under the Senior DIP Credit Agreement or Supplemental DIP Credit Agreement (as applicable), the Pre-Petition First Lien Agent, the Pre-Petition First Lien Secured Lenders, the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders shall (i) have no right to and shall take no action to foreclose upon or recover in connection with the liens granted thereto pursuant to the Existing Documents, the Interim DIP Order, the Existing DIP Order or this Order, or otherwise seek to

exercise or exercise any enforcement rights or remedies against any Collateral or in connection with the Contingent Pre-Petition First Lien Debt (as defined in the Existing DIP Order), the Adequate Protection Liens or the Junior Adequate Protection Liens, (ii) be deemed to have consented to any transfer, disposition or sale of, or release of liens on, the Collateral, to the extent such transfer, disposition, sale or release is authorized under the applicable DIP Documents, (iii) not file any further financing statements, trademark filings, copyright filings, mortgages, notices of lien or similar instruments, or otherwise take any action to perfect their security interests in the Collateral unless, solely as to this clause (iii), the DIP Agents file financing statements or other documents to perfect the liens granted pursuant to the Interim DIP Order, the Existing DIP Order or this Order, or as may be required by applicable state law to continue the perfection of valid and unavoidable liens or security interests as of the Petition Date, and (iv) deliver or cause to be delivered, at the Debtors' cost and expense, any termination statements, releases and/or assignments in favor of the DIP Lenders or other documents necessary to effectuate and/or evidence the release, termination and/or assignment of liens on any portion of the Collateral subject to any sale or disposition.

(c) The automatic stay provisions of section 362 of the Bankruptcy Code are vacated and modified to the extent necessary to permit the DIP Agents and the DIP Lenders (subject to the terms of the Intercreditor Agreement), to exercise, upon the occurrence of an Event of Default (as defined in the ARCA or Supplemental DIP Credit Agreement (as applicable)) and the giving of seven days' prior written notice (which shall run concurrently with any notice provided under the applicable Senior DIP Documents or Supplemental DIP Documents) to the Debtors (with a copy to counsel to the Creditors' Committee, the United States Trustee and counsel for the Second Lien Noteholders Committee, and, in the case of an

exercise of remedies under the Senior DIP Documents, to counsel to the Supplemental DIP Agent, and in the case of an exercise of remedies under the Supplemental DIP Documents, to counsel to the Senior DIP Agent), all rights and remedies under the DIP Documents, which for purposes of this Order shall include the application of any amounts held in the Agent Sweep Account (as defined in the ARCA) pursuant to Section 2.18(h) of the ARCA. In any hearing regarding any exercise of rights or remedies, the only issue that may be raised by any party in opposition thereto shall be whether, in fact, an Event of Default (as defined in the ARCA or Supplemental DIP Credit Agreement (as applicable)) has occurred and is continuing, and the Debtors and the Pre-Petition Secured Creditors hereby waive their right to and shall not be entitled to seek relief, including, without limitation, under section 105 of the Bankruptcy Code, to the extent that such relief would in any way impair or restrict the rights and remedies of the DIP Agents or the DIP Lenders set forth in this Order or the applicable DIP Documents. In no event shall the DIP Agents, the DIP Lenders, the Existing DIP Agent, the Existing DIP Lenders, the Pre-Petition First Lien Agent, the Pre-Petition First Lien Secured Lenders, the Pre-Petition Second Lien Notes Trustee or the Pre-Petition Second Lien Noteholders be subject to the equitable doctrine of “marshaling” or any similar doctrine with respect to the Collateral.

(d) No rights, protections or remedies of the DIP Agents or the DIP Lenders or the Existing DIP Agent or the Existing DIP Lenders granted by the provisions of this Order or the applicable DIP Documents shall be limited, modified or impaired in any way by (i) any actual or purported withdrawal of the consent of any party to the Debtors’ authority to use Cash Collateral, (ii) any actual or purported termination of the Debtors’ authority to use Cash Collateral or (iii) the terms of this Order or any other order or stipulation related to the Debtors’ use of Cash Collateral or the provision of adequate protection to any party.

12. *Limitation on Charging Expenses Against Collateral.* Except to the extent of the Carve Out, no expenses of administration of the Cases or any future proceeding that may result therefrom, including liquidation in bankruptcy or other proceedings under the Bankruptcy Code, shall be charged against or recovered from the Collateral pursuant to section 506(c) of the Bankruptcy Code or any similar principle of law without the prior written consent of the DIP Agents, the Pre-Petition First Lien Agent and the Pre-Petition Second Lien Notes Trustee, and no such consent shall be implied from any other action, inaction, or acquiescence by the DIP Agents, the DIP Lenders, or the Prepetition Secured Creditors.

13. *Use of Cash Collateral.* Pursuant to the terms of the Existing DIP Order, the Debtors were, and remain, authorized to use Cash Collateral subject to the terms of the Existing DIP Documents and the Existing DIP Order. Upon the occurrence of the Effective Date, the Debtors will continue to be authorized, subject to the terms and conditions of the DIP Documents and this Order, to use all Cash Collateral of any of the Pre-Petition Secured Creditors and each of the Pre-Petition Secured Creditors are directed promptly to turn over to the Debtors all Cash Collateral received or held by them; *provided* that the applicable Pre-Petition Secured Creditors are granted adequate protection as hereinafter set forth.

14. *Refinancing of the Existing Term Loans.* On the Effective Date, the Debtors are hereby directed to use the proceeds from the borrowings under the Supplemental DIP Credit Agreement to irrevocably repay in full all then-outstanding Existing Term Loans (after application of proceeds from the Digital Imaging Patent Portfolio Disposition (as defined in the ARCA)) (the “**Term Loan Repayment**”). Subsequent to the Term Loan Repayment, (x) the Debtors shall promptly pay and/or reimburse the Existing DIP Agent and/or the Existing Term Loan Lenders for any and all fees, costs, expenses, losses and damages incurred following the

Term Loan Repayment to the extent that the Existing DIP Credit Agreement or any other Existing DIP Document and/or Senior DIP Document entitles them to such payment, indemnity or reimbursement after the Effective Date (subject to all parties' reservation of rights to contest whether such Existing DIP Agent or Existing Term Loan Lender is entitled to such payment, indemnity or reimbursement by the Debtors) and (y) such amounts shall, until paid in full in cash, constitute superpriority administrative expense claims under section 507(b) of the Bankruptcy Code, senior in all respects to the Supplemental Superpriority Claims, but notwithstanding anything to the contrary herein, having priority with respect to the Collateral *pari passu* with the Supplemental DIP Liens. For the avoidance of doubt, the claims granted pursuant to this paragraph 14 shall constitute "Senior DIP Obligations" for purposes of this Order.

15. *Adequate Protection of Pre-Petition First Lien Secured Lenders.* Until the indefeasible, as applicable, (i) repayment of the Pre-Petition First Lien Debt (as defined in the Existing DIP Order) or (ii) satisfaction, termination or expiration of all Non-Assumed Pre-Petition First Lien Obligations (as defined in the Existing DIP Order), the Pre-Petition First Lien Secured Lenders (as defined in the Existing DIP Order) and the Pre-Petition First Lien Agent (as defined in the Existing DIP Order) are entitled, pursuant to sections 361, 363(e) and 364(d)(1) of the Bankruptcy Code, to adequate protection of their interest in the Pre-Petition First Lien Collateral (as defined in the Existing DIP Order), including Cash Collateral, for and equal in amount to any diminution in the value of the Pre-Petition First Lien Secured Lenders' and Pre-Petition First Lien Agent's interests in the Pre-Petition First Lien Collateral, including, without limitation, any such diminution resulting from the sale, lease or use by the Debtors (or other decline in value) of Cash Collateral and any other Pre-Petition First Lien Collateral, and the

imposition of the automatic stay pursuant to section 362 of the Bankruptcy Code. As adequate protection, the Pre-Petition First Lien Agent and the Pre-Petition First Lien Secured Lenders were, by the Existing DIP Order, and are hereby, following the occurrence of the Effective Date, as amended and restated below, granted the following (collectively, the “**Adequate Protection Obligations**”):¹⁰

(a) *Adequate Protection Liens*. The Pre-Petition First Lien Agent (for itself and for the benefit of the Pre-Petition First Lien Secured Lenders) is hereby granted (effective and perfected upon the occurrence of the Effective Date and without the necessity of the execution by the Debtors of mortgages, security agreements, pledge agreements, financing statements or other agreements), in the amount of such diminution, (1) a replacement security interest in and lien upon all the Collateral, subject and subordinate only to (i) the security interests and liens granted to and/or reaffirmed and continued in favor of (as applicable) the DIP Agents and the Existing DIP Agent for the benefit of the DIP Lenders and the Existing DIP Lenders pursuant to the Interim DIP Order, the Existing DIP Order, this Order and/or the DIP Documents and any liens on the Collateral to which such liens so granted to the DIP Agents and Existing DIP Agent are junior and (ii) the Carve Out (such liens securing the Adequate Protection Obligations, together with the Contingent Adequate Protection Liens (as defined in the Existing DIP Order), the “**Adequate Protection Liens**”) and (2) the Contingent Adequate Protection Liens to secure any Contingent Pre-Petition First Lien Debt (as defined in the Existing DIP Order), any Non-Assumed Pre-Petition First Lien Obligation (as defined in the Existing DIP Order) and any interest, fees and expenses to which the Pre-Petition First Lien Agent, the Pre-Petition

¹⁰ For the avoidance of doubt, the adequate protection granted to the Pre-Petition First Lien Agent and the Pre-Petition First Lien Secured Lenders pursuant to the Existing DIP Order shall remain in full force and effect prior to the occurrence of the Effective Date and shall not be modified hereby until the occurrence of the Effective Date.

First Lien Secured Lenders or the Issuing Banks (as defined in the Existing DIP Order) shall be due pursuant to subparagraph (c).

(b) *Section 507(b) Claim.* The Pre-Petition First Lien Agent and the Pre-Petition First Lien Secured Lenders are hereby granted, effective upon the occurrence of the Effective Date, subject to the Carve Out, a superpriority claim, including on account of any indemnity claims under the First Lien Existing Agreements, as provided for in section 507(b) of the Bankruptcy Code (a “**507(b) Claim**”), immediately junior to the claims under section 364(c)(1) of the Bankruptcy Code held by the DIP Agents and the DIP Lenders and the claims granted pursuant to paragraph 14 hereof; *provided, however*, that the Pre-Petition First Lien Agent and the Pre-Petition First Lien Secured Lenders shall not receive or retain any payments, property or other amounts in respect of the superpriority claims under section 507(b) of the Bankruptcy Code granted hereunder or under the First Lien Existing Agreements unless and until the DIP Obligations have indefeasibly been paid in cash in full (or, in the case of certain of the Supplemental DIP Obligations only, otherwise converted to the Exit Facility consistent with the terms of the Supplemental DIP Credit Agreement) (for the avoidance of doubt, subject to paragraph 25 below with respect to the Junior DIP Term Loans).

(c) *Interest, Fees and Expenses.* The Pre-Petition First Lien Agent, pursuant to this Order, shall receive from the Debtors, effective upon the occurrence of the Effective Date, (i) current cash payments of all fees and expenses payable to the Pre-Petition First Lien Agent under the First Lien Existing Agreements, including, but not limited to, the reasonable fees and disbursements of counsel promptly upon receipt of invoices therefor and (ii) in accordance with the terms of the First Lien Existing Agreements, all accrued but unpaid interest and fees on any outstanding Pre-Petition First Lien Debt and letters of credit and other fees at the non-default

contract rate applicable on the Petition Date (including LIBOR pricing options available in accordance with the First Lien Existing Agreements) under the First Lien Existing Agreements; provided that the Issuing Banks of any letters of credit that are not Assumed Pre-Petition First Lien Obligations shall be entitled to the "Letter of Credit Fees" as set forth in Section 2.04(b) (i) of the Pre-Petition First Lien Credit Agreement at the Applicable Margin for Eurodollar Rate Advances plus Default Interest (each term as defined the Pre-Petition First Lien Credit Agreement); provided further that, without prejudice to the rights of any other party to contest such assertion, the Pre-Petition First Lien Secured Lenders reserve their rights to assert claims for the payment of any other amounts provided for in the First Lien Existing Agreements (subject to the payoff letter dated January 20, 2012 for the First Lien Existing Agreements).

16. *Adequate Protection of the Pre-Petition Second Lien Noteholders.* The Pre-Petition Second Lien Noteholders and the Pre-Petition Second Lien Notes Trustee are entitled, pursuant to sections 361, 363(e) and 364(d)(1) of the Bankruptcy Code, to adequate protection of their interest in the personal and any real property described in the Second Lien Existing Agreements (the "**Pre-Petition Second Lien Collateral**"), including any Cash Collateral, for and equal in amount to any diminution in the value of the Pre-Petition Second Lien Noteholders' and Pre-Petition Second Lien Notes Trustee's interests in the Pre-Petition Second Lien Collateral, including, without limitation, any such diminution resulting from the sale, lease or use by the Debtors (or other decline in value) of any Cash Collateral and any other Pre-Petition Second Lien Collateral, the priming of the Pre-Petition Second Lien Notes Trustee's security interests and liens in the Pre-Petition Second Lien Collateral by the DIP Agents and the DIP Lenders and the Existing DIP Agent and the Existing DIP Lenders pursuant to (as applicable) the DIP Documents, the Interim DIP Order, the Existing DIP Order and/or this Order, and the

imposition of the automatic stay pursuant to section 362 of the Bankruptcy Code. As adequate protection, the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders were, pursuant to the Existing DIP Order, and hereby are, following the occurrence of the Effective Date, as amended and restated below, granted the following, in each case, subject to paragraph 25 hereof, (collectively, the “**Junior Adequate Protection Obligations**”):¹¹

(a) *Junior Adequate Protection Liens*. The Pre-Petition Second Lien Notes Trustee (for itself and for the benefit of the Pre-Petition Second Lien Noteholders) is hereby granted (effective and perfected upon the occurrence of the Effective Date and without the necessity of the execution by the Debtors of mortgages, security agreements, pledge agreements, financing statements or other agreements), in the amount of such diminution, a replacement security interest in and lien upon all the Collateral, subject and subordinate only to (i) the security interests and liens granted to and/or reaffirmed and continued in favor of (as applicable) the DIP Agents and the Existing DIP Agent for the benefit of the DIP Lenders and the Existing DIP Lenders pursuant to the Interim DIP Order, the Existing DIP Order, this Order and/or the DIP Documents and any liens on the Collateral to which such liens so granted to the DIP Agents or the Existing DIP Agent are junior, (ii) the interests and liens granted to the Pre-Petition First Lien Agent for the benefit of the Pre-Petition First Lien Secured Lenders pursuant to the First Lien Existing Agreements and this Order, and (iii) the Carve Out (such liens securing the Junior Adequate Protection Obligations, the “**Junior Adequate Protection Liens**”).

(b) *Section 507(b) Claim*. The Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders were, by the Interim DIP Order, and are hereby

¹¹ For the avoidance of doubt, the adequate protection granted to the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders pursuant to the Existing DIP Order (and any other provisions of Paragraph 14 of the Existing DIP Order) shall remain in full force and effect prior to the occurrence of the Effective Date and shall not be modified hereby until the occurrence of the Effective Date.

granted, subject to the Carve Out, a Section 507(b) Claim, immediately junior to the claims under section 364(c)(1) of the Bankruptcy Code held by the DIP Agents and the DIP Lenders and the claims of the Pre-Petition First Lien Agent and the Pre-Petition First Lien Secured Lenders and the claims granted pursuant to paragraph 14 hereof; *provided, however*, that the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders shall not receive or retain any payments, property or other amounts in respect of the superpriority claims under section 507(b) of the Bankruptcy Code granted hereunder or under the Second Lien Existing Agreements unless and until the DIP Obligations have been indefeasibly paid in cash in full (or, in the case of certain of the Supplemental DIP Obligations only, otherwise converted to the Exit Facility consistent with the terms of the Supplemental DIP Credit Agreement) (for the avoidance of doubt, subject to paragraph 25 below with respect to the Junior DIP Term Loans) and the Pre-Petition First Lien Obligations (as defined below) have been indefeasibly Paid in Full (as defined in the Existing Intercreditor Agreement).

(c) *Fees and Expenses.* (i) The Debtors are authorized and shall pay, without regard to whether (with the exception of UK Pension Counsel (as defined below)) such fees and expenses were incurred during the pre- or post-petition period, the reasonable and documented fees and expenses incurred by (A) Akin Gump Strauss Hauer & Feld LLP ("**Akin Gump**"), as either special counsel to the Pre-Petition Second Lien Notes Trustee or counsel to the Second Lien Noteholders Committee (for so long as the members of such committee hold in the aggregate at least 50.1% of the aggregate principal amount of the Pre-Petition Second Lien Notes then outstanding (the "**Threshold Requirement**")), (B) Blackstone Advisory Partners LP ("**Blackstone**"), as financial advisor to either Akin Gump, the Pre-Petition Second Lien Notes Trustee or the Second Lien Noteholders Committee (for so long as the members of such

committee meet the Threshold Requirement), (C) Capstone Advisory Group, LLC (“**Capstone**”), as special intellectual property financial advisor to either Akin Gump, the Pre-Petition Second Lien Notes Trustee or the Second Lien Noteholders Committee (for so long as the members of such committee meet the Threshold Requirement), (D) Covington & Burling LLP, as counsel to the Pre-Petition Second Lien Notes Trustee and (E) UK pension counsel retained by either the Pre-Petition Second Lien Notes Trustee or the Second Lien Noteholders Committee (“**UK Pension Counsel**”) (each of the professionals in clauses (A) through (E) above being the “**Noteholder Professionals**”); *provided* that the fees payable to Blackstone shall be in accordance with any engagement letter and accompanying indemnity (the “**Engagement Letter**”) signed by the Company and agreed with the Creditors’ Committee (collectively, the “**Fees and Expenses**”).

(ii) If any of the Noteholder Professionals are retained only by the Second Lien Noteholders Committee, in order to be entitled to reimbursement for Fees and Expenses earned or incurred after the 45th day following entry of the Existing DIP Order, such Noteholder Professionals shall or shall cause the Second Lien Noteholders Committee to file a verified statement under Bankruptcy Rule 2019 (a “**2019 Statement**”) no later than the 45th day after entry of the Existing DIP Order, and no more than every 45 days thereafter, demonstrating that the members of such committee hold in the aggregate Pre-Petition Second Lien Notes in an amount equal to or greater than the Threshold Requirement. The Threshold Requirement shall not apply if (A) the Noteholder Professionals are retained by the Pre-Petition Second Lien Notes Trustee or (B) Akin Gump is retained by the Pre-Petition Second Lien Notes Trustee and Akin Gump retains Blackstone and Capstone. If at any time following the occurrence of the Effective Date, the Noteholder Professionals are no longer retained, or if Akin Gump is no longer retained,

by the Pre-Petition Second Lien Notes Trustee, the Debtors shall have the right, but not the obligation, to suspend payment to the Noteholder Professionals if, and solely for as long as, the Noteholder Professionals (x) file a 2019 Statement demonstrating that the members of the Second Lien Noteholders Committee hold in the aggregate Pre-Petition Second Lien Notes in an amount less than the Threshold Requirement or (y) fail to file a 2019 Statement as required hereby. Nothing in this paragraph (c)(ii), however, shall affect Blackstone's entitlement to the Success Fee (as defined in, and under the terms of, the Engagement Letter); *provided*, for the avoidance of doubt, that no Success Fee shall be payable until such time as the DIP Obligations have been paid in full in cash (including, without limitation, by a refinancing, or, with respect to certain of the Supplemental DIP Obligations only, otherwise converted to the Exit Facility consistent with the terms of the Supplemental DIP Credit Agreement) (for the avoidance of doubt, subject to paragraph 25 below with respect to the Junior DIP Term Loans) and all commitments under each of the Senior DIP Credit Agreement and Supplemental DIP Credit Agreement shall have been terminated.

(iii) The Debtors shall promptly reimburse the Noteholder Professionals for amounts invoiced monthly within ten (10) business days (if no written objection is received within such ten (10) business day period) after delivery of such an invoice describing such fees and expenses substantially in the form provided in the ordinary course of business; *provided, however*, that any such invoice may be redacted to protect privileged, confidential or proprietary information. A copy of each invoice submitted to the Debtors shall simultaneously be sent to the U.S. Trustee and counsel to the Creditors' Committee. For the avoidance of doubt, the Noteholder Professionals shall not be required to file applications with the Court in connection with the Fees and Expenses.

(d) *Existing Intercreditor Agreement.* With respect to the Pre-Petition Second Lien Noteholders, the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Collateral Agent (the “**Second Lien Parties**”), the First Lien Obligations (as defined in the Existing Intercreditor Agreement) shall be deemed to have been Paid in Full (as defined in the Existing Intercreditor Agreement) for purposes of the Existing Intercreditor Agreement; *provided*, that for the avoidance of doubt, nothing herein shall limit the effectiveness of Section 5.05 of the Existing Intercreditor Agreement. In consideration thereof and of the obligation of the Debtors to provide the adequate protection provided for herein, except as specifically provided in clauses (i)-(iii) below, each Second Lien Party has agreed that it is, and shall be deemed to be, adequately protected by the provisions hereof for the duration of these Cases with respect to the relief granted herein, including the use of Cash Collateral by the Debtors during these Cases, and notwithstanding any future change in the value of any property, assets or business of the Debtors (subject to clauses (i)-(iii) below and the related proviso); *provided* that nothing herein shall restrict the rights of any Second Lien Party with respect to (i) its right to assert against the Debtors a claim or claims under this Order or section 507(b) of the Bankruptcy Code (subject to the proviso in paragraph 16(b) of this Order) based upon the diminution in the value of the Pre-Petition Second Lien Collateral, (ii) its right to seek additional adequate protection in connection with any attempt by the Debtors to incur any future indebtedness under section 364 of the Bankruptcy Code (other than indebtedness heretofore authorized to be incurred (and actually incurred or deemed to have been incurred and outstanding or contingent as of the Effective Date) under the Existing DIP Documents, the \$200,000,000 aggregate amount of indebtedness authorized to be incurred under the Senior DIP Credit Agreement as of the Effective Date and the up to \$843,650,000 aggregate amount of indebtedness permitted to be

incurred under the Supplemental DIP Credit Agreement as the Effective Date, and any other indebtedness authorized to be incurred under the Senior DIP Creditor Agreement or Supplemental DIP Credit Agreement), or (iii) its right to seek additional adequate protection based on a material change in facts or circumstances following the Effective Date; *provided, however*, that nothing contained herein will prevent any party from opposing any such request for additional adequate protection. In consideration of the Second Lien Adequate Protection Payments (as defined below) provided for herein, the Second Lien Parties are hereby deemed to consent to paragraph 11(a) of this Order and shall not make any motion, pleading or objection or take any action (or support any person in taking any action) inconsistent with the foregoing; *provided, however*, (x) each of the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders retains its rights as a party in interest (but not as a secured creditor) to object to any sale of the Pre-Petition Collateral (as defined in the Existing DIP Order) pursuant to section 363(b) of the Bankruptcy Code; (y) the Debtors shall provide the Pre-Petition Second Lien Notes Trustee and the Second Lien Noteholders Committee with notice and consultation rights on a confidential basis in respect of any such sale; and (z) the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders may exercise their rights to credit bid in any such sale to the extent provided under section 363(k) of the Bankruptcy Code and the Pre-Petition Second Lien Indentures, *provided* that such bid shall provide for the Senior DIP Obligations and Supplemental DIP Obligations to be paid in full in cash (for the avoidance of doubt, subject to paragraph 25 below with respect to the Junior DIP Term Loans) and all outstanding Letter of Credit Obligations and outstanding amounts under Secured Agreements to be Cash Collateralized (in the same manner provided for in subparagraph (d) of Paragraph 14 of the Existing DIP Order), whereupon the commitments in respect of the Senior DIP Facility and

Supplemental DIP Term Loan Facility shall be terminated by the Debtors unless the Debtors, the applicable parties under the Senior DIP Credit Agreement or Supplemental DIP Credit Agreement (including in all cases the Senior DIP Agent or Supplemental DIP Agent (as applicable)) and Pre-Petition Second Lien Notes Trustee or the Pre-Petition Second Lien Noteholders otherwise agree.

(e) *Interest Payments.* Following the occurrence of the Effective Date, the Debtors shall (i) on a current basis, pay all interest accruing thereafter at the non-default contract rate applicable on the Petition Date on the outstanding Pre-Petition Second Lien Notes pursuant to the terms thereof (including all such interest on any Pre-Petition Second Lien Notes being exchanged for Junior DIP Term Loans that has accrued and remains unpaid immediately prior to the occurrence of the Effective Date) and (ii) make a catch-up payment in an amount equal to accrued interest (both pre-petition and post-petition) through the Effective Date at the pre-petition non-default rates on the outstanding Pre-Petition Second Lien Notes (which shall be paid with respect to all Pre-Petition Second Lien Notes immediate prior to giving effect to the exchange of any Pre-Petition Second Liens Notes for Junior DIP Term Loans) (such payments described in clauses (i) and (ii) of this paragraph 16(e), the “**Second Lien Adequate Protection Payments**”).

(f) *Subscription Rights.* The Pre-Petition Second Lien Noteholders shall be provided the right to participate in the Junior DIP Term Loans as contemplated in the Information Memorandum substantially in the form filed as Exhibit A to the Notice of Filing of Solicitation Documents [Docket No. 2587].

(g) *Waiver of the Right to Seek Further Adequate Protection.* In exchange for the Junior Adequate Protection as set forth herein, following the occurrence of the Effective

Date, for so long as the Debtors are in compliance with the terms of this Order, except as otherwise expressly provided herein (including, without limitation, as set forth in paragraph 16(d) hereof), the Pre-Petition Second Lien Parties are hereby barred from requesting additional adequate protection without the written consent of each of the Debtors and the DIP Agents.

17. *Sufficiency of Adequate Protection.* Without limiting the rights of any party provided pursuant to paragraph 16(d) hereof, under the circumstances, and given that the above-described adequate protection is consistent with the Bankruptcy Code, including section 506(b) thereof, the Court finds that the adequate protection provided herein is reasonable and sufficient to protect the interests of the Pre-Petition First Lien Secured Lenders, the Pre-Petition First Lien Agent, Pre-Petition Second Lien Noteholders and the Pre-Petition Second Lien Notes Trustee. Except as expressly provided herein, nothing contained in this Order (including, without limitation, the continued authorization of the use of any Cash Collateral) shall impair or modify any rights, claims or defenses available in law or equity to the Pre-Petition First Lien Agent, the Pre-Petition Second Lien Notes Trustee, any Pre-Petition First Lien Secured Lender, the DIP Agents, any DIP Lender, the Existing DIP Agent or any Existing DIP Lender, including, without limitation, rights of a party to a swap agreement, securities contract, commodity contract, forward contract or repurchase agreement with a Debtor to assert rights of setoff or other rights with respect thereto as permitted by law (or the right of a Debtor to contest such assertion).

18. *Perfection of DIP Liens and Adequate Protection Liens.*

(a) With respect to (i) the Senior DIP Agent, the Senior DIP Lenders, the Pre-Petition First Lien Agent, the Pre-Petition First Lien Secured Lenders, the Existing DIP Agent and the Existing DIP Lenders, pursuant to the Existing DIP Order and continued by this Order, subject to the provisions of Paragraph 8(a) of the Existing DIP Order and paragraph 11(b) above,

and (ii) the Supplemental DIP Agent, the Supplemental DIP Lenders, the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders, upon the occurrence of the Effective Date, subject to the provisions of paragraph 11(b) above, the DIP Agents, the Existing DIP Agent, the Pre-Petition First Lien Agent and the Pre-Petition Second Lien Notes Trustee are authorized, but not required, to file or record financing statements, patent filings, trademark filings, copyright filings, mortgages, notices of lien or similar instruments in any jurisdiction, or take possession of or control over assets, or take any other action, in each case, in order to validate and perfect the liens and security interests granted to it hereunder. Whether or not the DIP Agents on behalf of the DIP Lenders, the Existing DIP Agent on behalf of the Existing DIP Lenders, the Pre-Petition First Lien Agent on behalf of the Pre-Petition First Lien Secured Lenders or the Pre-Petition Second Lien Notes Trustee on behalf of the Pre-Petition Second Lien Noteholders, shall, in their sole discretion, choose to file such financing statements, patent filings, trademark filings, copyright filings, mortgages, notices of lien or similar instruments, or take possession of or control over, or otherwise confirm perfection of the liens and security interests granted to it hereunder, such liens and security interests shall be deemed valid, perfected, allowed, enforceable, non-avoidable and not subject to challenge, dispute or subordination, at the time and on the date of entry of the Interim DIP Order, with respect to the Senior DIP Facility and Existing DIP Facility, and immediately upon the occurrence of the Effective Date, with respect to the Supplemental DIP Term Loan Facility. Upon the request of either of the DIP Agents, each of the Pre-Petition First Lien Agent, the Pre-Petition First Lien Secured Lenders, the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders, without any further consent of any party, are authorized to take, execute, deliver and file such instruments (in each case, without representation or warranty of any kind) to enable

the DIP Agents to further validate, perfect, preserve and enforce the DIP Liens.

(b) A certified copy of this Order may, in the discretion of either of the DIP Agents, be filed with or recorded in filing or recording offices in addition to or in lieu of such financing statements, mortgages, notices of lien or similar instruments, and all filing offices are hereby authorized to accept such certified copy of this Order for filing and recording.

19. *Preservation of Rights Granted Under This Order.*

(a) No claim or lien having a priority superior to or *pari passu* with those reaffirmed, continued or granted (as applicable) by this Order to the Senior DIP Agent and the Senior DIP Lenders, to the Supplemental DIP Agent and the Supplemental DIP Lenders, to the Pre-Petition First Lien Agent and the Pre-Petition First Lien Secured Lenders, to the Pre-Petition Second Lien Notes Trustee and the Pre-Petition Second Lien Noteholders, or to the Existing DIP Agent and any of the Existing DIP Lenders, respectively, shall be granted or allowed while any portion of the Senior DIP Obligations, Senior DIP Commitments or Senior Financing (or any refinancing thereof), Supplemental DIP Obligations, Supplemental DIP Commitment or Supplemental Financing (or any refinancing thereof), Pre-Petition First Lien Debt or the Pre-Petition Second Lien Obligations, the Adequate Protection Obligations or the Junior Adequate Protection Obligations remain outstanding, and the Existing DIP Liens, DIP Liens, the Adequate Protection Liens and the Junior Adequate Protection Liens shall not be (i) subject or junior to any lien or security interest that is avoided and preserved for the benefit of the Debtors' estates under section 551 of the Bankruptcy Code or (ii) subordinated to or made *pari passu* with any other lien or security interest, whether under section 364(d) of the Bankruptcy Code or otherwise, as to each, other than the Carve Out.

(b) Unless all DIP Obligations shall have been indefeasibly paid in full (for

the avoidance of doubt, subject to paragraph 25 below with respect to the Junior DIP Term Loans) (and, with respect to outstanding letters of credit issued pursuant to the Senior DIP Credit Agreement and any Secured Agreements, Cash Collateralized at 105% of all of the Letter of Credit Obligations and Secured Agreements (which cash will be deposited, as applicable, in the L/C Cash Deposit Account or in the Secured Agreements Cash Deposit Account)) and the Pre-Petition First Lien Debt and the Adequate Protection Obligations due to Pre-Petition First Lien Secured Lenders and the Pre-Petition First Lien Agent shall have been paid in full, the Debtors shall not seek, and it shall constitute an "Event of Default" (under each of the ARCA and Supplemental DIP Credit Agreement) and terminate the right of the Debtors to use Cash Collateral if any of the Debtors seek, or if there is entered, (i) any modifications or extensions of this Order without the prior written consent of both the DIP Agents, and no such consent shall be implied by any other action, inaction or acquiescence by either of the DIP Agents, (ii) an order converting or dismissing any of the Cases, (iii) an order appointing a chapter 11 trustee in any of the Cases, or (iv) an order appointing an examiner with enlarged powers in any of the Cases. The terms and provisions of this Order and the DIP Documents shall continue in these Cases, in any successor cases if these Cases cease to be jointly administered, or in any superseding chapter 7 cases under the Bankruptcy Code, and the DIP Liens, the Superpriority Claims, all other rights and remedies of the DIP Agents and DIP Lenders and the Existing DIP Agent and the Existing DIP Lenders, and the Adequate Protection Liens and Junior Adequate Protection Liens granted or continued (as applicable) by the provisions of this Order and the DIP Documents shall continue in full force and effect until the DIP Obligations are indefeasibly paid in full (for the avoidance of doubt,

subject to paragraph 25 below with respect to the Junior DIP Term Loans). For the avoidance of doubt, all rights and remedies of the Second Lien Parties granted by the provisions of this Order and any other provisions applicable to the Second Lien Parties shall continue in full force and effect notwithstanding the indefeasible payment in full of the DIP Obligations.

20. *Effect of Stipulations on Third Parties.* The stipulations and admissions contained in the Existing DIP Order, including, without limitation, Paragraph 3 thereof, shall remain binding as provided for therein. The stipulations and admissions contained in this Order, shall be binding upon the Debtors and any successor thereto (including, without limitation, any chapter 7 or chapter 11 trustee appointed or elected for any of the Debtors) and all other parties in interest, in all circumstances.

21. *Limitation on Use of Financing Proceeds and Collateral.* Notwithstanding anything herein or in any other order by this Court to the contrary, no borrowings, letters of credit, Cash Collateral, Collateral nor the Carve Out may be used to (a) object, contest or raise any defense to, the validity, perfection, priority, extent or enforceability of any amount due under the DIP Documents, the Existing DIP Documents, the First Lien Existing Agreements or the Second Lien Existing Agreements, or the liens or claims granted under the Interim DIP Order, the Existing DIP Order, this Order, the DIP Documents, the Existing DIP Documents, the First Lien Existing Agreements or the Second Lien Existing Agreements, (b) investigate, assert any Claims and Defenses (each as defined in the Existing DIP Order) or causes of action against any of the DIP Agents, the Existing DIP Agent, the DIP Lenders, the Existing DIP Lenders, the Pre-Petition First Lien Agent, the Pre-Petition First Lien Secured Lenders, the Pre-Petition Second Lien Notes Trustee, the Pre-Petition Second Lien Noteholders, or their respective agents, affiliates, representatives, attorneys or advisors, (c) prevent, hinder or otherwise delay the DIP

Agents' assertion, enforcement or realization on the Cash Collateral or the Collateral in accordance with the DIP Documents or this Order, (d) seek to modify any of the rights granted to, or reaffirmed and/or continued in favor of, the DIP Agents or the Existing DIP Agent or the DIP Lenders or the Existing DIP Lenders hereunder or under the DIP Documents or Existing DIP Documents (as applicable), in each of the foregoing cases without such applicable parties' prior written consent or (e) pay any amount on account of any claims arising prior to the Petition Date unless such payments are (i) approved by an order of this Court and (ii) in accordance with the Senior DIP Credit Agreement and the document delivered in accordance with Section 5(b)(xi) of the Amendment Agreement and the Supplemental DIP Credit Agreement and the Operating Forecast (as defined in the Supplemental DIP Credit Agreement), as approved by each of the Senior DIP Agent and Supplemental DIP Agent, each in its sole discretion. Notwithstanding the foregoing, any party may, solely to the extent permitted pursuant to the Existing DIP Order, including the deadlines for commencing actions set forth therein, investigate claims and issues with respect to the Existing Documents (the "**Investigation**") and, subject to any applicable law with respect to standing, commence and prosecute any related proceedings as a representative of the Debtors' estates; *provided* that, in the case of the Creditors' Committee an aggregate expense since the Petition Date for such Investigation as to the First Lien Existing Agreements and the Second Lien Existing Agreements shall not exceed \$250,000 in respect of the U.S. Investigation and \$250,000 in respect of the non-U.S. Investigation.

22. *Priorities Among Pre-Petition Secured Creditors.* In determining the relative priorities and rights of the Pre-Petition Secured Creditors (including, without limitation, the relative priorities and rights of the Pre-Petition Secured Creditors with respect to the Adequate Protection Obligations or Junior Adequate Protection Obligations granted hereunder), such

priorities and rights shall be governed by the Existing Documents, including, without limitation, the Existing Intercreditor Agreement, subject to the provisions of this Order. In the event of a conflict between such Existing Documents and this Order, this Order shall control.

23. *Duties of the Pre-Petition First Lien Co-Collateral Agents.* Following the repayment in full of all Pre-Petition First Lien Obligations (other than with respect to the Continuing Pre-Petition First Lien Obligations to be backstopped or otherwise provided for as more fully described in the Interim DIP Order and the Existing DIP Order or the Existing DIP Documents), each Pre-Petition First Lien Co-Collateral Agent, as applicable, shall promptly turn over and distribute any proceeds recovered or received or any other payments or receipts obtained on account of the Pre-Petition First Lien Collateral, *first*, to the DIP Agents (with notice to any DIP Agent not receiving such property) for the benefit of the DIP Lenders in accordance with the Intercreditor Agreement, and *second*, subsequent to indefeasible payment in full of all DIP Obligations (other than those Supplemental DIP Obligations converted to the Exit Facility consistent with the terms of the Supplemental DIP Credit Agreement) and the indefeasible Payment in Full (as defined in the Existing Intercreditor Agreement) of all Pre-Petition First Lien Obligations, for the benefit of the Pre-Petition Second Lien Noteholders under the Second Lien Existing Agreements.

24. *Authority to Enter Into Derivatives Contracts with DIP Lenders or their Affiliates.* The authority granted pursuant to Paragraph 22 of the Existing DIP Order shall remain unchanged.

25. *Reservation of Rights of Creditors' Committee.* Solely with respect to the Pre-Petition Second Lien Obligations, the Second Lien Adequate Protection Payments and the Junior DIP Term Loans, notwithstanding anything to the contrary herein, including, without limitation,

any finding, order, requirement of the Debtors to act or refrain from acting, or the labeling of any payment as “non-refundable” or “indefeasible”:

(a) Nothing herein shall impair the Creditors’ Committee’s ability to challenge all Pre-Petition Second Lien Obligations that were outstanding on the Petition Date, or the purported liens securing such obligations, in each case in accordance with that certain Order Granting Committee’s Motion for Leave, Standing, Authority to Prosecute and, if Appropriate, Settle Claims Challenging Certain Liens Purportedly Held by the Second Lien Parties, entered November 14, 2012 [Docket No. 2370].

(b) Solely in the event of a timely and successful challenge by the Creditors’ Committee pursuant to a final, non-appealable order in respect of the Pre-Petition Second Lien Obligations or the liens securing such obligations, the Court may, after notice and a hearing, fashion an appropriate remedy, including, but not limited to, (i) disgorgement or recharacterization of any Second Lien Adequate Protection Payments, or (ii) the unwinding of the Junior DIP Term Loans or a portion thereof (which might include the disgorgement or re-allocation of interest, fees, principal or other incremental consideration paid in respect thereto and not paid on account of the Pre-Petition Second Lien Obligations or the avoidance of liens, administrative claims, and/or guarantees with respect to one or more of the Debtors); *provided, however*, that the Junior DIP Term Loans may not be so unwound or subject to other remedies unless the Pre-Petition Second Lien Obligations were not, on the Petition Date, secured by valid, perfected, and unavoidable Liens with respect to Pre-Petition Collateral that is equal in value to the amount of the Junior DIP Term Loans (after giving effect to the Pre-Petition First Lien Obligations outstanding as of such time).

26. *Debtors' Exit Conversion Right for First Lien Last Out Obligations and Junior DIP Obligations.* Notwithstanding anything contained herein to the contrary, neither (x) the First Lien Last Out Obligations or the Junior DIP Obligations nor (y) the Supplemental Superpriority Claims granted in respect thereof need to be satisfied in full, in cash, solely in the event that such loans are converted into the Exit Facility subject to and in accordance with the conditions to conversion (and any other applicable terms and conditions) set forth in the Supplemental DIP Documents. For the avoidance of doubt, this paragraph 26 shall not apply to any Senior DIP Obligations or Senior Superpriority Claims.

27. *Notice.* The Debtors shall provide counsel to the Creditors' Committee, the Second Lien Noteholders Committee and the Pre-Petition Second Lien Notes Trustee with all formal notices and information required to be delivered to the Senior DIP Agent or Supplemental DIP Agent or Senior DIP Lenders or Supplemental DIP Lenders pursuant to the terms of the Senior DIP Credit Agreement or Supplemental DIP Credit Agreement, as the case may be.

28. *Order Governs.* In the event of any inconsistency between the provisions of this Order and the Interim DIP Order, Existing DIP Order or the DIP Documents (as the case may be), the provisions of this Order shall govern; *provided, however,* that subject to the terms of this Order, the provisions of the Existing DIP Order shall remain in full force and effect.

29. *Binding Effect; Successors and Assigns.* The DIP Documents and the provisions of this Order, including all findings herein, shall be binding upon all parties in interest in these Cases, including, without limitation, the Existing DIP Agent, the DIP Agents, the Existing DIP Lenders, the DIP Lenders, the Pre-Petition First Lien Agent, the Pre-Petition First Lien Secured Lenders, the Pre-Petition Second Lien Notes Trustee, the Pre-Petition Second Lien Noteholders, any statutory or nonstatutory committees appointed or formed in these Cases (including the

Creditors' Committee), and the Debtors and their respective successors and assigns (including any chapter 7 or chapter 11 trustee hereinafter appointed or elected for the estate of any of the Debtors) and shall inure to the benefit of the Existing DIP Agent, the DIP Agents, the Existing DIP Lenders, the DIP Lenders, the Pre-Petition First Lien Agent, the Pre-Petition First Lien Secured Lenders, the Pre-Petition Second Lien Notes Trustee, the Pre-Petition Second Lien Noteholders and the Debtors and their respective successors and assigns; *provided, however*, that the Existing DIP Agent, the DIP Agents, the Existing DIP Lenders and the DIP Lenders shall have no obligation to extend any financing to any chapter 7 trustee or similar responsible person appointed for the estates of the Debtors. In determining to make any loan under the Senior DIP Credit Agreement or Supplemental DIP Credit Agreement or in exercising any rights or remedies as and when permitted pursuant to this Order or the Senior DIP Documents or Supplemental DIP Documents, the Senior DIP Agent, Senior DIP Lenders, Supplemental DIP Agent and Supplemental DIP Lenders (as applicable) shall not be deemed to be in control of the operations of or participating in the management of the Debtors or to be acting as a "responsible person" or "owner or operator" with respect to the operation or management of the Debtors, so long as the DIP Lenders' actions do not constitute, within the meaning of 42 U.S.C. § 9601(20)(F), actual participation in the management or operational affairs of a vessel or facility owned or operated by a Debtor, or otherwise cause liability to arise to the federal or state government or the status of responsible person or managing agent to exist under applicable law (as such terms, or any similar terms, are used in the United States Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§ 9601 *et seq.* as amended, or any similar federal or state statute).

30. *Miscellaneous.* Nothing in this Order or the DIP Documents shall permit the Debtors to violate 28 U.S.C. § 959(b). As to the United States, its agencies, departments or agents, nothing in this Order or the DIP Documents shall discharge, release or otherwise preclude any valid right of setoff or recoupment that any such entity may have.

31. *No Waiver.* Except as specifically set for herein, this Order shall not be construed in any way as a waiver or relinquishment of any rights that the Pre-Petition Secured Creditors may have to bring or be heard on any matter brought before the Court.

32. *No Waiver by Failure to Seek Relief.* Except with respect to the limitations set forth in paragraph 16 hereof with respect to requests for further adequate protection, the delay or failure of the Pre-Petition Second Lien Notes Trustee or the Pre-Petition Second Lien Noteholders to seek relief or otherwise exercise their rights and remedies under this Order, the Existing Second Lien Agreements or applicable law, as the case may be, shall not constitute a waiver of any of the rights thereunder, or otherwise, of the Pre-Petition Second Lien Notes Trustee or the Pre-Petition Second Lien Noteholders.

33. *Effectiveness.* This Order shall constitute findings of fact and conclusions of law. Notwithstanding Bankruptcy Rules 4001(a)(3), 6004(h), 6006(d), 7062 or 9024 or any other Bankruptcy Rule, or Rule 62(a) of the Federal Rules of Civil Procedure, this Order shall be immediately effective and enforceable upon its entry, and there shall be no stay of execution or effectiveness of this Order.

34. *Final DIP Documents.* The most recent version of each Senior DIP Document that has been filed with this Court prior to the Hearing is in a substantially final form. If any such Senior DIP Document is materially revised prior to the effectiveness of the Amendment Agreement, the Debtors will file the revised version of such Senior DIP Document (a "**Revised**

Document") with this Court and serve the Revised Document on the Notice Parties. The Notice Parties will have until 5:00 p.m. (ET) on the fifth day following service of the Revised Document (the "**Document Objection Deadline**") to object to such revisions. Any such objection (a "**Document Objection**") must be (i) made in writing, stating the Document Objection with specificity and (ii) filed with the Bankruptcy Court and served on the Debtors, counsel to the DIP Agents and counsel to the Creditors' Committee. If a Notice Party properly files and serves a Document Objection, the Debtors may schedule a hearing with this Court to resolve such objection on two days' notice. If no Document Objection is made or if all Document Objections are consensually resolved and withdrawn, such Revised Document shall be deemed approved under the terms of this Order. A Revised Document, once approved or deemed approved (whether by way of consensual resolution of a Document Objection, by the Court at or after a hearing to resolve a Document Objection or by the passage of time with no objection), shall, for all intents and purposes, take the place of the version of such Senior DIP Document referred to herein and previously filed with the Court as though such Revised Document existed in its revised form as of the date of this Order and all references to such Senior DIP Document in its prior form shall be deemed references to the such Revised Document as so revised.

professionals of the Fee Examiner, of the official committee of retired employees appointed in the Cases (the “**1114 Committee**”), or of the statutory committee of unsecured creditors appointed in the Cases (the “**Creditors’ Committee**”) in each case whose retention is approved by the Court during the Cases pursuant to sections 327 and 1103 of the Bankruptcy Code for unpaid fees and expenses (and the reimbursement of out-of-pocket expenses allowed by the Bankruptcy Court incurred by any members of the 1114 Committee or Creditors’ Committee, as applicable (but excluding fees and expenses of third party professionals employed by such members of the 1114 Committee or Creditors’ Committee, as applicable)), incurred, subject to the terms of this Order, (A) prior to the occurrence of an Event of Default (as defined in either the Senior DIP Credit Agreement or Supplemental DIP Credit Agreement) and (B) at any time after the occurrence and during the continuance of an Event of Default (as defined in either the ARCA or Supplemental DIP Credit Agreement) in an aggregate amount not exceeding \$15,000,000, provided that (x) the dollar limitation in this clause (iii) on fees and expenses shall neither be reduced nor increased by the amount of any compensation or reimbursement of expenses incurred, awarded or paid prior to the occurrence of an Event of Default (as defined in either the ARCA or Supplemental DIP Credit Agreement) in respect of which the Carve Out is invoked or by any fees, expenses, indemnities or other amounts paid to any of the DIP Agents or DIP Lenders or any of the foregoing’s respective attorneys, advisors and agents, (y) nothing herein shall be construed to impair the ability of any party to object to any of the fees, expenses, reimbursement or compensation described in clauses (A) and (B) above and (z) cash or other amounts on deposit in the L/C Cash Deposit Account (as defined in the ARCA) or the Secured Agreements Cash Deposit Account (as defined in the Existing DIP Order), shall not be subject to the Carve Out. In the event of the application of the Collateral (as defined below) to satisfaction

of the Carve Out, the cost thereof shall be charged against the ABL Priority Collateral and the Term Loan Priority Collateral (each as defined below) in proportion to the amount of the then-outstanding Senior DIP Obligations (with respect to charges against the ABL Priority Collateral) and the then-outstanding **New Money Loans First Lien First Out Obligations and First Lien Last Out Obligations** (with respect to charges against the Term Loan Priority Collateral) each as compared to the then-outstanding DIP Obligations as a whole. To the extent that the Collateral actually applied to satisfy the Carve Out shall have been applied in an amount not in accordance with the formula above, the Senior DIP Lenders or Supplemental DIP Lenders (as the case may be) will be reimbursed out of the first available ABL Priority Collateral or Term Loan Priority Collateral (as applicable) in order to cause the application of the Carve Out to have complied with such formula.

8. Paragraph 10 of the Supplemental DIP Order is hereby amended to provide (modifications in bolded underline or bolded strikethrough, as applicable): *Priority of DIP Liens*. Notwithstanding anything to the contrary herein, including, for the avoidance of doubt, paragraph 9 hereof, the Senior DIP Liens on the Collateral consisting of the ABL Priority Collateral (as defined in the Intercreditor Agreement) shall have priority over and rank senior to the Supplemental DIP Liens on the ABL Priority Collateral. The priority of the Supplemental DIP Liens in respect of the ABL Priority Collateral, as among the **New Money Loans First Lien First Out Obligations, the First Lien Last Out Obligations** and the Junior DIP Obligations, shall be as set forth in the Supplemental DIP Documents. Additionally, notwithstanding anything to the contrary herein, the Supplemental DIP Liens granted hereunder on account of the **New Money Loans First Lien First Out Obligations and the First Lien Last Out Obligations** (but, for the avoidance of doubt, not the Junior DIP Obligations), shall have priority

and rank senior to the Senior DIP Liens with respect to Collateral consisting of Term Loan Priority Collateral (as defined in the Intercreditor Agreement); and the Senior DIP Liens shall have priority and rank senior to the Supplemental DIP Liens securing the Junior DIP Obligations with respect to the Term Loan Priority Collateral.

9. Paragraph 16(e) of the Supplemental DIP Order shall be replaced in its entirety with the following: *Interest Payments*. The Debtors shall (i) on a current basis after the Effective Date, pay all interest accruing thereafter at the non-default contract rate applicable on the Petition Date on the outstanding Pre-Petition Second Lien Notes pursuant to the terms thereof (including all such interest on any Pre-Petition Second Lien Notes being exchanged for Junior DIP Term Loans that has accrued and remains unpaid immediately prior to the occurrence of the Effective Date) and (ii) on the Effective Date, pay to holders of outstanding Pre-Petition Second Lien Notes an amount equal to all accrued interest at the non-default rate (both pre-petition and post-petition) through the Effective Date (which shall be paid with respect to all Pre-Petition Second Lien Notes immediately prior to giving effect to any roll-up into Roll-Up Loans) (such payments described in clauses (i) and (ii) of this paragraph 16(e), the “**Second Lien Adequate Protection Payments**”).

10. Paragraph 16(f) of the Supplemental DIP Order is hereby amended to provide (modifications in bolded underline or bolded strikethrough, as applicable): *Subscription Rights*. The Pre-Petition Second Lien Noteholders shall be provided the right to participate in the Junior DIP Term Loans as contemplated in the Information Memorandum **as supplemented on February 7, 2013 and March 1, 2013 substantially in the form filed as Exhibit A to the Notice of Filing of Solicitation Documents [Docket No. 2587]**.

11. Paragraph 25(b) of the Supplemental DIP Order is hereby amended to

provide (modifications in bolded underline or bolded strikethrough, as applicable): (b) Solely in the event of a timely and successful challenge by the Creditors' Committee pursuant to a final, non-appealable order in respect of the Pre-Petition Second Lien Obligations or the liens securing such obligations, the Court may, after notice and a hearing, fashion an appropriate remedy, including, but not limited to, (i) disgorgement or recharacterization of any Second Lien Adequate Protection Payments, or (ii) the unwinding of the Junior DIP Term Loans or a portion thereof (which might include the disgorgement or re-allocation of interest, fees, principal or other incremental consideration paid in respect thereto and not paid on account of the Pre-Petition Second Lien Obligations or the avoidance of liens, administrative claims, and/or guarantees with respect to one or more of the Debtors); provided, however, that the Junior DIP Term Loans may not be so unwound or subject to other remedies unless the Pre-Petition Second Lien Obligations were not, on the Petition Date, secured by valid, perfected, and unavoidable Liens with respect to Pre-Petition Collateral that is equal or greater in value to the amount of the Junior DIP Term Loans (after giving effect to the Pre-Petition First Lien Obligations outstanding as of such time).

12. Paragraph 26 of the Supplemental DIP Order is hereby amended to provide (modifications in bolded underline or bolded strikethrough, as applicable): *Debtors' Exit Conversion Right for Certain New Money Loans First Lien Last Out Obligations and Junior DIP Obligations*. Notwithstanding anything contained herein to the contrary, neither (x) ~~the that principal amount of the New Money Loans in excess of \$200,000,000 First Lien Last Out Obligations~~ or the Junior DIP Obligations nor (y) the Supplemental Superpriority Claims granted in respect thereof need to be satisfied in full, in cash, solely in the event that such loans are converted into the Exit Facility subject to and in accordance with the conditions to conversion (and any other applicable terms and conditions) set forth in the Supplemental DIP

Documents. For the avoidance of doubt, this paragraph 26 shall not apply to any Senior DIP Obligations or Senior Superpriority Claims.

13. Any objections to the entry of this Order or the relief granted herein that have not been withdrawn, waived or settled, and all reservations of rights included therein, are hereby denied and overruled on the merits with prejudice.

14. This Order shall constitute findings of fact and conclusions of law pursuant to Bankruptcy Rule 7052 and shall take effect immediately upon execution thereof.

15. The Court has and will retain jurisdiction to enforce this Order according to its terms and with respect to any matters, claims, rights or disputes arising from or related to the implementation of this Order.

SO ORDERED by the Court this 8th day of March, 2013.

SECURITY AGREEMENT

SECURITY AGREEMENT dated March 22, 2013 (this "**Agreement**"), made by Eastman Kodak Company, a New Jersey corporation, a debtor and debtor-in-possession in a case pending under Chapter 11 of the Bankruptcy Code (as defined in the Credit Agreement, defined herein) (the "**Company**"), and the U.S. Subsidiaries of the Company listed on the signature pages hereof, each of which is a debtor and debtor-in-possession, or which at any time execute and deliver a Security Agreement Supplement in substantially the form attached hereto as Exhibit C (the Company and such U.S. Subsidiaries, collectively, the "**Grantors**"), to Wilmington Trust, National Association, as Agent (in such capacity, together with any successor Agent appointed pursuant to Article VIII of the Credit Agreement, the "**Agent**") for the Secured Parties (as hereinafter defined).

PRELIMINARY STATEMENTS.

(1) Reference is made to the Debtor-in-Possession Credit Agreement, dated as of March 22, 2013, among the Company, the U.S. Subsidiaries of the Company party thereto, the Agent and Lenders from time to time party thereto (as amended, amended and restated, supplemented or otherwise modified from time to time, the "**Credit Agreement**").

(2) Each Grantor is the owner of the shares of stock or other equity interests in its Subsidiaries set forth on Part I of Schedule I hereto and issued by the Persons named therein (such shares of stock or other equity interests, the "**Initial Pledged Equity**"). Each Grantor is the holder of the indebtedness owed to such Grantor (the "**Initial Pledged Debt**") set forth opposite such Grantor's name on and as otherwise described in Part II of Schedule I hereto and issued by the obligors named therein.

(3) Each Grantor is the owner of the deposit accounts set forth opposite such Grantor's name on Schedule II hereto (together with all deposit accounts now owned or hereafter acquired by the Grantors, the "**Deposit Accounts**").

(4) It is a condition precedent to the making or deemed making of Loans by the Lenders under the Credit Agreement that the Grantors shall supplement the DIP Order, without in any way diminishing or limiting the effect of the DIP Order or the security interest, pledge and Lien granted thereunder, by more fully setting forth in this Agreement their respective rights in connection with such security interest, pledge and Lien. Each Grantor will derive substantial direct or indirect benefit from the transactions contemplated by this Agreement, the Credit Agreement and the other Loan Documents.

(5) Terms defined in the Credit Agreement and not otherwise defined in this Agreement are used in this Agreement as defined in the Credit Agreement. Further, unless otherwise defined in this Agreement or in the Credit Agreement, terms defined in Article 8 or 9 of the UCC (as defined below) are used in this Agreement as such terms are defined in such Article 8 or 9. "**UCC**" means the Uniform Commercial Code as in effect from time to time in the State of New York; *provided* that, if perfection or the effect of perfection or non-perfection or the priority of the security interest in any Collateral is governed (or would be governed, absent the DIP Order) by the Uniform Commercial Code as in effect in a jurisdiction other than the State of

New York, “UCC” means the Uniform Commercial Code as in effect from time to time in such other jurisdiction for purposes of the provisions hereof relating to such perfection, effect of perfection or non perfection or priority.

NOW, THEREFORE, in consideration of the premises and in order to induce the Lenders to make Loans under the Credit Agreement, each Grantor hereby agrees with the Agent for the ratable benefit of the Secured Parties as follows:

Section 1. Grant of Security. Section 2. Security for Obligations. In addition to the security for the payment of the Secured Obligations to the Secured Parties provided by the DIP Order, this Agreement secures, in the case of each Grantor, the payment of all obligations of such Grantor and the Subsidiaries of the Company now or hereafter existing under the Loan Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations,

interest (including interest accruing during the pendency of the Cases, regardless of whether allowed or allowable in such proceedings), fees, premiums, penalties, indemnifications, contract causes of action, costs, expenses or otherwise (including monetary obligations incurred during the pendency of the Cases, regardless of whether allowed or allowable in such proceedings) (all such obligations being the “**Secured Obligations**”) owing to the Secured Parties. Without limiting the generality of the foregoing, this Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Secured Obligations and would be owed by such Grantor or Subsidiary of the Company, as applicable, to any Secured Party under the Loan Documents but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving any of the Loan Parties and other Subsidiaries of the Company.

Section 3. **Grantors Remain Liable.** Anything herein to the contrary notwithstanding, (a) each Grantor shall remain liable under the contracts and agreements included in such Grantor’s Collateral to perform all of its duties and obligations thereunder to the extent set forth therein to the same extent as if this Agreement had not been executed, (b) the exercise by the Agent of any of the rights hereunder shall not release any Grantor from any of its duties or obligations under the contracts and agreements included in the Collateral and (c) no Secured Party shall have any obligation or liability under the contracts and agreements included in the Collateral by reason of this Agreement or any other Loan Document, nor shall any Secured Party be obligated to perform any of the obligations or duties of any Grantor thereunder or to take any action to collect or enforce any claim for payment assigned hereunder.

Section 4. **Delivery and Control of Security Collateral.** (a) All certificates or instruments representing or evidencing Pledged Equity or Pledged Debt shall be promptly delivered following the date of this Agreement, without further order from the Bankruptcy Court, to be held by or on behalf of the Agent pursuant hereto and the Intercreditor Agreement and shall be in suitable form for transfer by delivery, or shall be accompanied by duly executed instruments of transfer or assignment in blank, all in form and substance reasonably satisfactory to the Agent except to the extent that such transfer or assignment is (x) prohibited by applicable law, including the Bankruptcy Code or any Order of the Bankruptcy Court entered in connection with the Cases or (y) subject to certain corporate actions by the holders or issuers of non-U.S. Initial Pledged Equity which have not occurred as of the Effective Date and governmental approvals or consents to pledge or transfer with respect to the issuers of non-U.S. Pledged Equity which have not yet been obtained as to which Grantor shall, to the extent permitted by and in accordance with the DIP Order and without further notice from the Bankruptcy Court, use commercially reasonable efforts to complete as soon as practicable after the date hereof.

(b) With respect to any Security Collateral representing interests in Subsidiaries in which any Grantor has any right, title or interest and that constitutes an uncertificated security, such Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, use commercially reasonable efforts to cause the issuer thereof to agree in an authenticated record with such Grantor and the Agent that upon notice from the Agent that an Event of Default has occurred and is continuing, such issuer will comply with instructions with respect to such security originated by the Agent without further consent of such Grantor, such authenticated record to be in form and substance reasonably satisfactory to the Agent. Upon the request of the Agent upon the occurrence and

during the continuance of an Event of Default, each Grantor will notify each issuer of other Security Collateral as provided in Section 4(e) below.

(c) With respect to any securities or commodity account, any Security Collateral that constitutes a security entitlement as to which the financial institution acting as Agent hereunder is not the securities intermediary, upon the request of the Agent upon the occurrence and during the continuance of an Event of Default the relevant Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, use its commercially reasonable efforts to cause the securities intermediary with respect to such security or commodity account or security entitlement to identify in its records the Agent as the entitlement holder thereof.

(d) Upon the request of the Agent upon the occurrence and during the continuance of an Event of Default, each Grantor shall, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, cause the Security Collateral to be registered in the name of the Agent or such of its nominees as the Agent shall direct, subject only to the revocable rights specified in Section 12(a). In addition, the Agent shall, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, have the right upon the occurrence and during the continuance of an Event of Default to convert Security Collateral consisting of financial assets credited to any securities account to Security Collateral consisting of financial assets held directly by the Agent, and to convert Security Collateral consisting of financial assets held directly by the Agent to Security Collateral consisting of financial assets credited to any securities or commodity account.

(e) Upon the request of the Agent upon the occurrence and during the continuance of an Event of Default, each Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, notify each issuer of Security Collateral granted by it hereunder that such Security Collateral is subject to the security interest granted hereunder.

Section 5. Maintaining the Account Collateral. So long as any Loan or any other payment obligation of any Loan Party of which the Company has notice under any Loan Document shall remain unpaid:

(a) Each Grantor will, to the extent permitted by and in accordance with the DIP Order and to the extent required by the Credit Agreement and without further order from the Bankruptcy Court, enter into an agreement with the financial institution holding each of its Deposit Accounts pursuant to which such financial institution shall agree with such Grantor and the Agent to, upon notice from the Agent upon the occurrence and during the continuance of an Event of Default, comply with instructions originated by the Agent directing the disposition of funds in such deposit account without the further consent of such Grantor, such agreement to be in form and substance reasonably satisfactory to the Agent (a "**Deposit Account Control Agreement**"), and, upon the occurrence and during the continuance of an Event of Default, instruct each Person obligated at any time to make any payment to such Grantor for any reason (an "**Obligor**") to make such payment to such a Deposit Account.

(b) The Agent may, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, at any time and without notice to, or consent from, the Grantor, transfer, or direct the transfer of, funds from the Deposit Accounts to satisfy the Grantor's obligations under the Loan Documents if an Event of Default shall have occurred and be continuing. As soon as reasonably practicable after any such transfer, the Agent agrees to give written notice thereof to the applicable Grantor.

Section 6. Representations and Warranties. Each Grantor represents and warrants as follows:

(a) Such Grantor's exact legal name, chief executive office, type of organization, jurisdiction of organization and organizational identification number as of the date hereof is set forth in Schedule V hereto. (e) All Security Collateral consisting of certificated securities and instruments with an aggregate fair market value in excess of \$5,000,000 for all such Security Collateral of the Grantors has been delivered to be held by or on behalf of the Agent in accordance with Section 4(a).

Each Grantor ratifies its authorization for the Agent to have filed such financing statements (including as a fixture filing), continuation statements or amendments filed prior to the date hereof.

No Grantor shall, without the written consent of the Agent, which shall not be unreasonably withheld or delayed, discontinue use of or otherwise abandon any such material Intellectual Property Collateral, or abandon any right to file an application for patent, trademark, or copyright, unless such Grantor shall have reasonably determined that such use or the pursuit or maintenance of such Intellectual Property Collateral is no longer reasonably necessary or desirable in the conduct of such Grantor's business and that the loss thereof would not be reasonably likely to have a Material Adverse Effect.

(b) Until the termination of the Credit Agreement, each Grantor agrees to provide, annually to the Agent an updated Schedule of its Patents, Trademarks and registered Copyrights.

(c) In the event that any Grantor becomes aware that any item of the Intellectual Property Collateral is being infringed, misappropriated or otherwise violated by a third party in any material respect, such Grantor shall take such commercially reasonable actions determined in its reasonable discretion, at its expense, to protect or enforce such Intellectual Property Collateral, including, without limitation, suing for infringement, misappropriation or other violation and for an injunction against such infringement, misappropriation or other violation.

(d) Each Grantor shall take all reasonable steps which it deems appropriate under the circumstances to preserve and protect each item of its material Trademarks included in the Intellectual Property Collateral, including, without limitation, taking all reasonable steps which it deems appropriate under the circumstances to maintain substantially the quality of any and all products or services used or provided in connection with any of the Trademarks, consistent with the general quality of the products and services as of the date hereof, and taking all reasonable steps which it deems appropriate under the circumstances to ensure that all licensed users of any of the Trademarks use such consistent standards of quality.

(e) With respect to its Intellectual Property Collateral, each Grantor agrees to execute or otherwise authenticate an agreement, in substantially the form set forth in Exhibit A hereto or otherwise in form and substance satisfactory to the Agent (an "**Intellectual Property Security Agreement**"), for recording the security interest granted hereunder to the Agent in such Intellectual Property Collateral with the U.S. Patent and Trademark Office, the U.S. Copyright Office, and any other governmental authorities necessary to perfect the security interest hereunder in such Intellectual Property Collateral.

(b) Subject to the DIP Order, upon the occurrence and during the continuance of a Default under Section 6.01(a) or (e) of the Credit Agreement:

(i) All rights of each Grantor (x) to exercise or refrain from exercising the voting and other consensual rights that it would otherwise be entitled to exercise pursuant to Section 12(a)(i) shall, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, upon notice to such Grantor by the Agent, cease and (y) to receive the dividends, interest and other distributions that it would otherwise be authorized to receive and retain pursuant to Section 12(a)(ii) shall automatically cease, and all such rights shall thereupon become vested in the Agent for the benefit of the Secured Parties, which shall thereupon have the sole right to exercise or refrain from exercising such voting and other consensual rights and to receive and hold as Security Collateral such dividends, interest and other distributions.

in trust for the benefit of the Secured Parties, shall be segregated from other funds of such Grantor and shall be promptly paid over to the Agent as Security Collateral in the same form as so received (with any necessary indorsement).

Section 13. As to the Assigned Agreements. Each Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, at its expense:

Upon request of the Agent, each Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, promptly use commercially reasonable efforts to cause the issuer of each letter-of-credit with a stated amount in excess of \$5,000,000 and each nominated person (as

(b) Upon the occurrence and during the continuance of an Event of Default, each Grantor will, to the extent permitted by and in accordance with the DIP Order and without further order from the Bankruptcy Court, promptly upon request by the Agent, (i) notify (and such Grantor hereby authorizes the Agent to notify) the issuer and each nominated person with respect to each of the Related Contracts consisting of letters of credit that the proceeds thereof have been assigned to the Agent hereunder and any payments due or to become due in respect thereof are to be made directly to the Agent or its designee and (ii) arrange for the Agent to become the transferee beneficiary of letter of credit.

(c) In the event that any Grantor hereafter acquires or has any commercial tort claim that has been filed with any court in excess of \$20,000,000 in the aggregate, it shall, promptly after such claim has been filed with such court, deliver a supplement to Schedule X hereto, identifying such new commercial tort claim.

The powers conferred on the Agent hereunder are solely to protect the Secured Parties' interest in the Collateral and shall not impose any duty upon it to exercise any such powers. Except for the safe custody of any Collateral in its possession and the accounting for moneys actually received by it hereunder, the Agent shall have no duty as to any Collateral, as to ascertaining or taking action with respect to calls, conversions, exchanges, maturities, tenders or other matters relative to any Collateral, whether or not any Secured Party has or is deemed to have knowledge of such matters, or as to the taking of any necessary steps to preserve rights against any parties or any other rights pertaining to any Collateral. In the event that the Agent so appoints any Subagent with respect to any Collateral, (i) the assignment and pledge of such Collateral and the security interest granted in such Collateral by each Grantor hereunder shall be deemed for purposes of this Agreement to have been made to such Subagent, in addition to the Agent, for the ratable benefit of the Secured Parties, as security for the Secured Obligations of such Grantor, (ii) such Subagent shall automatically be vested, in addition to the Agent, with all rights, powers, privileges, interests and remedies of the Agent hereunder with respect to such Collateral, and (iii) the term "Agent," when used herein in relation to any rights, powers, privileges, interests and remedies of the Agent with respect to such Collateral, shall include such Subagent; *provided, however*, that no such Subagent shall be authorized to take any action with respect to any such Collateral unless and except to the extent expressly authorized in writing by the Agent.

Section 19. Remedies. Subject to the DIP Order, if any Event of Default shall have occurred and be continuing:

(a) The Agent may exercise in respect of the Collateral, in addition to other rights and remedies provided for herein or otherwise available to it, all the rights and remedies of a secured party upon default under the UCC (whether or not the UCC applies to the affected Collateral) and also may: (i) require each Grantor to, and each Grantor hereby agrees that it will at its expense and upon request of the Agent forthwith, assemble all or part of the Collateral as directed by the Agent and make it available to the Agent at a place and time to be designated by the Agent that is reasonably convenient to both parties; (ii) subject to applicable law (including the Bankruptcy Code or any order of the Bankruptcy Court entered in connection with the Cases), without notice except as specified below, sell the Collateral or any part thereof in one or more parcels at public or private sale, at any of the Agent's offices or elsewhere, for cash, on credit or for future delivery, and upon such other terms as the Agent may deem commercially reasonable; (iii) occupy, consistent with Section 5.01(e) of the Credit Agreement, on a non-exclusive basis any premises owned or leased by any of the Grantors where the Collateral or any part thereof is assembled or located for a reasonable period in order to effectuate its rights and remedies hereunder or under law, without obligation to such Grantor in respect of such occupation; and (iv) exercise any and all rights and remedies of any of the Grantors under or in connection with the Collateral, or otherwise in respect of the Collateral, including, without limitation, (A) any and all rights of such Grantor to demand or otherwise require payment of any amount under, or performance of any provision of, the Assigned Agreements, the Receivables and the other Collateral, (B) withdraw, or cause or direct the withdrawal, of all funds with respect to the Account Collateral, and (C) exercise all other rights and remedies with respect to the Assigned Agreements, the Receivables and the other Collateral, including, without limitation, those set forth in Section 9-607 of the UCC. Each Grantor agrees that, to the extent notice of sale shall be required by law, including the Bankruptcy Code or any order of the Bankruptcy Court entered in connection with the Cases, at least ten days' notice to such Grantor of the time and place of any public sale, or of the time after which any private sale is to be made shall constitute reasonable notification. The Agent shall not be obligated to make any sale of Collateral regardless of notice of sale having been given. The Agent may adjourn any public or private sale from time to time by announcement at the time and place fixed therefor, and such sale may, without further notice, be made at the time and place to which it was so adjourned.

(b) Any cash held by or on behalf of the Agent and all cash proceeds received by or on behalf of the Agent in respect of any sale of, collection from, or other realization upon all or any part of the Collateral may, in the discretion of the Agent, be held by the Agent as collateral for, and/or then or at any time thereafter shall be applied in whole or in part by the Agent for the ratable benefit of the Secured Parties against, all or any part of the Secured Obligations, in accordance with Section 6.04 of the Credit Agreement.

(c) All payments received by any Grantor under or in connection with any Assigned Agreement or otherwise in respect of the Collateral shall be received in trust for the benefit of the Agent, shall be segregated from other funds of such Grantor and shall be forthwith paid over to the Agent in the same form as so received (with any necessary indorsement).

(d) Subject to the provisions of Section 9.06 of the Credit Agreement, the Agent may, without notice to any Grantor except as required by law (including the Bankruptcy Code or any Order of the Bankruptcy Court entered in connection with the Cases) and at any time or from time to time, charge, set off and otherwise apply all or any part of the Secured Obligations against any funds held with respect to the Account Collateral or in any other deposit account.

(e) In the event of any sale or other disposition of any of the Intellectual Property Collateral of any Grantor, the goodwill symbolized by any Trademarks subject to such sale or other disposition shall be included therein, and such Grantor shall supply to the Agent or its designee, to the extent practicable, tangible embodiments of such Grantor's know-how and expertise, and documents relating to any Intellectual Property Collateral subject to such sale or other disposition, and such Grantor's customer lists and other records and documents relating to such Intellectual Property Collateral and to the manufacture, distribution, advertising and sale of products and services of such Grantor.

(f) In each case under this Agreement in which the Agent takes any action with respect to the Collateral, including proceeds, the Agent shall provide to the Company such records and information regarding the possession, control, sale and any receipt of amounts with respect to such Collateral as may be reasonably requested by the Company as a basis for the preparation of the applicable Grantor's financial statements in accordance with GAAP.

With respect to the foregoing, the Agent shall provide the Company (with a copy to counsel for the Official Creditors' Committee in the Cases and to the United States Trustee for the Southern District of New York) with seven (7) days' written notice prior to taking the actions contemplated by this Section 19; *provided*, that the Agent may take the actions contemplated by this Section 19 without further order from the Bankruptcy Court.

Section 20. Indemnity and Expenses. (a) Each Grantor agrees to indemnify, defend and save and hold harmless each Secured Party and each of their Affiliates and their respective officers, directors, employees, trustees, agents and advisors (each, an "**Indemnified Party**") from and against, and shall pay on demand, any and all claims, damages, losses, liabilities and expenses (including, without limitation, reasonable fees and expenses of counsel) that may be incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or resulting from this Agreement (including, without limitation, enforcement of this Agreement), except to the extent such claim, damage, loss, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct.

(b) Each Grantor will upon demand pay to the Agent the amount of any and all reasonable expenses, including, without limitation, the reasonable fees and expenses of its counsel and of any experts and agents, that the Agent may incur in connection with (i) the custody, preservation, use or operation of, or the sale of, collection from or other realization upon, any of the Collateral of such Grantor, (ii) the exercise or enforcement of any of the rights of the Agent or the other Secured Parties hereunder or (iii) the failure by such Grantor to perform or observe any of the provisions hereof.

Section 21. Amendments; Waivers; Additional Grantors; Etc. (a) No amendment or waiver of any provision of this Agreement, and no consent to any departure by any Grantor herefrom, shall in any event be effective unless the same shall be in writing and signed by the Agent and, with respect to any amendment, the Company on behalf of the Grantors, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given. No failure on the part of the Agent or any other Secured Party to exercise, and no delay in exercising any right hereunder, shall operate as a waiver thereof; nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

(b) Upon the execution and delivery by any Person of a security agreement supplement in substantially the form of Exhibit C hereto (each a “**Security Agreement Supplement**”), such Person shall be referred to as an “**Additional Grantor**” and shall be and become a Grantor hereunder, and each reference in this Agreement and the other Loan Documents to “Grantor” shall also mean and be a reference to such Additional Grantor, each reference in this Agreement and the other Loan Documents to the “Collateral” shall also mean and be a reference to the Collateral granted by such Additional Grantor and each reference in this Agreement to a Schedule shall also mean and be a reference to the schedules attached to such Security Agreement Supplement.

Section 22. Confidentiality; Notices; References. (a) The confidentiality provisions of Section 9.09 of the Credit Agreement shall apply to all information received by the Agent or any Lender under this Agreement.

This Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by telecopier or .pdf shall be effective as delivery of an original executed counterpart of this Agreement.

Section 26. Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York and (to the extent applicable) the Bankruptcy Code.

Section 27. Jurisdiction; Waiver of Jury Trial. Each of the parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the nonexclusive jurisdiction of the Bankruptcy Court and, if the Bankruptcy Court does not have (or abstains from jurisdiction), to the nonexclusive jurisdiction of any New York State court or federal court of the United States of America sitting in New York City, and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in the Bankruptcy Court or any such New York State court, as applicable, or, to the extent permitted by law, in such federal court. Each Grantor hereby further irrevocably consents to the service of process in any action or proceeding in such courts by the mailing thereof by any parties hereto by registered or certified mail, postage prepaid, to the Company at its address specified pursuant to Section 9.02 of the Credit Agreement. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement shall affect any right that any party may otherwise have to bring any action or proceeding relating to this Agreement in the courts of any jurisdiction.

(a) Each of the parties hereto irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection that it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in the Bankruptcy Court or any New York State or federal court. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(b) Each of the parties hereto hereby irrevocably waives all right to trial by jury in any action, proceeding or counterclaim (whether based on contract, tort or otherwise) arising out of or relating to this Agreement or the actions of the Agent or any Secured Party in the negotiation, administration, performance or enforcement thereof.

Section 28. Intercreditor Agreement Controlling. Notwithstanding anything herein to the contrary, the liens and security interests granted to the Agent pursuant to this Agreement, the exercise of any right or remedy by the Agent hereunder and any obligation of any Grantor to take any action, in each case, with respect to the Collateral are subject to the limitations and provisions of the Intercreditor Agreement. In the event of any inconsistency between the terms or conditions of this Agreement and the terms and conditions of the Intercreditor Agreement, the terms and conditions of the Intercreditor Agreement shall control. Notwithstanding anything herein to the contrary, prior to the First Priority Obligations Payment Date (as defined in the Intercreditor Agreement) with respect to the ABL Priority Collateral (as defined in the Intercreditor Agreement), (i) no Grantor shall be required to act or refrain from acting with respect to any ABL Priority Collateral (as defined in the Intercreditor Agreement) if compliance by such Grantor with such requirement would result in a breach of or constitute a default under the Intercreditor Agreement, (ii) the requirements of this Agreement to deliver any physical ABL Priority Collateral (as defined in the Intercreditor Agreement) and any certificates, instruments or documents in relation thereto (or control thereof) to the Agent shall be deemed satisfied by delivery of such Collateral and such certificates, instruments or documents in relation thereto (or control thereof) to the ABL Agent (as defined in the Intercreditor Agreement) and (iii) any provision of this Agreement requiring or authorizing any action by, or requiring that any action or delivery be satisfactory to the Agent, shall instead be deemed to require or authorize such action by, or that such action or delivery be satisfactory to, the ABL Agent (as defined in the Intercreditor Agreement).

Section 29. Marshalling. Neither the Agent nor the Secured Parties shall be required to marshal any present or future collateral security (including but not limited to the Collateral for, or other assurance of payment of, the Secured Obligations or any of them) or to resort to such collateral security or other assurances of payment in any particular order, and all of their rights and remedies hereunder and in respect of such collateral security and other assurances of payment shall be cumulative and in addition to all other rights and remedies, however existing or arising.

Section 30. Inconsistency. In the event of any inconsistency or conflict between the provisions of this Agreement and the DIP Order, the provisions of the DIP Order shall govern.
