- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

ITEM 7.01 Regulation FD Disclosure.

Eastman Kodak Company (the Company) realigned its operations and changed its corporate segment reporting structure effective January 1, 2008, as disclosed in the Company's 2007 Annual Report on Form 10-K. In conjunction with this change, the Film Products Group (FPG) has been renamed the Film, Photofinishing and Entertainment Group (FPEG), and certain strategic product groups previously included in the Consumer Digital Imaging Group (CDG), Graphic Communications Group (GCG), and All Other have become part of FPEG. The purpose of this change in structure was to align the Company's reporting structure to the way in which the Company began managing its business effective January 1, 2008. The most significant changes (the transfer of photographic paper and chemicals, and photofinishing services to FPEG from CDG, and the transfer of the graphic arts film business from GCG to FPEG) reflect the common traditional technology and infrastructure associated with manufacturing and supply chain for all FPEG products. The following indicates the changes from the 2007 reporting structure to the new reporting structure:

Consumer Digital Imaging Group Segment (CDG): This segment no longer includes photographic paper and chemicals, and photofinishing services.

Film, Photofinishing and Entertainment Group (FPEG): The Film, Photofinishing and Entertainment Group includes photographic paper and chemicals, and photofinishing services, formerly part of CDG, and graphic arts film, formerly part of GCG. Additionally, supply and tolling agreements with Carestream Health, Inc. and other third parties have moved from All Other to this segment.

Graphic Communications Group Segment (GCG): The graphic arts film business has moved from GCG to FPEG.

All Other: During 2007, the Company sold its Light Management Films business, which was formerly part of All Other. Additionally, supply and tolling agreements with Carestream Health, Inc. and other third parties have moved from All Other to FPEG.

Accounting principles generally accepted in the United States of America require that when a company changes its reportable segments, financial statements for prior periods must be reported on a comparable basis using the new segment reporting structure. On March 14, 2008, the Company filed a Form 8-K with the Securities and Exchange Commission which provided the quarterly results of operations for 2007, and the full years 2007 and 2006, reflective of the segment changes referred to above, including the related change in cost allocation methodologies, and the results of the Company's shares in Hermes Precisa Pty. Ltd. ("HPA"), which were sold on November 2, 2007, as a discontinued operation. The purpose of this Form 8-K is to present supplemental information which will allow readers to perform enhanced analysis of the Company's cash flows and results of operations, including intangible asset amortization expense, depreciation expense, and capital additions for the full year 2007 by segment, reflective of the segment changes discussed above.

The amounts of these items by segment for the full year ended December 31, 2007, as presented in this Form 8-K, will be reported in the 2008 Form 10-K, when it is filed with the Securities and Exchange Commission.

Eastman Kodak Company
